AWARD

The Government of West Bengal, in its Labour Department, order No. 5601-I.R./IR/10L-118/68, dated the 23rd July 1968, referred under section 10 of the Industrial Disputes Act, 1947, an industrial dispute between Messrs. Inland Electrical Mfg. Co. (P) Ltd., and their workmen, to this Tribunal for adjudication on the following issue:

Issue

Whether the lock-out of the factory with effect from 29th February 1968 is justified? To what relief, if any, the workmen are entitled?

The Company took several adjournments and filed written statement. From 1st November 1968, several chances were given to the Union to put in the written statement. But from 4th January 1969 the Union has not taken any steps. The parties are not present today. It is therefore clear that the dispute in question has since ceased to exist. Hence the reference is disposed of by passing a 'No-dispute' award.

Present for the Company: Shri D. N. Vurma, Labour Officer, Engineering Association of India.

Present for the Union: Shri Nanda Dulal Srimani, Advocate.

By the Government of West Bengal, Labour Department, order No. 6289-I.R./IR/10L-245(A)/67, dated the 2nd December 1967, this industrial dispute between Messrs. A.V.J. Wires Private Ltd. and their workmen was referred to this Tribunal under section 10 of the Industrial Disputes Act for adjudication upon the issue mentioned below.

Issue

Whether termination of service of Shri Gatti Singh is justified? To what relief, if any, is he entitled?

On receipt of the reference notices were served on the parties, and they appeared and filed their respective written statement. After several adjournments at the instance of the parties, the case was fixed for hearing on 24th August 1968. The Union did not appear on that date and took no steps. Thereafter on three succeeding dates fixed for the hearing of the case the Union did not turn up and took no steps. On the last date fixed for hearing, the authorised lawyer for the Union Shri Nanda Dulal Srimani, Advocate, appeared before the Tribunal and stated that he was not interested in the present case because of lack of interest on the part of the Union. He disassociated himself with the present case.

It seems that the workman concerned does no longer bear any grievance against the Company, and for that the Union on his behalf is no longer interested in pursuing the case. When the workman and the Union do not turn up and take no steps, and the Advocate appearing on their behalf withdraws himself from the case, it is of no use to keep the reference alive any more merely for emburdening the file.

In the circumstances I pass a 'no dispute' award in this case and dispose of the reference accordingly.

AWARD

The Labour Department, Government of West Bengal, has referred this industrial dispute between Messrs. Chitra Gupta Press, 205 Old China Bazar Street, Calcutta-1 and their workmen represented by Press Employees' Association, 249-B Bepin Behari Ganguly Street, Calcutta-12, to this Court under section 10, Industrial Disputes Act, in connection with G.O. No. 3161-I.R./IR/13L-25/67, dated 12th July 1967, on the following issues:

Issues

1. Is the dismissal of Shri Ganga Sankar Lal Justified? To what relief, if any, is he entitled?
2. Whether the suspension of Shri Dhaneswar Mohato for an indefinite period is justified? To what relief, if any, is he entitled?

After service of usual notice, both the parties have filed their respective written statement.

The case was taken up for hearing on 29th November 1968 when the O.P.-Company filed a petition for taking up the preliminary objection that the dispute is not an industrial dispute and the Union has got no representative character to raise the dispute, and this point was taken even in the O.P.-Company's written statement filed as far back as on 16th January 1968.

The specific objection taken in the written statement of the O.P.-Company is that the Government Order of Reference is bad in law and the dispute is not an industrial dispute as the Union has no right nor representative character in the matter of raising the dispute.

The following preliminary points, therefore, arise before me for determination at this stage:—

Preliminary Points for determination:

(1) Has the Union any Locus Standi to sponsor the present dispute as an industrial dispute?

(2) Is the order of reference legal and valid?

Decisions

Points Nos. 1 and 2:

Both these preliminary points are taken up together as these are inter related as well as for ends of justice.

Admittedly, the sponsoring Union is not a Union of the Industry and is a general Union. It has been well-settled law by decided cases when even a general Union can sponsor an industrial dispute. The learned lawyer for the O.P.-Company relies upon the decisions reported in 1961-II, LLJ. 436, wherein it has been held that an individual dispute relating to termination of service of a workman can acquire the character of an industrial dispute if it be proved that before it was referred it was supported by the Union of the industry or by an appreciable number of its employees. Certainly that is the law.

Both sides have adduced evidence in this case. The petitioner-workman No. 1 Shri Gangasankar Lal as P.W 1 states that the workmen of the O.P.-Company are member of Press Employees' Association. He has also produced the membership card of himself and the petitioner-workman No. 2 Dhaneswar Mohato and these have been marked as Exts. 1 and 1(a). The constituent attorney of the owner of the O.P.-Company, who happens to be his son, has stated as O.P.W. 1 that none of their workmen is a member of the Union and also that 18 of their workmen made a statement in writing before the Labour Officer Shri S. Sen that they have no dispute with the O.P.-Company. It has transpired in cross-examination that Shri S. Sen went to the Press for enquiry in October 1966. The relevant point of time is October and November 1966, when the petitioners-workmen were charge-sheeted Ext. 2 is a copy of the representation by the Union Secretary to the Labour Commissioner regarding the dismissal of the petitioner-workman No. 1 Gangasankar Lal. Ext. 2(a) is a copy of the representation of the Union Secretary to the Assistant Labour Commissioner regarding the illegal suspension of Dhaneswar Mohato. The first representation was received on 6th December 1966, whereas the second representation was received on 4th April 1967. P.W. 1 has already stated that the members of the Union approached the Press Employees' Association after his dismissal as well as suspension of Dhaneswar Mohato, when the representations Exts. 2 and 2(a) were sent respectively. In his cross-examination he has admitted that he holds no document to show that the other workmen serving under the O.P.-Company became members of the Union. He has also stated that after his dismissal he was advised by the other workmen to report the fact to the Union and they also wrote the matter to the Union. He holds no document to show that the other workmen went to the Union to report his case. He has further stated in his cross-examination that he is not aware of the fact that the other workmen serving under the O.P.-Company made a written statement that they had no dispute with O.P.-Company. He is also not aware that such papers have been filed in the Payment of Wages Court. He has also denied the fact that the other workmen are not members of the Union nor they did not sponsor the dispute after his dismissal. It is well settled law that where a stranger Union sponsors an individual dispute on the strength of a substantial number of workmen of the industry being its members, the onus lies upon the stranger union to show that the dispute has been supported by a substantial number of workmen serving under the O.P.-Company. That onus has not been discharged by the Union in this case as the Union has not produced any document to show that employees serving under the O.P.-Company became members of the Union at any point of time before sponsoring of the present dispute nor that they have otherwise supported the industrial dispute referred to this Court. The mere statement by the petitioner-workman No. 1 Gangasankar Lal, who himself is a party to the present dispute does not discharge the onus so heavily placed upon the stranger Union in this respect It is interesting to note that at about the same time of the alleged dismissal of the petitioner-workman there was an enquiry as to the Charter of Demands placed by the workmen of the O.P.-Company by the Labour Officer Shri S. Sen. Ext. B is a copy of the letter sent to the O.P.-Company, the original letter being sent to the Union itself. He has categorically stated that 18 workmen out of 20 have declared before him that they have no grievances nor demand. Ext. A is the statement of such workmen stating that neither of the petitioners-workmen were asked to represent their case before the O.P.-Company for the purpose of placing the Charter of Demands. The learned lawyer for the Union urges that this does not show that the workmen also do not support the present individual dispute as to termination of service of the petitioner-workman No. 1 Gangasankar Lal and suspension of the petitioner-workman No. 2 Dhaneswar Mohato.

It is the Union's case that such punishments were inflicted upon the petitioners-workmen because of their Trade Union activities by way of placing the Charter of Demands, when the charge-sheets were served upon the petitioners-workmen. As I have already indicated above, the onus was upon the Union to show that a substantial number of workmen serving under the O.P.-Company supported the dispute relating to termination of service of the petitioners-workmen Gangasankar Lal and the punishment inflicted upon the petitioner-workman Dhaneswar Mohato. The Union has originally failed to adduce any such evidence. The O.P.-Company has adduced evidence, on the other hand, showing that at about the relevant point of time all the other workmen made a statement of not associating themselves in any dispute with the O.P.-Company relating to the Charter of Demands. This does not dispose of the Union's case that all the workmen were members of the Union or that they were supporting the present industrial dispute sponsored by the Union, but this gives a clear picture belying the Union's case that the Charter of Demands and other Trade Union activities were taken up by the petitioners-workmen on behalf of the other workmen of the O.P.-Company. On the failure of the Union to show that the individual disputes of the petitioners-workmen were supported by a substantial number of workmen serving under the O.P.-Company, I am inclined to accept that the present individual disputes relating to termination of service of the petitioner-workman No. 1 Gangasankar Lal and infliction of punishment upon the petitioner-workman No. 2 Dhaneswar Mohato have not been converted into industrial disputes as such, and so the order of reference must be held to be illegal and invalid being sponsored by a stranger Union without the support of a substantial number of workmen serving under the O.P.-Company.

The learned lawyer for the Union has relied upon the decision reported in 1964-II, LLJ. 287 wherein it has been held that when 3 out of total number of 8/9 employees had espoused the cause of each other, it must be accepted that the dispute in regard to claim of revision of wage scale raised by 3 concerned employees assure the characteristics of an industrial dispute. This decision is of no help to the Union in the present case, as the Union has so far established only that two of the petitioners-workmen out of the total number of 20 workmen were members of the Union and the Union can only rely upon their mutual support to each other's individual dispute and certainly that does not amount to supporting of an individual dispute by a substantial number of workmen, when the total number of workmen serving under the O.P.-Company is 20. Relying upon the document Ext. A, it would rather show that the other 18 workmen never supported the alleged Trade Union activities of the petitioners-workmen. The learned lawyer for the O.P.-Company also relies upon the decision reported in 1960-I, LLJ. 349 to urge that there is no evidence to show that even at the time of sending the representation Exts. 2 and 2(a) by the Union Secretary of the General Trade Union, which is not a Union of the industry, any support was given to the sponsoring of the dispute by any other workman serving under the O.P.-Company. I have already explained the import of this decision above.

The learned lawyer for the O.P.-Company also challenges the order of reference on two other grounds. The order of reference No. 3161-I.R./IR/13L-25/67, dated 12th July 1967, was corrected by corrigendum No. 5290-I.R./IR/13L-25/67, dated 5th October 1967, by which the name of the O.P.-Company "Messrs. Chitra Gupta Press" was corrected as "Messrs. Shri Chitra Gupta Press". The learned lawyer for the O.P.-Company relies upon the decision reported in 1958-II, LLJ. 634 to urge that the appropriate Government was not authorised to issue such order of corrigendum, but in the abovesaid decision it was not at all considered whether the Government has a power to amend or add to a reference as made under section 10(1), Industrial Disputes Act and so I cannot accept that the order of corrigendum, dated 5th October 1967, has in any way vitiated the order of reference, dated 12th July 1967.

As I have already indicated above, the second issue relates to suspension of petitioner-workman Dhaneswar Mohato. The O.P.-Company's specific case is that the petitioner-workman Dhaneswar Mohato was charge-sheeted on 19th November 1966 and after the domestic enquiry has already been dismissed from the service by its letter, dated 1st February 1967. It has been alleged in the written statement of the Union that the O.P.-Company put the petitioner-workman Dhaneswar Mohato under suspension in an illegal and unfair manner. Ext. 2(a) is a representation by the Secretary of the Union after Dhaneswar Mohato's suspension. Such suspension was pending equiry it does not seem that his suspension was by way of any punishment as such and the O.P.-Company's case of subsequent dismissal shows that it was rather a suspension pending enquiry. The evidence, however, on this point is neither direct nor clear. Even on the scanty evidence it rather appears that the suspension being suspension pending enquiry and is not a punishment on the ground of any misconduct enquired into. The learned lawyer for the O.P.-Company relies upon the decision reported in 1957 (I) LLJ. 17 to urge that suspension without pay even for an indefinite period pending enquiry or pending permission of the appropriate Tribunal to dismiss the workman could not be held to be punishment. If the suspension order passed against the petitioner-workman Dhaneswar Mohato is not by way of punishment but only pending enquiry, then the order of suspension as such cannot raise an industrial dispute or even an individual dispute, as the suspension would only be an interim measure and would last till the enquiry is completed. The issue No. 2 relating to suspension of the petitioner-workman No. 2 Dhaneswar Mohato, therefore, must be regarded illegal and invalid as the issue has not raised any industrial or even an individual dispute.

These two preliminary points are so answered in the negative. On the findings above the order

of reference fails on the preliminary points raised relating to its legality and validity.

An award be passed accordingly holding that the sponsoring Union had no losus standi to sponsor the individual disputes as industrial disputes which were not supported by a substantial number of workmen serving under the O.P.-Company and also that the order of reference is illegal and invalid.

This is my award.

AWARD

By the Government of West Bengal, Labour Department, order No. 5849-I.R./IR/11L-348/67, dated the 10th November 1967, the present industrial dispute between the Oriental Gas Company's Undertaking and their workmen was referred to this Tribunal under section 10 of the Industrial Disputes Act for adjudication on the issue mentioned below.

Issue

Whether the workmen are entitled to any additional bonus over and above the bonus already paid for the year 1965-66? If so, what should be the quantum?

On receipt of notice from the Tribunal both the parties appeared and filed their respective written statement.

The Company takes a preliminary objection as to the maintainability of the reference. It is submitted on behalf of the the Company that as the Commerce and Industries Department of the State of West Bengal took over the management and control of the Oriental Gas Company Ltd., the Bonus Act does not apply here as per the provisions of clause (iv) of section 32 of the Payment of Bonus Act. As the provisions of the Payment of Bonus Act does not apply, it is contended by the Company, this reference is not maintainable.

It is contended on behalf of the Union that it does not appear that the Commerce and Industries Department, State of West Bengal, purchased the shares of the original share-holders, and so it is to be taken that the original Company is still in existence and, as such, the reference should be held maintainable. In support of this contention the learned lawyer for the Union refers to the case reported in 1962, L.L.J., Vol. II, page 693. It has been held in that case "Industries which are carried on for their own purposes by incorporated commercial corporations which are governed by their own constitution, as authorized by the Indian Companies Act, could not be described as carried on under authority of the Central Government. Such corporations are separate legal entities and run the industries for their own purpose". It has been further held in that case "The provisions of the Indian Companies Act would continue to apply to the business and affairs of the Company". In my opinion, the principle enunciated in that case does not apply to the facts and circumstances of the present case. In that case it was found that the constitution of the Company was framed and enacted under the provisions of the Indian Companis Act, and the Government of India had no right to deal with the business and affairs of the Company. It was found that the ordinary business affairs of the Company were carried on by a Board of Directors and the Chairman, and the employees of the Company were not found to be servants or employees of the Government. But the facts in this case are quite different. Admittedly, the State Government by notification took over for a period

of 5 years the management and control of the undertaking of the Company in October 1960 and, ultimately, by notification, dated 22nd March 1962, the Government acquired the undertaking of the said Company. The relevant publication in the "Calcutta Gazette" has been filed in this case. It is now clear that the State Government acquired the undertaking of the Company, and that the undertaking is now being carried on by and under the authority of the Department of Commerce and Industries, Government of West Bengal. Section 4(a) of the Oriental Gas Company Act of 1960 says that with effect from the appointed day and for a period of five years thereafter the undertaking of the Company shall stand transferred to the State Government for the purpose of management and control. Section 4(b) of the Act says that with effect from the appointed day and for a period of five years thereafter the Company and its agents, including managing agents, if any, and servants shall cease to exercise management or control in relation to the undertaking of the Company. Then section 4(e) says that persons employed by the Company in connection with the undertaking of the Company and continuing in office immediately before the appointed day shall be employed by the State Government on such terms and conditions not being less advantageous than what they are entitled to immediately before the appointed day, as may be determined by the State Government. So, it appears that the employees working under the Company became direct empolyees of the Government after the undertaking had been taken over by the Government. Section 6(1) says that the undertaking of the Company shall be run by the State Government and shall be used and utilised by the State Government for purpose of production of gas and supply thereof to industrial undertakings, hospitals, and other welfare institutions, to local authorities for street lighting and for other purposes, if any, and to the public in general for domestic consumption, and for this purpose the State Government shall have all the powers of the Company under Act V of 1857. Section 7(1) says that the State Government may, if it so thinks, fit, at any time within the period of five years referred to in section 4, acquire the undertaking of the Company by notification published in the Official Gazette for the purpose of this Act. Section 7(2) says that on the publication of the notification under sub-section (1) the undertaking of the Company shall, on and from the beginning of the day on which the notification is so published, vest absolutely in the State Government free from all incumbrances. Thus, when the undertaking was acquired by the Government, it vested absolutely in the State Government free from all incumbrances the employees became direct servants under the Government. The undertaking is controlled and the industry is carried on by and under the authority of the Commerce and Industries Department of the Government of West Bengal. The detailed Civil Budget Estimates have also been filed in this case. It also shows that the Commerce and Industries Department of the Government of West Bengal is running the undertaking under its direct control. That being the position, it must be held that the Payment of Bonus Act does not apply to the employees of this undertaking as per clause (4) of the Payment of Bonus Act. The Union has filed the Standing Orders of the Oriental Gas Company Limited. It cannot be said that the terms and conditions that are being now offered to the employees by the Government are less advantageous to them. The Payment of Bonus Act was not a condition of service. The Oriental Gas Company used to pay bonus to the employees. The Government of West Bengal also paid them bonus; but it was not done as per the provisions of the Bonus Act. Government perhaps paid them bonus on the principle of equity. However, as the Payment of Bonus Act does not apply to the employees of the undertaking, there cannot be any reference for payment of any further bonus. It is not known what the Government did with the shareholders. However, it is a matter between the Government and the shareholders. The shareholders may seek for compensation under section 8 of the Oriental Gas Company Act. But this is not a matter that can be considered in this reference. Here it is to be seen whether the Payment of Bonus Act is applicable.

As I find that the Company was acquired by the Government, and it is being carried on by and under the authority of the Commerce and Industries Department of the Government of West Bengal, I hold that the Payment of Bonus Act does not apply in this case. Consequently it is to be held that the reference is not maintainable. The reference is, accordingly, rejected.

Issue

Whether the refusal of employment to Shri Ram Pravin Singh is justified ? What relief, if any, is he entitled to ?

On receipt of the reference, notices were sent to the parties concerned directing them to appear on 9th September 1968. Thereafter both parties appeared before the Tribunal and filed their respective written statements. Parties were then asked to file their documents by 17th January 1969 but before the said date on 15th January 1969 both parties appeared and submitted before me that they have made a compromise and accordingly they filed a compromise petition before the Tribunal along with a receipt, showing that in terms of the said compromise the workman Shri Ram Pravin Singh has been paid his dues. The compromise petition and the receipt are marked as Exts. 1 and 2 in this case. I have gone through the compromise petition and find that the terms are fair and legal. The same is therefore accepted as the dispute has been settled between the parties and there is no further any dispute pending between them.

I pass a "no dispute" award in terms of this petition of compromise which do form a part of the award.

This is my award.

AWARD

The Government of West Bengal, Labour Department, by its order No. 1977-I.R./IR/4L-22/68, dated the 4th April 1968, referred under section 10 of the Industrial Disputes Act, 1947 (XIV of 1947), to this court an industrial dispute existing between Messrs. Eastern Steamships (P) Ltd., 13 Brabourne Road, Calcutta-1 and their workman Shri Parameshwar Mondal represented by Calcutta Motor Workers' Union, 19/2A Pitambar Ghatak Lane, Calcutta-27, for adjudication on the following issue:

Issue

Whether the termination of service of Shri Parameshwar Mondal is justified ? To what relief, if any, is he entitled ?

The parties were duly served with notices of this proceeding and they appeared, filed their written statements and got ready for the hearing of the case. The case was also taken up for peremptory hearing and while the cross-examination of the worker concerned was continuing the parties placed on record a joint petition of compromise. The joint petition of compromise is dated the 10th January 1969 and it states inter alia that the parties have amicably settled the dispute between them out of court and that the Company has paid and the worker concerned has received Rs. 400 only in the presence of his Advocate in full and final satisfaction of all his dues including reinstatement against the Company. The prayer is that an award should be passed in terms of the petition of compromise. I have heard the worker concerned and the learned representatives of the parties in the matter and they all submit that a settlement as evidenced by the joint petition of compromise has actually been arrived at and a no dispute award should be passed accordingly. I have looked into the petition of compromise and I have no manner of doubt that the terms embodied therein are lawful, fair and reasonable. I would accordingly accept them and pass a 'No-dispute' award in terms of the joint petition of compromise which shall form a part of the award. The instant reference is accordingly disposed of.

Second Industrial Tribunal.

AWARD

By order No. 6804-I.R./IR/11L-72/67, dated Calcutta, the 26th December 1967, Government of West Bengal, Labour Department, referred an industrial dispute between Messrs. Superintendence Co. of India (P) Ltd., and their workmen represented by Superintendence Co. of India Pvt. Ltd. Employees' Union. under section 10 of the Industrial Disputes Act, to this Tribunal for adjudication on the following issue:

Issue

Whether dismissal of the following workmen is justified? To what relief, if any, are they entitled?

(a) Shri Sanat Kumar Roy Chowdhury,

(b) Shri Rathindra Nath Chatterjee,

(c) Shri Sudhanshu Das Gupta,

(d) Shri Nirmal Kumar Chakraborty,

(e) Shri Mahadev Ganguly,

(f) Shri Gopal Chandra Bhattacharjee,

(g) Shri Biswanath Kotal,

(h) Shri A. K. Das,

(i) Shri Sree Kumar Ghosh,

(j) Shri Promothesh Chatterjee,

(k) Shri Malay Kr. Maitra, and

(l) Shri Kanai Lal Ghosh.

Both parties entered appearance and submitted their written statements. The Company took preliminary objections on points of law and has prayed that the objection as to maintainability of the reference should be decided as a preliminary issue as it goes to the very root of the case. It is therefore imperative to state the preliminary objections reised by the Company. The first objection raised by the Company is that the Union mentioned in the order of reference as representing the workmen has no locus standi to represent the workmen of the Company and it was so held by this Tribunal under a previous reference. In the circumstances the Union concerned is in reality a stranger Union and by its support cannot convert an individual dispute of the ex-employees whose services had been terminated long before the introduction of section 2A of the Industrial Disputes Act into an industrial dispute within the meaning of section 2(k) of the said Act. The Company then stated that on this matter being agitated by the Union before the Conciliation Officer the workmen of the Company submitted a petition under their signatures to the conciliation officer on 24th November 1965 stating that the workmen of the Company were not in any way interested in the

alleged dispute of the ex-workmen mentioned in the schedule to the order of this reference. The conciliation officer acting on such petition is said to have reported that the Union had no locus standi to represent the ex-workmen of the Company and to raise an industrial dispute for the ex-workmen concerned and the report to that effect was sent by the Labour Directorate to the Government of West Bengal, Labour Department.

The other objection of the Company in effect is that the dispute referred to this Tribunal is not an industrial dispute and being individual dispute concerning ex-workmen, it cannot be converted into an industrial dispute within the meaning of section 2(k) of the Industrial Disputes Act, 1947.

Appearances of the parties are as follows :—

For the Company : Shri N. M. Das Gupta, Advocate, assisted by Shri Dilip Das Gupta, Advocate.

For the Union : Shri D. L. Sengupta, Advocate, assisted by Shri Anil Das Chowdhury, Advocate.

At the hearing of the preliminary objections the Company called for papers from the Labour Commissioner's Office and put in the true copy of the Conciliation Officer's report as endorsed by the Labour Commissioner for consideration of this Tribunal. The necessary certificate of the section-in-charge who produced the original papers is there on such copies. This was not disputed by the learned Advocate representing the Union and no oral evidence was adduced by any of the parties. The parties argued their cases on the preliminary objections raised by the Company upon such undisputed facts and on the points of law involved.

The Company also placed before this Tribunal the award of this Tribunal published in the "Calcutta Gazette", dated March 25, 1965, wherein it was held by this Tribunal that on the basis of documentary evidence it had been proved that all the workmen of the Company declared that they were not interested in the disputes and that the Union concerned had no locus standi to represent their case before the Tribunal. On that footing this Tribunal held that the Union concerned had no locus standi to represent the workmen of the Company. This award of the Tribunal under a previous reference was not assailed before me by the learned Advocate for the Union. It thus appears from the factual position that the Union mentioned in the present order of reference had been found by this Tribunal under a previous reference not to have any locus standi to represent the workmen of the Company. On this matter being further agitated before the conciliation officer a petition was filed under the signatures of the entire body of the workmen of the Company to the conciliation officer and he reported that the workmen of the Company were not members of this Union and there was nothing to show that the other employees of the Company were in any way interested in the dismissed workmen's cases now being raised by this Union and he accordingly reported that there was no point in making any reference on the espousal of the cause of the workmen concerned by this Union. We have it from the true copy of the conciliation officer's report as endorsed by the Labour Commissioner and filed before this Tribunal and the factual position was also not disputed before me by the learned Advocate for the Union concerned.

Realising this difficulty the learned Advocate for the Union contended that the definition of 'industrial dispute' in section 2(k) of the Act had been widened in scope by section 2A introduced by an amendment in December 1965, and as such even if the dispute was treated as an individual dispute concerning the ex-workmen, it would be an industrial dispute and the reference would be competent in so far as such individual dispute continued till the date of the amendment or to be more precise, till the date of the present reference, and in support of this contention reliance was placed upon a case of Delhi High Court reported in 1968 (II) L.L.J. at page 85. It will be, therefore, relevant to advert to a discussion as to the background or context under which section 2A was introduced by an amendment in December 1965. Section 2(k) defines industrial dispute as follows :

> "Industrial dispute" means any dispute or difference between employers and employers or between employers and workmen, or between workmen and workmen, which is connected with the employment or non-employment or terms of employment or with the conditions of labour of any person.

It is clear, therefore, from the text of the section that only the workmen could raise a dispute. Question therefore arises whether an individul workman could raise a dispute. The Labour Appellate Tribunal held that an individual as well can raise an industrial dispute. Some of the High Courts however held a contrary view. This conflict and uncertainty was set at rest by the Supreme Court which held that an individual could not raise an industrial dispute and it is now well settled by a series of decisions of the Supreme Court that an individual dispute there is directly concerning a single workman individually could take the character of an industrial dispute to which the Act applies only when it is collectively supported and taken up by the other workmen or any section of them or the Union representing them before the date of reference. In other words, an individual dispute is not per se an industrial dispute but it may become one when the individual's cause is taken up by a number of workmen or the Union representing the workmen. Therefore collective support by the workmen will be essential, to clothe an individual dispute into an industrial dispute. This is because of the fact that the scheme of the Industrial Disputes Act, 1947, does appear to contemplate that the machinery provided therein should be set in motion to settle only such disputes as involved in the rights of workmen as a class. That is why it was held that a dispute touching the rights of any individual workman was not intended to be a subject of an adjudication

under the Industrial Disputes Act unless when it was taken up by the other workmen. Therefore in the absence of anything to show that the individual dispute had been transformed into an industrial dispute by any collective action taken by or on behalf of the workmen the Government had no power to make the reference of the dispute to an Industrial Tribunal and the very basis bgeing bad, the Tribunal would have no jurisdiction to adjudicate upon it. Thus for a dispute concerning an individual workman to become an industrial dispute, it would be necessary that a body of workmen either acting by themselves or through their Union have sponsored the particular workman's cause. It may very well be that there was no Union of the workmen of any particular concern or that the workmen of the concern in general are reluctant to take up the cause of the individual dismissed workmen. Lest the case of such an individual workman may not go by default and he might have some remedies to raise his own dispute personally without the assistance of the other workmen of the Company or without reference to any Union whatsoever that the Central Act introduced a provision like the one in section 2A by an amendment in December 1965, so that the minority may not be oppressed by the majority. If the Legislature was really minded to widen the scope of the definition of industrial dispute it would have certainly amended section 2(k) of the Act and not introduce by an amendment a new section like section 2A. Conceivably therefore section 2(k) of the Act stands as it is untrammelled by any consideration of the context in which section 2A was introduced in the Act. The definition of an industrial dispute was not therefore widned in its scope as contended by the learned Advocate for the Union with the introduction of section 2A of the Act. Only in the particular contingency envisaged in section 2A that an individual workman was given the liberty of sponsoring his own cause and raise his dispute which would then be deemed to be an industrial dispute by virtue of the deeming clause in section 2A of the Act.

With the above background in view, we proceed now to discuss the objection raised by the Company on the maintainability of the reference. From the factual position indicated above and not disputed by the learned Advocate for the Union it would therefore appear that the alleged dispute sponsored by the Union was in reality an individual dispute concerning 12 indivdual workmen mentioned in the schedule to the order of reference because the Union had been found already by this Tribunal not to have any locus standi to represent the workmen of the Company and even the other workmen of the Company were not interested in the case over the dismissal of the 12 dismissed workmen mentioned in the schedule to the order of reference. This was the position up to the date of the reference and as such on the preponderance of the prevailing decisions the question of the alleged dispute could not be anything other than an individual dispute and could not be an industrial dispute because it had neither the collective support of any other section of the workmen of the Company nor the Union had any right to represent the cause of the workmen of the Company.

For a reference under section 10 to be valid the dispute referred must be an industrial dispute at the date of the reference. The validity of the reference must be judged as at the date of the reference. As it appears, the dispute referred being an individual dispute, the reference was invalid as at the date of the reference.

The question then would be whether the reference will continue to be incompetent even after the introduction of section 2A of the Industrial Disputes Act. On this point reliance was placed upon the Delhi High Court case referred to above by the learned Advocate for the Union to contend that even if the dispute referred to for adjudication be deemed to be an individual dispute concerning 12 separate individual workmen, it would be an industrial dispute by reason of section 2A. The learned Advocate for the Company cited certain awards of the different Tribunals of West Bengal where it was held that section 2A had no restrospective operation and as such it would have no application to cases of dismissal occurring prior to the amendment. On behalf of the Union one award of another Tribunal of West Bengal was cited before me to show that the said Tribunal held that the decisive point was whether at the time of the reference a particular workman could have raised it, and it was held that section 2A having been enacted before the reference, the reference was held to be competent. On such awards of different Tribunals of West Bengal, all that I need say is that these are not binding on this Tribunal and this Tribunal does not like to rely or follow the line of reasoning adopted by any particular Tribunal on the point and I leave the matter at that. I have carefully read the report of the case of Delhi High Court. The fact of that case was entirely different and distinguishable as such. There the question for determination was as to whether in individual dispute of a workman which arose before section 2A came into force on 1st of December 1965, should also be treated as an industrial dispute by virtue of the provisions in section 2A. In that particular case the dispute was raised by the particular workman concerned and on it being sponsored by him the Delhi Administration referred the individual dispute to the Labour Court for adjudication by Notification, dated 8th June 1966, i.e., after section 2A had already been enacted and became operative. In the case before us the cause of the 12 ex-workmen concerned was sponsored by a Union which had no locus standi to do so and upon that reference was made under section 10 of the Act. As already observed, on the preponderance of decisions of the Supreme Court the Government had no power to refer a dispute of individual workman as an industrial dispute when the Union had no locus standi to represent the workmen and the concerned workmen had no collective support of any other section of the workmen of the said Company. It was therefore an induvidual dispute so to say which could not be construed as an industrial dispute so as to be the subject of a reference by the Government. If the cause of the workmen concerned had been sponsored by them individually, then it could have possibly been contended on the basis of the Delhi decision mentioned above that the dispute being subsisting at the date of the amendment or to be more precise, at the date of the reference, it was competent. As it appears however it was not so sponsored but it was sponsored by a Union

wnich had no locus standi to take up the cause of the workmen concerned so as to be an industrial dispute within the meaning of section 2(k) of the Act. Therefore this Tribunal has no hesitation to hold that since the reference was bad at the inception, i.e., at the date of reference, it remained so even though section 2A might have been enacted before the date of reference.

The result is that the reference is held to be incompetent and bad in law and further held to be not maintainable. The Tribunal accordingly holds further that it has no jurisdiction to adjudicate the issue under reference or to give relief whatsoever to the concerned workmen. The reference is accordingly disposed of as not maintainable in law.

This is the award of the Tribunal.

ANNEXURE

In the matter of an industrial dispute existing between Messrs. Assam Frontier Veneer & Saw Mills, 187 Maharshi Debendra Road, Calcutta-6, and their workman Shri Debendra Singh, represented by Calcutta Motor Workers' Union, 19/2A Pitambar Ghatak Lane, Calcutta-27. (Case No. 180 of 1968.)

BEFORE THE FIFTH INDUSTRIAL TRIBUNAL, WEST BENGAL.

Present :

Shri T. K. MUTSUDDI, Judge,
Fifth Industrial Tribunal.

Present for the Union : Shri Hiralal Roy, Advocate.

Present for the Company : Shri Debaprosad Mukherji, Advocate.

By the Government of West Bengal, Labour Department, order No. 2918-I.R./IR/11L 186/68, dated the 17th May 1968, this industrial dispute between Messrs. Assam Frontier Veneer & Saw Mills, and their workman Shri Debendra Singh, represented by Calcutta Motor Workers' Union, was referred to this Tribunal under section 10 of the Industrial Disputes Act for adjudication on the following issue :

Issue

Whether refusal of employment of Shri Debendra Singh is justified ? To what relief, if any, is he entitled ?

On receipt of the notice from the Tribunal, both the parties made appearance and filed respective written statement.

The case of the workman is as follows :

Debendra Singh served under the Company as a driver On the 1st August 1967 he went on leave. On 10th October 1967 when he came to resume his duties on the expiry of leave, he was not allowed to do so. He wrote a letter to the Company on the 10th November 1967 requesting the management to allow him to join his duty, but to no effect. Then at his instance the Union took up the matter and requested the Assistant Labour Commissioner for intervention. The conciliation proceeding being proved abortive, this reference has been made by the Government of West Bengal for adjudication by the Tribunal.

The case of the Company is that on or about the 1st August 1967 Debendra Singh took his salary for the month of July 1967 and, abruptly without any intimation to the Company, stopped discharging his duties and, as such the management had no alternative but to appoint a new driver The Company denies that Debendra Singh was granted leave for 2 months and 10 days

Decision

According to the Union, Debendra Singh went on leave with effect from 1st August 1967, where as the case of the Company is that Debendra Singh left the job without any intimation to the Company. P.W. 1 Debendra Singh is the workman concerned in this case. He says that on receipt of a letter from home stating his wife's illness, he approached the proprietor and prayed for 2½ months' leave, and that the proprietor granted him leave for 2 months and 10 days,

and that thereafter on the expiry of leave when he went to resume his duties, he was refused employment by the Company. O.P.W. 1 Ram Abatar Jalan is a clerk of the Company. His evidence is that Debendra Singh left the service without giving any intimation to the authorities, and that Debendra Singh received payment for the month of July on 3rd August 1967. A receipt has been filed by the Company to show that Debendra Singh received payment for the month of July on 3rd August 1967. Ext. A(11) is the receipt in question. Debendra Singh denies that the signature in Ext. A(11) is in his handwriting. Exts. A to A(8) are some receipts bearing signature of Debendra Singh, and admittedly, these receipts were signed by him It appears that the signature reading 'Devindar Singh' in Ext. A(10) is in different hand. This signature is different from the exhibited signatures of Debendra Singh. Moreover, it is clear that this document is not a genunine document. It was not the case of the Company before the Labour Officer that the management paid the salary of July 1967 to Debendra Singh. Ext. 3 is the letter written by the Company to the Labour Officer. It has been stated in that letter that Debendra Singh took his payment in July 1st, 1967, and from the 2nd July he did not turn up for duty. So it was the case of the Company before the Labour Officer that Debendra Singh was paid salary up to the month of June 1967. It is clear that the Company did not pay Debendra Singh his salary for the month of July 1967. In these circumstances it must be held that the Ext. A(11) showing payment to Debendra Singh for the month of July 1967 is a faked document. It was the case of the Company before the Labour Officer that Debendra Singh left the job voluntarily on 1st July 1967. The Company now tries to make out a case that Debendra Singh left the job voluntarily on 1st August 1967. The Company makes two different cases at different times. The evidence of Ram Abatar Jalan, O.P.W 1, cannot be relied on. It is the sworn testimony of Debendra Singh that he went on leave from 1st August 1967, and that the proprietor granted him leave verbally for 2 months and 10 days. The proprietor does not come forward to controvert the evidence of Debendra Singh. I find no reason to disbelieve Debendra Singh. It has been proved without any shadow of doubt that Debendra Singh was granted leave for 2 months and 10 days with effect from 1st August 1967. It has also been proved that he was not paid his salary for the month of July 1967. He is, therefore, entitled to his salary for the month of July 1967.

Now the question is whether Debendra Singh should get salary for the period he was on leave. It is not the evidence of Debendra Singh that he was to be paid for the period of his absence. On the other hand, the evidence is that the Company engaged a new driver in his place. This statement of O.P.W. 1 Ram Abatar Jalan has not been challenged in cross examination. So it must be taken that the Company engaged a new driver when Debendra Singh was absent on leave. Consequently it must be taken that Debendra Singh was granted leave without pay. He is not entitled to get salary for the period from 1st August 1967 to 9th October 1967. It has been proved that Debendra Singh reported himself for duty on 10th October 1967 and that he was denied employment by the management. So he is entitled to reinstatement to his former job with usual salary of Rs. 200 per month. Now the question is whether he is entitled to back wages. The evidence of Ram Abatar Jalan, O.P.W. 1 is that he saw Debendra Singh driving car No. WBA 3285. This statement has not been challenged in cross-examination by the Union. So it must be taken that Debendra Singh got a job after he had been denied employment by the Company. It is, however, not known for how many days or months he drove that car. In these circumstances, I am inclined to think that he should be granted some amount of money as compensation. In my opinion he should get Rs. 400 as compensation. He is also entitled to get Rs. 200 as salary for the month of July 1967.

It is, therefore, directed that the Company shall pay Debendra Singh Rs. 600 (Rs. 400 as compensation and Rs. 200 as his salary for the month of July 1967) and reinstate him in his former job within one month from the date of publication of this award in the "Calcutta Gazette".

This is my award.

Shri Shanti Ranjan Roy, 66 Shova Bazar Street, Calcutta-5, to this court by its order No. 3728-I.R./IR/11L-357/67, dated 4th August 1967, under section 10 read with section 2A Industrial Disputes Act on the following issue :

Issue

(iii) Sm. Bhanumati Mullick,
(iv) Sm. Sumitra Bala Dasi,

Usual notices were served upon the parties directing them to appear on 16th September 1967 and the petitioners-workmen to file their written statement by that date. The parties appeared on that date and the petitioners-workmen prayed for time for filing written statement, which was allowed by my order No. 2, dated 16th September 1967, fixing 30th September 1967 for filing written statement by the petitioners-workmen. The petitioners-workmen took time for filing written statement on several occasions and ultimately filed their written statement on 16th November 1967. By my order No. 5, dated 16th November 1967, the O.P.-Company was directed to file its written statement by 1st December 1967. The O.P.-Company prayed for time for filing written statement on that date, which was allowed by my order No. 6, dated 1st December 1967, fixing 19th December 1967 for filing written statement by the O.P.-Company. The O.P.-Company filed its written statement on that date. The case was fixed for hearing on 6th April 1968 by my order No. 10, dated 4th March 1968, when the O.P.-Company filed a petition for a preliminary hearing, which was allowed by my order No. 11, dated 6th April 1968, fixing 17th May 1968 for hearing the preliminary point raised. The preliminary point was heard on 17th May 1968 and by my order No. 12, dated 17th May 1968, I found that the preliminary point failed and also that the industrial dispute had been referred to this court in compliance with the provisions of the Industrial Disputes Act and the case was fixed for further hearing on 27th June 1968. After a few adjournments, the case was fixed on 19th December 1968 for hearing when the case was adjourned to 3rd January 1969 for compromise, in default, for hearing. The case was further adjourned on 8th January 1969 till 11th January 1969 for compromise, in default, for hearing and then again on 11th January 1969 till 13th January 1969 for compromise, in default, for hearing. The parties have filed a joint petition of compromise on this date.

The joint petition of compromise filed by the parties is under the signatures of Shri Phani Bhusan Bose on behalf of the O.P.-Company and Shri Sunil Ranjan Ghosh, Advocate for the petitioners-workmen, both dated 13th January 1969, stating the terms of compromise. On a perusal of the terms of compromise, I find the terms of compromise to be lawful, reasonable and fair and that the parties have compromised the entire dispute pending between them as such. The O.P.-Company has also filed receipts under the signature of the respective petitioner-workman showing that the stipulated sum payable under the terms of compromise have already been paid to the respective petitioner-workman on this date. The petitioners-workmen acknowledged the payment in court before me. Under the circumstances, I am inclined to pass a 'no-dispute' award on the basis of the joint petition of compromise. A 'no-dispute' award be passed accordingly on the basis of the joint petition of compromise, which be made a part of this award.

This is my award.

AWARD

By the Government of West Bengal, Labour Department, order No. 5040-I.R./IR/11L-458/67, dated the 25th September 1967, an industrial dispute between Messrs. Armen George & Co. (P) Ltd., 35 Ezra Street, Calcutta-1 and their workmen represented by Armen George & Co. (P) Ltd. Employees' Union, 19/2A Pitambar Ghatak Lane, Calcutta-27, was referred to this Tribunal under section 10 of the Industrial Disputes Act, 1947, for adjudication in respect of the following issues:

Issues

1. Basic wages.
2. Dearness Allowance.
3. Leave and Holidays.
4. Gratuity.

5. Tiffin Allowance.
6. Working Hours
7. Supply of Uniform to sub-staff members and umbrellas to outdoor staff.
8. Medical Benefits.
9. Service Rules.
10. The mode and method of adjustment and recovery, if any, of the interim relief.

Usual notices were served on the Company as well as the Union from this Tribunal, after receipt of the order of reference. The Union appeared and filed its written statement on 15th November 1967. The Company also filed their written statement on 22nd January 1968.

Admittedly D W. 4, Shri Hem Raj Suraiya is one of the Directors of Messrs Armen George & Co. (P) Ltd., which is a private limited concern They are doing business as clearing and forwarding agents. Nearly 50 clerical staff and 20 sub-staff are employed in this Company and the names of all the employees will appear from Ext. D. This exhibit will also show the total emoluments drawn by the said employees mentioned against their names. Besides those emoluments men tioned in Ext. D, each of the employees was also admittedly given an ad-interim relief of Rs. 20 per month with effect from August 1967 The employees are also given attendance allowance of Rs. 10 per month, who are drawing total pay below Rs. 150 and those who are drawing Rs. 150 and above, also get Rs. 15 per month as attendance allowance. If those employees be absent for more than 7 days in a month, the employees do not get such allowances.

Now, the Union's case in the written statement is that the minimum wage in the Company is as low as Rs 60 per month (Rs. 30 basic and Rs. 30 D.A.). D.A. is never linked with the rise in price index. Basic pay is not also given to the workmen according to any scientific basis. There is never any scale or grade of pay. The existing D.A. at the rate of 100 per cent. of basic pay is very low. In Annexure 'A' of the written statement, the existing minimum basic pay for different categories, D.A., working hours, uniform to sub-staff members, etc., the medical benefits and the claims of the workmen are shown in a tabular chart, which has been marked as Ext. 1. An industry has no right to exist until it can pay the minimum wages. Relying on the existing wages and benefits and amenities in other offices of the region, (Dalhousie Square area) the Union placed a charter of demand by a letter, dated the 17th April 1967, to the Company. As the Company turned a deaf ear to the said demands, the Union which was registered in March 1967, approached the Labour Directorate for intervention. There were conciliation proceedings which ultimately failed and the instant order of reference was made for adjudication in respect of the aforesaid issues

The Company in their written statement stated that the financial position of the Company has been declining steadily by a large margin. The margin of profit for the last 3 accounting years has been stated as follows:—1964 65—Rs. 1,95,083.97, 1965 66—Rs 1,26,919.30, 1966-67—Rs. 86,283.04. According to the Company, the margin of profit depended mainly on contract secured from Messrs. Hindustan Steel Limited, which work has been declining. So, the Company pleads financial incapacity to meet the demands of the Union. The Company has been paying extremely low wages as alleged by the Union, has been denied On the other hand, it has been asserted on behalf of the Company that in comparison with the qualifications of the employees of this concern, they are getting much higher wages in respect of every occupation if their total pay-packet is compared to other commercial concerns of similar nature. The other comparable units of Dalhousie Square area have been mentioned in the written statement as (1) Messrs. Oriental Transport, (2) Messrs Arora & Sehgal (Private) Ltd. and (3) Messrs. Express Clearing Agency. The Company admitted that there is no time scales for its employees but it contended that they have given increments almost every year. D.A. at the rate of 100 per cent. of basic wages, according to the Company, is sufficient It has further been contended that the management has no obligation for the complete neutralisation of the cost of living in the way suggested by the Union. The number of days of leave which are at present given to the employees, are according to the authorities, sufficient. It has also been contended that the Company is ready to grant holidays as are observed by the Calcutta Customs Office. The employees' claim of gratuity, should, according to the Company authorities, be rejected in view of the declining financial condition of the industry. The Union's claim of Re. 1 per diem as tiffin allowance should, according to the Company, be rejected. Suitable timings regarding working hours of the Company up to a maximum of 48 hours per week, should be framed. It has also been alleged that the Company is not under any obligation to give medical benefits and uniforms to its employees.

To prove the case of the Union, 5 witnesses have been examined. P.W 1 Shri Chandradeb Giri is an employee of this Company and is the Secretary of the Union. P.W. 2 is a Labour Officer, Statistics, Government of West Bengal. He has simply produced a chart Ext. 2 regarding the consumer price index for working-class in Calcutta having base 139 100, till July 1968. Now, this witness admitted in his cross-examination that the figures in Ext. 2 are for working-class in Calcutta i.e. for those who earned their livelihood mainly by manual labour. He further admitted that there is another cost of living index for middle-class people in West Bengal and that they do not maintain such figures in their office. P.W 3 Balak Nath Ghosh is an employee of Messrs. Williamson & Magor Co. Ltd. On the basis of a tripartite agreement, the service conditions of the employees of this Company, have been settled in June 1967. P.W. 3 is also a signatory to the said settlement (vide Ext. 3). P.W. 4 Shri Satin Roy Chowdhury is the Vice-President of Karam Chand Thappar & Brothers Employees' Association. He has stated that on the basis of an award of the Fourth Industrial Tribunal, the

D.A. of the clerical as well as the sub-staff of this Company, was fixed according to the scale of Bengal Chamber of Commerce. Before this award it is admitted that the employees of this Company used to get 100 per cent. of basic pay as D.A. which, has since been raised by the award to 240 per cent. Now, an appeal is pending against this award. P.W. 5 Shri Sunil Kumar Das is an employee of Messrs. Balmer Lawrie & Co. Ltd. He has produced an award passed on 30th July 1964 by the First Industrial Tribunal on the basis of a bi partite settlement, by which, their Pay, D.A. and other benefits were enhanced in respect of the employees of Messrs. Balmer Lawrie & Co. Ltd. On the other hand, four witnesses including D.W. 4 a Director of this Company have been examined. D.W. 1 is one of the Partners of another clearing and forwarding concern named Express Clearing Agency. D.W. 2 Shri H. P. Rudra is the Manager of Shipping Department of Messrs. Arora & Sehgol Private Ltd. He has also produced a tripartite settlement Ext. B, dated 30th April 1964, by which the scales of pay and other amenities were fixed in respect of the employees of this Company. D.W. 3 Shri P. K. Sen is one of the three partners of another Clearing and Forwarding Agents being Messrs. Orient Transport Company. All these concerns have their offices nearabout Dalhousie Square, in which area, the office of the Company in question is also located. D.W. 4 is one of the Directors of the Company in question.

Before taking up any specific issues I should state the existing benefits enjoyed by the employees of Messrs. Armen George & Co. (P) Ltd., and the Union's claim as per the different issues as depicted in Ext. 1:—

9. One month's wages in a year.

10. Uniforms to be supplied to sub-staff and for outdoor employees, umbrellas and other necessary articles should be supplied.

I take up Issue Nos. 1 and 2 together for decision There are admittedly no scales of pay in respect of the different categories of employees of this Company including the sub-staff. It is also undisputed that the minimum basic wage and D.A. of the employees as mentioned in Ext. 1 are fixed since the year 1962. No annual increment is also paid regularly. The annual increments are being given at the pleasure of the authorities and this increment is not also fixed, and varies from Re. 1 to Rs. 25 at the pleasure of the authorities The D.A. is not also linked up with any price index 100 per cent. of basic pay is given as D.A. which is also fixed since 1962. There cannot be any dispute in this case that since 1962 there has been a great increase in the cost of living index. The wages are fixed since long and there has been a great rise in the cost of living index since then. So, the wages should be increased, if the employer has got financial capacity to bear the burden. According to Shri N. K. Mukherji Advocate, as issue No. 1 is simply basic wages, this Tribunal has got no power to fix any grade or scale of pay as claimed on behalf of the Union. But I cannot

accept this contention of Shri Mukherji, and, in any opinion, the issue No. 1 which has been termed as "basic wages" includes also the "scales of wages." Moreover, the Company authorities in their written statement conceded that in this order of reference pay scales for the employees should be fixed and it was agreed during the conciliation proceedings with the Union, before the order of reference, that this matter regarding scales of pay, should also be referred for adjudication by this Tribunal. Now a case for wages structure clearly exists when there has been a substantial rise in the cost of living in the region, while the wages scales have remained unaltered for a number of years and also where there is no wage scale for a number of years. When dealing with the question of introduction of a fair wages structure, the Tribunal must keep in mind two primary factors, i.e., the financial capacity of the industry to bear the burden of the increase in the wage bill, and the industry-cum-region basis. As regards the financial capacity of this Company in question, we find that in the written statement filed on behalf of the Company it has been stated that the Company made profits for the last 3 accounting years as follows :— (1) 1964-65 Rs. 1,95,083.97, (2) 1965-66 Rs. 1,26,919.30, and (3) 1966-67 Rs. 86, 283.04 (vide paragraph 2 of the written statement of the Company). These figures will also appear from the audited balance-sheets of the Company which have been filed and exhibited in this case as Ext. E series. Now, the partner D.W. 4 in his evidence has stated that the profits as mentioned in the balance-sheets and as mentioned in the aforesaid paragraph 2 of the Company's written statement are all gross profits, and the net profits, after paying income tax of the aforesaid three accounting years, are respectively as follows :— (1) Rs. 78,000, (2) Rs. 41,000 and (3) Rs. 30,000. Now, according to D.W. 4 further, the main reason for decline in profit is that their contract with Messrs. Hindustan Steel expired in June 1966. According to D.W. 4 further because of general recession of export and import, their business is going down year after year. According to him, the accounts for the year 1967-68 have not yet been audited completely. He has produced a chart showing the number of jobs including import jobs and export jobs executed by this Company from the financial year of 1963-64 till 12th November 1968. That document has been marked Ext. F/1. According to D.W. 4 though the business is on the decline, expenses are going up as higher wage are to be paid. He asserted that the wages and D.A. of their employees are in no way less than those of the employees of any other comparable units (produced on behalf of the Company), such as Messrs. Arora & Sehgal Ltd., Messrs. Express Clearing and Forwarding Agency and Messrs. Orient Transport Company. It is true that the business of the Company is declining but even then till the year 1966-67 they made profits, though the amount of such profits of Rs. 30,000 in all. This fact supports the Union's claim of framing higher wages scale in respect of the employees of this Company. I hold that the Company has got financial capacity to bear the extra burden of fixing the wages scales of different categories of employees enumerated afterwards.

I have already mentioned above that not only the financial capacity of the industry to bear the burden of the increase in the wage bill but also we shall have to consider another principle and fix the scales, on industry-cum-region basis. In dealing with the question of fixation of these wages scales, we must also consider the total wage packet including basic wages and D.A. in comparable units for applying the industry-cum-region basis formula so that the total wages including the basic wages and D.A. fixed by the Tribunal for the workmen in the concern under consideration are not higher than the total wages paid in comparable concerns to their workmen of the same categories. On the question of comparable units, the wages of the employees of three different concerns have been filed on behalf of the Union. The first is Messrs. Williamson & Magor Company Ltd. The wages scales of the employees and D.A. are fixed on the basis of a tripartite settlement Ext. 3, dated 20th June 1967. But I reject this document from consideration and also the evidence of P.W. 3 in this respect from my consideration in the matter of fixation of wages of the employees of this concern only on the ground that Messrs. Williamson & Magor Co. Ltd., are not Clearing and Forwarding Agents and they do not do such business, which fact has been admitted by P.W. 3 himself.

Next comes the comparable unit of Messrs. Karam Chand Thappar & Brothers Ltd., as deposed by P.W. 4. Their scales of pay and D.A. were fixed on the basis of an award. An appeal before the Supreme Court is pending against this award. Moreover, this concern cannot be accepted at all as a comparable unit because this Company being Messrs. Karamchand Thappar & Co. Ltd., do business of coal, paper, storage, sugar and also shipping; but they do not do any business of clearing and forwarding agents. This fact has been admitted by P.W. 4 himself. Next comes the case of Messrs. Balmer Lawrie & Co. Ltd. as deposed by their employee P.W. 5. Their scales of pay was also fixed on the basis of an award passed by the First Industrial Tribunal on 30th July 1964 (vide Ext. 5 and also Ext. 6) but Messrs. Balmer Lawrie & Co. do mainly re-selling business. Moreover there are about thousand employees in the Head Office of this Company. This concern has got 200 officers and out of the aforesaid number of employees, this Company has got a very small significant department named clearing and forwarding, where only 30 people work. Messrs. Balmer Lawrie & Co., in my opinion, cannot be taken as a comparable unit in the instant case, where this Company does only business of forwarding and clearing agents, where there are only 70 employees including 20 sub-staff. So, this Company also does a very small scale of business. Accordingly, I am of opinion, that Messrs. Balmer Lawrie & Co. Ltd. cannot be taken as a comparable unit in this case, in fixing the wages scales of the Company in question and I hold as such. Thus, we find that there is no comparable unit produced in this case on behalf of the Union. On the other hand, on behalf of the Company, wages scales and other benefits of the employees in 3 other concerns in Dalhousie Square area, have been produced. Those are as deposed by D. Ws. 1, 2 and 3. They are :— Messrs. Express Clearing & Fordwarding Agency where 50 to 55 workers are employed, (2) Messrs. Arora & Sehgal Private Ltd., where about 90 workers are employed and (3) Messrs. Orient Transport Ltd., where 40 workers are employed. These concerns are doing only the same type of business, as is done by the Company in question. These companies respectively have been started since 1948, 1945 and 1946. The Company in question, being a private limited concern, has also been taken up by the present Directors, since about the time when the aforesaid Companies have also started their business. So, I accept the

aforesaid as comparable units, as produced on behalf of the Company in question, in the matter of fixation of wages scales of the employees in question and also the D.A., of the employees.

It is next to be noted that concerns being Express Clearing Agency and Orient Transport Company have got no grades and scales of pay of their employees till now. They also pay 100 per cent. as D.A., on basic wages. Messrs. Arora & Sehgal Private Ltd. have got 90 employees under them and only since the date of the settlement, Ext. B, their employees have got grades and scales of pay as mentioned therein. Ext. B, is dated 30th April 1968, as deposed by D.W. 2. D. W. 1 has produced Ext. A, a sheet showing the maximum pay drawn by the different employees of Express Clearing Agency. D.W. 3 also produced Ext. C, showing the minimum and maximum salaries drawn by their employees, being Messrs. Oriental Transport Company. The total wage packet of the employees of the aforesaid 3 concerns are to be considered in fixing the grades and scales of pay of the different categories of the employees in question and also the D.A. to be fixed for them. On a consideration of the minimum and maximum salaries drawn by the employees of two concerns as appearing from Exts. A and C and also the grades and scales of pay of the 3rd concern as appearing in Ext. B and also on a consideration of the Union's claim in this case, and also the financial capacity of the Company in question, I fix the grades and scales of pay of the different categories of the employees in question as follows :

(1) Peon : Rs. 40—1.50 -55—2—85.

(2) Driver : Rs. 70—2—90—2-50—127-50.

(3) Stenographer : Rs. 110—3—140—4—200.

(4) Junior Clerks, Junior Jethi Sarkars, Junior Customs Sarkars, Typists and Telephone Operator : Rs. 65—2.50—90—3.50—142.50.

(5) Senior Clerks, Senior Jethi Sarkar, Senior Custom Sarkar, etc. : Rs. 75—3—105—4.50—172.50.

(6) Special Grade for Departmental Heads, if any : Rs. 110—4—150—5—225.

In fixing the aforesaid scales I also consider the fact appearing from the evidences on record that the business of the Company is on the decline and that during the last year only Rs. 30,000 was made profit by the Company.

The ad-interim relief of Rs. 20 per month shall also merge with the basic pay, which pay shall be taken into account in fixing the employees in the aforesaid scales and grades of pay as fixed by me. The special allowance for attendance at Rs. 10 and Rs. 15 per month which are now being given, shall continue.

So far as regards the Union's claim of D.A. as per the Bengal Chamber of Commerce Scheme, I cannot accept the same. On the other hand, I am of opinion that the interest of justice will be met if the hundred per cent. of basic pay is now being given by the Company as D.A., be allowed to continue, the total wage packet of the employees by my aforesaid award will be much increased, specially in view of the fact that the Company's financial condition is on the decline. Accordingly I hold that the Company's existing scheme of 100 per cent. of basic pay as D.A. shall continue. As regards the fitting in, the workers are to be fixed in the new scales according to their present pay and if it does not coincide with any such of new scale, it should be stepped up to the nearest higher scale. No workman should be prejudicially affected by the process of adjustment in the new wages scale; he would continue to get such emoluments until such time as he would step into a higher scale. Every employee whose salary does not exactly fit in, in the aforesaid fixed scales of pay, will be given a marginal relief so as to bring him up to the nearest step, on the revised scale of pay. Those employees, if there be any, who are at present drawing a basic salary below the minimum of the scales of pay will be brought to the minimum of the respective scales of pay.

The aforesaid grades and scales of pay shall take effect on and from the 1st January 1969.

Issues Nos. 1 and 2 are thus disposed of.

Next as regards issue No. 3, regarding leave and holidays, on a consideration of the existing holidays in the aforesaid 3 comparable units accepted by me, as mentioned above, and on a consideration of the existing holidays enjoyed by the employees of the Company in question, I fix yearly leave as follows :—

(1) 10 days casual leave.

(2) 14 days privilege leave for every year of completed service cumulative up to 42 days.

(3) 14 days sick leave with half pay or 7 days sick leave with full pay cumulative up to 42 days sick leave with half pay or 21 days sick leave with full pay.

As regards holidays, the Union claims all holidays as per the Negotiable Instruments Act. During evidence D.W. 4 a Director of the Company in question stated that they are agreeable only to grant a holidays as and when the Custom Office are closed, on the ground that the office in question is connected with the work of the Customs Office and also Port Commissioners' Shed. I would have accepted this contention of D.W. 4, but for the fact that he himself admitted in his letter Ext. 7, dated 19th June 1967, addressed to the Assistant Labour Commissioner, Government of West Bengal, in reply to the charter of demands in question that the employees are always allowed to enjoy the holidays declared under the Negotiable Instruments Act, except in case of any emergency work for which management shall have the right to demand the service of its employees for which he shall be allowed compensatory holidays or additional payment.

In view of this admission of D.W. 4 himself in the Ext. 7, I accept the Union's claim and hold that the employees of this concern should be allowed to enjoy all holidays declared under the Negotiable Instruments Act, except in case of emergency work for which the management shall have the right to demand the services of any or more of its employees for which he or they shall be allowed compensatory holiday or overtime as per the provisions of the Shops and Establishments Act.

Issue No. 3 is thus disposed of.

Now, I come to issue No. 4 regarding the Union's claim of gratuity. It appears that the employees of two comparable concerns being Express Clearing

Agency and Orient Transport Company are not getting benefits of any gratuity scheme. It, of course, appears from Ext. B that the employees of Messrs. Arora & Sehgal Private Ltd., have started to enjoy the benefits of a grauity scheme only since thte date of the settlement, i.e., on and from April 1968. But even then on behalf of the Union this settlement Ext. B has been challenged as not acceptable. But I find that the employees of the Company in question are getting provident fund and the Company is contributing 8 per cent. on both basic and D.A. The employees are also given 20 per cent. as bonus per annum. There is unchallenged evidence of D.W. 4 on record in this respect. I have already mentioned above that the financial condition of the Company in question is on the decline. There is no superannuation age fixed by the employees in question. So, the Union's claim of gratuity cannot be allowed at this stage and I reject such claim of the Union for the present.

Now, coming to issue No. 5 regarding tiffin allowance, we find that the employees of the two concerns being Express Clearing Agency and Orient Transport are not getting any tiffin allowance. Even then, this Company is giving two cups of tea free on every full working day and one cup of tea free on Saturdays. There is unchallenged evidence of D.W. 4 that they are to spend about Rs. 200 per month on this account. It also does not appear from Ext. B that the employees of Messrs. Arora & Sehgal Private Ltd., are getting any tiffin allowance or even free tea. D.W. 2 denied the existence of tiffin allowance. The Union's claim of Re. 1 per diem as tiffin allowance for all categories whether they are on duty in office or outside cannot thus be supported on a comparison with the comparable units as accepted by me. Accordingly I hold that the existing free service of tea to the employees of the Company in question shall continue and the Union's further claim in this respect be rejected.

Now, coming to issue No. 6 regarding working hours of the employees, it is the case of D.W. 4 that the working hours should be fixed from 9-30 a.m. till 6-30 p.m. But it appears from the evidence of D.W. 1 that the working hours of Messrs Express Clearing Agency are from 9-30 a.m. till 6-30 p.m. It also appears from the evidence of D.W. 3 that the working hours of Orient Transport are from 10 a.m. to 7 p.m. on weekdays and on Saturdays from 10 a.m. till 3-30 p.m. Two attendance registers, one for the year April 1967 [Ext. F(2)] and another of the current year [Ext. F(3)] have been produced. But these Exhibits do not conclusively prove the existing working hours of the Company in question. It appears from the evidence of D.W. 2 and Ext. B that the working hours of Messrs. Arora & Sehgal Private Ltd. are from 10 a.m. till 6 p.m. and on Saturdays from 10 a.m. to 3 p.m. I take the average of the working hours of the aforesaid three companies in fixing the working hours of the Company in question. Accordingly I fix the working hours of the employees of the Company in question as from 10 a.m. till 6-30 p.m. on full working days, and from 10 a.m. to 3-30 p.m. on Saturdays with half-an-hour's recess as all the days. It is to be noted that if any employee is to work beyond the aforesaid working hours fixed by me, they are entitled to overtime as per the provisions of the Shops and Establishments Act. Issue No. 6 is thus disposed of.

Next coming to issue No. 7, regarding supply of uniform of sub-staff members and umbrellas to outdoor staff, we find that Messrs. Arora & Sehgal Private Ltd., a comparable concern as produced by the Company in question, are giving uniform to their peons, durwans and drivers. So, I direct the Company being Messrs. Armen George & Co. (Private) Ltd. to supply at least one set of trouser and one set of either full shirt or full bush shirt to each of their sub-staff members and also drivers per annum. I also allow the Union's claim of supply of umbrellas to each of its outdoor staff employees, and that must also be given one every alternate year. Issue No. 7 is thus disposed of.

Next coming to issue No. 8, regarding medical benefits, we find that none of the comparable units give any medical benefits to their employees. So the claim of the employees of the Company in question to the effect that one month's wages in a year should be given to each of the employees as medical benefit is rejected. On consideration of the fact that none of the comparable units gives any medical benefit to its employees, I reject the Union's claim in this respect.

Now, as regards issue No. 9, regarding service rules, on behalf of the Union not a single model of service rules of any comparable concern has been produced. On behalf of the Company, of course, the service rule of only one Messrs. Arora & Sehgal Private Ltd. as per the settlement Ext. B. has been filed. But on this alone it would not be fair to frame any service rule for the employees of the Company in question. Shri D. L. Sen Gupta, Advocate, appearing on behalf of the Company has at the time of arguments conceded that service rules on the evidences on record could not be framed in this case. He has given up this claim on behalf of the Union. Accordingly I refrain from framing any service rule of the employees of the Company in question. Issue No. 9 is thus disposed of.

Issue No. 10 regarding the mode and method of adjustment and recovery, if any, of the ad-interim relief. I have mentioned above that since August 1967 the Company has been paying ad-interim relief to all its employees at the rate of Rs. 20 per head per month. Now this ad-interim relief shall merge with the basic pay of its employees since 1st January 1969 and accordingly no question of adjustment and recovery of the same does arise in this case. Issue No. 10 is thus disposed of.

This award shall take effect on and from 1st January 1969.

This is my award.

NOTIFICATION

No. 656-Pl./P8C-4/68.—7th February 1969.—In exercise of the powers conferred by section 2A of the Police Act, 1861 (Act V of 1861), read with articles 313 and 372 of the Constitution of India and paragraph 19 of the Adaptation of Laws Order, 1950, the Governor is pleased hereby to make the following amendment in the Police Regulations, Bengal, 1943, Volume I, as subsequently amended (hereinafter referred to as the said Regulations), namely:

Amendment

For regulation 865 of the said Regulations, *substitute* the following regulation, namely:

"Proceedings based on conviction on a criminal charge. Section 2A of Police Act, 1861 (Act V of 1861) read with Article 313 of the Constitution of India.

865. When a Police officer is to be dismissed or some other departmental punishment is intended to be awarded to him on the ground of conduct which has led to his conviction on a criminal charge it shall be sufficient in the departmental proceedings to place therein a copy of the judgment of the court, the reasons for dismissal or other punishment and the record of the previous character of the offender. Since it is the delinquent's conduct leading to his conviction on a criminal charge that should be the ground for the departmental punishment imposed, the final order should clearly mention the ground, that is, the misconduct resulting in conviction. Disciplinary action for dismissal, etc., may be taken immediately after conviction by the trial court. If the order of conviction passed by the trial court is subsequently set aside on appeal or otherwise and the Government servant concerned is consequently reinstated, the question as to how the period of absence up to the date of reinstatement will be regularised, should be considered on the basis of the merits of each case. Full salary may be given if the officer concerned was not employed, meanwhile, in any other gainful employment, business, profession or vocation.

Where, however, there is a prohibitory order of the court to the contrary, final action to pass orders of dismissal, etc., should not be taken on the basis of the conviction by the trial court. Further action in such case should proceed entirely in accordance with the orders of the court".

By order of the Governor,
S. B. RAY, Secy.

OFFICE OF THE ACCOUNTANT-GENERAL, WEST BENGAL

NOTIFICATION

Subject:—Instructions regarding bills payable by the Accountant-General, West Bengal, within the current financial year 1968-69

No. TM/1-51/907.—5th February 1969.—In order to ensure payment before the close of the financial year, all travelling allowance, contingent grant-in-aid and other bills payable within the year, should be presented at the counters of Treasury Buildings and 4 Brabourne Road, Calcutta, as the case may be by the 15th March 1969. The words "to be paid on or before the 31st March 1969" should be written prominently in red ink on the top of each bill.

2. In respect of charges actually incurred or claims accruing on or after the 15th March, the bills should be presented with the utmost expedition without losing even a single day. It may be mentioned that during the last week of March this office is preoccupied with the passing of monthly bills, payable on the first working day of April. Three clear working days are required by this office to complete all processes connected with the pre-audit of a bill. As such, bills marked payable within the 31st March 1969 may, in special circumstances, be received by this office up to the 25th March 1969. Only in exceptional cases at the express request of the sanctioning authorities, contingent bills involving large amounts and grant-in-aid bills will be received up to 26th March 1969, with the special permission of the Senior Deputy Accountant-General (TAD) in respect of bills payable from the counter of Treasury Buildings and of the Examiner, L.A.D., in respect of bills payable from the counter of the other wing of this office, namely, at 4 Brabourne Road, Calcutta-1. In no case will any bill be received on and from 27th March 1969, onward.

3. On the fourth working day from the date of presentation of a bill, the payee or his messenger should call at the delivery counter to demand payment. If, for any reason, payment cannot be obtained on that day, he should call on the next day or on the second or third following day, should it become necessary. Any complaint regarding undue delay in payment should be lodged with the gazetted officer in charge of the Section. No attempt should be made to get into direct touch with the sectional staff.

4. It should be particularly borne in mind that unpassed bills are not returned by post; they are required to be received back at the counter on surrender of tokens.

5. All possible care should be taken to see that the bills presented are free from defects and irregularities as there may not be time left for resubmitting the bills when once returned unpassed with audit objection.

6. It will facilitate the payment of bills if the following instructions are borne in mind:

(a) If the appropriation for the current year is likely to be or has already been exceeded, an additional appropriation should be obtained in time to meet the excess and the order sanctioning the additional appropriation attached to the bills.

(b) If any charge requiring sanction of a higher authority is claimed in a bill, a true copy of the sanction should be attached to it. As no payment can be made on the authority of copies of orders, the sanctioning authority should be requested to communicate the order to this office in time.

(c) If no distribution of any appropriation has yet been made, formal orders of the competent authority sanctioning the distribution should be attached to the bill.

(d) A bill extract giving particulars of the major, minor and detailed heads of account to which the amount of the bill is chargeable and the designation of the Officer controlling the expenditure should invariably be attached to the bills.

7. Between the 15th and 31st March 1969, care should be taken to check the Bill Register every day with a view to seeing that all payments have been received in good time.

8. As a special concession to payees, the Cash Payment and Cheque Delivery counters of this office will be kept open till 4-30 p.m. on the 31st March 1969; no payment will be made after that hour.

9. Establishment Bill for March 1969, will be paid by this office by the 1st April 1969, instead of on the 31st March 1969.

ORDERS

No. 629-I.R./IR/11L-160/68.—4th February 1969.—Whereas under the Government of West Bengal, Labour Department, order No. 2210-I.R./IR/11L-160/68, dated the 17th April 1968, the industrial dispute between Messrs. E. & N. F. Rly. Junior Co-op. Credit Society Ltd., E. Rly. Divisional Office Buildings, Sealdah, Calcutta-14, and their workmen represented by E. N. F. Rly. J.C.C.S. Employees' Association, 21 Krishnaram Bose Street, Calcutta-4, regarding the issue mentioned in the said order being a matter specified in the Second Schedule to the Industrial Disputes Act, 1947 (XIV of 1947), was referred for adjudication to the Eighth Industrial Tribunal ;

And whereas the said Eighth Industrial Tribunal has submitted to the State Government its award on the said industrial dispute ;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE

In the matter of an industrial dispute between Messrs. E. & N. F. Rly. Junior Co-op. Credit Society Ltd., E. Rly. Divisional Office Buildings, Sealdah, Calcutta-14, and their workmen represented by E. N. F. Rly. J. C. C. S. Employees' Association, 21 Krishnaram Bose Street, Calcutta-4, referred under G. O. No. 2210-I.R./IR/11L-160/68, dated the 17th April 1968. (Case No. VIII-130/68.)

BEFORE THE EIGHTH INDUSTRIAL TRIBUNAL, WEST BENGAL

Present :

Shri B. N. MAITRA, W.B.H.J.S., Judge,
Eighth Industrial Tribunal.

Appearances :

Present for the Society : Shri S. N. Banerjee, Advocate.

Present for the Association : Shri Jagannath Pandey, Advocate.

AWARD

The Government of West Bengal, in its Labour Department, G.O. No. 2210-I.R./IR/11L-160/68, dated the 17th April 1968, referred under the section 10 of the Industrial Disputes Act, 1947, an industrial dispute between Messrs. E. & N. F. Rly. Junior Co-op. Credit Society Ltd., E. Rly. Divisional Office Buildings, Sealdah, Calcutta 14, and their workmen represented by E. N. F. Rly. J.C.C.S. Employees' Association, 21 Krishnaram Bose Street, Calcutta-4, to this Tribunal, for adjudication on the following issues :

Issues

1. Whether the increase in the working hours by half-an-hour from December 1962 to 6th December 1967, without offer of any extra-remuneration is justified ? To what relief, if any, are they entitled ?

2. Whether the curtailment of existing facilities according to Railway Rules which was in

practice in society since 1934 by way of introduction of new Service Rules on and from 1st January 1967, is justified ?

3. Whether the denial of promotion of Shri A. N. Dutta is motivated and consequently unjustified ? To what relief, if any, is he entitled ?

Both the parties filed written statements.

A preliminary objection has been taken on behalf of the E. & N. F. Railways Junior Co-operative Credit Society Ltd. It has been contended that in view of the provisions of the Bengal Co-operative Society's Act, the Tribunal has no jurisdiction to deal with the dispute in question.

It has been argued on behalf of the workmen, represented by E.N.F. Rly. J.C.C.S. Employees' Association, that the written statement filed on behalf of the aforesaid Co-operative Credit Society Ltd., is silent about the jurisdiction of the Tribunal to try the issues in question. Since the parties submitted to the jurisdiction of the Tribunal, at present it does not lie in the mouth of the other side to raise the present objection and contend that the Tribunal has no jurisdiction to try the disputed issues.

Law is well-settled that the consent of a party cannot confer or take away jurisdiction. It is also immaterial whether a party submits to the jurisdiction of a Tribunal, where there is inherent lack of jurisdiction. Reference may be made to the latest case of Workmen's Co-operative Industrial Home Ltd. v. the First Industrial Tribunal in 72 C.W.N., 669 to show that in view of the sections 31 and 86 of the Co-operative Societies' Act, the dispute between the Co-operative Society and its workmen would be governed by the Co-operative Societies Act and not by the Industrial Disputes Act. That decision is a settlor on the point. So the contention put forward on behalf of the workmen cannot be sustained. It is therefore held that the present dispute cannot be tried by this Tribunal and that consequently, the reference is not maintainable.

Dictated and corrected by me.

Judge.

No. 570-I.R./IR/13L-54/67.—1st February 1969.—Whereas under the Government of West Bengal, Labour Department, order No. 245-I.R./IR/13L-54/67, dated the 17th January 1968, the industrial dispute between Messrs. Thereafter, the Tribunal fixed a date for filing of written statement by the Company. After taking one adjournment, written statements were filed separately by the Companies on 1st April 1968. Thereafter, dates were fixed for taking various steps in the case.

On 20th July 1968, Shri B. K. Mukherjee, Advocate for the Company, appeared and filed a petition praying that employees Union of the Kohinoor Binding Works should be added as a party to the dispute. Shri S. R. Ghosh, Advocate for the Union, raised strong objection on the ground that Employees' Union of Kohinoor Binding Works was not in existence when the dispute arose

and it also did not take part in the conciliation proceedings as it was not in existence even then. The advocate for Employees' Union of Kohinoor Binding Works submitted that the said Union was registered in 1968. Then he went on and admitted that the said Union was not in existence when the dispute arose and also when the conciliation proceedings were going on.

Considering all the aspects of the case and the submissions made by the parties, the Tribunal refused to add Employees' Union of the Kohinoor Binding Works as a party to the dispute.

Thereafter on 23rd September 1968, Shri B. K. Mukherjee, Advocate for the Companies, appeared before the Tribunal and filed 2 separate joint petitions signed by the workmen and the employers of the Companies with the prayer that it should pass a 'no-dispute' award on the ground that the parties had amicably settled their disputes. One petition was signed by 52 workers of Kohinoor Binding Works on behalf of the workmen and by the Manager and a partner on behalf of the Company. The second petition was signed by 16 workers on behalf of the workmen of Kohinoor Art Press and by a Manager and by a partner on behalf of Messrs. Kohinoor Art Press. The learned Advocate for the Union submitted that the dispute was not settled between the workmen and the Companies and the petitions filed by the learned lawyer of the Companies were not genuine and they did not represent the true facts. Thereupon the Tribunal directed the parties to file affidavits so that the Tribunal might decide whether the dispute was subsisting or not. The affidavits filed by the parties were then taken up for consideration on 4th November 1968.

The affidavit filed on behalf of Messrs. Kohinoor Art Press is sworn by Sk. Haider Ali, Manager of the aforesaid Company. In this affidavit, dated 16th August 1968, Shri Ali averred that the Company's 15 workmen named in the affidavit have amicably settled their dispute with the Company and there is no subsisting dispute to be adjudicated upon by the Tribunal. 14 workers of Messrs. Kohinoor Art Press have filed an affidavit. In the affidavit there is stated that they have settled the dispute with the Company and there is no dispute with the Company regarding gratuity, grades and scales of pay and dearness allowance which requires adjudication by the Tribunal. The third affidavit is that of Messrs. Kohinoor Binding Works and it is signed by Md. Sulaman who describes himself as the Manager of the Company. He states that Messrs. Kohinoor Binding Works employs 66 workmen who have amicably settled their dispute with the Company and there is no subsisting dispute to be adjudicated upon by the Tribunal. The names of the 66 workmen are given in the affidavit. The fourth affidavit is sworn by 11 workmen of Messrs. Kohinoor Binding Works. They have stated that they have amicably settled the dispute with the Company and they do not claim any relief mentioned in the written statement filed by Shri Anil Ghosh, secretary of the West Bengal Press Workers' and Employees' Union. They further stated that there is no subsisting dispute with the Company regarding gratuity, grades and scales of pay and dearness allowance matters. The fifth affidavit is sworn by 13 workmen of Messrs. Kohinoor Binding Works and the content of the affidavit is the same as stated above. The sixth affidavit is filed by 12 workmen of Messrs. Kohinoor Binding Works. The 7th affidavit is filed by another 12 workmen of Messrs. Kohinoor Binding Works. The eighth affidavit is filed by other 13 workmen of Messrs. Kohinoor Binding Works. The contents of the affidavits are just the same. The Union has filed one affidavit sworn by 8 workmen in all.

I have been informed by the learned Advocate for the Union that of the 8 workmen 6 are employed in Messrs. Kohinoor Binding Works and 2 are employed in Kohinoor Art Press. In the said affidavit it has been stated that they are members of the Union which filed the written statement and they support the written statement filed by Anil Ghosh, Secretary, Employees Workers' Union and the dispute referred to the Tribunal is subsisting and should be adjudicated upon. It is seen from the affidavits filed by the workmen that the total number of workmen employed by the Companies are not mentioned. In the course of arguments, the Tribunal asked the learned lawyer for the Union whether the number of workmen given by the Companies were correct. The learned lawyer did not dispute. Therefore, it is seen that out of 15 employees employed by Messrs. Kohinoor Art Press, 14 have sworn affidavit saying that there is no subsisting dispute with the Company. According to the learned lawyer for the Union 2 workmen of Messrs. Kohinoor Art Press have sworn affidavit stating that the dispute is still subsisting. This made the number of workmen in Messrs. Kohinoor Art Press to be not 15 but 16. When asked, the learned lawyer for the Company pointed out that one of the workmen who swore the affidavit supporting the Union is a dismissed workman and his name does not appear on the roll of the Company. The learned lawyer for the Union admitted that one of the workers who swore the affidavit is a dismissed workman but his case is pending before the Tribunal. Be that as it may, 14 workmen have sworn that there is no subsisting dispute between the workmen and the Company whereas 2 workmen have sworn to the contrary. In the case of Kohinoor Binding Works the total number of employees is 66. Of them 61 have sworn that there is no subsisting dispute between them and the Company which requires to be adjudicated upon by the Tribunal. Six workmen have sworn to the contrary. It appears, some of the workmen who swore to the contrary are dismissed workmen and their case is pending before the Tribunal. However, that may be, it is clear that on one side there are 61 workmen swearing that there is no dispute with the Company and on the other there are 6 workmen swearing to the contrary. Therefore, in my opinion, the Union represents only a small minority of workers in the Company. The issues referred for adjudication are of general or collective nature and they concern all workmen equally. In an industrial concern when a large majority of workmen do not want to raise a dispute on particular issues, I do not think a fractional minority should be allowed to raise an industrial dispute of general nature covering the interest of all the employees. In this case, on one side there are 75 workmen and 2 Companies which in my opinion, are probably sister Companies, and on the other side, there is a Union which received support of 8 workmen. The question is whether 10 or 11 per cent. of the employees of the concern should be allowed to agitate an industrial dispute of a general nature or not. In my opinion if a small minority of workmen are allowed to raise an industrial dispute of collective nature in an industrial concern, there will be no end of the dispute at all. If a practice of fractional minority raising a dispute of collective nature is recognised, allowed,

countenanced and encouraged, there will be no end of industrial disputes because it is easy to find 10 per cent. of disgruntled employees of an industrial concern willing to raise an industrial dispute. In my opinion, as the majority of the workmen of the Companies do not want any dispute raised and firmly deny the right of the Union to raise an industrial dispute on their behalf, the Union which represents minority of workmen including dismissed employees should not be permitted to raise and pursue a dispute in which the majority of workmen are not interested. Having taken this view of the matter I think it would be reasonable in the facts and circumstances of this case, to ignore the demand of fractional minority and pass a 'no-dispute' award.

The learned lawyer for the Union draws my attention to the case reported in Indian Factories and Labour Reports 117 p. 191. He submits that the dispute is per se a collective dispute and so an espousal of the dispute by a majority of workmen is not necessary. He submits that only when the dispute is an individual dispute per se that individual dispute requires the support of a substantial number of workmen to convert it into an industrial dispute. The learned lawyer contends that in the present case the issues clearly show that the dispute is per se a collective dispute. Therefore, it is necessary that majority of the workmen should espouse this dispute. This argument has some force. But the facts and circumstances of the case cited by the learned lawyer were different from the facts and circumstances of this case. In the present case affidavits have been filed by a large number of workmen stating that the Union does not represent them and they are not interested in the industrial dispute pursued by the Union. The Union derives support from a few workmen who have happened to be dismissed employees. Therefore, in the peculiar facts and circumstances of the case the plea taken by the learned lawyer for the Union loses its force. In my opinion, in the present case, as the majority of the workmen of the Company has raised a plea of denial of existence of the dispute between the Company and the workmen, it is reasonable to pass a 'no dispute' award.

Hence, I hereby pass a 'no dispute' award and dispose of this case.

This is my award.

By the Government of West Bengal, Labour Department, order No. 1447-I.R./IR/9L-4/67, dated the 11th April 1967, an industrial dispute existing between Samabeong Tea Estate, P. O. Lava, via Kalimpong, district Darjeeling of Messrs Kolbong Co. Ltd., P-11 New Howrah Bridge Approach Road, Calcutta-1 and Messrs. Padma Ltd., P-4 New Howrah Bridge Approach Road, Calcutta-1, on the one hand and their workmen represented by Darjeeling District Chia Kaman Mazdoor Union, district Darjeeling, on the other, was referred under section 10 of the Industrial Disputes Act, 1947, for adjudication in respect of the following issue :

Issue

Bonuses for the years 1959, 1960, 1961, 1962, 1963 and 1964.

Usual notices were served on the Union as well as the Company from this Tribunal, after receipt of the order of reference.

The Union appeared and filed its written statement on 6th July 1967. The Company also appeared and filed their written statement on 21st October 1967. After several stages the order of reference was fixed on 18th September 1968 for hearing. That day, i.e., on 18th September 1968 neither party appeared and I accordingly adjourned the case till 23rd November 1968 for hearing. In the meantime, registered notices were issued to both the Company as well as the Union asking them to be present before this Tribunal on 23rd November 1968, the date fixed for hearing of this case. Such registered notices were actually served on the Union on 3rd October 1968 and also on the Tea Estate on the same date. Registered acknowledgements were returned back to this Tribunal after service of the aforesaid registered notices to the Company as well as the Union. On 23rd November 1968, none appeared for the Union even though notice was actually served. The Company appeared on 23rd November 1968 and filed a petition for time. This prayer was allowed and the case was adjourned till 25th January 1969 for hearing. Today (25th January 1969) also, none appeared for the Union and the Company is represented by Shri J. N. Sen, Advocate. According to Shri J. N. Sen, Advocate, no dispute is at present pending with the employees of the Tea Estate. As the Union is not taking any interest in the matter of proceeding with this order of reference, I hold that at present no dispute exists between the Tea Estate and the Union. Accordingly, I pass a "no dispute" award in this case.

This is my award.

AWARD

Government of West Bengal, Labour Department, by its order No. 8033-I.R./IR/11L-485/68, dated 11th November 1968, referred under section 10 of the Industrial Disputes Act, 1947, an industrial dispute between Messrs. Ramlal Ghosh & Grand Sons, 110 Arabinda Sarani, Calcutta-6, and their workman represented by Shop Assistants' Association of Bengal, B-73 College Street Market, Calcutta-12, to the First Industrial Tribunal constituted under notification No. 808-I.R./IR/3A-2/57, dated 11th March 1957, for adjudication, relating to the following issue:

Issue

Whether refusal of employment to Shri Pijush Kanti Koley from 12th Chaitra 1374 B. S. is justified? To what relief, if any, is he entitled?

After receipt of the reference by this Tribunal notices were issued to both the parties directing them to appear on 30th November 1968. On 30th November 1968 the Company filed a letter of authority authorising Shri C. L. Ganguly, Advocate, to represent their case but the Union was absent inspite of receipt of notice. Direction was given to the Union for filing written statement by 18th December 1968 but on that day also the Union took no steps and was absent. Another chance was given to the Union to file a written statement by 30th December 1968 but on that date also neither party appeared. As a last chance 17th January 1969 was fixed for taking steps for filing of written statement by the Union, but nothing was done on that day also and neither party appeared. Rule 22 of the West Bengal Dispute Rules, 1958, says that if without sufficient cause being shown both the parties fail to appear before a Tribunal, the

Tribunal may submit an award to the State Government on the footing that the industrial dispute under reference is no longer in existence.

Considering the circumstances discussed above, I therefore presume that the industrial dispute under reference is no longer in existence between the parties. Hence,

ORDERED

I pass a 'no dispute' award in this case. This is my award.

BEFORE THE FIFTH INDUSTRIAL TRIBUNAL, WEST BENGAL

Present :
Shri T. K. MUTSUDDI, Judge,
Fifth Industrial Tribunal.

Present for the Company : Shri Dilip Das Gupta, Advocate.

Present for the Union : Shri Bisweswar Ganguli, President of the Union.

By the Government of West Bengal, Labour Department, order No. 3712-I.R./IR/10L-266/67, dated the 4th August 1967, this industrial dispute between Messrs. Industryside Private Limited, and their contractor, Messrs. United Steel Company, Calcutta, on the one hand, and their workmen represented by Industryside Workers' Union, on the other, was referred this Tribunal under section 10 of the Industrial Disputes Act, for adjudication on the issues mentioned below.

Issues

1. Who are the employers of the workmen named in the attached list? Are these workmen entitled to the benefits of the omnibus award relating to Engineering Establishments published in the "Calcutta Gazette, Extraordinary", of January 30, 1967?
2. Whether the workmen named in the attached list are employed through contractors? If the workmen are employed through contractors, are the principal employers justified in employing them through contractors? What relief, including abolition of contract labour system and making these workmen direct employees of the principal employers, are the workmen entitled to?
3. Whether the termination of service of Shri Bishnupada Das is justified? What relief, if any, is he entitled to?

(The list of workmen referred to in issues Nos. 1 and 2 are given in Annexure 'A' to this award).

On receipt of the notice from the Tribunal, the Company and the Union made appearance and filed their respective written statement.

Issue No. 3.

At the time of hearing the Tribunal was told that the issue No. 3 had been amicably settled between the parties, and that the concerned workman in this issue, namely, Bishnupada Das was reinstated to his former job by the Company. In these circumstances the Union did not press this issue.

Issues Nos. 1 and 2.

According to the Union the 22 workmen named in the order of reference are workers directly under the Company, whereas the Company's case is that these persons are not their employees at all. It is submitted on behalf of the Company that as these persons are not employees of the Company, the reference regarding these two issues is not maintainable.

The moot point for determination is whether these 22 persons named in the order of reference are employees of the Company. Out of the 22 persons two have been examined by the Union in this case. P.W. 1 Milan Das and P.W. 2 Haripada Dutta want to say that they were direct employees under the Company. But their evidence is far from convincing. W.P. 1 Milan Das says that he has got papers to show that he was a worker of the Company. Strange enough that he has not produced those papers in this case. Had there been such papers in existence, surely he would have produced

those papers. P.W. 2 Haripada Dutta says that Ext. 1 would show that he worked under Messrs. Industryside Private Limited. Ext. 1 is E.S.I. card. It does not show that Messrs. Industryside Private Limited were employers of this witness. P. W. I Milan Das says that the management used to say that they were not employees of the Company. So it appears that the Company has not taken a new stand now. O.P.W. 1 Bholanath Sharma works in the Accounts Department of the Company. His evidence is that the workers name in the order of reference are not employees of the Company; that the workers of the Company used to take payment of wages by putting their signature in the register. P.Ws. 1 and 2, namely, Milan and Haripada, also admit that they used to take their wages by putting their signature in the register. The Company has produced the wage registers to show the names of their employees. Exts. A and A(1) are those wage registers. These wage registers do not show that any of the persons named in the order of reference received payment from the Company by signing these registers. The genuineness of Exts. A and A(1) has not been challenged by the Union. O.P.W. 1 Bholanath Sharma has produced these two registers. It was not suggested by the Union that the Company maintains any other register. In these circumstances it must be taken that the persons named in the order of reference were not employees of the Company. Section 2(k) of the Industrial Disputes Act says that an industrial dispute means any dispute or difference between employers and employers, or between employers and workmen, or between workmen and workmen, which is connected with the employment or non-employment or the terms of employment or with the conditions of labour, of any person. Here I find that the persons named in the order of reference are not employees of the Company. There is no relationship of employer and employees between Messrs. Industryside Private Limited and the persons named in the order of reference. Consequently, it must be held that there is no industrial dispute between the parties and, as such, it is to be held that the order of reference relating to the issues Nos. 1 and 2 is not at all maintainable. In this connection it may be observed that the Company has proved that at the relevant time the United Steel Company was their contractor. Exts. B and C prove this. It may be said that the Company has not been able to prove that the persons named in the order of reference were employees of the United Steel Company. But that does not matter at all.

The issue No. 3 has not been pressed before the Tribunal by the Union. So that issue need not be considered.

The reference is, therefore, rejected.

On receipt of the reference this Tribunal issued notice to both parties and they appeared on 26th July 1968. The Company had previously filed a petition before the Fifth Industrial Tribunal for the hearing on some preliminary objections and this petition was taken up and heard by me on 4th September 1968. By order No. 23, dated 12th September 1968, I found the preliminary points in favour of the Union and against the Company and

held that the reference was maintainable. Thereafter the date for final hearing was fixed as 8th November 1968 on 7th October 1968. On that date the Union was present but the Company absented and took no steps. The case was, therefore, adjourned to 7th January 1969 for hearing and the Company was directed to be present on that date. But on 7th January 1969 also the Company was absent though the Union was present with evidence. Accordingly the case was heard ex-parte on that date. The Union examined three witnesses and produced some documents which were marked exhibits.

The case of the Union, inter alia, is that the Company Messrs. G. N. Makhanwalla employed about 400 workmen for the Blast Furnace construction work and other allied purposes at Durgapur Steel Plant of the Hindusthan Steel Ltd. The Company was notorious for its anti-labour and oppressive measure and several strikes took place on various legitimate grievances. The Company also had no regard for the laws of the land and the provisions of the Factories Act in particular were all along deliberately violated. Then after an agreement, dated 6th December 1965, the workmen took a stand that they would not be party to any illegal activities of the Company and advised the Company to take permission of the Factories Inspectorate for overtime work and for exemption from the provisions of the Factories Act, so far as they related to the overtime work itself. But the Company did nothing in this direction and the workmen, with a view to see that the Company proceeds legally in this regard, wrote to the Company by letters, dated 20th January 1966 and 29th January 1966, in a very mild form that they were unable to do overtive work, implying thereby that they were not able to do overime work so long as the Company did not proceed according to law. Thereafter the workmen were vindictively charge-sheeted and dismissed on false and malicious plea, after a perfunctory enquiry, clearly in violation of the principles of natural justice and on a finding which was perverse, misconceived and basically erroneous. Hence the workmen raised this dispute through their Union.

The Company in its written statement filed on 4th July 1967 raised some legal objections and also pleaded that the workmen were charge-sheeted as they refused to do overtime work and accordingly they were dismissed. I have already shown that the legal objection was decided by me in favour of the Union by order No. 23, dated 12th September 1968.

Three of the ex-employees have deposed before this Tribunal. It appears from evidence that the workmen submitted a charter of demands to the management on 13th October 1965 and the main allegation there was that they were not being paid overtime wages according to the provisions of Factories Act. A settlement was arrived at on 6th December 1965 before the Deputy Labour Commissioner and the question of overtime payment was included in that settlement. The Company itself has made this memorandum of tripartite settlement annexure "D" to its written statement filed in this case. The terms of the settlement, inter alia, provide that the Company agrees that overtime payment would be calculated at 1 and 3/4ths of the normal rate of wages for work beyond normal working hours from the date of this settlement ; and that the Union agrees that overtime work as may be required by the management for exigencies of work, etc., will be worked by the workmen. It is alleged by the witnesses that even after this settlement the Company did not comply with the rules of the Factories Act in getting overtime work from the workmen and in making their payment for this overtime work.

We get from P.W. 1 Shri R. D. Banerjee, who was working as Welder in this Company and getting Rs. 12.50 P. as daily wages, that the working hours in this Company were from 7 a.m. to 12 noon and then 2 p.m. to 5 p.m. He alleges that during the recess period the Company would make the workmen work even after continuous work for first 5 hours of the day. This clearly violates sub-section (1) of section 55 of the Factories Act which enjoins that the period of work of adult workers in a factory each day shall be so fixed that no period shall exceed five hours and that no worker shall work for more than five hours before he has had an interval for rest of at least half an hour. Of course under sub-section (2) of this section the State Government may, by written order, exempt any factory from the provisions of sub-section (1) so however that the total number of hours worked by a worker without an interval does not exceed six. But it is the categorical plea of the Union that this Company did not pray for such exemption and no such exemption was allowed. It has been specifically stated in paragraph 7 of the written statement of the Union filed in this case that after the agreement, dated 6th December 1965, the workmen took a stand that they would not be a party to any illegal activities of the Company and advised the Company to take permission of the Factories Inspector for overtime work and for exemption from the provisions of the Factories Act (vide letter Ext. 3 in this connection). The charge-sheet issued to Shri R. D. Banerjee is Ext. 1, dated 4th February 1966. It has been alleged there that on 4th February 1966 at about 11.45 a.m. and subsequent working days Shri R. D. Banerjee refusd to stay for overtime work, although he was asked to do so by the Welder Supervisor. I have already pointed out that the hours of work in the factory were at the relevant time from 7 a.m. to 12 noon and then 2 p.m. to 5 p.m. as asserted by P. W. 1 Shri Banerjee. Shri R. D. Banerjee, however, says that on 4th February 1966 he had worked normally for eight hours as usual he has produced his time-card Ext. 2 in support of this statement. The direction given by the Welder Supervisor for overtime work to be done by this employee at 11-45 a.m. on 4th February 1966 was, therefore, clearly illegal as Shri Banerjee was entitled to at least half an hour rest after continuous work for about five hours from 6 a.m. to 11-45 a.m. on that date under provisions of sub-section (1) of section 55 of the Factories Act. So this order of the Supervisor cannot be said to be "Lawful" and it cannot be said that Shri R. D. Banerjee was guilty of disobeying a lawful order of the superior.

P.W. 2 Shri Tulsi Das Chowdhury is another dismissed employee and he has proved the charge-sheet Ext. 4, dated 19th February 1966. The Union has also produced another charge-sheet, dated 19th February 1966 Ext. 5 issued to Shri Arjun Mondal. In both these charge-sheets the first charge is :—"Disobeying a lawful and reasonable order of the superior" as appearing in the charge-sheet issued to P.W. 1 Shri R. D. Banerjee. The next charge in all these charge-sheets is:—"Causing dislocation of work". Besides, Shri R. D. Banerjee was further charged for "Slow-down of work" and Shri Tulsi Das Chowdhury and Shri Arjun Mondal were charged for "Participating in an illegal strike". P.W. 1 Shri R. D. Banerjee denies that he slowed-down work as alleged. All the witnesses, however, aver that they refused to do overtime work in violation of the provisions of the Factories Act. The manager of the factory has to deliver a notice at the office of the Factories Inspectorate and also display a notice in the factory under clause (b) of sub-section (1) of section 52 of the Factories Act and also he has to display a notice under sub-section (1) of section 61 of the Factories Act showing clearly for everyday the periods during which the workers may be required to work. It has been alleged by Shri R. C. Bhadra (P.W. 3) another dismissed worker that no such notices were displayed by the management in this factory. The workmen were, therefore, justified to refuse to do overtime work unless the Company would follow all the rules of the Factories Act properly. It cannot be said, therefore, that the workmen resorted to any illegal strike or caused dislocation of work.

It has been further alleged in the pleading and evidence that the Company failed to observe the principles of natural justice in holding enquiry into the charge-sheet against different workmen. P.W. 1 Shri R. D. Banerjee says that he was not allowed to produce witness in the enquiry and he was not given opportunity to defend himself. P.W. 2 Shri Tulsi Das Chowdhury asserts that no enquiry was at all held on the charge-sheet issued to him. It is the evidence of P.W. 3 Shri R. C. Bhadra that he was called to enquiry and he went there but no enquiry was held.

Shri Nitish Sett, learned representative for the Union, has pointed out that in paragraphs 16 and 18 of the written statement filed by the Company in this case it has been specifically said by the Company that Shri R. D. Banerjee and six other workmen named in parargraph 18 were found guilty of the charges levelled against them. But strangely enough in paragraph 19 of the same written statement where the Company has made out the case in respect of remaining 27 dismissed workmen of the list annexed to the order of reference, there is not a whisper that these 27 workmen were actually found guilty of the charges levelled against them. The reasonable inference will be that the majority of these workmen were not found guilty and they were wrongfully dismissed.

It may also be mentioned that refusal to do overtime work by the charge-sheeted workmen when the Company was deliberately violating the provisions of the Factories Act in this respect and consequent dislocation of work, if any, cannot be tantamount to an offence or misdemeanour on the part of those workmen and accordingly the finding of the Enquiry Officer holding them guilty would be basically erroneous.

Considering all these facts and circumstances and the evidence adduced before this Tribunal, I find that the dismissal of 34 workmen named in the list attached to the order of reference is unjustified. It has been submitted by Shri Nitish Sett that the work of the Company at Durgapur Steel Plant has already been completed and so there is no question of reinstatement of these workmen now. The workmen pray for arrear wages and other benefits. The Company is, therefore, directed to pay all these workmen wages for the period of their forced unemployment since their dismissal till the date when the work of the Company, for which these persons were employed, was closed ; and also their arrear wages, leave wages and bonus, if any, within one month from the date of publication of this award in the official gazette.

AWARD

On the Issue—"Is the discharge of Shri Sachindra Kamal Bhattacharyya justified? What relief, if any, is he entitled to?" there having existed an industrial dispute between the Commissioners of Raiganj Municipality, P. O. Raiganj, West Dinajpur (hereinafter called the Municipality) and their workman Shri Sachindra Kamal Bhattacharjee, Purbapalli, P. O. Sodepur, 24-Parganas (hereinafter also called the Workman), the Governor in exercise of the powers conferred by section 10, read with section 2A of the Industrial Disputes Act, 1947, was pleased to refer the said dispute to this Tribunal for adjudication. The order of the Governor was duly conveyed by the Assistant Secretary, Labour Department of the Government of West Bengal, under Memo. No. 2544-I.R./IR/14L-15/67, dated Calcutta, the 14th June 1967.

The case of the workman may briefly be stated as follows:—

The Raiganj Municipality is administered under the Bengal Municipal Act, 1932, and it is an Industry within the meaning of section 2(j) of the Industrial Disputes Act, 1947. The Municipality employs about 125 workmen including clerks, subordinate and menial staff. The Municipality does not grant trade union rights to its employees and it does not follow the laws of the land in connection with labour matters. It indulges in unfair labour practices and victimisation.

Shri Sachindra Kamal Bhattacharjee, the workman, was appointed as a Law Clerk-cum-General Assistant by the Municipality on 15th February 1962. Prior to that he was an Assistant Teacher in various High English Schools in Eastern Pakistan and also in West Bengal. The workman was a political sufferer and had faced repression under the British Rule in United India and thereafter under the Muslim League within Pakistan. The Municipality promoted him to the post of Senior Assistant of the Tax Department by its order No. 47, dated 3rd October 1963. His services were appreciated by all concerned and on 26th March 1964, Shri J. Dey, Administrator, issued him a character certificate eulogising his sincerity, honesty and integrity in the discharge of his duties. Similarly on 29th October 1964 and 30th March 1966 the Chairman of the Municipality issued him similar certificates. On account of his honesty and sincerity he was assigned the job of Tax Daroga on 9th August 1965. But inspite of honest and sincere services rendered by him to the Municipality, some municipal staff as well as the Vice-Chairman of the Municipality conspired against him and tried to humiliate him by all sorts of unfair practices because their personal interest and wrongful gains had been hampered due to his constant interferance against corrupt practices of the municipal administration. As he was efficient in the discharge of his duties and was against corruption and malpractice in the administration of the Municipality, the Vice-Chairman of the Municipality could not take him in good grace. He lodged several complaints to the Municipality against corrupt practices, illegal and unauthorised acts of the Municipality but failed to receive due justice from the authorities concerned and all his genuine complaints went unheeded and the municipal authority attempted to induce the staff subordinate to him to disobey his orders and the staff were also not satisfied with him because he forced them to do their duties instead of utilising the official time otherwise.

On 12th March 1966 he wrote a letter to the Chairman of the Municipality seeking his instruction in respect of completing the arrear of work left incomplete by the office assistants because of impending visit by the Audit Department. On 23rd March 1966, in the capacity of Tax Daroga, he also submitted a petition to the Vice-Chairman of the Municipality suggesting some procedure for proper collection and maintenance of records. He also submitted a complaint against the activities of the Collecting Sarkers with a view to maintain office discipline. As a result, on 28th March 1966, seven employees of the Municipality submitted representation to the Chairman of the Municipality against him making certain allegations and praying for intervention in the matter.

The Chairman, though found the allegations vague and not specific, asked him, however, to submit an explanation. On 7th April 1966 he submitted an explanation to the allegations in detail and he prayed for necessary action. But no satisfactory action was taken by the Municipality even though false allegations had been made against him. This inaction of the Municipality made him disgusted and he tendered his resignation on 11th April 1966 in writing. In that letter he casually mentioned certain malpractices of the administration and also the apathetic attitude of the Vice-Chairman towards him. Thereafter, the Chairman of the Municipality informed him by a letter, dated 12th April 1966, to show cause why he should not be dismissed for making vague and false allegations against the authorities and specially against the Vice-Chairman. He was also suspended from his duties with effect from 16th April 1966 and was directed to hand over all charges to Shri Hari Charan Chakraborty, one of the Collecting Sarkers. He was informed that his resignation could not be accepted.

He submitted his reply to the Municipality on 18th April 1966 and pleaded not guilty. In the explanation he categorically stated that the allegations brought by him against the Municipal authority was true and the truth of his assertion in case of an impartial enquiry into it by high officials would be proved. The Municipality did not hold any enquiry and without giving him any scope for his defence in gross violation of the principles of natural justice dismissed him from services with retrospective effect from 30th April 1966. The letter, dated 21st May 1966, sent by the Municipality, conveyed the order of dismissal. The Municipality did not pay his earned wages and wages for the period of suspension inspite of his representation.

Being aggrieved by and dissatisfied with the action of the Municipality, on 11th July 1966 he submitted a representation to the Assistant Labour Commissioner, Jalpaiguri, praying for his intervention. As a result, conciliation proceedings were held by the Labour Officer, Darjeeling, but the dispute could not be settled due to the unreasonable attitude of the Municipal authority. Thereafter, the Government referred the matter to the Industrial Tribunal for adjudication.

He submitted that he was dismissed without holding any enquiry and the allegations made against him were vague and not specified. He maintained that he was not allowed to defend his case in accordance with the principles of natural justice, and he could not examine his witnesses. He was dismissed with retrospective effect which was illegal and mala fide and further his dismissal was in gross violation of section 66(2)(III) of the Bengal Municipal Act. His dismissal, he submitted, was a case of victimisation on account of the long standing grudge and malice against him entertained by the Vice-Chairman and his group because he always stood against the personal gain and corrupt practices of the Municipality. He was the General Secretary of the Raiganj Municipality Employees' Union which was formed in 1965 and he was moving for the genuine grievances of the employees of the Municipality.

He prayed that the Tribunal should hold the action of the Municipality illegal, unjustified and malicious and pass an award directing the Municipal authority to reinstate him in his service with all back wages.

In reply, the Municipality filed a written statement. The Municipality denied various assertions made by the workman on the ground that these assertions were not known to the Municipality. For example, the Municipality maintained that it did not know that the workman had been a school teacher in West Bengal and East Pakistan. The Municipality also denied various allegations made by the workman regarding the attitude of the Municipality towards the trade union rights of its employees.

The Municipality admitted that the workman was appointed as Law Clerk-cum-General Assistant by the Municipality on and from 15th February 1962. The Municipality denied that the workman had a good, clean, meritorious and spotless record during his tenure of service under the Municipality. The Municipality maintained that he was not promoted as Senior Assistant to the Tax Department, but he was only transferred there. The Municipality averred that the workman was charge-sheeted by the Administrator by his order No. 190, dated 18th January 1963, for gross insubordination, impertinent behaviour towards the head clerk of the Municipality whom he insulted shabily. His explanation was called for and the workman begged for pardon and the Municipality excused him with warning. The workman also wrote a letter, dated 7th October 1963, to the Administrator showing his unwillingness to serve under the then Tax Daroga because of his superiority in academic qualification. The workman aspired for the post of head clerk on the ground that he was a graduate of the Calcutta University. This started a long drawn tussle between the head clerk, Tax Daroga and Shri Bhattacharyya. Then on 27th March 1965, the head clerk of the Municipality complained against the workman for his indecent manner and objectionable attitude. The Municipality had to consider all these matters. The Municipality passed a resolution dated 3rd April 1965 censuring Shri Bhattacharyya for his indiscipline and indecency. On 17th April 1965 the workman was again censured for his objectionable conduct in making false accusations against the Chairman of the Municipality. The workman had the habit of quarrelling with the members of the staff and his quarrel naturally did not spare the Administrator of the Municipality or its Chairman or Vice-Chairman. The service of the workman in the Municipality was a series of incidents of in subordination, disobedience and acts pertaining to subversive of discipline. Shri Bhattacharyya found fault with everybody in the Municipality and neglected the work of his own because of his

fault finding habit. Dr. P. K. Mukherjee, Chairman of the Municipality, called for his explanation by Memo. No. 402, dated 6th December 1965, for gross misconduct, and insult shown to the Chairman in his Chamber. Shri Bhattacharyya wrote a letter to the District Magistrate, dated 6th December 1965, making certain false accusations against the Chairman and others in the Municipality and he also submitted an explanation. The whole matter was placed before the Commissioners at a meeting and the Board of Commissioners passed a resolution, dated 15th December 1965, against Shri Bhattacharjee and two years' increment was stopped as he was found guilty of the charges levelled against him. He was warned then that serious steps would be taken against him for future misconduct.

Shri Bhattacharyya absented himself from 5th May 1964 to 22nd June 1964 without any permission from the Municipality before going on leave. His leave application was refused by the Vice-Chairman. So he bore a serious grudge against him. Shri Bhattacharyya was then asked to give his explanation and he used offensive language and made certain objectionable remarks against the Vice-Chairman. Shri Bhattacharjee then submitted a written apology on 7th August 1964 to the Vice-Chairman and regretted his conduct. In short, the Municipality submitted that Shri Bhattacharyya was not happy and content with anybody in the office and he was always grumbling and finding faults with others and also with the authority. Due to the inefficiency of Shri Bhattacharjee, certain remarks were made in the Inspection Report by the P.A. to the Commissioner, Jalpaiguri Division.

On 11th April 1966 Shri Bhattacharyya submitted his resignation in writing. The resignation was not only a letter of resignation but it accused the authority of the Municipality of corruption, defalcation, dishonesty, etc. The letter itself tantamounted to subversive of discipline. The letter was insulting, impertinent and highly objectionable to the Municipality. This letter, dated 12th April 1966, to Shri Bhattacharjee shows that the Chairman called for his explanation and he was suspended from 16th April 1966. The contents of the letter of resignation, dated 11th April 1966, constituted a major misconduct and warranted his immediate dismissal. The dismissal of Shri Bhattacharyya was justified, valid and bona fide on the basis of the resignation letter written by him. Shri Bhattacharyya submitted an explanation on 18th April 1966 to the Board of Commissioners and the Board of Commissioners found his explanation baseless, untrue, mischievious and unanimously resolved to dismiss him from service of the Municipality with effect from 30th April 1966. Shri Bhattacharyya was advised by Memo. No. 79, dated 21st May 1966, to receive his pay for the month of April 1966.

The Municipality denied that the dismissal of Shri Bhattacharyya was by way of victimisation for long standing grudge and malice of the Vice-Chairman and his group. The Municipality submitted that Shri Bhattacharyya was suffering from frustration inasmuch as he thought himself to be the only man honest in the Municipality and the rest, according to him, were all dishonest and less qualified than him.

The Municipality submitted that the Tribunal should be pleased to hold the dismissal of Shri Bhattacharyya justified, legal, bona fide and should not grant any relief to the workman as he was not entitled to any.

In support of their respective cases, the parties adduced oral as well as documentary evidence. 3 witnesses were examined on behalf of the workman including himself. On behalf of the Municipality, 7 witnesses were examined including the Vice-Chairman who has figured very prominently in the case made out by the workman in his written statement. The list of exhibits filed on behalf of the workman runs to 31. The documents marked exhibits on behalf of the Municipality are from Exts. A to Ext. Y. I think it would not be out of place here to mention that most of the evidence, oral or documentary, have been adduced with the object of showing how bad the other side was. The evidence supplies good view of the background and the setting in the Municipality, but does not appear so much relevant for the purpose of this case. However, I shall consider the relevant portion of the evidence in the course of my discussion hereinafter. The main point for decision in this case is whether the discharge of Shri Bhattacharyya by the Municipality is justified or not. The proximate cause of discharge of Shri Bhattacharyya is the letter of resignation written by him to the Municipality. Therefore, this Tribunal has to see whether the discharge of Shri Bhattacharyya was justified on a consideration of that letter or not. If Shri Bhattacharyya was within his rights to write a resignation letter of that type, his discharge must be held to be unjustified. On the other hand, if the Tribunal comes to the conclusion that the worker exceeded his right in writing a letter of that type even as a resignation letter, his discharge must be held to be justified. The question whether a domestic enquiry was necessary or not will naturally be relevant, but in this case it is admitted by the parties that no formal domestic enquiry was held by the Municipality. The Board of Commissioners considered the resignation letter and also the explanation given by the delinquent workman and passed a resolution discharging him of the services of the Municipality. In the circumstances, it is now well settled that the Tribunal would have to look into the evidences supplied by the parties at the time of hearing of their case before the Tribunal. Because there was no domestic enquiry, it does not mean that the workman is ipso facto entitled to reinstatement. This point is conceded by the learned lawyer for the workman. Bearing this salient point in mind, I shall now proceed to examine the merit of each party's case.

I shall first proceed to notice the arguments advanced by the rival parties to the dispute. The learned lawyer for the Company submits that at the root of this case lies the letter of resignation written by the workman to the Municipality. This letter of

resignation which has been marked Ext. 26 in this case made serious allegations against the Municipal authorities and constituted in itself an act of high insubordination. This letter runs thus:—

"To

The Chairman, Raiganj Municipality,

Dated, Raiganj the 11th April 1966.

Sub:—Resignation of Shri S. K. Bhattacharjee, Tax-Daroga.

Sir,

With humble submission I beg to state that as injustice in one hand and pre-contemplated favouratism on the other is prevailing amongst the authority, as supporting corruption or indulging defalcation is going on in one hand, punishing honest officers on a baseless ground on the other and as the Vice-Chairman who bears a great apathy from his appointment, perhaps thinking me a great barrier to his personal interest and at present, at the time of revisional assessment thinking my presence, as Tax-Daroga, will hamper his personal interest to a great extent, induces or indulges corrupt practices or unmannerly subordinates of mine to go against me and to create a chaotic condition in the department so that I might either to make concordant with corruption or to resign from my post of Tax-Daroga. I a freedom fighter with moral feelings and national sentiment accept the second and humbly resign from my post of Tax-Daroga.

Please accept this as my resignation letter in due course and oblige.

Yours faithfully,

Shachindra Kamal Bhattacharjee,
Tax Daroga.
11-4-66."

The learned lawyer submits that by this letter the workman alleged injustice, pre-contemplated favouratism, corruption. defalcation, punishing of honest officers on baseless grounds, showing an apathy by the Vice-Chairman against honest officers whom he considered barrier to his personal interest and encouraging of insubordination by staff serving under the workman. The learned lawyer submits that when this letter of resignation reached the Municipality, the Municipality called for an explanation from the workman and suspended him. Thereafter, in the letter of explanation which is Ext. 28, the workman proceeded to cite instances which in his opinion justified his allegations against the Municipality. The learned lawyer submits that in the circumstances, the act of high insubordination committed by the workman got further aggravated and the Municipality passed a resolution discharging the workman from its services. The learned lawyer submits that on the basis of this incident, the present case has to be decided. Other facts introduced in this case served merely the purpose of showing that both the sides were not happy with each other. The learned lawyer further submits that no enquiry in this case was held because in the peculiar facts and circumstances of the case an enquiry was not necessary, as the Company had nothing to enquire because the resignation letter itself patently proved the fact of insubordination of the workman.

Further, the learned lawyer submitted that on examination of the evidence, the Tribunal would find that the conduct of the workman was not as good as he depicted it to be. In this connection, he drew the attention of this Tribunal to Ext. B, a letter, dated 7th October 1963, written by the workman to the Administrator stating therein that it was humiliating to his prestige to serve under the Tax Daroga whose academic qualification was under-Matriculate whereas the academic qualification of the workman was that of a graduate of the University of Calcutta. The learned lawyer submitted that without there being any vacancy for the post of head clerk in the Municipality, the workman submitted an application (Ext. B) asking the then Administrator of the Municipality to appoint him in the post of head clerk which he considered to be his legitimate claim. The learned lawyer submitted that this letter naturally caused an uproar in the office of the Municipality and the feeling between the head clerk and the Tax Daroga on the one hand and the workman on the other got strained. This strained feeling caused headaches to those who had to run the administration of the Municipality. Thereafter, the learned lawyer referred me to Exts. C, D and D-1 to show that on another occasion the workman was excused with warning. The learned lawyer also referred me to Exts. I and J to show that there was an occasion when the head clerk had to complain against this workman. The learned lawyer also referred me to Ext. K by which the workman was asked to show cause for his gross misconduct. On receiving Ext. K, the workman wrote a letter to the District Magistrate (Ext. M). Thereafter, he wrote Ext. L in reply to the show cause notice. After that, a resolution was passed by the Municipality on 15th December 1965 by which the increment of the workman was stopped for two years. My attention is also drawn to Ext. Q by which the workman offered apology. The learned lawyer also drew the attention of this Tribunal to Ext. O which is a complaint made by the staff against the workman. The evidence of O.P.Ws. 5 and 7 along with Exts. K and L, M and N and P and Q are also placed before the Tribunal to show that the workman was not a saintly employee of the Municipality. The learned lawyer further submitted that on account of the inefficiency of the workman certain remarks were made in the Inspection Reports by the P. A. to Commissioner, Jalpaiguri Division. In this connextion, he drew the attention of this Tribunal to certain portion of Exts. 1 and 2. He also referred me to Exts. 3 and 7 to support his accusation of the workman. On the other hand, the learned lawyer for the workman strived hard to show that the faults lay not with the workman but with the Municipality which did not have a good record of administration. The learned lawyer pointed out to me that for years the Municipality had to be run by an Administrator instead of elected members. With a view to show how good and efficient the

workman was, the learned lawyer submitted that twice the workman had received promotion. When I pointed out to the learned lawyer that the word 'promotion' was not mentioned when the workman was made the senior assistant (vide Ext. A), the learned lawyer submitted that that it was a case of promotion would be clear from the certificate issued to the workman by the Administrator. This certificate is dated 26th March 1964 and has been marked Ext. 9. In this certificate it has been written, "He was first appointed as Law Clerk cum General Assistant, i.e., assistant to Head Clerk and Accountant and then he has been promoted to the post of senior Assistant of the Tax Department, i.e., Officer-in-charge of the Tax Department." After that, the learned lawyer for the workman referred me to other parts of Ext. 9 to show that according to the certificate issued by the then Administrator of the Municipality the workman was honest, sincere, duty-bound and methodical. After that, he drew the attention of this Tribunal to Ext. 10, dated 29th October 1964, which is a certificate issued by Shri R. M. Sikdar, Advocate, Chairman of the Municipality. In this certificate the workman has been described as sincere, honest, duty-bound and a figure popular with the employees and as also General Secretary of the Employees' Union. The third certificate which I have been asked to notice by the learned lawyer for the workman is Ext. 11, dated 30th March 1966. This certificate is issued by probably the same R. M. Sikdar, Advocate, Chairman of the Municipality, but here the letter-head reads as 'Ramani Mohan Sikdar, Advocate, Chairman' though the phone number given is the same as in Ext. 10. This certificate states that the workman was promoted in view of sincerity and earnestness of work to the post of Tax Daroga. This certificate eulogises the workman as strictly honest, upright and trustworthy. The learned lawyer for the workman submits that a man who receives such certificates cannot be considered inefficient or quarrelsome. The learned lawyer refers to Exts. 17, 18, 19 and 22 and such others to show that whatever the workman did in writing was with a view to enhance efficiency in the Municipality and remove inefficiency, corruption and idleness. In order to show that the Municipality was riddled with workmen of doubtful interest, the learned lawyer draws the attention of this Tribunal to the evidence of O.P.W. 1 who had been admittedly suspended once by the Municipality on a charge of defalcation. It appears that O.P.W. 3 had been twice suspended on a similar charge. Referring to the evidence of O.P.W. 7 the learned lawyer submits that there was a case pending in court against another municipal staff by the name of Ashu Banerjee. The learned lawyer submits that the Tribunal would have to scrutinise all the evidences adduced by the workman to justify the charges made by him against the Municipality in his letter of resignation. The learned lawyer referred me to various portions of Exts. 1, 3, 4, 5, 6 and 7. He drew my pointed attention Ext. 1 paras. 10 and 11, to Ext. 3 paras. 13 and 17, to Ext. 4 page 9, to Ext. 5 pages 21, 27, 29, 30, 31, 33 and 34, to Ext. 6 pages 10-12, 21, 22, 26 and 31, to Ext. 7 pages 5, 8-13, 17 and 23. The learned lawyer submitted that all these showed the irregularities committed by the Municipality in the matter of administration. The learned lawyer submitted that the accounts of the Municipality showed discrepancy and heavy establishment charge on top of other irregularities. The learned lawyer submitted that in the circumstances, the allegations made by the workman in his letter of resignation were justified.

Then the learned lawyer proceeded to contend that it was the bounden duty of the Municipality to hold an enquiry to find out whether the allegations made by the workman were true or not. Without holding an enquiry, the Municipality discharged the workman and this discharge in the background of the case amounted to dismissal. Hence, the order passed by the Municipality was illegal and should be set aside.

Before proceeding further, I would like to state here that in my opinion it is not the duty of this Tribunal to go into a roving enquiry to find out whether the Municipality was working properly or not. It is not the duty of this Tribunal to analyse the actions of the Municipality and to pronounce its opinion whether various decisions made by it were correct or not. The function of this Tribunal is limited to the determination of the issue referred for its decision. It would be wrong for this Tribunal to assume overall jurisdiction and to pronounce whether the Municipality was a corrupt body or not, whether it was an inefficient body or not, whether it was a body which acted in accordance with law or not, etc., etc. At the same time, it is not necessary for this Tribunal to rake the past of this workman and to find out how bad a man he was. Suffice it for me to say here that from the materials placed before me it can easily be assumed that this workman was in good book of Shri R. M. Sikdar, Chairman of the Municipality who issued him two certificates and he was also in good book of the Administrator who issued him one certificate (Ext. 9); otherwise it appears that the workman was not pulling on well with the Municipal Authorities and his colleagues. The letter that he wrote asking the Administrator to make him the head clerk of the Municipality naturally could not have endeared him to the head clerk. When he showed his unwillingness by his letter to the Administrator to serve under the Tax Daroga who was an under-Matriculate and thus academically less qualified than him, the relation between the Tax Daroga and the workman must have suffered a great deterioration. The complaint filed by the staff against the workman shows that he was not popular at least at one point of time. At the same time, it must be noticed that there was no charge of defalcation at any time against this workman. The promotions he got show that he was not inefficient. My impression is or rather my conclusion is that Shri Bhattacharjee tried to act as the conscious keeper of Raiganj Municipality. The fact that he was a political sufferer seems to have gone to his head and made him suffer from superiority complex. The fact that he was a graduate must have added fuel to his egoistic flame and enkindled his dormant ambition to burst into bright light. All these brought unpopularity to him in this Municipality which from papers exhibited before me does not appear to be groaning under an unblemished record. Suffice it for me to say that

the relationship between the workman and the Municipal Authorities were at a very low ebb when he wrote his resignation letter. I agree with the learned lawyer for the Municipality and hold that the letter of resignation is the root cause of the discharge or rather the dismissal of this workman. The Tribunal will have to see whether on the basis of that resignation letter, the Municipality was justified in dismissing this workman or not. I agree with the learned lawyer for the workman that in this case the discharge of the workman was really his dismissal. If the workman is found justified in writing the said resignation letter, the order of dismissal passed by the Municipality must be considered unjustified. In this light, I shall examine the case of the workman vis-a-vis the Municipality.

I have already referred to the contents of the said resignation letter. I have also noted the comments on the language in which the said letter is couched. Supporting the case of the workman, the learned lawyer appearing for him draws my attention to certain passages of a book called 'Employees' Misconduct' written by Professor Alfred Avins of Memphis State University at page 379. The author deals with freedom of speech and discipline and says—

> "The right to freedom of speech is a valuable one in a free society. It is also important to preserve it within the context of the employment relationship. Employees have a legitimate interest in having this right available. The making of camplaints and criticism to their superiors or others who have influence over the employer is a necessary prerequisite to obtaining redress of legitimate grievances, and society benefits in the industrial tranquility which such redress promotes. Criticism of supervisors by those below them who are in the position to observe the work of the supervisors in a way not possible for higher Company or Government officials may also have another valuable function....."

The learned lawyer submits that tne modern view is that an employee can make criticism directed against their superiors, and the employees are not denied the right to freedom of speech. He further points out to a case reported in 1963 (1) LLJ, page 512 and also discussed in Avins' book at page 383. In that case, there was a private dispute between two employees, and one of the employees to the dispute in the course of correspondence with the other used bad and disrespectful language against high officials of the Government. The Government, on complaint, took note of that language used by the public servant against his superiors in the course of his correspondence with the other employee and dismissed him from service. The validity of the said order of removal from service was challenged. The enquiring officer had found that the vulgar and obscene language was not directed towards the Government officials and it was not within the disciplinary jurisdiction of the Government to take note of a vulgar and obscene method of expression employed in a private correspondence between the charge-sheeted workman and other employees. In the circumstances of the case, it was held that the Government was not justified in removing the concerned workman from service. The order passed by the Government was accordingly quashed. The learned lawyer submits that in this case, the workman raised some complaints against the superiors and might have used loose and disrespectful language, but for that he cannot be dismissed from service. Further, the learned lawyer submits that the Municipality should have held an enquiry to find out whether the allegations made by the workman were correct, true or not and if they were found true then only the Municipality should have taken disciplinary action against the workman.

At page 380 of Avins book it is written—

> "The courts have struggled with the delicate problem of balancing the worker's right to speak with the employer's interest in discipline in a variety of factual situations. Since neither interest is always predominant to the exclusion of the other, the question which generally must be answered is, which interest is dominant in a given situation."

Bearing this in mind the present case will have to be examined.

I am not much impressed by the arguments advanced by the learned lawyer for the workman. A man may make a complaint against his immediate superior officer, but he cannot be allowed in the interest of discipline, to make random allegations or any allegation against the employer himself. He cannot also be permitted in his individual capacity to make allegations against his immediate superior in a matter which does not directly concern him, his work or his prospects. To hold otherwise would be disastrous to the maintenance or discipline in offices, factories and industries. A workman cannot be permitted to make allegations against the employer and the employer cannot be asked to hold an enquiry against himself and his own conduct with a view to find out whether the allegations directed against him by the employee are correct and true or not. If such practice is recognised, allowed, countenanced or encouraged, then anyone out of thousands of employees in a big industrial establishment would be able to cause an enquiry to be held into the acts and conducts of the employer at his sweetwill simply by making some vile allegations against him.

However, the learned lawyer for the workman draws my attention to a case reported in 1957(II) LLJ, 409 and submits that true allegations can be made against the employer by a workman. In this case, a workman Sukdeb Roy and another lodged information at the police-station stating that on his representing grievances regarding duty and accommodation, the manager and office master of Agarpara Jute Mills got infuriated and appointed some men to pick quarrel and assault them. In that particular case, it was found that the workmen had acted recklessly in making the complaint. The learned lawyer relies upon the principles ennunciated therein

that workmen have an undisputed legal right to make a complaint to the police against the management if necessary. In my opinion, in substance, that was a case of complaint before the police for protection against alleged criminal and unlawful acts of the manager and office master of the Jute Mills. No doubt, in good faith, when reasonable ground for fear exists, a workman can lodge at the Thana true informations of this nature for his personal protection. But this principle cannot be extended to give protection to a workman in a case where he makes allegations of various kinds against his employers. In my opinion, lodging of bona fide complaints for personal safety at the Thana cannot be treated on the same footing with making vile allegations against the employer himself. In my opinion, the case cited by the learned lawyer does not help the workman in this case at all.

In this case, the workman made serious allegations of general nature against the Municipality—his employer. Therefore, the conduct of the employee must be held to be subversive of discipline. The Municipality asked the workman to show cause and the workman by striving to give details regarding his allegations aggravated his, so to speak, offensive conduct. From the wordings of the resignation letter itself, to my way of thinking, the charge of insubordination and indiscipline is established against this workman and the Municipality was justified in passing the order of dismissal against him. In the facts and circumstances of the case, the domestic enquiry was not imperative.

In the written statement filed by the workman, it is stated that the dismissal of the workman was effected in gross violation of section 66(2) (III) of the Bengal Municipal Act, inasmuch at the Municipal authority had not obtained sanction of the State Government in dismissing him. This point was not canvassed at the time of argument. Therefore, I take it that the point was given up. The learned lawyer for the workman also cited some other cases, but finding them not relevant to the facts and circumstances of this case, I have not discussed those cases.

The workman also alleged that he had been dismissed with retrospective effect. The resolution passed by the Commissioners of the Municipality on 30th April 1966 states—

"আজ ৩০-৪-৬৬ ইং তারিখ হইতে অত্র পৌরসভার কার্য্য (চাকুরী) হইতে তাহাকে বরখাস্ত করা হইল।"

This shows that the dismissal was not with retrospective effect. I think rightly this point was not pressed at the time of hearing. It is true, however, that the information concerning his dismissal was conveyed to the workman a little late. But this does not make the dismissal retrospective.

To conclude, I have found that the discharge, or rather dismissal of Shri Sachindra Kamal Bhattacharjee justified in the facts and circumstances of the case and so he is not entitled to any relief.

This is my award.

AWARDS

By the Government of West Bengal, Labour Department, order No. 4752-I.R./IR/11L-427/66, dated the 9th December 1966, an industrial dispute existing between Messrs. Bhalotia Coal Marketing Company, 8 Netaji Subhas Road, E-2 Gillander House (2nd Floor), Calcutta-1, and its workman, Shri Ahi Bhusan Dutta, 56/1A Peary Mohan Roy Road, Calcutta-27, was referred to under section 10 read with section 2A of the Industrial Disputes Act, 1947, to this Tribunal for adjudication in respect of the following issue.

Issue

Whether the termination of employment of Shri Ahi Bhusan Dutta is justified? What relief, if any, is he entitled to?

Usual notices were served on the Company as well as on the workman from this Tribunal after receipt of the order of reference. The Company as well as the workman appeared and filed their separate written statements. After several adjournments, the case was first taken on 13th January 1969, for hearing. That day, the workman concerned, Shri Ahi Bhusan Dutta, has examined himself as his sole witness. Several documents were produced and proved by the workman and exhibited on his behalf. On the next date of hearing, i.e., on 17th January 1969, one Shri S. S. Bhalotia, a partner of the Company, was examined as the sole witness for the Company. He also produced and proved several documents which are exhibited on behalf of the Company.

Today (21st January 1969) was fixed for hearing arguments. When the case was taken up for hearing arguments, both parties have filed a joint petition of settlement embodying the terms therein and praying for passing an award in terms of the settlement. A copy of a receipt showing payment of Rs. 650 (Rupees six hundred and fifty) only by the Company to the workman has also been filed along with the settlement.

I have heard the partner of the Company, Mr. Bhalotia, and the concerned workman, Shri Ahi Bhusan Dutta, in person. I have also perused the terms of settlement which appear to be fair, reasonable and lawful. Accordingly, I accept the terms of settlement and I pass a compromise award in terms of the same. The joint petition of settlement along with the copy of the receipt do form part of the award.

This is my award.

AWARD

By the Government of West Bengal, Labour Department, order No. 2607-I.R./IR/11L-106/68, dated the 4th May 1968, an industrial dispute between Messrs. Hindusthan Lever Ltd., Athpur, P.O. Shyamnagar, district 24-Parganas, and their workmen represented by Hindusthan Lever Mazdoor Sabha, P.O. Shyamnagar, district 24-Parganas, was referred under section 10 of the Industrial Disputes Act, 1947, to this Tribunal for adjudication in respect of the following issues :

Issues

(1) Whether the management is justified in transferring staff of the clerical cadre to technical cadre without any substantial change in the nature of duty and/or job contents? If so, what compensation and/or consideration such persons are entitled to?

(2) What should be the rule and guiding principle for 'Acting' in higher grade?

(3) Whether demand of the casual workmen for permanent absorption is justified? To what relief, if any, are they entitled?

Usual notices were served on the Company as well as the Sabha from this Tribunal after receipt of the

order of reference. Mazdoor Sabha appeared and filed its written statement on 8th June 1968. The written statement has been signed and verified by Shri Ajit Kumar Chatterji as Centre Secretary, Hindusthan Lever Mazdoor Sabha, C/o. Hindusthan Lever Ltd., Athpur, Shyamnagar, 24-Parganas.

The Company also appeared and filed their written statement on 9th July 1968. After several stages, this order of reference, was finally fixed on 29th November 1968 for hearing.

On 1st November 1968, Shri A. K. Chatterjee in person, under whose signature as Secretary of the Sabha, the written statement was filed, filed a petition informing this Tribunal that the Company had entered into a mala fide, illegal arrangement with some of the workmen having no locus standi to enter into such an agreement and praying for refusal to take cognisance of such illegal arrangement. Then on 29th November 1968, a petition stating the terms of settlement with a prayer to pass a 'no dispute' award in this case, was filed and the petition was signed by a representative of the Company and on behalf of the workmen by Shri Pritam Singh, Centre Chairman and one Shri P. Rajbhar, the newly elected Centre Secretary of Hindusthan Lever Mazdoor Sabha (Shyamnagar Centre). On 10th December 1968, Shri A. K. Chatterji filed another petition praying not to take any cognisance of the said settlement. Along with this petition, the constitution and rules of Hindusthan Lever Mazdoor Sabha was filed. On the same day, i.e., on 10th December 1968, Shri Palakdhari Rajbhar, the Centre Secretary, filed a petition along with a copy of the resolution of the extraordinary executive committee meeting of the Sabha held on 5th December 1968, praying that Shri Patit Paban Pathak should not be allowed to represent the Sabha any more in this case. Then on 6th January 1969 another petition has been filed signed by all the members of the executive committee of Shyamnagar Centre of the Sabha stating that Shri A. K. Chatterjee was no longer a member and Secretary of the Centre Committee of the Sabha, and as such Shri A. K. Chatterji has got no right to represent the Sabha before this Tribunal. On 7th January 1969 the present Centre Secretary and the present Centre Chairman of the Sabha filed another petition for passing a "no dispute" award. Lastly, on 11th January 1969, 205 employees of the factory at Shyamnagar, filed a joint petition endorsing the memorandum of settlement, dated 26th December 1968. On behalf of this Sabha, two minutes' books and one membership roll have also been filed for consideration. I have heard the Company representative, Shri Pathak appearing on behalf of Shri A. K. Chatterjee and Shri N. D. Srimani, Advocate, now appearing for Hindusthan Lever-Mazdoor Sabha represented by its present Secretary and Chairman at length. It appears from the minutes book that Shri A. K. Chatterji has been first elected as Secretary of the Sabha in a meeting, dated 12th February 1968. It then appears from the minutes of the committee meeting, dated 26th September 1968, that Shri A. K. Chatterji himself agreed that negotiations for settlement should continue though excluding his own case. A resolution was passed in the meeting, dated 26th October 1968, authorising five members of the executive committee to sign the memorandum of settlement. According to rule 6 of the Constitutional Rules of the Sabha, a member failing to pay his monthly subscriptions for three consecutives months without the permission of the committee shall cease to be a member of the Sabha. The membership roll of the Sabha shows that Shri A. K. Chatterji, in serial 243 in the same, ceased to be a member of the Sabha for non-payment of subscriptions from February till May 1968. In his place, in a meeting of the Sabha held on 29th October 1968, Shri Palakdhari Rajbhar was elected new Secretary in place of Shri A. K. Chatterji. It then appears from the minutes book, dated 5th December 1968, in respect of an extraordinary excutive committee meeting, Shri A. K. Chatterji himself was present in that meeting as an invitee and he personally signed the same as such. Having heard the representatives of all concerned and on a consideration of the documents filed in this case, I am of opinion that Shri A. K. Chatterji has no right to represent the Sabha on the date when the settlement was entered into and filed before this Tribunal, and I hold as such. The newly elected Secretary and the President and also the executive committee members were actually authorised in a general body meeting of the Sabha to enter into a settlement with the Company authorities and only five members were authorised to sign the settlement. Before me the Centre Secretary and the Centre Chairman of Hindusthan Mazdoor Sabha actually filed a joint petition of the Company authorities embodying the terms of settlement and passing a "no dispute" award in this case as actually no dispute survive between the management and the workmen. This dispute was espoused by the Sabha, of which the individual was not the member, and the same was referred for adjudication. In the proceeding before this Tribunal and at the time when the dispute arose, the Sabha was represented by its the then Secretary in office. During the pendency of this adjudication proceeding a new Secretary assumed the office and the dispute was settled between the Union represented by its newly elected Secretary and Chairman and the executive committee members and the management, and I am of opinion that an award must be passed in terms of such settlement as prayed on behalf of the Sabha before me. The individual concerned Shri A. K. Chatterji in this case, cannot challenge the validity of the settlement and I reject his petition. He also, it appears from the documents filed on behalf of the Sabha, is not a member of the Union in ques- and he thus cannot represent the Sabha before me.

I have also carefully perused the terms of settlement filed before me on 29th November 1968 which appear to be fair, reasonable and lawful and I accept the same. As prayed in that joint petition of settlement, I pass a "no dispute" award in this case.

This is my award.

Kumud Sankar Ray Tuberculosis Hospital, Jadabpur, Calcutta-32, and their workmen represented by K. S. Ray T.B. Hospital Karmi Panchayet, C/o. Mahadev Decorators, 10 Raja S. C. Mallick Road, Calcutta-32, was referred to this Tribunal under section 10 of the Industrial Disputes Act, 1947, for adjudication in respect of the issues, as mentioned below. On 18th May 1967, a petition signed by 145 employees of the hospital was filed stating that they are not members of Karmi Panchayet but they are members of K. S Ray T. B. Hospital Employees' Union. On 30th May 1967, the General Secretary of Karmi Panchayet filed a petition admitting that out of 500 employees of the Hospital, their Union represents only 350. Then on 23rd June 1967, a petition by the General Secretary of K. S. Ray T. B. Hospital Employees' Union representing the majority of the nursing staff (ward assistants) was filed, for making the said Union a party to the present dispute. On the same date, i.e., on 23rd June 1967, a petition on behalf of the Hospital authorities, was filed praying for refusing the prayer of Employees' Union. Shri S. K. Dutt Gupta, my learned predecessor, on hearing both sides passed an order on 23rd June 1967, allowing the prayer of the Employees' Union and made the said Union to be the second party to the instant order of reference. (vide order No. 4, dated 23rd June 1967).

The issues under adjudication are as follows:—

Usual notices were served on the hospital authorities and Karmi Panchayet. Karmi Panchayet filed its written statement on 30th May 1967. K. S. Ray T. B. Hospital Employees' Union also filed its written statement on 7th July 1967. Hospital authorities filed their written statement on 3rd August 1967.

Admittedly a Society, under the name and style of 'Calcutta Medical Aid and Research Society' was formed in 1922. This Society has three Institutions under its management—(1) Kumud Sankar Ray T. B. Hospital, Jadabpur, (2) the S. B. Dey Sanatorium at Kurseong, and (3) B. C. Roy Research Institute in Tuberculosis diseases. This Kumud Sankar Ray T. B Hospital, Jadavpur, was initially named as "Jadavpur Tuberculosis Hospital" and had only 4 beds in 1923 to start

with. At present the Hospital has an area of about 160 bighas of land with Cottages and beds numbering 745. It is also admitted that 500 workmen are employed in various different categories for running the affairs of the Hospital.

The Karmi Panchayet in its written statement contended that the hospital has now been able to build up a reserve fund of Rs. 3,15,729 as shown in Schedule 'C' at page 17 of the Annual Report for the year 1964 and that in the said account of 1964, a balance of Rs. 1,44,020 was shown as profits. Thus, the hospital has a big surplus of receipt over expenditure. The existing scales of pay in the Hospital are not only meagre as shown in Annexure 'A', compared to scales of pay in all other concerns in Jadavpur area and also the scales of pay allowed in Government Hospitals in West Bengal. The Hospital also grants Rs. 42 as D.A. to the so-called Class IV staff, and Rs. 58 to the Class III staff. The Ward Assistants instead of D. A. are paid Rs. 70 in cash as Food Allowance per month. The existing scales of the different categories of the workmen of the Hospital compare most unfavourably with others in the locality as well as with State Government Hospitals. The existing benefits as referred to in Annexure 'C' of the written statement are also very meagre compared with other concerns. A Ward Boy, a Sweeper or a Nurse is now expected to cater to the needs of about 25 to 30 patients which is against all code of conduct. Accordingly a movement was launched in 1959 by the workmen for limiting the services of a Ward Boy, Sweeper and a Nurse to 10 beds only. The Service Rule was introduced unilaterally and the same requires to be changed. A Charter of Demand was submitted by the Karmi Panchayet on 6th September 1966. The Hospital Authorities in their reply, dated 16th/21st January 1967, took a false plea that their financial position did not provide for any further relief beyond what was admissible to the State Government employees. Ultimately the Karmi Panchayet took up the matter with the Labour Directorate, and conciliation proceedings started, but as no settlement was effected, the instant reference was made for adjudication of the aforesaid issues. The Karmi Panchayet prayed for relief under the financial issues, particularly issues Nos. 1, 2, 3, and 4 to take effect from the date of demand in answer to issue No. 18.

K. S. Ray T. B. Hospital Employees' Union in its written statement contended inter alia that this Union was formed in the year 1953 and commands the confidence of a considerable number of workmen especially the nursing staff and medical assistants. According to the Union the existing basic wages, scales of pay of the workmen are very low in relation to the needs of the Society and the special nature of their duties and responsibilities and in view of the existing wages and scales of pay in the same or similar nature of industries. There has not also been any change in the wage structure of the workmen in the hospital for more than 10 years. The Union prays that the nursing staff and ward assistants be classified into the following categories and their existing basic wages and scales of pay be revised as under :—

Grade I: Rs. 300—15—405 in 7 years.

Grade II : Rs. 200—10 300 in 10 years.

Grade III: (Student): Rs. 60—80—100 in 3 years.

The existing D.A./Fooding Allowance should, according to the Union, be revised as follows :—

Basic wages	D.A./Fooding Allowance
From Re. 1 to Rs. 50 ...	Rs. 90 per month
From Rs. 51 to Rs. 100 ...	Rs. 100 per month
From Rs. 101 to Rs. 150 ...	Rs. 110 per month
From Rs. 151 to Rs. 200 ...	Rs. 120 per month
From Rs. 201 to Rs. 250 ...	Rs. 135 per month
From Rs. 251 to Rs. 300 ...	Rs. 150 per month
From Rs. 301 to Rs. 400 ...	Rs. 160 per month
From Rs. 401 to above ...	33⅓ per cent. of the basic wages, subject to a minimum of Rs. 175 and a maximum of Rs. 250 per month.

The existing special allowance, should, according to the Union, be revised and should be fixed at Rs. 30 per month. The existing house rent allowance of 10 per cent. of their basic wages with a minimum of Rs. 10, should according to the Union, be paid at 20 per cent. of the basic wages subject to a minimum of Rs. 20 per month. Leave and Holidays according to the Union should be fixed as follows :—

Privilege leave—60 days with full pay in a year cumulative up to 3 years.

Casual leave—10 days with full pay in a year.

Festival and National holidays—15 days with pay.

Sick leave—15 days with pay, cumulative as long the service of the employee remains in force and adjustable with privilege leave.

Weekly holidays—1½ days with pay in a week.

The workmen who have completed six months continuous service including permissible breaks, according to the Union, be confirmed in their respective posts. The Union also claims that the vacancies occurring from time to time in the hospital be filled up preferably from amongst the relations of the employees. At present the hospital authorities supply tea and biscuit to the workmen who work in night shifts only. But the hospital employees cannot take their meal in time in view of the nature of their duties. Union prays that either quality tiffin free of costs by the management or Re. 1 should be paid as tiffin

allowance per day. Special gratuity to the workmen under certain circumstances amounting to to Rs. 1,000 is paid. This amount, according to the Union, should be increased to Rs. 2,000. The Union also prays that six sets of pants, shirts, apron, shoe, etc., should be supplied in a year to male employees and also Dhoti/Sari, blouse, pettycoat, cap, belt, shoe, six sets each, should also be supplied to female employees and during winter season coats, should be supplied to the workmen. Alternatively, the ward assistants and nursing staff should be paid a monthly uniform allowance of Rs. 15. As the washing of the clothings should be done by the employees themselves, the Union prays that the workmen should be paid Rs. 10 per month for the purpose of washing the clothings. The existing rate of 8½ per cent. of the basic pay of contribution in the Employees' Provident Fund Scheme, should, according to the Union, be increased. The existing system of weekly off days should, according to the Union, be revised and 1½ days' rest be given in a week. The existing work-load and the basis of work should be revised and distribution of duties should be made in accordance with ward, room and shiftwise and considering the responsibility and risk in the job, one ward assistant should be entrusted with one place. The existing duty hours should be revised and 8 hours a day should be introduced for all employees with half an hour's rest in a day. The existing medical facilities granted to the workmen, according to the Union, should be extended to the dependants also free of cost including hospitalisation. The existing service rule of the workmen should be amended to the benefits of the workmen deleting the clauses detrimental to their interest. They also pray for the said benefits retrospectively from the date of their demands.

The Hospital authorities in their written statement (which has been filed on behalf of Calcutta Medical Aid and Research Society) contended that the Hospital, being not an industry as defined in the Industrial Disputes Act, 1947, the order of reference is bad in law. The Hospital is a part and parcel of the said Society, the object of the Society amongst others are to provide for the treatment of patients actually and suspected to be suffering from tuberculosis, and diseases of the chest and of those who are convalescent and to admit for treatment such patients. In furtherance of the aforesaid object, the Society is maintaining the above Hospital which is a non-profit organisation. According to the Society, the hospital is even now a struggling institution. This hospital had a very modest beginning with only 4 beds in 1923. In 1929 the Government of Bengal made a grant of Rs. 1 lac for the construction of main building and the acquisition of land. Then financial help also came from the Corporation of Calcutta and the public, and with donations received from several philanthropic persons and corporate bodies, number of cottages, wards and blocks have gradually been added. Government of West Bengal only pays against 50 per cent. of the beds which is less than the actual cost for maintaining the beds in the hospital. It is also distortion of facts that the hospital is able to build up a reserve fund of Rs. 3,15,729 as in Schedule C, page 17, in the Annual Report for the year 1964. This amount in reality is not the assets but liability which is clearly indicated in the balance sheet at page 4 of the Annual Report for 1964. It is also incorrect that for the same year, Rs. 1,44,020 is a profit of the hospital. It is a closing balance after taking an advance of Rs. 3,52,027 from capital. The hospital has actually been running at a huge deficit for several years and the expenses during several years are shown below:—

	Rs
1963	2,77,186.71
1964	92,995.13
1965	3,26,006.25
1966	2,87,438.00 (Budget)
1967	4,99,196.00 (Budget)

The financial condition of the Society is very unsatisfactory for some years. The charge per patient per annum was raised to Rs. 3,000 from 1st April 1963. But due to rise in commodity prices and increase of emoluments of staff from time to time, the cost per patient went up to Rs. 3,226.16 in 1965. The State Government has sanctioned Rs. 3,000 per bed for 137 beds and at Rs. 2,800 in respect of another 231 beds. The Post and Telegraph Department of the Government has been paying at Rs. 2,800 per bed. Most of the other parties are paying at Rs. 3,000 per bed except some who have been paying at contracted rates which are even much lower. To raise the rates of charges of the beds would mean denial of medical facilities to suffering humanities. The staff enjoys free house with free electricity and water or an allowance at 10 per cent. of pay subject to a minimum of Rs. 10. The Ward Assistants also get a special allowance of Rs. 10 per month and the pupil ward assistants get Rs. 5 per month. It has also been contended on behalf of the Society that it would be inappropriate to compare the scales at the Jadavpur University or the Indian Institute of Experimental Medicine, as their activities are different and they may be in a prosperous condition. The claims of the Karmi Panchayet and also the Union are not realistic having no eye on the financial position of the Hospital. Even then it has been alleged that the governing body passed resolutions on 6th August 1966 and on 23rd December 1966 effective from 1st January 1966 to the effect that the emoluments of Class IV staff should be brought at par with those of State Government Staff of comparable status. The hospital Class IV staff submitted a joint petition preferring the existing concession as allowed under Rule 14 of the Service Rules of the Society to the cash allowance of Rs. 5 and urged for withdrawal of the offer of the allowance which was accepted. According to the Society all other existing benefits should continue to exist and the claims for revision at higher rates should be rejected on financial grounds. The claim for 1½ days off for ward assistants cannot be allowed without serious inconvenience to the patients. The work-load of

the workers is according to the authorities, not heavy. The existing service rules, according to the authorities, do not require any amendment. No retrospective effect should be given if any of the emoluments be increased as claimed on behalf of the Union and Panchayet.

Twelve witnesses in all were examined on behalf of the employees of the hospital. On the other hand, 5 witnesses have been examined on behalf of the Hospital authorities. P.W. 1 is an assistant in the Labour Directorate, Government of West Bengal and he has simply produced and proved a chart of consumer price index for working-class in Calcutta, having base: 1939=100 (Ext. 1). P.W. 2 is the Assistant Accountant of K. S. Ray T. B. Hospital, in charge of Co-operative Accounts. He has produced and proved the Loan Register showing loans taken by the employees of the Hospital from their Co-operative Society, since 7th August 1966 till 24th August 1966 (Ext. 2). This document has been produced to show that some employees even prior to repayment of their previous loans took loans also for the second time. P.W. 3 is the Cashier of Calcutta Medical Aid and Research Society. He is actually an employee of K. S. Ray T. B. Hospital. He produced and proved a list of Provident Fund loans outstanding on 15th May 1968 from the different employees of the Hospital (Ext. 3). P.W. 4 is Gour Mohan Ghorai, the General Secretary of the West Bengal Hospital Employees' Association. According to him, employees of 24 hospitals in West Bengal, are members of this Association. He is also the Secretary of R. G. Kar Medical College and Hospital Employees' Union. He has produced several documents (Exts. 4, 5, and 6 series) showing the existing service condition of the employees of R. G. Kar Medical College and Hospital and other Hospitals of West Bengal. P.W. 5 is the Secretary of K. S. Ray T.B. Hospital Karmi Panchayet. Since 1954, he has been working in the Hospital as an employee. He has prepared a list, Ext. 10, showing the names of workmen who have been working in the hospital since the dates mentioned against their names in the list and still have not been made permanent. P.W. 6 Sukumar Dutt, an employee of Messrs. Bengal Electric Lamp Works Ltd., factory of which Company is located at a distance of about a furlong from the T. B. Hospital, stated that their basic pay and D. A. have been fixed according to a scale fixed by the 3rd Engineering Tribunal. P.W. 7, Sm. Priti Biswas is a nurse employed in S. S. K. M. Hospital. She has produced a document Ext. 13 showing the basic scales of pay and D. A. enjoyed by 5 categories of nurses in their hospital. P. W. 8 Bimal Bikas Ghosh is an ward assistant in K. S. Ray T. B. Hospital. He is also the General Secretary of K. S. Ray T. B. Hospital Employees' Union. P. W. 9 Himadri Kumar Chakravarti an U. D. Assistant, Finance Department, Government of West Bengal, produced and proved two memorandums of Finance Department—one, dated 5th March 1966 (Ext. 18) and the other, dated 11th April 1968 [Ext. 18(a)], regarding grants of D.A. to Government servants. P. W. 10, an Upper Division Assistant, Health Department, Government of West Bengal, has produced and proved the Health Department Memo., dated the 17th September 1957, as amended from time to time, Ext. 19, showing the rationalisation of the cadre of nursing services, under the Government of West Bengal. P. W. 11, the Assistant Secretary of K. S. Ray T. B. Hospital Employees' Union, has produced the original letter, dated 3rd February 1959, addressed to Dr. N. C. Roy, President of the Union by the then Secretary to the Chief Minister, Government of West Bengal (Ext. 20). This document Ext. 20 shows that the then Chief Minister was of opinion that there was no reason to deny the nurses trained in this T. B. Hospital the status, grade and amenities of qualified nurses. P. W. 12 is a Senior Assistant of Jadavpur University. He is serving the University for the last 20 years. He has produced and proved a chart Ext. 21 showing the existing pay, scale, D. A. and other facilities of different categories of staff in Jadavpur University. D. W. 1 Dr. Narendranath Sen is the Superintendent of Jadavpur K. S. Ray T. B. Hospital. D. W. 2 Shri Dinesh Chandra Guha is the Special Officer, Finance and Administration of T. B. Hospital since November 1964. D. W. 3 is the Secretary of Kanchrapara T. B. He has proved a document Ext. M showing the grade, scales of pay and other facilities available to different categories of employees of the said hospital. D. W. 5 is the Senior Clerk of Chittaranjan Seva Sadan at 37, S. P. Mukherjee Road. He has proved a document Ext. N showing the grades and scales of pay as mentioned in enclosure to Ext. 9, which are still in existence excepting the scale of D. A. which has since been increased to some extent

First, I take up the question of maintainability of the order of reference as raised on behalf of the Hospital authorities, for decision. I have already mentioned above that admittedly the Society under the name and style of 'Calcutta Medical Aid and Research Society' was formed in the year 1922. It is a Registered Society (vide Ext. C—the Memorandum of Association and Rules and Regulations). This Society has three Institutions under its management—(1) K. S. Ray T. B. Hospital, Jadavpur (Hospital in question), (2) S. B. Dey Sanatorium, Kurseong and (3) B. C. Roy T. B. Hospital in Tuberculosis Diseases. Now, according to the Learned Advocate, Shri B. Mukherji, for the Hospital authorities the dispute between the Hospital authorities and the employees is not industrial dispute because T. B. Hospital in this case, by no stretch of imagination can be said to be an industry. He has referred me to Ext. C, the Memorandum of Articles of Association and Rules and Regulations and the object of the Society mentioned therein and he has argued that research work is the primary object of the

Society. It is true that some research is being carried out in this Institute under the Calcutta Medical Aid and Research Society (vide Ext. A2—Annual Report of 1966 of the Society). But it appears from the evidences that admittedly in the Hospital the number of beds rose to really 750 starting with 4 beds in the year 1923. It is also admitted that at present about 500 workmen are employed in various different categories for running the affairs of the hospital. It has also transpired from the evidences on record that from this Research Society less one paper on research work was published per annum on the average from its start till today from the Research Institute in Tuberculosis Diseases also run by the Society. In all only 32 papers were published up-to-date (vide pages 62-64 of Ext. A2). Thus, it appears from the evidences that the main object of the Society in this case is to run the T. B. Hospitals. Hospitals for rendering medical services to the public, whether run by the Government or by a public employer or pharmacies for manufacture of drugs which are attached to such Hospitals are industries within the meaning of Industrial Disputes Act and the employees working therein are entitled to claim the benefits given to industrial employees under the Industrial Acts. Profit, motive and investment of capital are not essential attributes of industry. The test for determining the character of an activity to which section 2(j) of the Industrial Disputes Act, applies is,—the manner of its organisation, the condition of co-operation between the employer and the employees and the object of service to the community. Now, in this case, T. B. Hospital is run for giving medical relief to the public or a section of the public and as such, I hold that this hospital is an undertaking within the meaning of section 2(j) of the Industrial Disputes Act and the employees of the hospital I also hold can claim the benefits given under the, Act. Accordingly, I reject the aforesaid contention of the learned Advocate for the Hospital Authorities and I hold that the instant order of reference for adjudication of the disputes between the employees and the employers of the Hospital is quite maintainable.

Now, I come to the issues sent for adjudication, one after another. The different categories of employees of the hospital in question including Ward Assistants, Female and Male, have been described in Annexures A and B of the written statement of Karmi Panchayet. The said annexures have been marked as Exts. 7 and 7(a) on admission. It is the evidence of D. W. 1 in cross-examination that in the year 1960, a revision of scales of pay of the Ward Assistants was made. He further admitted that this revision of the scales of pay was not even made and that the D. A. of their employees is not fixed according to the cost of living index as done in Commercial Firms. It is the evidence of P. W. 8 another Ward Assistant that their scales of pay were not revised for the last 10 years. It is also undisputed that the scales of pay of other categories of employees of the Hospital were not revised since 10 years back. There cannot be any dispute that during the last 10 years, there has been a considerable rise in the price index. The only question to be decided in this case is whether the financial capacity of the Society or the Hospital authorities is so good as to bear the burden of the claim of the employees regarding scales of pay, D. A., and also in respect of their claim of other issues as depicted in Exts. 7, 7(a) and 7(c). According to the authorities, they are practically running at a loss. It is admitted that the Society started with about 3 beds and now at present, there are 745 beds. But it appears from the evidences on record that though the Corporation of Calcutta and other philanthropic bodies are making charities in favour of this Institution, they are still running at a loss even by way of increasing the charges of paying beds at different times. D. W. 2 the Special Officer, Finance and Administration, has in his evidence cleared up the anomaly created on behalf of the Panchayet and Union with reference to the Annual Reports of the Society. According to D. W. 2, Rs. 3,15,72,924 shown as per Schedule C under the heading "Reserves and Surplus" in the Annual Report for the year 1964 is not the Reserve Fund. He also stated that it is not an asset but a liability, as shown in the said Balance-sheet for the year ending 1964. According to him, receipt and payment accounts as per recurring Account of their Annual Report for the year 1964, is only the Closing Balance and the amount of Rs. 1,44,020.68 shown as Closing Balance in page V under the heading "Recurring A/c" is not a profit but it is the closing balance of receipt and payment A/c. He has also stated that this amount is not profit and also "Capital General A/C" and "Capital Special A/C" as shown in pages VII and IX are not profits for the aforesaid similar reasons. He has produced and proved a chart prepared from the income and expenditure accounts starting from the year 1957 till 1966 showing the deficit accounts year after year on revenue accounts. That document has been marked as Ext. I. This Exhibit shows that the administration of the Hospital is being run on deficit account even though income year after year is going high up. The figures in Ext. I be conveniently stated as follows:

Year	Deficit	Depreciation	Net
1957	1,71,405	1,52,929	18,476
1958	2,77,594	1,54,892	1,22,702

Another document Ext. E has been proved to show the percentage of total expenditure on salary and allowances accounts to the employees on the total expenditure without depreciation. Such figures have been calculated from the Annual Reports from 1957 till 1966. Such are as follows:—

KUMUD SANKAR RAY TUBERCULOSIS HOSPITAL, JADAVPUR, CALCUTTA-32

This document has also been prepared from the Annual Reports and the Balance-sheets Ext. A series. Thus it is quite apparent from the exhibited documents, specially the Balance-sheets that though the hospital is earning more and more after year, there were always expenditures over the incomes year after year.

Furthermore on a comparison of the existing scales of pay, D. A. and other amenities available to the employees of this hospital with those enjoyed by the employees of the different other hospitals which have been produced before me for comparison, it appears that the existing scales of pay, and D.A. of this T.B. Hospitals should be increased. Excepting the factor that the Hospital has got no present financial capacity to bear the burden of the increase in scales of pay and D. A., all other factors as mentioned above are in favour of such increase. It should be remembered in this connection that the Hospital authorities could raise money, to meet this additional burden, by way of increase in the charges of the beds and also by securing money from different Institutions and other philanthropic bodies who are still contributing to the funds of this Hospital. The employees of this T. B. Hospital should deserve special sympathy, because they are dealing with one type of infectious disease. Though I hold on the evidences on record that the present financial capacity of the Hospital authorities is not such to increase the scales of pay, D. A. and other benefits as claimed by them, I am of opinion in this case that the Hospital authorities should raise their funds from different sources to meet the extra burden due to increase in the scales of pay and D. A. of the employees of the Hospital. As regards the case of the instant hospital employees, the case for the upward revision of the wage structure clearly exists, because there has been a substantial increase in the cost of living in this region, while the wage scales remained unaltered over a number of years. Moreover, minimum wages for workmen in this hospital brought up to the same uniform level with the scales enjoyed by the other Hospital employees. Accordingly I hold that there must be a rise in the scale of wages and D. A. in this case.

As regards the comparable units, I may mention here that on behalf of the employees, the grades and scales of pay, D. A. and other allowances of the employees of R. G. Kar Medical College and Hospital, administration of which hospital has since been taken by the Government and other Government Hospitals as depicted in Ext. 4 and also Tulsiram Laksmi Devi Jaiswal Hospital, Howrah, as depicted in Ext. 6 and Mayo Hospital as depicted in Ext. 6(a) and also of the employees of Cancer Hospital, Calcutta, as depicted in Ext. 6(b) have been filed. On behalf of the employees further, the grades and scales of pay of different categories of employees of Jadavpur University (vide Ext. 21) and also the employees of Messrs. Bengal Electric Lamp Works Ltd. and Messrs. Indian Institute of Experimental Medicines [vide the evidence of P. W. 6 an employees of Bengal Lamp and also Ext. 7(a)], which concerns are located very near the Jadavpur K. S. Ray T. B. Hospital, were produced for comparison. On the other hand, on behalf of the Union further, the existing service conditions of the employees of R. G. Kar Medical College and Hospital and other Government Hospital (vide Ext. 4) and also of the employees of Tulsiram Laksmi Devi Jaiswal Hospital, Howrah (vide Ext. 6), Mayo Hospital [Ext. 6(a)], Cancer Hospital, Calcutta [Ext. 6(b)] have been filed for such comparison. I accept the wages and D.A. admissible to the employees of the aforesaid Hospitals appearing from Exts. 4 and 6 series as comparable units in this case, but I do not accept Jadavpur University, Bengal Lamp and Indian Institute of Experimental Medicines as comparable units in this case. On behalf of the Hospital authorities the conditions of service of Chittaranjan Hospital and Chittaranjan Seva

Sadan [vide Ext. D and also Exts. N, M, and N(1)] have been filed for comparison. I also accept the said hospitals as comparable units in this case. Now, in the instant case another admitted fact is to be remembered in this connection in the matter of fixing the wage scales and D. A. The Hospital authorities by a resolution offered the Class IV Staff working under them the scales of pay and D. A. as enjoyed by different Government Hospital employees with effect from the year 1966 (vide exhibit 8). The case of the authorities is that the Class IV Staff did not agree to accept such scales.

After a careful consideration of the aforesaid documents and the scales of pay and D. A., I am of opinion that the existing scales of pay and D. A. enjoyed by the employees of the Government Hospitals and Hospitals, including R. G. Kar Medical College and Hospital, administration of which are now being run by the State Government should be fixed in respect of the employees of this Institution being K. S. Ray T. B. Hospital. I am conscious that the present financial condition of the Hospital in question is not good, but the Hospital authorities should raise the subscriptions of bed charges suitably so that such enhancement of charges do not affect the cause for which the hospital was established, and should also raise funds from State Governments and other philanthropic bodies to meet the just demands of the employees of this Hospital, who are entitled to kind and sympathetic treatment, as I have already mentioned above on the ground that they are handling very infectious patients.

Thus, I hold in respect of Issue No. 1, regarding scale of pay and fitting in therein, that the scales of pay of different categories of employees as enjoyed by the Government Hospitals and Hospitals run by the Government at present, appearing from Ext. 4, shall apply in respect of the employees of K. S. Ray T. B. Hospital.

There are three existing grades in respect of Class IV Staff of K. S. Ray T. B. Hospital which have been described in Ext. 7. The claim of the Union will also appear from the same.

Category	Existing Basic Pay in K. S. Ray T. B. Hospital.	Claim as per Charter of Demands.
1. Class IV Staff.	Rs.	Rs.
(i) Wardboys, Sweepers, Garden-porters, Kitchen-porters, Dhais.	(i) 33—½—43—1—48.	(i) 60—2—100.
(ii) Peons, Helper, Linen Store-Porter, Darwans, Store Porter.	(ii) 33—½—43—1—48.	(ii) 70—2—110.
(iii) Iron-men, Cooks, Sardars of Wardboys and Sweepers.	(iii) 45—½—55—1—60.	(iii) 70—2—110.

It thus appears that on behalf of the employees, two such grades are claimed in this case. After considering the existing grades and scales of pay of Government Hospitals, I fix three grades as follows:—

Grade III : Rs. 60—½—70—1—75.
Grade II : Rs. 65—1—85.
Grade I : Rs. 70—1—85—2—105.

(The Union never demanded Rs. 80 as the starting of the scale in respect of Grade I).

Next, as regards the Class III Staff in respect of different categories of employees, the existing grades in the K. S. Ray T. B. Hospital appearing from Ext. 7 are mentioned below, along with the employees' demands in this respect.

Category	Existing Basic Pay in K. S. Ray T. B. Hospital.	Claim as per Charter of Demands.

(xii) Ward Assistant	(xii) 50—4—90—EB—4—94—3—118—4—130. 55—3—118—4—130 EB after 12 stage.	(xii) 125—5—175—8—225.
(xiii) Staff Ward Assistant, O.T. Staff i.e. T.C.	(xiii) 60—5—125—5—150	(xiii) 150—7—220—10—300.

But on a consideration of the existing scales in Government Hospital, I fix the following grades for the different categories of employees of Class III staff along with Ward Assistants.

2. Class III staff.

	Rs.
(i) Painter	65—1—85.
(ii) Boiler Attendant.	
(iii) Electrician, Electric Mistry, Carpenter, Plumber, Electric Motor Driver, Lift Man, Laundry Clerk, Linen Store Keepers, Kitchen Clerk and Asst. Store Keeper.	80—3—140.
(iv) Driver (Motor Vehicle)	80—1—90—2—120.
Mechanic Driver, who gets Rs. 150 as fixed pay shall have the grade.	125—3—140—4—200.
(v) Office Assistant Clerks, Typist, Asstt. Store Keepers, Compounders, Laboratory Asstts., X-Ray Asstts., Asstts. in Accounts, Asstt. Cashier, Ward Assistants (Male and Female). (vi) Steno Typist, Asstts. in Establishment, Head Compounder, Asstt. Accountant.	125—3—140—4—200.
(vii) Student or Pupil Nurse.	45—1—65.
(viii) Ward Masters or Matrons.	175—5—250—6—280.
(ix) Senior Adm. Clerk, Storekeeper, Accountant, Cashier,	200—10—300.

Workers should be fixed in the new scales according to their present pay and if it does not coincide with any stage of the new scale, it should be stepped up to the nearest higher scale. Every employee whose salary does not exactly fit in, in the revised scales of pay, will be given a marginal relief so as to bring him or her up to the next step on the revised scale of pay, with effect from 1st January 1969. Those employees who are at present drawing a basic salary below the minimum of the revised scales of pay will be brought to the minimum of the respective scales of pay. No workman should be prejudicially affected by the process of adjustment in the new wages scale.

As regards the issue No. 2 regarding D. A./ Food allowance I also fix the scale of D. A. as are allowed to Government Hospital employees or to employees of Hospitals, administration of which is run by the State Government. Such scales of D. A. are given as follows (vide exhibit 4) :—

Basic pay up to Rs. 109 — Rs. 56.50.
Basic pay from Rs. 110—149 — Rs. 77.
Basic pay from Rs. 150 — Rs. 92.
Basic pay from Rs. 151—209 — Rs. 94.50.
Basic pay from Rs. 210—300 — Rs. 92.50
Basic pay above Rs. 300 — Rs. 92.50.

I fix the aforesaid D. A. after considering the different Notifications issued by the State Governments from the Finance Department and also from the Department of Health which will also appear from Ext. 4. All categories of employees shall get D. A., and the Ward Assistants who are getting Food allowance of Rs. 70 per month shall cease to exist on and from the dates since when this scale of D. A. shall take effect.

As regards issue No. 3 regarding special allowance (known as subsidy allowance or risk allowance), it is admitted that certain categories of employees such as, Ward Masters, Laboratory Assistants, Lanudry Clerks, Mistries, Plumbers, etc. are getting Rs. 10 and Rs. 5 per month respectively as such allowance. The employees' claim that all should be given Rs. 10 per month as special allowance or risk allowance irrespective of the categories of employees, but I reject the Unions' claim in this respect. It is admitted by D. W. 2 that the governing body sanctioned a risk allowance of Rs. 6 per month to all Class IV staff since 1st May 1966, but they refused to accept the same. I find no ground why this sum of Rs. 6 per month as risk allowance santioned by the Governing body of the Society should be enhanced. I allow Rs. 6 per month as risk allowance to all categories of Class IV staff.

As regards issue No. 4 regarding house rent, it is undisputed that some of the employees are provided with free accommodation and the rest are getting 10 per cent. of their basic pay with a minimum of Rs. 10 per month. The employees claim 20 per cent. of their basic wages with a minimum of Rs. 20 per month as house rent allowance for those who are not provided with any free accommodation. But I find from the other comparable units that the employees of other hospitals also are getting the 10 per cent. of basic pay as house rent allowance with a minimum of Rs. 10 per month. I reject the Unions' claim in this respect also.

I take up issue No. 5 regarding leave and issue No. 13 regarding weekly day off, together for decision. The existing facilities enjoyed by the staff of this Hospital and the corresponding claim of the employees are as follows :—

Issue No. 5 Leave	Category	Existing	Claim
	(i) Class IV Staff.	(i) and (ii) Casual leave for 7 days per year.	(i) and (ii) 16 days with full wages in a year.
	(ii) Class III.		
	(iii) Class IV	(iii) Privilege leave 30 days in a year, accumulated up to 60 days.	(iii) 120 days for accumulation (existing number of days of leave remaining as before.)
	(iv) Class III	(iv) Privilege leave 30 days in a year accumulated up to 120 days.	(iv) 180 days for accumulation (existing number of days of leave remaining as before.)
		(v) Leave for protracted illness, 6 months for all categories. In the case of T.B., 2 years leave with wages, besides the other types of leave in Hospital leave rules.	(v) In case of protracted illness, other than T.B., the period of leave with full pay should be one year and in the case of T.B., it should be 3 years without prejudice to the other existing benefits.

Some categories of employees enjoy weekly day off and some do not get such weekly day off. The benefits in this respect enjoyed by certain categories and the employees' claim in this respect are stated as follows:—

Issue No. 13.

	Category	Existing	Claim
Weekly Day Off.	Class IV and Class III.	(i) Sweeper Dept., Kitchen Dept., Dais Dept., Compounders Dept., Technical Dept. are not getting one day off in a week. (ii) Laundry Deptt. is getting half day off in a week. (iii) Office Section, Store Section, linen Stores are getting 1½ days off in a week. (iv) Other categories are getting 1 day off in a week.	All categories of workmen should be given 1 day off in a week without effecting existing better advantages i.e., 1½ days of the staff.

But on a consideration of the existing leave rules of R. G. Kar Medical College and Hospitals, administration of which is run by the Government of West Bengal, I fix the leave rules as follows, to take effect on and from 1st January 1969.

1. **Earned Leave.**

(a) All permanent employees other than Class IV staff will be allowed earned leave for 1/11th of the period spent on duty per year accumulative up to 120 days.

(b) All permanent Class IV staff will be allowed earned leave for 1/16th of the period spent on duty per year accumulative up to 60 days.

(c) All employees not in permenent service will be allowed 1/16th of the period spent on duty per year accumulative up to 60 days in case superior staff and up to 45 days in case of Class IV staff.

Note: At the time of leave calculation the period of leave enjoyed will be treated as on duty.

2. **Half-Pay Leave on medical ground and on private affairs :**

(a) All permanent employees will be allowed half-pay leave for 20 days per year accumulative up to 365 days.

(b) All employees not in permanent service will be allowed half-pay leave for 15 days per year accumulated up to 240 days.

(c) Commuted leave not exceeding half the amount of half-pay leave due may be granted with full pay on medical certificate only, subject to the maximum of 180 days in case of a permanent employee during the entire period of his service and 120 days in case of temporary employees or probationers.

3. **Special leave for infectious disease viz., Tuberculosis, Leprosy, Pox, etc.**

(a) All members of the superior staff will be allowed special leave on full pay during the period of disability up to a maximum of 12 months.

(b) All members of the nursing staff and Class IV staff will be allowed leave on full pay during the period of disability not exceeding 24 months at a time.

4. **Extraordinary leave may be granted to an employee in special circumstances :**

(a) When no other leave is due.

(b) When other leave is due but the employee concerned applies in writing for the granting of extraordinary leave for study or any other purpose according to rules laid down in this behalf.

5. **Casual Leave :**

All employees will be allowed casual leave for 14 days in a calendar year, but not exceeding 7 days at a time. This leave will not be accumulated.

Note : At the time of leave calculation the period of leave enjoyed will be treated as on duty.

6. **Weekly Holidays (Off-days) :**

All employees will be allowed one holiday every week, 52 holidays in a year or compensatory leave in lieu of holidays.

7. **Festival Holidays :**

Festival holidays will be governed by the existing rules.

N.B. The above leave rules will be applicable to all employees of the Hospitals with effect from the 1st January 1969.

8. **Maternity Leave:**

Maternity leave of 12 weeks for female employees as per Maternity Benefits Act, 1961."

Issues Nos. 5 and 13 are thus disposed of.

Next, I come to Issue No. 6 regarding Confirmation. According to the employees there is no fixed time or period of service to qualify confirmation, as a result of which Class IV staff having continuous service of 8 years or so remain unconfirmed and also in the case of Class III staff one is confirmed before a year or so. The employees claim that all including temporary, probationers, or apprentices should be confirmed after 3 months of service in all cases and in all categories. On the other hand, according to the Hospital authorities, employees are confirmed whenever vacancies in permanent posts occur. This procedure, in my opinion, is the correct procedure for confirming temporary employees and also probationers or apprentices. I reject, therefore, the Unions claim in this respect.

As regards Issue No. 7 as to whether employees' relation should be given preference for recruitment. It is claimed on behalf of the Panchayet and Union that the employees' dependants should be given preference in all future appointments and one week's notice should be given in advance before any such appointment is made. It is true that when qualifications remain the same, employees' relations or dependants should be given preference and that also must be under the discretion of the appointing authority. After proper advertisement or notification, the candidates will be interviewed by the authorities and if a relation or a dependant of the hospital employees be found suitable, then he will be given preference for the appointment. And that also must be under the discretion of the appointing authority. With this observation I dispose of this issue.

Next, as regards issue No. 8 regarding tiffin, it is admitted that only night duty staff are given tiffin consisting of tea, powdered milk, sugar for one cup and 4 pieces of biscuit free of charge. Employees claim for tiffin allowance or free tiffin worth Re. 1 to each workman irrespective of category and time of work. But I find that none of the employees of other comparable units do get any tiffin allowance as claimed on behalf of the employees. So, I reject this claim also of the employees

Next as regards issue No. 9 regarding special gratuity, the existing scheme enjoyed by the employees of this Hospital and the employees' claim in this respect may be stated as follows :—

Issue No. 9.

Special Gratuity in lieu of Life Insurance Scheme.	Class IV and Class III.	(1) Rs. 1000 is granted to all permanent employees after satisfactory service of 20 years. (2) Rs 1000 is granted to all permanent employees who dies in T. B. disease at any period of service. (3) In case of death caused other than T. B. disease, the same amount is granted to all employees if the period of service is 10 years or more.	(1) In the case of death under (3) the qualifying clause should be reduced to 5 years. (2) In the case of (1) the employee should qualify for full amount on completion of 10 years service and proportionate to that on the proportion of service rendered.

Having heard the Advocates on behalf of the employers as well as the employees and upon a sympathetic consideration of the Union's claim, I hold that at this stage the employees' claim in this respect should be refused, and I accordingly refuse the employees' claim in this respect.

As regards issue No. 10 regarding uniform, the existing benefits enjoyed by the different categories of employees and their claim in this respect are as follows :—

Issue No. 10	Category	Existing.	Claims
Uniform.	Class IV	Permanent staff of all categories— Ward Boys, Sweepers, Kitchen Porters, Laundry Porters, Dales, Cooks, Ironmen and other porters etc. free uniform are supplied, viz. 2 Khaki half shirts and 2 Khaki (except dais) each every alternate year. All Class IV staff other than sweepers are supplied with 3 Khaki half pants and 3 Khaki half-shirts each. In the case of sweepers they are supplied 2 Khaki half pants, 1 Khaki full pant and 1 Khaki full shirt each. As regards Peons, Darwans, Sarders are supplied with 2 full pants and 2 Khaki Military Coats each and in the alternate year they are supplied with 3 sets each. Sweater are given to all Class IV staff every alternate year each. In the case of Dais 4 pieces of Sharis or Dhuties are supplied every year each. And 2 (two) pieces and 3 pieces cotton Blouse are supplied to Dais every alternate year each respectively. Plannel 1 piece each is supplied every alternate year.	Free uniforms should be supplied to Class IV staff (except dais) as follows : 4 sets of half pants and half shirts should be supplied in every year to all. In the case of Sweepers 2 sets of full pants and full shirts to be supplied in every alternate year in place of one full pant and full shirt from their usual quota. Or They should be given Rs. 75 each per year.
	Class III.		
	(i) Linen Store-keeper, Compounders, Laundry Clerk, Technical Staff, X-Ray Asstt. and Lay. Asst.	3 sets of free uniform consisting of three full pants and three half shirts (or hawai shirts) are given each every year. One Sweater is supplied to each every alternate year	(i) 4 sets of each kind every year each, or Rs. 100 per year each.
	(ii) Office Clerks, Store-keepers, Accts. Clerks, and other office staff etc.	Nil.	(ii) 4 sets of each kind every year each, or Rs. 100 per year each.
	(iii) Ward Assistants.	Unioform allowance of Rs. 6 each per year.	(iii) 4 sets of each kind evry year each, or Rs. 100 per year each.
	(iv) Temporary staff of Class IV.	Nil.	(iv) They should be supplied uniforms according to permanent Class IV staff.

I reject the employees' claim in this respect excepting that the temporary Class IV staff should also be supplied with uniforms according to permanent Class IV staff. Issue No. 10 is thus disposed of.

Next coming to issue No. 11, regarding free washing, the existing benefits and the employees' claim in this respect are as follows :—

Issue No. 11.			
Free Washing.	Class IV.	No washing is permitted in the Hospital Laundry . Only Sodah £1, Soap-bar 8 oz. and 3 pieces Carbolic Soap are given to all per month both permanent and temporary.	For All Class IV staff soap and sodah are inadequate. They should be supplied with (a) Soapbar—2 lbs. (b) Sodah—2 lbs. (c) Carbolic Soap—4 cks. each per month, both temporary and permanent staff. Or they should be given at the rate of Rs. 7 each per month.
	Class III.		
	(i) Only Uniform holders.	(i) Duty dresses are allowed to wash free of charge.	(i) and (ii) For all Class III staff and their families free washing should be allowed. Or they should be given washing allowance at the rate of Rs. 10 each per month.
	(ii) Office section stores, and others (who are not supplied uniforms).	(ii) Till March 1965 they and their dependants were allowed free washing but since April 1965, the whole thing is withdrawn without granting any allowance for the same.	

Excepting that in respect of the office section, store departments and others (who are not supplied uniforms), who were enjoying till March 1965 free washing benefits, other claim of the Union is rejected. The aforesaid benefits which they were enjoying till March 1965, should be given effect to again since 1st January 1969.

Then as regards issue No. 12, regarding Provident Fund contribution on each side is 8⅓ per cent. contribution on basic pay only. The claim is that such contribution is to be paid on D.A. also, but I reject this claim of the employees.

Now, coming to issue No. 14, regarding duty hours, the existing duty hours of different categories of employees are given as follows :—

Issue No. 14	Category	Existing	Claims.
Duty Hours.	Class IV	(i) Ward Boys—6 a.m. to 2 p.m. and 3 p.m. to 10 p.m.	No workman should be allowed to work more than 8 hours a day inclusive of half an hour recess in a day and all work beyond the same should be deemed as overtime.
		(ii) Sweepers—6 a.m. to 1 p.m., 1 p.m. to 9 p.m. and 9 p.m. to 6 a.m.	
		(iii) Dais—6 a.m. to 2 p.m., 3 p.m. to 10 p.m. and 10 p.m. to 6 a.m.	
		(iv) Laundry—6 a.m. to 2 p.m. (1 shift).	
		(v) Kitchen—Shifting duty.	
		(vi) Darwan—6 a.m. to 2 p.m., 2 p.m. to 10 p.m. and 10 p.m. to 6 a.m.	
		(vii) Porters—6 a.m. to 11 a.m. and 3 p.m. to 6 p.m.	
	Class III	Office Section—10 15 a.m. to 5-15 p.m. with half an hour recess.	
		Compounder and Tech. Staff—Shifting duty.	

Acccording to employees, no workman should be allowed to work more than 8 hours a day including half an hour's recess a day. But if I allow the employees' claim in this respect that would go to burden also financially the authorities. When I have fixed higher grades and higher scales of D.A. in this case the employees' claim in this respect at the present moment, is rejected.

Now, coming to issue No. 16, Medical Benefits and issue No. 17, regarding service rules, I may mention here that the existing medical benefits and the empoyees' claim in this respect have been mentioned in Ext. 7(c) last page. This issue regarding medical benefits is interconnected with the other issue No. 17, regarding service rules. (Vide Rule No. 14 of the Service Rules—Ext. B).

The employees claim for modifications in respect of Rules 2, 5, 6, 12, 13, 14, 15, 16, 18 and 19 as described in Ext. 9. I have considered carefully the employees' claim for changing of the aforesaid service rules. I add the words "after notice to the Union" giving a comma, just after the existing Rules Nos. 2 and 5. I reject the employees' claim for any amendment of Rule 6.

As regards Rule No. 12 numerical "6" shall be replaced by "12".

I amend Rule No. 13, which shall run as follows :—

"Any permanent employee and his/her wife/husband and dependant children contracting tuberculosis while the said permanent employee is in service, will be given free treatment in the hospital for a maximum period of one year at a time after which period he or she will cease to enjoy the privilege. Other dependants or relations of the employees contacting tuberculosis will not be allowed free hospital treatment as a matter of right but may apply for admission to the hospital like other patients according to the rules of the hospitals."

As regards Rule No. 14, the said Rule after amendment shall start as follows :—

"Employees, their husbands/wives and dependant children ....."

I also reject the employes' claim for all expenses, both for they themselves and his or her dependants including hospitalisation and bed, as claimed in issue No. 16. Claim for amendment of Rule 14 is also rejected. I also reject the employees' claim for amendments of Rules Nos. 15, 16, 18 and 19. Issues Nos. 16 and 17 are thus disposed of.

Next coming to the last issue No. 18, I fix the crucial date, i.e., the date from which the benefits as per this award should be given to the employees, as 1st January 1969.

This is my award.

AWARD

The Government of West Bengal, in its Labour Department, order No. 2165-I.R./IR/8L-106/67, dated the 15th April 1968, referred under section 10 of the Industrial Disputes Act, 1947, an industrial dispute between Messrs. New Hindusthan Textiles, 69/6 Ratan Sarkar Garden Street, Calcutta-7, and their workmen, to this Tribunal, for adjudication on the following issue:

Issue

Whether the closure of the factory is real and bona fide ? Whether the closure is beyond the control of the management and under the circumstances justified ? What relief, if any, are the workmen entitled to ?

The Union filed a written statement stating that on 18th June 1967 a settlement was arrived at between the parties about the allotment of minimum work in the hosiery concerned and the earnings of the workmen per week. But the Company refused to honour that agreement. So that matter was brought to the notice of the Labour Directorate by the Union by its letter, dated 24th August 1967. It was asserted that from 22rd August 1967 the factory was under lock and key. Thereafter there was lock-out without giving any notice and assigning any reason whatsoever. The Conciliation Officer tried to effect a settlement but his efforts were not crowned with success. Thereafter the present reference was made.

A written statement has been filed by the Company. It has been alleged that on 7th June 1967 there was a Gherao by the workmen for 2 days. So Sushil Kumar Ghose, proprietor, was coerced into signing the deed of agreement. Subsequently the management sent a letter to the Assistant Labour Commissioner challenging the validity of that agreement. The organisation is a small one and it was not possible to comply with the terms of that deed of agreement in regard to the guarantee of the earnings of Rs. 25 per week per workman. On 22nd August 1967 at 5 p.m., the workmen Gheraod Sushil Kumar Ghose. An information was given to the Police and thus he was rescued. By a notice, dated 26th August 1967, the Company closed down the factory. There was no lock-out as alleged. Retrenchment compensation was also sent. Since the business has been closed, there is no industrial dispute and so the reference is not tenable.

It has been argued on behalf of the Union that the Tribunal should believe the evidence of the P.W. 1. Ashutosh Saha, one of the workmen and find that there was only a lock-out and no closure. There was a mere lock-out in the garb of alleged closure. The Tribunal should further hold that the alleged closure was not beyond the control of the management and hence not justified. Consequently proper compensation should also be paid to the workmen.

It has been contended on behalf of the Company that there was an actual closure and not a lock-out of the factory because there were as many as two Gheraos of the proprietor by the workmen, vide the evidence of the O.P.W. 1 Sushil Kumar (proprietor). The notice of such closure was also issued, vide Ext. E, dated 25th August 1967. The Tribunal should believe the evidence adduced by the Company and hold that the Union cannot get any relief. The case of Sree Ramchandra Spinning Mills v. State of Madras in 1957 (1), L.L.J., 90 has been cited to show that the workmen are not entitled to any wages for the period of closure.

The agreement in question Ext. B, is dated 8th June 1967. It shows that it was agreed that each workman would get Rs. 25 per week. The O.P.W. 1 Sushil Kumar has stated that before that agreement was made, the workmen Gheraod him for 48 hours and thus, he was compelled to enter that agreement. There is nothing to disbelieve his evidence on this. The copy of the

petition sent to the Police Station, Burrabazar, Ext. 3 has been filed to show that a grievance was made to the Police in this regard.

The P.W. 1 Ashutosh Saha says that the Company did not honour the terms of that agreement and regarding that agreement, there was a dispute before the Labour Officer

This witness further says that on the night of 22nd August 1967, the workers made demands for their dues according to the terms of the agreement but they did not make any Gherao but the Company asserted that there was a Gherao. His statement in this regard is not acceptable because he has to admit in his cross-examination that on that night they (workers) were at the gate of the factory and all of them were taken to the Police Station by the Police. The O.P.W. 1 Sushil Kumar says that this Company was located in the ground floor of a rented premises and after there was Gherao on the night of the 22nd August, an information was given to the Police over the phone by a person occupying the upper storey of the premises. He also says that after that information was given, he was rescued by the Police. In the circumstances, I find nothing to disbelieve his evidence on this.

Reference may be made to the latest case of Kalingo Tubes Ltd. in A.I.R. 1968, S.C., 90, to show that if the workers stage a Gherao and on account of the Gherao the magnitude of which is not inconsequential and which is likely to result in deterioration of relations between the parties and there is also the apprehension of danger to personal safety, if the management decide to close down the undertaking, such decision could well be taken. In the instant case there was as many as 2 Gheraos. It appears from the document Ext. C that information was given to the Police on 22nd August 1967. So the deterioration of relation between the parties and the two versions of Gherao, alleged on behalf of the Company, are believed.

The P.W. 1 Ashutosh Saha does not say that the Company is still in existence or that any of the workmen is in service. The O.P.W. 1 Sushil Kumar says that he surrendered the tenancy, after he had closed down the factory on 26th August 1967, he did not renew his trade licence for 1968 and at present he sells Ganjis on the footpath at Dalhousie Square area, Calcutta. There is nothing to reject his testimony on this In this circumstances, it must be held that the industry in question is a dead one and that the factory has in fact, been closed from 26th August 1967. The management has produced the notice Ext. E to show that notice of closure was given. So the further finding follows that there was no lock-out as alleged.

The O.P.W. 1 Sushil Kumar has also stated that he hung up such notice of closure at the gate of the Company and served the same on the workmen as well, and he sent the dues of the workmen by money order, but they did not accept the same.

The O.P.W. 1 Sushil Kumar says that he was unable to pay according to the terms of the agreement because he had no means to run the factory and he was incurring loss. His statements in this regard are accepted and it is held that he was unable to implement the terms of the agreement, dated 8th June 1967, because it was not financially possible for him to make payment to the workmen in terms of the rate incorporated in the deed of agreement, Ext B. So such situation could not be avoided by him and the findings follow that the closure of the factory is real and bona fide one and after the second Gherao such closure was beyond the control of the management and under the circumstances, justified.

Reference may be made to the case of Indian Hume Pipe Company in A.I.R. 1966, S.C., 1002 to show that if the Tribunal finds that the industry has in fact been closed, it is not concerned to go into the motive of the employer in closing down the undertaking.

Then about the claim made on behalf of the workmen for payment of compensation. The case of Shree Ram Chandra Spinning Mills, cited on behalf of the Company, is of no avail to it because in that case there was only a temporary closure of the business. The provisions of the section 25FFF(1) of the Industrial Disputes Act are clear because even if the undertaking is closed on account of unavoidable circumstances or for "any reason whatsoever", compensation must be paid.

The aforesaid case of Kalingo Tubes Ltd., shows that in that case, compensation was directed to be paid according to the provisions of the section 25FFF (1) of the Act. The principle part of that sub-section (1) and also the proviso to that sub-section will indicate that where the undertaking is closed for "any reason whatsoever" or on account of "unavoidable circumstances beyond the control of the employer", compensation must be paid. In the circumstances, it is held that since the undertaking was closed down on account of "unavoidable circumstances beyond the control of the employer", the latter must pay compensation to each of the workmen, who lost service on account of such closure, under the proviso to the sub-section (1) of the section 25FFF of the Industrial Disputes Act.

The P.W. 1 Ashutosh Saha has stated that all the workmen put in more than 4 years' service under the employer. This has not been disputed. So the conclusion follows that each such workman will get compensation at the rate of his average pay for 3 (three) months.

NOTIFICATION

No. 367L.—5th March 1969.—The Governor having been pleased to order, under rule 66 of the Rules of Procedure and Conduct of Business in the West Bengal Legislative Assembly, the publication of the following Bill, together with the Statement of Objects and Reasons which accompanies it, in the *Calcutta Gazette*, the Bill and the Statement of Objects and Reasons are accordingly hereby published for general information:—

BILL NO. 1 OF 1969

THE CALCUTTA *THIKA* TENANCY STAY OF PROCEEDINGS (TEMPORARY PROVISIONS) BILL, 1969.

A

BILL,

to provide for the temporary stay of proceedings for ejectment of thika *tenants.*

WHEREAS it is expedient, pending the enactment of further legislation, to provide for further temporary stay of proceedings for ejectment of *thika* tenants;

It is hereby enacted in the Twentieth Year of the Republic of India, by the Legislature of West Bengal, as follows:—

Short title, extent, commencement and duration.

1. (*1*) This Act may be called the Calcutta *Thika* Tenancy Stay of Proceedings (Temporary Provisions) Act, 1969.

(*2*) It extends to the areas to which the Calcutta *Thika* Tenancy Act, 1949 extends.

(*3*) It shall come into force on the 26th day of March, 1969 and shall remain in force up to and inclusive of the 25th day of March, 1970.

West Ben. Act II of 1949.

Definition.

2. In this Act, the expression "*thika* tenant" has the same meaning as in the Calcutta *Thika* Tenancy Act, 1949.

Stay of proceedings for ejectment of *thika* tenants.

3. Notwithstanding anything contained in the Calcutta *Thika* Tenancy Act, 1949 or in any other law for the time being in force,—

(*a*) all applications for ejectment of *thika* tenants,

(*b*) all appeals from orders made on such applications, and

(*c*) all proceedings in execution of orders for ejectment of *thika* tenants,

under the provisions of the Calcutta *Thika* Tenancy Act, 1949, which are pending at the date of commencement of this Act or which may be made, preferred or commenced after such date but before the expiry of this Act, shall be stayed for the period during which this Act continues in force. West Ben. Act II of 1949.

Saving of limitation.

4. In computing the period of limitation prescribed by any law for the time being in force for an application for the ejectment of a *thika* tenant or for an appeal from an order made on such application or for the execution of an order for ejectment of a *thika* tenant, the period during which the Calcutta *Thika* Tenancy Stay of Proceedings (Temporary Provisions) Act, 1968 remained in force and the period during which this Act continues in force shall both be excluded. President's Act 3 of 1968.

STATEMENT OF OBJECTS AND REASONS.

The Calcutta *Thika* Tenancy Act, 1949 was enacted to regulate the relationship between the landlords and the tenants in respect of *thika* tenancies in Calcutta and Howrah. The existing provisions of the Act were not considered adequate for the protection of the legitimate interests of the *thika* tenants. Fundamental amendment to the Act was, therefore, considered essential. While finalisation of comprehensive proposals for amendment would have taken time, it was considered necessary to undertake interim legislation to suspend temporarily all proceedings for ejectment of *thika* tenants.

2. Accordingly the Calcutta *Thika* Tenancy Stay of Proceedings (Temporary Provisions) Ordinance, 1967, was promulgated on the 26th August, 1967. The provisions of the Ordinance which were to expire on the 9th January, 1968 were continued by promulgation of the Second Ordinance on the 5th January, 1968. Consequent on the imposition of the President's Rule in the State the provisions of the Ordinance were re-enacted in the Calcutta *Thika* Tenancy Stay of Proceedings (Temporary Provisions) Act, 1968 (President's Act 3 of 1968) staying eviction proceedings up to the 25th September, 1968. By President's [illegible] of 1968 the life of the Calcutta *Thika* Tenancy Stay of Proceedings (Temporary Provisions) Act, 1968 was further extended up to the 25th March, 1969.

3. As fundamental amendments of the Act require careful consideration and detailed examination, keeping in view the different aspects of the problem, it is considered necessary, pending the enactment of suitable legislation for the purpose, to provide for further temporary stay of proceedings for ejectment of *thika* tenants for a period of one year more beyond the 25th day of March, 1969.

4. The Bill has been framed with the above object in view.

AWARD

By the Government of West Bengal, I ment, order No. 4225-I.R./IR/10L-14 the 3rd November 1966, this indu between Messrs. Jessop & Co. Ltd., and their workmen represented by Jessop's Employees' Union, was referred to this Tribunal under section 10 of the Industrial Disputes Act for adjudication upon the issue mentioned below.

Issue

Whether transfer of Sarbasree Jagabandhu Ghosal, Ashoke Ghosh, Sukumar Pan, Rampal Pandey, Amal Dutta, Sitala Prosad Misir, Jogproshad Ahir, Hari Jadyav and Haripada Chaudhury, sub-staff from Head Office, Calcutta, to Dum Dum Works and their employment as manual workers with attendant conditions of employment are justified? To what relief, if any, are the workmen individually entitled?

On receipt of the reference usual notices were served on the parties, and they appeared and filed their respective written statements and necessary documents. Thereafter the case passed through several

adjournments at the instance of the parties and ultimately 25th January 1969 was the date fixed for the hearing of the case. On that date both the parties appeared and filed a joint petition before the Tribunal stating that the parties had amicably resolved the dispute between them which formed the subject-matter of reference for adjudication by the Tribunal. The terms of agreement resolving the dispute were given in the schedule to their joint petition to the Tribunal. It was the prayer of the parties in their petition that on the basis of the terms of agreement as per the schedule to their joint petition, a 'no dispute' award might be passed by the Tribunal in respect of the present reference in question.

I have perused the conditions agreed upon by the parties, as enumerated in the schedule to the joint petition of compromise, for the dissolution of the dispute. The conditions appear to be fair, reasonable and lawful, and I accept them.

I, therefore, pass this award in terms of the settlement between the parties, as enumerated in the schedule to their joint petition of compromise. This schedule containing the terms and conditions of the settlement is annexed to this award as 'Annexure 1' forming a part thereof.

AWARD

By the Government of West Bengal, Labour Department, order No. 4015-I.R./IR/11L-186/65, dated the 19th August 1967, an industrial dispute existing between Messrs. Harrisons & Crossfield Ltd., 6 Church Lane, Calcutta-1, and their workmen represented by Harrisons & Devenport Employees' Union, 7 Krishna

Laha Lane, Calcutta-12, was referred to this Tribunal under section 10 of the Industrial Disputes Act, 1947, for adjudication in respect of the following issue :

Issue

Whether the employees are entitled to any additional bonus for the year ending on 30th June 1964? If so, what should be the amount?

Admittedly the Company being Messrs. Harrisons & Crossfield is a British concern with activities all over the Globe. The Company also in its Calcutta Branch employ about 73 employees. The financial year of the Company is admittedly from July to June of the next year.

The Union in its written statement contended inter alia that besides the Profit Bonus available on the basis of the profit of the Company of the preceding year, the workmen in the Company get as a condition of service or as a customary bonus of one month's wage, basic plus D.A. as Puja Bonus on the eve of the Pujas, which payment was being made continuously for a long period. Even in the year 1962-63, the Company at the intervention of the Assistant Labour Commissioner, West Bengal, paid an additional bonus of 2½ months' basic salary besides usual Puja Bonus. On 16th December 1964, the Union by a letter, dated 16th December 1964, requested the management for a joint discussion, as in previous years, to come to a mutual settlement as to the quantum of profit bonus for the year 1963-64, in addition to the Puja Bonus (vide Annexure A of the written statement). The Company in reply thereto by letter, dated 18th December 1964, refused to sit in a joint discussion till the Government announced its decision on the recommendation of the Bonus Commission and further pleaded in advance that there was no likelihood of any available surplus for the payment of profit bonus. Then the Union by a letter, dated 18th January 1965 [vide Ext. 5(b)] requested the Company to supply a copy of the profit and loss account for the year 1963-64 to enable the Union to scrutinise the same and find out the amount of available surplus for themselves. Then the Company by a letter, dated 20th January 1965, gave reply to the effect that they had nothing to add to the letter, dated 18th December 1964. The Union again by a letter, dated 22nd January 1965, requested the Company to sit for a joint discussion to come to a mutual settlement over this matter and the Company in reply thereto by the letter, dated 29th January 1965 [vide Ext. 5(c)] evaded all questions at issue and repeated their old plea. Then the workmen of the Company made representation to the Labour Commissioner by a letter, dated 1st February 1965, for intervention. Conciliation proceedings started and the Company having submitted a copy of the profit and loss accounts for the years 1963-64, the Union by a forwarding letter, dated 2nd April 1966, filed a calculation to the Company justifying payment of Rs. 70,200 as bonus for distribution to the workmen. Section 33 of the Payment of Bonus Act having been struck down by a decision of the Supreme Court in the meantime, a fresh approach under the Full Bench Formula was attempted to by the Conciliation Officer and the Union submitted a fresh calculation on the basis of the same, showing an amount of Rs. 1,09,085 available for distribution as additional bonus for the year 1963-64 [vide Annexures C and D of the written statement and also Exts. 6 and 6(a)]. According to the Union, on a proper calculation, the net profit of the Company would appear to be much more than what shown as the balance. The Company however, showed certain extraneous and mala fide expenses under the heading "depreciation", "head office expenses" and the like. Finally the conciliation failed and the instant order of reference for adjudication of the aforesaid issue was made.

The Company in their written statement denied the allegations of the Union in its written statement and contended inter alia that the bonus paid in a previous year is not material to the point at issue. The calculation of the Union purporting to show the feasibility of payment of Rs. 70,200 as bonus to the workmen is incorrect and unfounded. The Company also denied that an amount of Rs. 1,09,085 and even Rs. 43,000 was available for distribution as additional bonus for the year 1963-64 and that the net profit would be any sum bigger than what is shown in the balance-sheet. According to the Company the expenses over items "travelling expenses", provision for "furlough salary" and "travelling", "interest" and "depreciation" are extraneous expenses liable to the added back. Expenses on these items and other expenses incurred in the year are legitimate business and staff expenses which are allowed by the Income Tax Authorities and should be allowed as such. The Union's allegation of mala fide regarding the expenses shown under the heading "Depreciation" and "Head Office expenses" have been denied and according to the Company authorities, such expenses are legitimate and justifiable. These expenses have been allowed by the Income Tax Authorities for Tax Assessment. According to the Company, Annexure D [Ext. 6(a)] of the written statement of the Union shows no surplus for payment of any additional bonus. The Company also filed another statement along with their written statement made according to L.A.T. formula which shows that there is no available surplus for any additional bonus for the year in question.

On behalf of the Union, Shri P. K. Baral, who is an employee of the Company and also the Joint Secretary of the Union has been examined as the sole witness. On the other hand Mr. P. A. L. Pepys, the Accountant of the Company, Calcutta Branch, has only been examined. Several documents were exhibited on behalf of both the sides. It is undisputed in this case that every year before Pujas, the Company pay one month's wages to each of their employees as Puja Bonus, and actually paid such bonus even for the year in question, i.e., for the year 1963-64. It is further admitted that over and above this Puja Bonus, the Company also paid every year to their employees as profit bonus and further for the year ending 30th June 1963 on the basis of a tripartite settlement (Ext. 7, dated 18th May 1964), the Company paid to all employees, who were in Company's service on 30th June 1963, three months' basic pay (additional) as profit bonus. The simple question in this case is whether any additional (profit) bonus should also be paid to the employees of the Company for the year ending 30th June 1964. According to the Company, no available surplus is there to distribute the same to the employees. On the other hand, Union's case is that at least 5 months' pay for each employee is available as surplus to be distributed to the employees as such bonus for the year ending 30th June 1964. It is undisputed in this case further that such bonus

is to be calculated on the Full Bench Formula. A copy of the Company's previous calculation on the basis of a Full Bench Formula has been marked as Ext. 6(a) (vide also Ext. 6 in this connection a statement regarding computation of additional profit bonus for the year ending 30th June 1964). Now, the Union's claim in this case can only be considered if there is any surplus after deducting prior charges and in consideration of the bonus already paid. The profit and loss account of the Company has been filed and marked as Ext. A in this case. It appears from the same that the Calcutta Branch share of the Head Office expenses amount to £7419 corresponding to Rs. 98,920. Deduction on this account to the said extent of Rs. 98,920 has been challenged on behalf of the Union. It appears from Ext. E series, the correspondences received from the Head Office at London by the Calcutta Branch Office that the Calcutta Branch share of the Head Office expenses amount to this figure of Rs. 98,920. It is in evidence that this amount has been passed as such by the Income Tax Authorities in the past years. I do not find any ground to disbelieve Ext. E series. The fact that in the year 1953, there was much lesser amount paid by the Calcutta Branch Office on this account does not show at all that for the year in question, the share in Calcutta Branch cannot be Rs. 98,920. Calcutta Branch share on Head Office expenses which has been allocated by the Head Office of the Company, will appear from Ext. E. Accordingly I allow this sum of Rs. 98,920 claimed on behalf of the Company as the Calcutta Branch's share of the Head Office expenses. The net profit as per the profit and loss accounts of the Company is Rs. 1,20,485. From this amount, if we deduct Calcutta Branch share of Head Office expenses (vide Ext. E.), the balance stands at Rs. 21,565. To this amount, we shall have to add (1) provision for taxation, to the extent of Rs. 11,856; (2) provision for depreciation Rs. 9,877, and (3) also interest on capital Rs. 16,902 which amounts will also appear from the profit and loss account of the Company. Another sum of Rs. 19,088 will also be added as bonus included in the profit and loss account. Another sum of Rs. 23,310 is also to be added as bonus for the year 1962-63 which was paid in 1964. Provision for furlough salary and travelling to the extent of Rs. 41,477 and another sum of Rs. 9,600 for U.S.A. travel are to be added. If we add these sums with Rs. 21,565 the total comes to Rs. 1,50,675. From this sum, we shall have to deduct several amounts on account of different items Actual furlough salary and travelling payment of Rs. 22,746 is also to be deducted. No objection was raised on behalf of the Union for deduction of this sum. Rs. 26,610 the amount of actual U.S.A. tour expenses is also to be deducted and no objection was also raised on behalf of the Union on the deduction of this sum. Company also wants to deduct another sum of Rs. 16,174 as notional normal depreciation. The Union objects to the deduction of this sum of Rs. 16,174 on account of depreciation But the claim of depreciation to the extent of Rs. 16,174 is based upon evidence. Ext. D(1) is a claim of depreciation for the year in question. This is an Annexure of the Company's Income Tax Return, on the basis of list of assets maintained in Calcutta, on which notional normal depreciation is allowed. So, I allow this sum of Rs. 16,174 to be deducted as the notional normal depreciation. If we deduct the aforesaid three sums, the balance comes to Rs. 85,145. The next item of deduction is on account of Income Tax at 65 per cent. on this sum of Rs. 85,145, i.e., a sum of Rs. 55,384. Shri D. L. Sen Gupta, Advocate, appearing for the Union contended that the Income Tax should not be deducted at this stage, and bonus should first be paid so that the Company could get rebate on the same. But this rate of 65 per cent. is admitted and this initial deduction of income tax on the amount of gross profit arrived at and taking out normal depreciation a payment of expenses is in accordance with the procedure in Associated Cement's case has been approved. So, the deduction of Income Tax at this stage on the total gross profit arrived at by adding all the items mentioned above in the bonus calculation and taking out normal depreciation and actual payment of expenses is in accordance with the Full Bench Formula Thus the balance after deducting Income Tax at 5 per cent. comes to Rs. 29,801. From this sum, return on capital at 6 per cent. (on Rs. 1,79,259 and return on reserve at 4 per cent. (on Rs. 76,792) have to be deducted from the aforesaid sum of Rs. 29,801. On behalf of the Union it has been contended that part of the Company's total capital used in Calcutta business, has not been shown separately in the profit and loss accounts. The register of fixed assets [Ext. D(1)] which shows a break down capital has been maintained and the value of such assets is also mentioned therein. The return of 6 per cent. on the money blocked and used in this manner is justified and permissible. So, on the aforesaid ground the return and reserve at 4 per cent. on Rs. 76,792 must also be allowed. If we deduct the aforesaid calculated sums, which stand at Rs. 11,355 and Rs. 3,071, the balance stands at Rs. 15,375 which I accept as the

available surplus for the year 1963-64 according to the Full Bench Formula. Workmen's share of 50 per cent on this sum comes to Rs 7,688. But during this year a sum of Rs. 19,500 was actually distributed as Puja Bonus amongst the employees.

I stated below the bonus calculation according to the Full Bench Formula from the balance-sheet and the profit and loss accounts for the year 1963-64 of the Company Ext. A, and also as the evidences adduced before me in this case:

BONUS CALCULATION

1. Company's original Bonus calculation is Exhibit 6(a).

2. Company's calculation of Bonus according to Full Bench Formula as from Balance Sheet and Profit & Loss Accounts and evidence before the Tribunal :

Net Profit as per Profit & Loss Accounts :		Rs. 1,20,485.00
Deduct—Calcutta Branch share of Head Office expenses		Rs. 98,920.00
		Rs. 21,565.00
Add :		
Provision for taxation :	Rs. 11,856.00	
Provision for Depreciation	Rs. 9,877.00	
Interest on Capital :	Rs. 16,902.00	
Provision for Bonus :	Rs. 19,088.00	
Bonus 1962-63 paid in 1964 :	Rs. 20,310.00	
Provision for Furlough Salary and Travelling Payment :	Rs. 41,477.00	
Provision for U.S.A. travel :	Rs. 9,600.00	Rs. 1,29,110.00
		Rs. 1,50,675.00
Deduct :		
Notional Normal Depreciation :	Rs. 16,174.00	
Actual Furlough Salary and Travelling Payment :	Rs. 22,746.00	
Actual U.S.A. Tour expenses :	Rs. 26,610.00	Rs. 65,530.00
		Rs. 85,145.00
Deduct—Income tax at 65 per cent. (on 85, 145)		Rs. 55,344.00
		Rs. 29,801.00
(1) Return on Capital at the rate of 6 per cent. (on Rs. 1,89,250) :	Rs. 11,355.00	
(2) Return on Reserve at the rate of 4 per cent. (of 76,792.00) :	Rs. 3,071.00	Rs. 14,426.00
Available surplus :		Rs. 15,375.00
Workmen's share 50 per cent. of Rs. 15,375 :		Rs. 7,688.00
Bonus already paid :		Rs. 19,500.00
Excess Bonus Paid :		Rs. 11,812.00

Calculation of the sum of capital fixed assets and calculation of the sum on reserve from the profit and loss accounts of the Company may also be stated as follows :

(1) Capital :	
Fixed Assets :	Rs. 1,61,599.00
Opening Balance	Rs. 27,660.00
Total :	Rs. 1,89,259.00
(2) Reserves :	
Furlough :	Rs. 42,186.00
A.R.S. & Bonus :	Rs. 30,560.00
Developement Rebate :	Rs. 4,046.00
Total :	Rs. 76,792.00

Accordingly, I hold that as there is no available surplus to be distributed as bonus amongst the employees for the year ending 30th June 1964, and that the employees of the Company are not entitled to any additional bonus for the year ending 30th June 1964.

I further hold that there is no amount, according to the balance sheet of the Company and the evidences on record before this Tribunal, available for distribution as additional bonus for the year in question amongst the employees.

This is my award.

AWARD

By the Government of West Bengal, Labour Department, order No. 5156-I.R./IR/7L-5/67, dated the 17th July 1968, an industrial dispute existing between Messrs. Birla Jute Manufacturing Co. Ltd., Calcium Carbide Division, P.O. Birlapur, 24 Parganas, and their workmen represented by Calcium Carbide Factory Workers Union, village and P.O. Chak Kasipur, 24-Parganas, was referred under section 10 of the Industrial Disputes Act, 1947, to this Tribunal for adjudication, in respect of the following issue :

Issue

Whether the Company was justified in dismissing the following workmen ? What relief, if any, are they entitled to ?

(i) Shri Kameswar Pandey,
(ii) Shri Sudama,
(iii) Shri Suraj Deo,
(iv) Shri Motilal,
(v) Shri Janakdhari,
(vi) Shri Chandrama Ram.

Usual notices were served on the Company as well as the Union from this Tribunal, after receipt of the order of reference.

The Union appeared and filed its written statement on 19th August 1968 contending inter alia that the concerned workmen had been working in the above factory for considerable length of time with uniform good record of service. As they began to organise the present Union, the management became greatly annoyed with them and tried to find out opportunities to victimise them and openly gave such impressions to their intentions. On the 16th November 1967, at about 5 p.m. Shri Kameswar Pandey, Moti Lal, Janakdhari and Chandrama Ram were actively engaged in the Factory and two others Shri Sudama and Suraj Deo, not being on duty that time that day, were in their own quarters and were engaged in their private work. None of them was in any way connected with the alleged besieging and wrongfully confining management personnel under threat of violence and dire consequences or in confining them or keeping them confined till they were rescued by the Police authorities, and/or abusing them in filthy language and intimidating them. Such allegations in the charge-sheets issued to the workmen are without any foundation whatsoever and are basically wrong. The workmen submitted their explanations against the charge-sheets. On the date of enquiry, the enquiry officer on their insistence to have them represented by an English knowing person, viz., by Shri Murari Mohan Mukherji, allowed Shri Mukherji to participate in the enquiry ; but after a while, on intimation from the Manager over the telephone, the enquiry officer refused to allow Shri Mukherji to remain at the enquiry and as a result, the workmen became seriously prejudiced. The enquiry officer conducted the enquiries without any regard to the principles of natural justice and the statements made by the witnesses were

not properly recorded. Proper opportunities were not also given to the workmen to represent their case. The enquiry officer also bullied the witnesses and forced to obtain answers according to his intentions from the management's witnesses. Due protests in writing were made against the manner of proceeding with the enquiry by the enquiry officer. In the circumstances, mentioned above, it has been alleged that the enquiry was wholly vitiated and the same was merely a sham one. It is a case of clear victimisation for union activities. It has been prayed that as the Company was not justified in dismissing the concerned workmen, they should be reinstated with back wages.

The Company in their written statement filed on 28th August 1968, denied the allegations made in the aforesaid written statement of the Union and contended inter alia that the workmen concerned engaged themselves in acts of gross and major misdemeanours on the 16th day of November 1967, the narration of which is contained in the charge-sheets issued to them ; (vide Exts. E(1) to E1(e)). It has been asserted that the workmen indulged themselves in gross indiscipline and prejudicial acts when they wrongfully confined the management personnel under threat of violence and dire consequences, abused them in filthy languages and kept them confined on 16th November 1967, when ultimately they were rescued by the intervention of the Police, and thus it was for such acts of major misdemeanour that the Company issued the said charge-sheets to the six concerned workmen and others, in the interest of maintenance and administration of discipline at the works. The charge-sheets served upon the concerned workmen contained allegations, which are correct, just and bona fide and were in accordance with the Company's certified standing orders. The allegations that the charge-sheets served upon the workmen with the ulterior motive of victimising them has been denied. The Company was within its legal right and rightful competence to refuse representation of the workmen concerned at the domestic enquiry by an outsider, who was not a fellow or co-worker of the workmen concerned. It has been asserted that the domestic enquiry conducted into the case of the workmen concerned was wholly in keeping and in conformity with the principles of natural justice, and that the said enquiry proceedings were legal, proper, just and bona fide. There has been no violation of any of the principles of natural justice. The dismissal of the workmen are wholly just, bona fide, legal and warranted by the circumstances of the case. The Company thus prayed that the dismissal of the workmen concerned should be held just, bona fide and legal.

In an additional written statement filed on behalf of the Union on 9th September 1968 denied the allegations of the Company in their aforesaid written statement. It has been asserted that none of the workmen indulged themselves in any acts of indiscipline or any prejudicial acts as alleged by the Company and as such charge-sheets served upon the workmen are wholly mala fide and vindictive. According to the Union, the proceedings were recorded in English after Shri Mukherji was disallowed to participate in the enquiry, and accordingly the workmen concerned did not get any opportunity of knowing how the proceedings were being recorded and they were completely in the dark as to what was recorded in the proceedings which were conducted in violation of all principles of natural justice.

In all, 12 witnesses were examined on behalf of the Union, including the six concerned workmen who are P.Ws. 1 and 3 to 7. P.W. 2 Yasin Ali Molla is an employee in the same Calcium Carbide Factory, where all the concerned workmen also work. He is also the General Secretary of the Union in question. It was this Yasin Ali Molla, who represented all the concerned workmen throughout the enquiry proceedings against the workmen. All the P.Ws. 8, 9, 10 and 11, who are also employees of the same Calcium Carbide Factory, deposed and were examined as defence witnesses by the different concerned workman before the enquiry officer. On the other hand, the Labour Officer of the concern, Messrs. Birla Jute Manufacturing Co. Ltd., who held the domestic enquiries against the concerned workmen, has been examined as D. W. 1. He is Shri L. C. Kumbhat. Shri S. S. Rungta, the Assistant Factory Manager of Calcium Carbide Factory, who deposed before the enquiry as the first witness of the Company, has also been examined in this case as the Company's witness before this Tribunal. He has been examined only to deny the allegations of the concerned workmen before this Tribunal that it was he who threatened the concerned workmen and others to leave the Union in question.

After the close of the Union's case by way of examining 12 witnesses and just after examination of the enquiry officer, D.W. 1 Shri L. C. Kumbhat, I may mention here that a petition was filed on behalf of the Union on 19th December 1968 before this Tribunal, for disallowing or rejecting the Company's prayer for examining any other witness including Shri S. S. Rungta. On hearing both sides' representatives on this petition and also a written objection filed on behalf of the Company on 30th December 1966, I allowed the Company to adduce further evidence only on the question of fairness of enquiries and victimisation, with the clear understanding that the Company would not be estopped to adduce further evidence on the merits of the case afterwards, if necessary, and in that case, the workmen will be allowed to adduce any further evidence, if they so choose (vide order No. 22, dated 4th January 1969). Accordingly, Shri S. S. Rungta was examined before me only on the question of fairness of enquiries and victimisation.

On the allegations that at about 5 p.m. on 16th November 1967, the concerned workmen and others besieged and wrongfully confined the management personnel under threat of violence and dire consequences and kept them so confined

till they were rescued by Police authorities after several hours and for abusing the management personnel in filthy language and for intimidating them, the six concerned workmen in this case and also two others were charge-sheeted on 23rd November 1967, [vide Exts. E1 to E1(e) the copies of the charge sheets to the concerned workmen]. The concerned workmen including Shri Janakdhari, submitted their written explanations [vide Exts. E2 to E2(e)] on the 30th November 1967 and Janakdhari on 11th December 1967. The notices of enquiry, dated 5th December 1967, were then served on the concerned workmen [vide Exts. E3 to E3(e)]. Then admittedly D.W. 1 Shri L. C. Kumbhat started domestic enquiries on 6th December 1967 against all the concerned workmen and two others at a time. As Janakdhari was absent on 6th July 1967 and on subsequent days, his case was being enquired into subsequently by D.W. 1 in another enquiry proceedings starting on 21st December 1967. The enquiry proceedings against 5 concerned workmen and two others were concluded by D.W. 1 on 20th December 1967. The enquiry proceedings against Janakdhari were concluded on the next day, i.e., on 21st December 1967. Exts. E8 and E10 are the two enquiry proceedings ; the first for five concerned workmen and two others and Ext. E10 is for Janakdhari. D.W. 1 then submitted his enquiry report, dated 24th December 1967, in respect of the enquiry into the cases of the five concerned workmen Motilal, Chandrama Ram, Suraj Deo, Sudama Mishra and Kameswar Pandey and two others, Dhaneswar and Satiram, also employees of the Calcium Carbide Factory. Ext. 9 is the said report. By this report the enquiry officer found the aforesaid first named five persons guilty to the allegations as per the charge-sheet and he also came to the conclusion that as regards the latter two Dhaneswar and Satiram, the charges could not be proved and as such they were exonerated of all the charges levelled against them under certified standing orders of the Company. The enquiry officer in his another report, Ext. 11, dated 25th December 1967, found Janakdhari guilty to the allegations levelled against him as per the charge-sheet, and under the certified standing orders of the Company. The authorities accepted the findings of the enquiry officer and by six letters of dismissals [Exts. E4 to E4(e), all dated 26th December 1967], dismissed all the six concerned workmen with immediate effect. The Union took up the cause of the concerned workmen and applied before the Labour Directorate for intervention in this matter. There were conciliation proceedings resulting to the instant order of reference.

Undoubtedly the management of a concern has power to direct its own internal administration and discipline ; but the power is not unlimited and when a dispute arises, industrial tribunals have been given the power to see whether the termination of services of workmen is justified and to give appropriate relief. In cases of dismissal on misconduct, it should be remembered, that the Tribunal does not act as a Court of Appeal and substitutes its own judgment for that of the management. The Tribunal will only interfere—

(1) where there is a want of good faith,

(2) where there is victimisation or unfair labour practice,

(3) where the management has been guilty of a basic error or violation of any principle of natural justice ; and

(4) when on the materials, the finding is completely baseless or perverse.

It is admitted in this case that all the concerned workmen were all along present during the course of the two enquiry proceedings respectively held against them. Shri Yasin Ali Molla (P.W. 2) was also allowed to be present by the enquiry officer at the time of the enquiry proceedings as a representative of the workmen. The workmen also personally cross-examined the Company's witnesses. Yasin Ali Molla also cross-examined most of the witnesses. Shri Sanyal appearing on behalf of the Union has attacked the enquiry proceedings first on the ground that the enquiry officer did not allow the other two gentlemen Shri Murari Mohan Mukherji and Shri Nagen Bag to be present during the enquiry proceedings as representatives of the workmen along with Shri Yasin Ali Molla, on the ground that Shri Murari Mohan Mukherji was an English knowing person and he would be the competent person to explain the proceedings in vernacular The proceedings of the enquiry were taken down by the enquiry officer in English, and as such, according to Shri Sanyal, the enquiry proceedings have been vitiated. According to Shri Sanyal further, the enquiry proceedings have not been explained in Hindi, the vernacular of the concerned workmen. It is true, that the enquiry officer did not allow Shri Murari Mukherji and Shri Nagen Bag to represent the workmen during the enquiry proceedings. The reasons, according to D.W. 1 Shri L. C. Kumbhat is that they are not connected with the Calcium Carbide Factory while all the concerned workmen admittedly used to work there. Under Messrs. Birla Jute Manufacturing Co. Ltd., Calcium Carbide Factory, Staple Fibre Factory, Jute Mills and several other factories are being run as different divisions. It has also transpired in evidence that there are separate registered unions of the aforesaid several divisions, including Calcium Carbide Factory. It is also admitted in evidence on behalf of the Union that Shri Murari Mohan Mukherji does not work in any Birla concern there and he is the General Secretary of Staple Fibre Workers' Union, the registered Union of workers of Staple Fibre Factory. He is thus completely an outsider in relation to the workers of Calcium Carbide Factory. Shri Nagen Bag is also admittedly working at Birla Jute Mills and he is the General Secretary of Birla Jute Manufacturing Workers' Union. He is thus in no way connected either as an employee of Calcium Carbide Factory or with the Calcium Carbide Factory Workers' Union, of which all the concerned workmen are members. It is

P.W. 2 Yasin Ali Molla, who was all along present as a representative of the concerned workmen during the enquiry proceedings against them, is a co-worker of the concerned workmen and is also the General Secretary of Calcium Carbide Factory Workers' Union. Thus, both Shri Murari Mukherji and Shri Nagen Bag are outsiders in relation to the workers of Calcium Carbide Factory. It has been contended on behalf of the Union that Shri Kumbhat though allowed Shri Murari Mukherji to be present during the enquiry proceedings starting from 6th December 1967, after a telephonic conversation with one Mr. Dadu, one of the management staff, Shri Kumbhat refused Shri Murari Mukherji to be present as the workers' representative during the enquiry proceedings against them. A petition Ext. U(1) (d) was admittedly filed by Yasin Ali Molla on 6th December 1967 before D.W. 1, but this petition nowhere shows that either Shri Murari Mukherji or Shri Nagen Bag was present before the enquiry officer on 6th December 1967 to work as a representative of the concerned workmen. D.W. 1 categorically stated that neither Shri Murari Mohan Mukherji nor Shri Nagen Bag was present personally before him on 6th December 1967 when the enquiry proceedings were being started, though on the same date the petition Ext. U(3) signed by the concerned workmen praying for their representation by the aforesaid three persons during the enquiry proceedings, was filed. P.W. 2 Yasin Ali Molla in his cross-examination admitted that the persons who attended the enquiry proceedings on 6th December 1967 and on subsequent dates, did always sign the pages of the enquiry proceedings written in the hands of the enquiry officer; but the enquiry proceedings against the five concerned workmen excepting Janak Dhari and two others Ext. E(8), does not show at all that Shri Murari Mukherji and Shri Nagen Bag were actually present before the enquiry officer on 6th December 1967. I may mention here that P.W. 2 Yasin Ali Molla in his chief denied Ext. E8, on being shown to him, to be the original enquiry proceedings starting on 6th December 1967 on the ground that he actually signed all the pages of the same and as his signatures do not appear in all the pages of Ext. 8. But in cross-examination, he admitted that the pages of the enquiry proceedings are all double sheeted and that his signatures appear at least in one sheet of these double sheeted papers. Now, in my opinion, D.W. 1 the enquiry officer did do no wrong in disallowing the workmen to be represented by two outsiders in the Calcium Carbide Factory and also to the Union. The workmen against whom an enquiry is being held by the management has no right to be represented at such enquiry even by a representative of his own Union, though the employer in his discretion can and may allow him to be so represented and it cannot be said that in any enquiry against a workman, natural justice demands that he should be represented by a representative of his Union. It has been held in a Supreme Court case that refusal by the enquiry officer to the workmen being represented at the domestic enquiry by an outsider would not vitiate the enquiry. It appears that the enquiry proceedings were actually held in presence of the workmen concerned, and their representative, P.W. 2 Yasin Ali Molla. I have already mentioned above that admittedly the Company's witnesses were cross-examined by the workers and by P.W. 2. It is further admitted that Shri C. V. Nevatia, the senior executive in the Head Office of the Calcium Carbide Factory and formerly the Manager of the same factory, conducted the Company's case before D.W. 1 the enquiry officer. According to all the concerned workmen, Shri Nevatia was very good to the concerned workmen when he was the Manager of the factory. P.W. 1 admitted that they used to rely on Shri Nevatia, the previous Manager. Shri Nevatia was admittedly all along present during the enquiry proceedings against the workmen. Proper opportunities were given to the concerned workmen to defend them fully. P.W. 1 and P.W. 7 are Matriculates. It is also admitted by P.W. 1 and also P.W. 2 that the enquiry officer read over and explained the contents of the enquiry proceedings in Hindi and that then they signed all the pages of the proceedings along with all other workmen. On the aforesaid admitted evidences on record it can hardly be said that the workmen were prejudiced on account of the fact that they had no knowledge of English and that the enquiry proceedings have been recorded in English. On the evidences on record I also hold that proper opportunities were actually given to the workmen to represent their case fully.

Next it has been contended by Shri Sanyal that as the charges framed are basically wrong and mala fide [vide Exts. E(1) series], on the ground that there was no incident on 16th November 1967 at about 5 p.m., the entire proceedings are void; but it is admitted by the concerned workmen and also P.W. 2 that there was some incident and golmal on 16th November 1967 at about 5 p.m. Yasin Ali Molla admitted that actually there was a gherao on 16th November 1967. Shri Sanyal has drawn my attention to a statement in the G.D. Entry of that date [Ext. U(5)]. According to the said G.D. Entry [vide page 4 of Ext. U(5)], there was gherao at about 4 p.m. on 16th November 1967. But this is a statement not of any officer of the Company, but it is a statement of a Police Officer, who has not been produced before me on behalf of the Union. This also relates to the merits of the case. So, I do not rely on such statement in the G.D. Entry [Ext. U(5)] specially when it is an admitted case before me that there was golmal and gherao of the officers that day on 16th November 1967 at about 5 p.m., by the workers of Calcium Carbide Factory. In this case, it has been contended on behalf of the Union that four of the concerned workmen were actually working in the factory during the relevant time and that the other two—Sudama Mishra and Surojdeo Singh were in their respective quarters during the relevant time. But these also relate to the merits of the incident. It should be remembered in this connection that neither the Secretary (P.W. 2) nor the Assistant Secretary of the Union, has been charge-sheeted in this case.

Next, it has been contended by Shri Sanyal that D.W. 1 Mr. Kumbhat being the Labour Officer of Birla Jute Mills and being aware of all the facts of the incident at least on the date of the enquiry proceeding, by way of acting on behalf of the Company at the time of tri-partite settlement taking place just after the incident on 16th November 1967 resulting to the settlement, dated 26th November 1967 [vide Ext. U(4)], on the basis of which the strike following the incident on 16th November 1967, was withdrawn, should not have conducted the enquiry. Admittedly, Shri Kumbhat represented the employers at the time of conciliation proceedings and he also admittedly signed the settlement as one of the representatives of the employers. But this fact does not prove that actually Shri Kumbhat was in the know of all the facts of the incident regarding gherao and intimidation which undisputedly had taken place on 16th November 1967. According to Shri Kumbhat on the date of signing this settlement i.e. on 26th November 1967, he had no full knowledge of the details of the incident on 16th November 1967. He further stated that at about 8 p.m. on 16th November 1967, he came to know that there was some golmal in the Calcium Carbide Factory on that date. He only heard that the officers have been gheraoed in the Calcium Carbide Factory. Merely because D.W. 1 had some knowledge of the charge or of the facts relating thereto, it could not be laid down that he is disqualified from holding the enquiry and that he should necessarily delegate that function to a third party. It has been held that a domestic Tribunal cannot be prevented irrespective of the circumstances, from acting upon facts within the personal knowledge of that Tribunal. For instance, an extreme illustration could be given where a worker might have assaulted an employer, who later constitutes himself a Tribunal in the privacy of the room of the employer. It would be manifestly absurd to argue that the employer cannot act upon these facts within his knowledge to proceed against the worker, for misconduct. But this is not the case in the instant order of reference. According to D.W. 1, he is the Labour Officer employed under Messrs. Birla Jute Manufacturing Co. Ltd., in their Jute Mills, a separate entity from Calcium Carbide Factory. D.W. 1 is paid from the Jute Mills. On the asking of the common President D.W. 1, on occasions, advises on Labour matters in respect of several other concerns including Calcium Carbide Factory. D.W. 1 is also admittedly not the Labour Officer of this Calcium Carbide Factory. Thus, I hold that the enquiry proceedings conducted by D.W. 1 Shri L. C. Kumbhat have not violated any principle of natural justice on the aforesaid ground.

Next, my attention has been drawn to the fact that Shri Kumbhat was in the habit of asking questions by way of cross-examination, the Company's witnesses as well as the Union's witnesses examined before him. It appears from the enquiry proceedings that Shri Kumbhat actually put questions to nearly all the Company's witnesses and also the workmen and further the defence witnesses examined before him. I have carefully gone to such questions and answers, and, in my opinion, such questions are not put by way of cross-examining the witnesses. According to D.W. 1, he asked some questions to the witnesses including defence witnesses in order to clarify some points. In dealing with domestic enquiries held in such industrial matters, the fact should be borne in mind that in a large majority of cases, employees are likely to be ignorant and so, it is necessary not to expose them to the risk of cross-examination at first stage. Now in this case, if appears that Shri Kumbhat did put some questions to the witnesses at the very commencement of the domestic enquiry but not by way of cross-examination. I have perused the records very carefully ; it would be the duty of the enquiry officer to ask questions to the witnesses. It cannot be expected in domestic enquiry that the management would appoint a prosecutor to conduct the case on their side. It would be the duty of the enquiry officer to elucidate truth from the witnesses by putting questions to them. I may say that he is even entitled to cross-examine the witnesses for the purpose of elucidating the truth, and for the purpose of veracity of the witnesses. I cannot, therefore, blame the enquiring officer on that ground and stigmatise his conduct as bias. This is not a question of bias at all. Leading questions are also permissible at domestic enquiries. The enquiry proceeding was generally conducted in this manner. I may also mention here that having gone through the questions and answers put by the enquiry officer, I do not find any indication of overbearing conduct on the part of the enquiry officer putting the questions.

I have mentioned above that on behalf of the Union an attempt was made that actually at the time of the occurrence on 16th November 1967, four workers were working in the factory and the two others—Sudama and Surajdeo, were in their respective quarters outside the factory. But this fact, of course, relates to the merits of the question, as to whether the concerned workmen were actually involved in the incident or not. The enquiry officer considered this question. Some of the Hazira Cards during the relevant time, were produced on behalf of the workmen. Those are Exts. U(2) series. This case of the Union, it appears, from the reports and findings of the enquiry officer [Exts. E9 and E11] were considered by the enquiry officer and he also came to a decision on this point. I may further mention that over and above six workmen considered in this case, two others were charge-sheeted and enquiry proceedings held against them. But the enquiry officer found the six workmen guilty to the allegation as per the charge-sheets and on the materials placed before him, and found the two others Satiram and Dhaneswar, not guilty to the charges and exonerated them of the charges. These two workmen have admittedly since been reinstated. The Union Secretary P.W. 2 and the Assistant Secretary of the Union, were also not charge-sheeted. All these circumstances go to show that the proceedings were actually held in a fair manner and not violating the principles of natural justice. They support the bona fides of the authorities. In this connection it

may be stated that the bona fides of the Company have not been challenged in the written statement of the Union. The rules of natural justice require that a party should have the opportunity of adducing all relevant evidence on which he relies, that the evidence of the opponents should be taken in his presence, that he should be given the opportunity of cross-examining the witnesses examined by that party and that no materials should be relied on against him without he being given an opportunity of explaining them. All the said principles have been complied with in the instant case and I hold as such.

On the evidences on record I hold that the domestic enquiries in this case against the concerned workmen were held and conducted properly.

In the result, the conclusion reached by the enquiry officer in the enquiry on questions of fact, cannot be interfered with, unless they can be property characterised as perverse. I have carefully gone through Exts. E8 and E10, the proceedings of five concerned workmen, and of Janakdhari respectively and also Exts. E9 and E11, the findings of the enquiries, and I hold that the conclusions reached by D.W. 1, on the materials placed before him, are the only conclusions which a reasonable person could reach. The Industrial Tribunal cannot examine evidences on record to come to a better view regarding the guilt of a concerned workman nor could it examine the evidences to decide as to whether the evidences on record conclusively prove the guilt of the accused. As the conclusions reached by D.W. 1 in the enquiry proceedings on question of fact, are not perverse, the same cannot be interfered with by this Tribunal. In deciding the question as to whether a particular conclusion of fact was perverse or not, the Industrial Tribunal is not justified in weighing the evidence for itself and determining the questions of perversity of the view arrived at the domestic enquiry in the light of its own finding on the question of fact.

Lastly, it has been contended before me by Shri Sanyal that the findings of the enquiry cannot be accepted as correct on the ground that the authorities did not hand over any copy of the enquiry proceedings against the concerned workmen, excepting Janak Dhari, even though such an application for copy was filed before the enquiry officer on 20th December 1967. It is Ext. E13. This application was filed after the enquiry proceedings against five concerned workmen, which had already completed. So, the enquiry officer was not bound to hand over any copy of the enquiry proceedings at that stage. The authorities are not bound to give copies to the workmen after the departmental proceedings was over, specially when the workmen fully participated in the proceedings.

As regards the allegation, raised on behalf of the Union that it was D.W. 1, the enquiry officer, who rebuked Shri S. M. Chanda, Company's witness No. 14, examined before him in order to get some wanted answers, D.W. 1 himself stated that he has recorded the statement of Shri S. M. Chanda what he had exactly stated. He denied that while recording his statement, he rebuked Shri S. M. Chanda. It is also in evidence that once on the ground of illness of P.W. 2 Shri Yasin Ali Molla, during the enquiry proceedings, adjournments were given by the enquiry officer to enable him to be present during the enquiry proceedings again. All these aforesaid facts go to show that D.W. 1 was not at all bias in the matter of holding enquiry proceedings against the concerned workmen.

Upon a careful consideration of the entire evidences on record adduced before me, I hold that in this case there was no want of good faith, on behalf of the management and that the management is not guilty of a basic error or violation of any principles of natural justice and that on the materials placed before the enquiry officer, his findings are not baseless or perverse.

As regards victimisation and unfair labour practice, it has been alleged that Mr. Rungta (D.W. 2) all along asked the concerned workmen to leave the Union and that on their refusal, Mr. Rungta and Mr. Thirani, the President also threatened them to drive out from the Company. But this allegation has not been proved at all. Mr. Rungta denied on oath the aforesaid allegations. No protest was admittedly made by the workmen in writing before any authority in this regard. Accordingly, I hold that there was no unfair labour practice or victimisation in this case.

The enquiry proceedings against the concerned workmen, I hold, have been held properly and fairly. The findings recorded at such enquiries, I further hold, and I have just held above, are also not perverse. Accordingly, this Tribunal derives no jurisdiction to deal with the merits of the dispute and actually at the instance of the Union no evidence could be adduced on behalf of the authorities on the merits of the dispute. I accept the enquiry proceedings as fair and proper. The findings show that there has been violation of clauses 14(f) (i) and (viii) of the Certified Standing Orders of the Company, Ext. E16, by all the concerned workmen. The concerned workmen are thus liable to be dismissed. Letters of dismissal (vide Exts. E4 series, dated 26th December 1967) dismissing the workmen with immediate effect, have admittedly been served on all the workmen concerned.

The Company, I hold, accordingly, was justified in dismissing the workmen—Shri Kameswar

Pandey, Shri Sudama, Shri Suraj Deo, Shri Motilal, Shri Janakdhari and Shri Chandrama Ram, and I further hold that they are not entitled to any relief in this order of reference.

This is my award.

ANNEXURE

In the matter of an Industrial Dispute

Between

Messrs. Duncan Brothers & Co. Limited, 31 Netaji Subhas Road, Calcutta-1.

And

Their workmen represented by Duncan Brothers & Co. Limited Employees' Union, 76/1B Acharya Prafulla Chandra Road, Calcutta-9, at present bearing the address C/o. Federation of Mercantile Employees' Union, 12A Netaji Subhas Road, Calcutta-1.

For the Company: Shri S. Roy Chaudhury, Barrister-at-Law, assisted by Shri T. Banerjee, Barrister-at-Law.

For the Union: Shri Sarojesh Mukherji, Advocate, assisted by Shri P. K. Basu, Secretary of the Union.

This industrial dispute was referred to my arbitration under section 10A of the Industrial Disputes Act—one party to the dispute being Messrs. Duncan Brothers & Co. Limited (hereinafter to be referred to as the Company or Management) and the other party Duncan Brothers & Co. Limited Employees' Union (hereinafter to be referred to as the Union). Conciliation proceedings having proved futile the parties agreed to refer the dispute to my arbitration and I having expressed my consent to act as an arbitrator, the Government of West Bengal, Labour Department, made the necessary order No. 5339-I.R./IR/11L-481(A)/67, dated 7th October 1967, which was published in the "Calcutta Gazette" along with a copy of the arbitration agreement.

On receiving a copy of the Government Order together with a copy of the arbitration agreement, I issued notices to both parties notifying them that the arbitration proceedings would commence at my residence on 4th November 1967. The parties appeared through their representatives and lawyers and thereafter I followed the same procedure for deciding this dispute as is followed by Industrial Tribunals in adjudicating such disputes. Parties were given full opportunity for filing Written Statements and Counter Statements and Rejoinders and also for producing oral and documentary evidence in support of their respective cases. The only issue referred for my adjudication is: "Whether the claim made by the Union in its letter, dated 16th August 1967, addressed to the Company regarding the bonus for 1965 is justified? If so, to what relief are the workmen enutitled?"

The sum and substance of the Written Statement of the Union is as follows:

The Company is a prosperous concern and the employees represented by their workmen have been rendering efficient services to it which have contributed to the gradual prosperity of the Company. The employees, with the object of improving the lot of the workmen have organised themselves and formed a Trade Union for settlement of disputed issues by collective bargaining and other Trade Union methods. The Company has been creating problems by pursuing a policy of discrimination in various matters such as medical benefit, midday tiffin, transport and other facilities, etc., between the officers on the one hand and the clerical and subordinate staff on the other. Prior to the accounting year 1965 the issue of bonus was raised by the Union from time to time and settled amicably through negotiations and discussions. In the year 1966 there was an agreement between the Management and the Union. The Company declared that the employees were eligible to be paid to the extent of 14.6 per cent. of the earnings of the accounting year 1965 by way of bonus for that year. Later on, it was found that the Company had made false suggestions and had suppressed facts in inducing the Union to execute the said agreement on behalf of the employees. The Union came to know later on that bonus was paid to those who were not employees within the meaning of section 2(13) of Payment of Bonus Act, 1965, that is those officers who drew a monthly salary of more than Rs. 1,600 were also paid bonus from the allocable amount and other sources. There was a lot of irregularities detrimental to the interest of the workmen in the preparation of accounts and the provisions of the Payment of Bonus Act were not strictly followed. The Management not only made a discrimination in the matter of payment

of bonus at different rates to the different categories of employees (that is, 14.6 per cent. to the lower paid staff and 20 per cent. to the superior staff) but also paid bonus to such employees as were not eligible. The agreement, dated 26th August 1966, was made on the basis of false and incorrect statements made on behalf of the Company and hence that cannot be a valid agreement operative in law. The Union claims that the workmen should also be paid bonus at 20 per cent. of their earnings for the accounting year 1965.

In its Counter Statement, as subsequently amended, the Company has made the following case :

Prior to and including the year 1964 the Company made payments of bonus to persons employed by it including officers as well as workmen in terms of basic salaries. The bonus paid to workmen and Senior Covenanted Staff in 1964 was in respect of the Company's accounting year 1963. The Senior Covenanted Staff received bonus for the accounting year 1963 in the month of December 1963, following the practice of the Company. In respect of the accounting year 1964 the Company paid bonus in 1965 to workmen and Junior Covenanted Staff on the principles enunciated in section 34 of the Payment of Bonus Ordinance, 1965, treating 1963 as the base year. In respect of the accounting year 1965 on applying the formula of the Payment of Bonus Act, 1965, the allocable surplus amounted to Rs. 44,640 and as this was less than the minimum bonus payable under the said Act, the Company's employees were entitled to the minimum bonus equivalent to 4 per cent. of their salary or wage as defined by the said Act.

As the above amount appeared to be insufficient to the workmen, negotiations were set on foot between the Company and its workmen represented by their Union and an amicable settlement was reached which was embodied in a document. The Memorandum of Settlement provided that each workman would get bonus equivalent to 14.6 per cent. of his annual wages earned during the accounting year 1965, and the Company made payment by 31st August 1966.

The dearness allowance of officers being very low in comparison with their basic salaries, the Junior Covenanted Staff who had been paid in August 1966, bonus equivalent to 4 per cent. of their annual earnings (subject to a maximum salary of Rs. 750), the Company made further ex gratia payment in December 1966, so that together with the 4 per cent. bonus already paid, the total amount paid to the Junior Covenanted Staff was 20 per cent. of their total earnings during the year 1965. To the covered Senior Covenanted Staff to whom the Company made an advance in December 1965, equivalent to 2½ months' basic salary for the accounting year 1965, a further 4 per cent. minimum bonus was paid in August 1966, which was later on deducted from the advance made in December 1966, being an excess amount paid through mistake. The agreement, dated 26th August 1966, according to which the quantum of bonus for 1965, was fixed, is a valid and operative document and there was no false suggestion or suppression of fact for inducing the Union to accept it. The agreement was acted upon by both parties and there is no ground for evading it. The agreement was to the advantage of the workmen and they are not entitled to challenge this document. The Company's accounts have been properly and regularly kept and the Company has not violated any provision of the Payment of Bonus Act as alleged by the Union.

The Company has attached three annexures to their amended Written Statement—annexure (1) showing bonus payments in 1966 as per accounts, annexure (2) showing bonus and ex gratia payments for the accounting year 1965, and annexure (3) showing the comparitive position of payment of bonus categorywise.

The issue which has been raised in this reference has already been stated. In this reference it has fallen upon me to adjudicate whether the workmen are entitled to claim bonus at 20 per cent. as demanded by the letter of the Union, dated 16th August 1967.

Before proceeding to give my decision on the issue raised in this reference, I must place on record my sincere gratefulness to the learned Counsel for both parties for the valuable assistance they rendered me and also my deep appreciation of the co-operation which I received from the representatives of the parties.

Decision

It is an admitted fact that bonus for the accounting year 1965, was paid to the workmen who are the claimants before me through their Union at the rate of 14.6 per cent. of their annual wages earned during the accounting year 1965. Bonus was paid at this rate on the basis of a Memorandum of Settlement arrived at by agreement between the Company and the Union on 26th August 1966, under section 18(1) of the Industrial Disputes Act. The main case of the Union as made out in its letter, dated 16th August 1967, is that the Company has paid bonus at 20 per cent. to some of the covered employees by violating the terms of this agreement and so, the remaining covered employees, namely, the workmen are entitled to claim a further bonus of 5.4 per cent. on their wages earned during the accounting year 1965. The Memorandum of Settlement, dated 26th August 1966, was marked Ext. 1 before me. Annexure A which was attached to it shows that for the accounting year 1965, the available surplus calculated according to the provisions of the Payment of Bonus Act for computation of bonus was Rs. 44,640. If bonus were paid on the basis of that calculation, then the workmen would not have got more than the minimum bonus of 4 per cent. for the relevant year. The correctness of the figures which formed the basis of the computation was not challenged either during the negotiations which preceded the settlement or during the arbitration proceedings. The workmen were not agreeable to receive the minimum bonus and so, the Company and the workmen entered into negotiations for devising ways and means for some amicable settlement. As a result of these negotiations the Company and the Union agreed to apply a formula of their own for determination of the amount of bonus payable for 1965. The formula has been embodied in clause 2 of the agreement and it runs as follows :—

"The total bonus payable to the employees covered by the Act will then be calculated as follows :

Adjusted gross profit for the accounting year 1965 divided by the adjusted gross profit for the accounting year 1963 and the quotient thus obtained multiplied by the bonus paid for the accounting year 1963 to all the employees covered by the Act. Thus, the total bonus payable will be Rs. 2,77,992 that is $\frac{23,27,368}{19,85,518} \times 2,37,160$."

The formula was a simple one. For the purpose of determining the amount of bonus for the relevant year the bonus paid for the accounting year 1963 was made the base and it was multiplied by the quotient obtained by dividing the adjusted gross profit of the accounting year by the adjusted gross profit of the base year 1963. For a correct determination of the amount of bonus by the application of this formula it was necessary that the above figures should be correct. The Union did not challenge the correctness of the above figures at any stage of the negotiations preceding the settlement. In paragraph 9 of the written statement the Union has stated in general that in the matter of preparation of accounts for determining the amount of bonus there has been a lot of irregularities detrimental to the interest of the workmen, but the correctness of the figures material for determining the amount of bonus for the relevant year by applying the formula accepted by the parties was not specifically challenged in any way. The Union Secretary, Shri Prasanta Kumar Basu, also did not challenge the correctness of these figures either in answer to question No. 34 in his examination-in-chief where he speaks about the formula or in his cross-examination in answer to questions Nos. 70, 71 and 72 where he was asked about the correctness of these figures. In fact, the only grievance of the Union, as I appreciated it, was that the Management induced the Union to accept the agreement by 'false suggestions and suppression of facts' and it also violated and essential term of the agreement. I shall have to consider this part of the Union's case in some detail.

The question of the Company's having made false suggestions and suppression of facts and the question of its violation of the terms of the agreement are interlinked and they hinge practically on the same fact, namely, payment of bonus at 20 per cent. to some covered non-workmen instead of payment at 14.6 per cent. as laid down in the agreement.

Shri Mukherji, learned Counsel for the Union, submitted that the agreement in question was strictly applicable to all employees of the Company who came within the purview of the Payment of Bonus Act, that is, who got a pay not exceeding Rs. 1,600 per month. For brevity's sake these employees have been called "covered" employees.

In order to appreciate the above contention of Shri Mukherji it is necessary to state the following undisputed facts :

The covered employees were divisible into three main classes—(1) Senior Covenanted Staff, (2) Junior Covenanted Staff, and (3) Clerical Staff and Subordinate Staff. The employees falling within the first two categories are non-workmen. The workmen who are represented by the Union have been paid bonus at 14.6 per cent. for the year in dispute in terms of the Memorandum of Settlement marked Ext. 1. In paragraph 2(c) of the amended written statement the Company has stated what amount of bonus and ex gratia were paid to covered Senior and Junior Covenanted Staff for the year 1965. The covered Senior Covenanted Staff were paid 2½ months' basic salaries in December 1965 as an ex gratia or advance and a furthter minimum bonus of 4 per cent. in August 1966 which being an excess payment was adjusted against subsequent advance. The Junior Covenanted Staff were at first paid 4 per cent. of their annual earnings for 1965 in August 1966 and then made an advance of one month's salary and then a further ex gratia payment was made in December 1966—the three payments totalling 20 per cent. of the total earnings of such officers in 1965.

The above payments to covered Senior and Junior Covenanted Staff were in excess of 14.6 per cent. of their total earnings for 1965 and although the Company has characterised these payments as advance in the case of Senior Covenanted Staff and bonus and ex gratia in the case of Junior Covenanted Staff, these payments really partake of the character of bonus payments and are shown in the accounts of the Company as such in accordance with the provisions of the Indian Companies Act. It was contended by Shri Mukherji on behalf of the Union that at the time of the agreement the Company had in its mind to pay bonus or ex gratia to covered Senior and Junior Covenanted Staff at a higher rate than that warranted by the agreement, but the Company kept that fact concealed from the workmen and by such concealment induced them to accept the agreement. Shri Mukherji further submitted that such higher payment to a section of employees amounts to a breach of a material terms of the agreement. In support of the above contention Shri Mukherji submitted in the first place that the agreement was binding not only on the Union on the one hand, but the Company and the covered Senior and Junior Covenanted Staff on the other, inasmuch as the Union Secretary, Shri Prasanta Kumar Basu, represented the last two categories of employees while conducting the negotiations for the settlement. Beyond the word of mouth of Shri Basu there is no other evidence to show that he had the right to represent, or he did in fact represent, the covered Senior and Junior Covenanted Staff who were not members of the Union. Questions were put to him in cross-examination regarding such representation on 27th May 1968, and he admitted that there is no document in support of this claim of representation. The covered Senior Covenanted Staff had already received their bonus by way of advance in December 1965. So, it would be preposterous to say that they would join hands with the workmen in August 1966 for settling any bonus dispute. The Junior Covenanted Staff, according to the case of the Company, were paid minimum 4 per cent. bonus in August 1966 after which they submitted a representation which is marked Ext. 4. It bears the date 1st September 1966, that is, five days after the date of agreement. The representation shows that the Junior Covenanted Staff were paid bonus only at 4 per cent. along with their salaries for August 1966 and they claimed a further amount of 10 per cent. presently for meeting Puja commitments besides the ex gratia payment which the Company intended to make in December 1966. It, thus, appears that the Junior Covenanted Staff were making no claim on the basis of the agreement.

Ext. 4 has got an annexure purporting to show payment of bonus and ex gratia to the Junior Covenanted

Staff. These payments were made in three instalments :—

(1) At first 4 per cent. restricting salary to Rs. 9,000 per annum,

(2) Then current month's salary as advance, and

(3) The balance of 20 per cent. of total earnings of 1965 after deducting the first two payments.

There can be no doubt, and it is also admitted by Shri T. A. Ganesan, the Office and Personnel Administrator of the Company, in reply to question No. 186 in cross-examination that the Junior Covenanted Staff were paid to the extent of 20 per cent. of their total earnings.

Shri Mukherji for the Union characterised Ext. 4 and its annexure as a document manufactured for the purpose of this case. Ext. 4 with its annexure was produced by Shri T. A. Ganesan in answer to question No. 81 in cross-examination and some succeeding questions. Shri T. A. Ganesan explained the nature of this document. The document bears the signatures of some members of the Board of Management. The suggestion of Shri Mukherji that this document was brought into existence for the purpose of this case cannot be entertained for a moment.

From what has been stated above it would be abundantly clear that neither the Senior nor Junior Covenanted Staff were parties to the agreement, dated 26th August 1966, and they were paid bonus or advance or ex gratia on a basis quite different from that laid down in the agreement. This being the position the next pertinent question for determination would be whether such payment in excess of 14.6 per cent would amount to a violation of the terms of the agreement. Shri Mukherji submitted on behalf of the Union that although the Senior and Junior Covenanted Staff were not parties to the agreement, the Company at least tacitly, if not expressly, undertook by the agreement to pay bonus to them at the rate fixed by the agreement and no higher rate and so, the payment at a higher rate amounts to a clear violation of the terms of the agreement. In support of this contention he analysed the agreement and pointed out that at several places it is mentioned in specified terms what amount of total bonus was payable to all covered employees—workmen or non-workmen—for the accounting year 1965. For instance, in the preamble it is stated that the Company and the Union have settled the matter relating to the bonus for the accounting year 1965 payable in the year 1966, on terms outlined thereafter. In paragraph 2(b) it is stated that the total bonus payable to the employees covered by the Act will be calculated in the manner following :

In paragraph 3(b) it is stated that the total bonus payable was Rs. 2,77,992 which represents 14.6 per cent. on the wages earned by the employees. This amount is apportioned between the workmen and non-workmen in paragraph 4. Paragraph 5 states that all other provisions of the Payment of Bonus Act relating to the calculation and payment of bonus will be strictly followed by the parties. Shri Mukherji contended that upon a true construction of the agreement in the light of the statements referred to above it should be held that so far as the Company is concerned it expressly undertook to pay bonus not only to the covered workmen but also to the covered non-workmen, that is, Senior and Junior Covenanted Staff at the rate of 14.6 per cent. and the payment at a higher rate to some of the covered employees amounts to a contravention of an essential term of the agreement. Shri Roy Chaudhury, on the other hand, submitted for the Company that the terms of the agreement were applicable only to the workmen who were parties to it and not to non-workmen who were not parties to the document. He submitted that so far as the covered Senior Covenanted Staff were concerned, no question of payment to them at the rate of 14.6 per cent. could possibly arise because, they had already been paid 2½ months' salary in the shape of advance in December 1965. As regards the covered Junior Covenanted Staff, they were at first paid the minimum bonus of 4 per cent. in August 1966 and then given an advance of one month's salary and then paid a sum by way of ex gratia in December 1966—the three payments making a total of 20 per cent. of their total earnings for 1965. Shri Roy Chaudhury further pointed out that in paragraph 5(c) of the agreement it is expressly mentioned that the agreement relates to the payment of bonus for the accounting year 1965, payable to the workmen in the year 1966. Similar statement in the case of covered non-workmen is wanting.

The following pertinent question may be asked in this connection. If it was not meant to apply the agreement to covered non-workmen, then for what reason their earnings were taken into account for determining the total amount of bonus? The answer to this question was furnished by the reply given by Shri T. A. Ganesan to question No. 8 put in the examination-in-chief and two documents marked Ext. 2 and Ext. D. The amount of total bonus payable under the accepted formula was Rs. 2,77,992. This amount was to be apportioned between workmen and non-workmen on the basis of their wage bills. Shri T. A. Ganesan stated that if the wage bills were considered strictly category-wise, then the workmen would have got a total amount of Rs. 1,83,412 as evidenced by Ext. 2. That position was not acceptable to the workmen and the Management finally agreed to a quantumwise consideration by lumping together the wage bills of workmen and non-workmen as evidenced by Ext. D. The result was that the workmen got a sum of Rs. 2,26,709 and the loss sustained by covered non-workmen was made up by the Management by ex gratia payment.

On a consideration of all the above facts and circumstances I am of opinion that the Management did not violate the terms of the agreement by paying bonus or ex gratia or advance to some covered employees at a rate higher than 14.6 per cent. as complained in the letter, dated 16th August 1967.

The next question which comes up for my consideration is whether the Management induced the Union to execute the agreement by making false suggestions and by suppression of facts. Shri Roy Chaudhury contended on behalf of the Company that no such complaint was made in the Union's letter, dated 16th August

1967, and as that letter is the foundation of this reference, the Union should not be allowed to make any such case in this reference. I cannot accept this contention because that would be putting too narrow a construction upon the issue raised in the case. The substance of the claim of the Union is whether the workmen are entitled to get bonus at 20 per cent. for the accounting year 1965, in view of the payment made by the Company at that rate to some covered employees.

The allegation of the Union that the Company had made false suggestions and was guilty of suppression of facts has been made in paragraph 7 of the Written Statement of the Union in the following terms :—

> "The Company supressed the fact they intended to pay bonus to those who were not employees within the meaning of the Bonus Act and made a false suggestion that all eligible hands would be paid at the rate of 14.6 per cent.

This allegation is sought to be supported by the evidence of the Union Secretary, Shri Prasanta Kumar Basu, in answer to question Nos. 34 to 36 where he stated that during the negotiations for the settlement the Management had stated that those who drew a salary up to Rs. 1,600 per month would be paid bonus at the rate of 14.6 per cent. of their earnings and that at no point of time had the Management stated that employees other than workmen would be paid at a different rate. Shri Basu further stated that the Union came to know about this differential payment towards the close of July or beginning of August 1967, whereupon the Union wrote its letter, dated 16th August 1967, pointing out this discrimination and demanding a further payment of 5.4 per cent. for the workmen. Shri Basu was cross-examined on this point by question Nos. 186 to 196 and was asked to point out the clauses in the agreement which supported this view. Shri Basu stated that clauses 3 and 4 of the agreement, as he understands them, support this view. I have gone through these clauses, but I cannot agree with Shri Basu that they lend support to the case of the Union regarding false suggestion and suppression of facts. I have already pointed out that the covered Senior Covenanted Staff had already been paid bonus or advance in the shape of 2½ months' salary in December 1965. So, how could the Management limit this payment in their case to 14.6 per cent. No question of suppression of facts also arises. As regards the covered Junior Covenanted Staff they were not members of the Union. Shri T. A. Ganesan, Office and Personnel Administrator of the Company, who conducted the negotiations on behalf of the Company stated in answer to question No. 8 in examination-in-chief that the Junior Covenanted Staff had genuine grievance regarding bonus and his authority was limited to enter into the agreement with the workmen only. Questions regarding this part of the case were put to Shri T. A. Ganesan in cross-examination (vide answers to question Nos. 118 to 126) and he positively stated that the Union did not represent covered non-workmen and the Company did not think it necessary to mention in the agreement at what rate bonus would be paid to covered non-workmen. In this connection Shri Mukherji on behalf of the Union pointed out a portion of Shri Ganesan's evidence given in reply to question No. 8 put in examination-in-chief wherein he stated that the management was thinking of redressing the grievances of the Junior Covenanted Staff to some extent at the time the negotiations for settlement were being conducted, but that fact was not made known to the Union. Shri Roy Chaudhury contended for the Company that the Union had no concern with the affairs of covered Junior Covenanted Staff and so, there was no necessity for disclosing this matter. On a consideration of the evidence on record and upon a true construction of the agreement as a whole and judging it both by intrinsic and extrinsic evidence I am of opinion that it was not the intention of the Company to pay bonus or ex gratia to covered non-workmen at the rate of 14.6 per cent. and no false suggestion or suppression of facts was resorted to in this respect by the Company.

Learned Counsel for the Union made another submission in the above connection. He argued that according to the agreement the total bonus payable to all covered employees for the accounting year 1965 was Rs. 2,77,992 but the evidence of Shri Venkataratnam, Senior Taxation Assistant, would show that the total payment made to all employees of Messrs. Duncan Brothers & Co. by way of bonus amounted to Rs. 3,97,232 and part of this amount was paid as bonus and part as ex gratia. Shri Mukherji submitted that the Company had kept concealed the fact that a sum of nearly Rs. 1,20,000 was available for payment as bonus or ex gratia over and above the amount of Rs. 2,77,992. This argument was the outcome of a misconception created by a mistake made by Shri Venkataratnam. The Senior Covenanted Staff were paid ex gratia or advance in the month of December of the current year. So, the sum of Rs. 3,97,232 included not only bonus, ex gratia and advance of 1965 but also partly of the year 1966. That fact is made clear by annexure 1 to the amended Written Statement of the Company and by the evidence given by the above witness on March 20, 1968. He made it clear that he had previously stated through mistake that the whole of the amount of Rs. 3,97,232 had been paid as bonus for 1965. This figure had no connection with the figure of Rs. 2,77,992 because the former figure included all payments—bonus, ex gratia and advance—made to all employees—covered or non-covered—for the year 1965 and partly for 1966 and the latter figure was arrived at by the application of a formula for determining the total quantum of bonus payable to covered employees. Shri Mukherji argued in the next place on behalf of the Union that since an additional amount was available for payment of bonus to some covered employees, the workmen who had contributed equally to the earning of profits should have been given a share of the money, and the failure of the Company to have done so amounts to improper and unfair discrimination. I have considered this argument and I am of opinion that there is no substance in it. The workmen were given bonus for the accounting year according to an agreement which, as I have already found, was not obtained by false suggestions and suppression of facts and which has not been terminated or avoided in accordance with the provisions of section 19(2) of the Industrial Disputes Act. According to computations of available surplus the workmen were entitled to get only 4 per cent. of their wages as bonus for the relevant year. They got 14.6 per cent. by the agreement. Covered Senior and Junior Covenanted Staff belonged to a different category of employees. If the Company thought it proper to give them bonus or ex gratia at a different and higher rate without prejudicing the interest of the workmen, the latter could not possibly object to such payment and

claim parity with them. In this connection, Shri Ganesan prepared and produced a Chart, Ext. 3, showing some typical examples of payment of bonus and ex gratia made to the Junior Covenanted Staff for the years 1963, 1964 and 1965. The Chart would show that considered in terms of percentage and Junior Covenanted Staff have been sufferers in this matter vis-a-vis the clerical and subordinate staff. The charge of improper or unfair discrimination levelled by the Union, should, therefore, be rejected.

Shri Mukherji last of all submitted that the covered non-workmen were paid bonus for the relevant year in violation of the provisions of section 12 of the Payment of Bonus Act which restrict the salary of such employees to Rs. 750 per month for calculation of bonus. No doubt the Company did not observe this limit, but its case is that any payment in excess of the limit was made as advance or ex gratia and, in any case, no part of the excess payment came out of the workmen's share of the amount of bonus as determined by the agreement. There is no doubt that the payment of bonus or ex gratia at 20 per cent. to some of the covered non-workmen has caused dissatisfaction amongst the workmen, but I have already found that such payment was not in violation of the terms of the agreement, dated 26th August 1966. The agreement was not obtained from the workmen by false suggestions and suppression of facts. There was a full disclosure of all facts relevant to the question for determination of the amount of bonus and no illegality was committed by the Company in paying bonus or ex gratia at the rate of 20 per cent. to some covered non-workmen employees for the accounting year 1965. I, therefore, make the following award :

AWARD

The claim made by the Union in its letter, dated 16th August 1967, addressed to the Company regarding additional bonus for the accounting year 1965 is not justified and so, the workmen are not entitled to any relief.

Issues

(1) Whether the retrenchment of Sarvasree (a) Golam Rasul, (b) Sk. Alauddin, (c) Sk. Rajababu, (d) Mir Doulat Ali, (e) Golam Akbar, (f) Md. Ajmal, (g) Md. Wali, (h) Sahabat Ali, (i) Md. Ekbal, (j) Belayat Hossain, (k) Chunilal Bose is justified? What relief, if any, are these workmen individually entitled to?

(2) Whether the closure of the Factory with effect from 25th May 1968 is real and bona fide? Whether the closure is due to reasons beyond the control of the management and in the circumstances, justified? What relief, if any, are the workmen entitled to?

The Union filed a written statement in which it has alleged that on 11th May 1968, the Company illegally retrenched 17 workmen. The Union was

previously formed. The workmen were taking interest in the activities of the Union and hence they were illegally victimised by the employer by way of retrenchment. So the prayer is that the order of retrenchment should be declared illegal and the workmen reinstated with full back wages. An industrial dispute was pending before the Seventh Industrial Tribunal. The workmen sent letters of protest through the Union. At last on the 25th May the Company illegally closed the factory. In fact, that is a lock-out in the garb of closure. So the prayer is that the workers, whose services have been terminated on account of such alleged closure, should be reinstated with full back wages and the lock-out should be lifted.

The Company has filed a written statement. It has been stated that the factory has, in fact, been closed and there is no industrial dispute between the parties within the meaning of the Industrial Disputes Act. So the reference is not maintainable. In 1947 Messrs. Anna Art Press was started as a Partnership Farm. Subsequently it was converted into a private limited Company which carried on the business of printing at its Press situate at 26-B Dr. Suresh Sircar Road, Calcutta. That Press used to get orders from Messrs. Daw Sen and Company (P) Ltd., of 29 Dr. Suresh Sircar Road and execute their orders. Daw Sen and Company used to get orders from Titaghur Paper Mills Co. Ltd.; which used to place orders for supply of printed materials, Calendars, coloured printed pictures etc. Titaghur Paper Mills Ltd. owed Daw Sen and Company more than a lac of rupees and hence its Directors refused to accept further orders from Titaghur Papers Mills Ltd. On 10 May 1968, that information was communicated to the Company concerned. In order to carry out the orders placed by Daw Sen Company, the disputed Company used to run 5 to 8 machines. But after Daw Sen and Company stopped accepting further orders from Titaghur Paper Mills Ltd., there was considerable fall in the printing works in the Press. The inevitable result was that the management was not in a position to give full work to all its employees and there was a serious fall in the printing works from other sources due to industrial recession. So the disputed workmen were considered surplus and the Company decided to retrench them by serving a notice, dated 11th May 1968, with immediate effect. They were individually offered one month's wages in lieu of notice and retrenchment compensation. So such retrenchment is valid and justified. Out of the disputed retrenched workers, Chunilal Bose, Sk. Rajababu, Sk. Golam Akbar, Md. Ajmal and Md. Ekbal accepted payment of retrenchment compensation in full and final settlement. So those 5 workmen are estopped from challenging the validity of retrenchment. On 13th May 1968, which was the next working day, all the workmen approached the management to cancel the order of retrenchment and coerced the Company to decide to take back all the retrenched workmen. In view of the financial implications, the Company was unable to comply with such demand. Thereafter the workmen resorted to sit down strike or go-slow tactics. They carried on illegal and subversive activities, such as, intimidation, coercion of loyal workmen, threat to the Supervisor, which ultimately led to his resignation. Due to such illegal activities, the work of the Press came to a complete stop. By a notice, dated 15th May 1968, the Company gave warning to the workmen against disorderly behaviour, subversive activities, indiscipline and shouting of slogans. Despite such warning the workmen continued to adopt go-slow practice. It was therefore difficult for the Press to carry out the orders placed by its customers. The Company had to address a letter to Messrs. Daw Sen and Company regarding the order placed by Messrs. India Foils Ltd. The situation in the Press went out of the control of the management and its attempts to bring back normalcy, did not meet with success. So the Company reluctantly had to close down the Press due to unavoidable circumstances beyond its control.

Issue No. 1 :

It has been contended on behalf of the Union that the oral and the documentary evidence will show that since the formation of the Union, the Company was bent upon victimising the workers. There was no reason to retrench the disputed workmen. No compensation was paid or offered at the time of alleged retrenchment. So such retrenchment order is invalid.

It has been argued on behalf of the Company that the evidence of the O.P.W. 2 Kamal Bose, Head Clerk of the Company, shows that Titaghur Paper Mills Ltd. did not pay the dues of Daw Sen and Co. to the extent of Rs. 1,17,000. In order to carry out the orders placed by that Company, Anna Art Press used to run 6 or 7 machines and since the supply of order by that Company was stopped, those 6 to 7 machines could not be run. Consequently the workmen who used to run those machines, were considered as surplus and hence they had to be retrenched. The Tribunal should believe the oral and documentary evidence adduced by the Company and hold the retrenchment was justified and such order is a bona fide and valid one.

Reference may be made to the case of Hind Strip Mining Corporation versus Raj Kishore in 1968 (16) F. L. R., 444 to show that where the workmen accepted retrenchment compensation, there will be no bar of technical estoppel and they can challenge the legality of retrenchment if they were in a starving condition. It is common ground that 5 workmen, Chuninal Bose, Rajababu, Golam Akbar, Md. Ajmal and Md. Ekbal received retrenchment compensation and the reference in question includes their names as well. Of course there is no evidence that they were in a starving condition. But in view of the aforesaid case of Hind Strip Mining Corporation and the case of the workmen of Subong Tea Estate in 1964 (8) F. L. R., 91, there will be no bar of technical estoppel though the aforesaid 5 workmen received retrenchment compensation because the reference also includes other retrenched workers, who did not receive such compensation.

Let us now examine the history of the case which led to the alleged retrenchment and then the alleged closure of the factory. The first letter Ext. 10, dated 8th May 1968, by the Company shows that

a notice was put up stating that the workmen had been deliberately adopting tactics whereby the normal work was disrupted and they had been absenting themselves in groups so that the running of some of the machineries was altogether stopped. The letter Ext. G, dated 10th May 1968, was addressed by Messrs. Daw Sen and Company to the Titaghur Paper Mills Ltd., stating that no further orders could be accepted because their dues were not clear to the extent of Rs. 1,05,098.23 P. This has been also stated by the O. P. W. 2 Kamal Bose, Head Clerk of the concern. The letter Ext. K, dated 10th May 1968, was sent by Daw Sen & Co. to the Press to that effect. I find nothing to disbelieve the Company's version on this. It is therefore held that since more than one lac of Rupees was due by Daw Sen & Company from Titaghur Paper Mills Ltd., the former had to cancel further orders from Titagur Paper Mills Ltd. from 10th May 1968.

Then comes the notice of retrenchment, dated 11th May 1968, Ext. 4. It has been clearly stated therein that the letter has been received from Messrs. Daw Sen & Company that they had decided to stop accepting further printing orders from Titaghur Paper Mills Ltd. As a result thereof, there will be considerable fall of printing works in the Press. So the management would not be in a position to give full time work to all its employees. Hence the management decided to retrench some of the employees who were deemed surplus to requirement. The Company followed the principle of "last come, first go" as far as practicable. The workmen would be paid one month's wages in lieu of notice and due retrenchment compensation according to section 25F of the Industrial Disputes Act and they were directed to collect dues from the Cash Department within 72 hours any day between 11 a.m. and 3 p.m. In case they failed to collect their dues as directed, such amount should be sent to them by money order. The O. P. W. 2 Kamal Bose has also stated about such retrenchment notice. The Company's version in this respect is accepted and it is held that 17 workmen were considered surplus because Daw Sen & Company decided to stop accepting further orders from Titaghur Paper Mills Ltd. and the result was that there was considerable fall of printing works in the Press.

There are further circumstances to strengthen the aforesaid findings that 17 workmen were really considered surplus by the management. The O.P.W. 2 Kamal Bose has stated in his evidence that the Company had to sell 5 machines. He produced the vouchers, Exts. M to M/4 to support that version. The P. W. 1 Anil Bose is constrained to admit in his cross-examination that when the Company was removing the machineries, they made an application to the Police Magistrate against the Company's action.

So the question arises how far that order of retrenchment was valid. It has already been stated that the disputed workmen were retrenched because there was considerable fall of printing works in the disputed concern. So the further finding follows that such retrenchment was not due to any victimisation. Reference may be made to the cases of J. K. Iron & Steel Company Ltd., in A. I. R. 1960, S. C., 1288 and Swadesamitram Ltd., Madras in A. I. R., 1960, S. C., 762 to show that the employer is bound to effect retrenchment in compliance with the industrial principle of "last come, first go", unless there are sound reasons to make a departure and the onus of showing that such reasons exist, is on the employer and in the absence of such reasons, the retrenchment effected in violation of the rule is bad in law.

In the instant case it has already been stated that the notice itself Ext. 4 shows that such industrial principle of "last come, first go," has not been strictly followed because the language used therein is that such principle has been followed "as far as practicable". Not a word has been uttered by any of the O. P. Ws. that such principle has been scrupulously followed. So the Company has totally failed to discharge such onus by showing that the aforesaid reasons exist and hence it must be held that the retrenchment effected on 11th May 1968 is in violation of that rule and hence is bad in law.

There is yet another sound principle for holding that the provisions of section 25F of the Industrial Disputes Act were not followed in effecting such retrenchment because the condition precedent, as laid down in that section, has not been complied with. That section clearly shows that no workman employed in any industry, who has been in continuous service for not less than one year under the employer, shall be retrenched until—

(a) the workman has been given one month's notice in writing indicating the reasons for retrenchment and the period of notice has expired, or the workman has been paid in lieu of such notice, wages for the period of notice :

Provided that no such notice shall be necessary if the retrenchment is under an agreement which specifies a date for the termination of service. The clause (b) provides for payment of compensation at the time of the retrenchment.

The case of National Iron & Steel Company in F. L. R. 1964 (8), 24 may be cited to show that the notice called on the retrenched workmen to receive payment either on the date when the notice of retrenchment was posted and was to take effect or on any subsequent day, it was held that the offer of payment was bad and hence the consequent retrenchment order became incompetent. The case of National Iron & Steel Company in F. L. R. 1967 (14), 356, S. C., shows that where the services were terminated with effect from the 17th November and it was stated that the workman would get one month's wages in lieu of notice of termination of his service, but he was directed to collect his dues from the Cash Department on the 20th November or thereafter during the office hours, it was held that section 25F of the Industrial Disputes Act not been complied with because according to that section, it was obligatory on the part of the employer to pay the workman the wages for the period of the

notice in lieu of the notice of retrenchment and if he was asked to go forthwith, he had to be paid at the time when he was asked to go and the management could not ask him to collect his dues afterwards.

The case of the State of Bombay versus Hospital Mazdoor Sabha in A. I. R., 1960, 610 will indicate that the payment of retrenchment compensation as provided for by section 25F is a condition precedent to a valid retrenchment and a retrenchment effected without the compliance with such requirements of the section is bad in law and the workman concerned can claim reinstatement.

Applying the principles of these cases, it appears that the provisions of section 25F of the Act, were not at all complied with by the management when the 17 workmen were retrenched on 11th May 1967. It is common ground that the factory is closed at 5-30 p.m. and 12th May 1968 was a Sunday. It has been admitted on behalf of the Company that Sundays are observed as holidays by the factory and hence no worker has to go there on Sundays. The contents of the notice of retrenchment, Ext. 4 have already been dealt with and it has been discussed that the retrenchment compensation was not paid forthwith. On the contrary, they were asked to collect the dues within 72 hours from the Cash Department any day between 11 a.m. and 3 p.m. Here also the retrenched workmen had no opportunity of collecting the compensation even on the next day, i.e., on 12th May 1968 which was a Sunday. It will appear from the evidence of the P. W. 3 Golam Rasul that the notice of retrenchment was served by the Manager personally on the workmen on Saturday (11th May 1968) after 5-30 p.m. There was no cross-examination of any witness on this vital point. It is therefore held that on Saturday, 11th May 1968, after 5-30 p.m. i.e., after the duty hours, the workmen were served with the retrenchment notices by the Manager himself. The provisions of section 25F of the Act were not complied with and the present case is consequently within the mischief of the aforesaid principles laid down in the cases of the State of Bombay and National Iron & Steel Company versus State of West Bengal. It is common ground that all the retrenched workmen were not given any previous intimation about the retrenchment, vide also the evidence of P. W. 2 Md. Rafi. All of them had worked under the Company for about 3 or 4 years, vide also the evidence of the P. W. 3 Golam Rasul. It has not been disputed on behalf of the Company that the retrenched workmen were in continuous service of the Company for more than one year. It has already been indicated that the notice of retrenchment, itself, Ext. 4, gives such indication because there is a clear averment therein that retrenchment compensation would be paid according to the provisions of section 25F of the Act.

So it must be held that the retrenchment order became incompetent. Nevertheless, it has already been found that the Company had ample justification in retrenching 17 workmen. But the Company made a mistake in not following the principle of "last come, first go" and observing the condition precedent to the application of section 25F of the Act. So that matter will be considered in granting the rate of the back wages to the retrenched workmen. Hence the finding follows that the retrenchment of (a) Golam Rasul, (b) Sk. Alauddin, (c) Sk. Rajababu, (d) Mir Doulat Ali, (e) Golam Akbar, (f) Md. Ajmal, (g) Md. Wali, (h) Sahabat Ali, (i) Md. Ekbal, (j) Belayat Hossain and (k) Chunilal Bose is not justified and that they are entitled to reinstatement in services.

It has already been found that 5 of them received retrenchment compensation. It will appear from the evidence of the O.P.W. 2 Kamal Bose that retrenchment compensation was sent to the other retrenched workmen but the dues were not accepted and some of the money orders did not reach the addressees concerned. Here the circumstances are extraordinary because the Company had justification to retrench some employees but by mistake the provisions of law were not complied with.

It can be seen from the case of Indian Marine Service (P) Ltd., in A.I.R., 1963, S.C., 528 that when the lock-out becomes unjustified and both the parties are equally to blame for the situation, the workmen should get half their wages for the period of the lock-out. Similarly in the case of Northern Dooers Tea Company Ltd., in 1964 (1), L.L.J., 436, there was a lock-out in consequence of a token strike and in that case, the workmen were paid their wages for the period of the lock-out at a reduced rate. So in the peculiar circumstances of the case, the 5 workmen viz., Chunilal Bose, Sk. Rajababu, Sk. Golam Akbar, Md. Ajmal and Md. Ekbal, who obtained retrenchment benefit, will either pay back the same to the Company or else such amounts should be adjusted while calculating the back wages. They and the other disputed retrenched workmen will only get half of their back wages.

Issue No. 2:

It has been argued on behalf of the Union that the Company did not close down the factory. In fact, there is only a lock-out because many workmen including clerks, peons, gateman are still in the employ of the Company. So the Tribunal should hold that there was a virtual lock-out in the garb of the closure of the factory.

It has been stated on behalf of the Company that the evidence of the O.P.W. 2 Kamal Bose will also indicate that from the 13th May 1965, the workman indulged in go-slow tactics and they shouted slogans. The evidence of the O.P.W. 1 Habibur Rahaman, the then Supervisor of the Company will also indicate that the workmen started shouting slogans outside the factory. They adopted go-slow tactics and abused him filthily. Ultimately for such reasons he had to tender resignation on 20th May 1968. Notice of warning issued by the Company was of no avail and ultimately it had to close down the factory by giving closure notice on 25th May 1968. The case of Indian Hume Pipe Company in A.I.R. 1968, 1002 has been cited to show that when the undertaking

has been closed, the Tribunal is not concerned to go into the question as to the motive which guided the employer to close down the factory and to come to the conclusion that because of the previous history of the dispute between the employer and the employees, the closure was not justified and such a closure cannot give rise to an industrial dispute. It has also been contended that since the closure of the factory was bona fide and genuine, the Tribunal has no jurisdiction to examine the question of retrenchment of the disputed workmen and give them any relief. In the case of Indian Hume Pipe Company also, the Supreme Court arrived at a finding that the closure of the factory at Barakar was bona fide and genuine and hence it was held that the Tribunal could not go into the question of retrenchment of 12 workmen and give them any relief.

The O.P.W. 1 Habibur Rahaman states that on 13th May 1968 while he was going to the factory, he saw the retrenched workmen who started abusing him and calling him names. He also says that then he entered the factory and on seeing him, the workmen started abusing him. He also adds that the workmen incited some local goondas who used to interrogate him daily on his way to and from the factory. He has further stated that on the 13th May some 5 or 6 local goondas forcibly entered the factory and told the Manager to bring him out and thereafter he was escorted home by Miss. M. Mordecai, one of the Directors, in her car. It will further appear from his evidence that after 2 or 3 days a huge precession went to his residence and shouted slogans. He could not leave his residence for reasons of security and due to such unpleasant incident ultimately he tendered his resignation on the 20th May 1968, vide the letter of resignation Ext. C.

Let us examine the state of affairs in that Company after the order of retrenchment. The O.P.W. 1 Habibur Rahaman says that the workmen adopted go-slow tactics. This has been corroborated by the O.P.W. 2 Kamal Bose. The Company issued the notice Ext. J, dated 15th May 1968, inviting the attention of the workmen that any disorderly behaviour in the form of shouting slogans, conduct likely to cause breach of the peace and any subversive act within the factory would be seriously dealt with.

It will appear from the evidence of the O.P.W. 1 Habibur Rahaman and the O.P.W. 2 Kamal Bose that the machines were being run but the workman were not working and since the Press could not properly carry out the orders placed by India Foils Ltd., the latter stopped giving further orders. It can be seen from the letter Ext. H, dated 16th May 1968, sent by the Company to Messrs. Daw Sen & Company that due to a deliberate slowing down of the work by the employees, the concern was unable to deliver the required quantity of orders placed by Messrs. India Foils Ltd. Then comes the notice Ext. J/1, dated 17th May 1968, issued by the Manager of the Company. It has been asserted therein that inspite of repeated verbal and written notices directing the workmen to desist from adopting go-slow tactics, the workmen were adamant in their attitude and so the management hoped that the workmen would come to their senses and commence regular production. The O.P.W. 2 Kamal Bose has also stated that such notice was hung up on the Notice Board and the Company made serveral requests to the workmen through them to work properly but they did not do any work and hence on the 25th May 1968, the Company was compelled to close down the factory The notice of closure is dated 25th May 1968 vide Ext. Q. I find nothing whatever to disbelieve the evidence given on behalf of the Company on this. It is therefore held that after the order of retrenchment, the workmen adopted go-slow activities and inspite of the efforts made by the Company to ask the workmen to do the work normally and properly, they went on sit-down strike. It is also clear from the evidence that the disputed workmen created trouble and were threatening the loyal workmen and hence the Company had to close down the factory on 25th May 1968.

It remains to be considered whether that was in fact, a closure or a lock-out. It has been stated by the P.W. 1 Anil Bose and the P.W. 3 Golam Rasul as well that even at present, many workmen have been employed by the Company. This has been expressly admitted by the O.P.W. 2 Kamal Bose in his cross-examination. In answer to the question that the Company had no intention to close down the factory and the business has not been closed, he has stated in his cross-examination that as the Head Clerk of the Company he cannot say anything about the intention of the Company or about the closure of business. He has further categorically stated in his cross-examination that the Company did not issue any circular that the business would be closed or that the factory would not be reopened.

There is one important document viz., the Ext. 13, dated 5th July 1968, written to the Labour Officer, Government of West Bengal, by the Company concerned. It has been stated therein that the closure could be lifted provided that the order of retrenchment stood intact. The Company also imposed other conditions for lifting the closure of the factory. The O. P. W. 2 Kamal Bose has admitted in his cross-examination that even at present, he (Head Clerk), H. J. Halan, Manager, Dipti Dutta (Accountant), Sushanta Kumar Mitra (Senior Clerk), Gour Krishna Dey (Store-keeper), Sk. Ziaur Rahaman (Clerk), Gopal Ch. Nandan (Typist), Arun Bhowmick (Ledger-keeper), Sk. Abdul Salam (Office bearer), Sk. Abdul Gani (Peon), Kartich Ch. Das (Stereo Typemaker), Jiban Ch. Das (Fitter), Dayasankar Tewari, (Darwan), 2 Sweepers, a Driver, and one Yukub Ali Thanda, Supervisor, are still in the service of the Company. Of course he has stated that at present, they have to deal with the old work, Provident Fund matters and E. S. I. work. This explanation is not acceptable because the clerks may have to deal with Provident Fund matters and E. S. I. cases. But then the 3 office peons (Sk. Abdul Salam, Sk. Abdul Gani and Md. Faruki), a Stereo Typemaker, a Fitter and a Supervisor, who have to do manual labour are still in the service of the Company. So this is conclusive proof of the fact that the industry in question is not a dead one and the Company has not in fact, been closed and the decision is made accordingly. Since it has been

found that the industry is still existing and it is not a dead one, the aforesaid case of Hume Pipe Company cited on behalf of the management has no application to the facts of the case. So the further finding follows that in fact, there was a lock-out of the factory from 25th May 1968, that the alleged closure of the same is not a real one and that the alleged closure is also not beyond the control of the management and hence is not justified.

Then the issue remains to be considered as to the relief the workmen who have been retrenched consequent on such lock-out of the factory are entitled to.

It has already been discussed that the retrenched workmen resorted to shouting slogans, slow-down tactics and various acts of gross indiscipline. So the Company had justification in giving protection to the loyal workmen by making such lock-out from 25th May 1968. In view of such extraordinary circumstances, it is held that the workmen who lost service consequent on such lock-out of the factory, dated 25th May 1968, be reinstated in service and they will not get half of the back wages. Reasons have already been assigned as to why the full wages were not allowed and hence it is not necessary to repeat the same.

The reference is disposed of accordingly.

AWARD

Government of West Bengal, Labour Department, by its order No. 8632-I.R./IR/11L-422/68, dated 4th December 1968, referred under section 10 of the Industrial Disputes Act, 1947, an industrial dispute between Messrs. Landale & Morgan Private Ltd., 5 Fairlie Place, Calcutta-1 (hereinafter referred to as the Company), and their workmen represented by Landale & Morgan Private Ltd. Employees' Union, 12-A Netaji Subhas Road, Calcutta-1 (hereinafter referred to as the Union), to the First Industrial Tribunal constituted under notification No. 808-I.R./IR/3A-2/57, dated the 11th March 1957, for adjudication relating to the following issue :

Issue

Whether the management is justified in not paying Dearness Allowance to its employees with effect from 1st April 1968 at the rate recommended by the Bengal Chamber of Commerce and Industry? To what relief, if any, are the employees entitled?

After receipt of the reference this Tribunal issued notices on the parties concerned to appear on 26th December 1968 when necessary direction for filing statements of the respective case of the parties would be given. The Union appeared and filed their written statement duly but the Company did not appear nor took any step for filing its written statement. Several chances were given to the Company but the Company neither appeared nor filed its written statement, and inspite of receipt of the notice the Company did not take any step for filing written statement. Ultimately the matter was heard exparte on 29th January 1969 and 30th January 1969. The Union's case, in short, as made out in their written statements is that the Company is a well reputed concern and the Employees' Union is a Registered Trade Union of the Employees working in the said Company. Sometime in March 1967 the Union demanded that the employees be paid dearness allowance as per the scheme introduced by the Bengal Chamber of Commerce and Industry. After a lot of negotiation with the management the Company by a letter, dated 3rd April 1967, agreed to pay dearness allowance as per the Bengal Chamber of Commerce and Industry Scheme and it was further settled

that it would be made effective from 1st April 1968. The Company, however, failed to introduce the said scheme on the said date. The Union therefore agitated and the matter was referred to the Labour Commissioner, Government of West Bengal, by the Union. Attempts of settlement were made before the Assistant Labour Commissioner, but the Company refused to implement their commentment. The Conciliation Officer, Government of West Bengal, also failed and ultimately the Government was pleased to issue the order of reference as mentioned above. The question for determination therefore, is whether the Union has been able to prove by independent and cogent evidence, their claim regarding the dearness allowance which is the subject-matter of the issue in this case.

Findings

The Union examined P.W. 1 Shri Bireswar Roy on oath. He happens to be the President of the Union. He proves that before April 1967, there were various disputes with the management and the Managing Director. Ultimately he settled the disputes and noted the terms of settlement signed by him. He has produced Ext. 1, signed by the Managing Director of the Company, in which the terms of settlement have been specifically noted. I have considered the same carefully. Item 3 of the said settlement says that regarding dearness allowance "the same will be paid as recommended by the Bengal Chamber of Commerce and Industry and be made effective from 1st April 1968". He further produced papers to show the rates of dearness allowance which have been recommended by the Bengal Chamber of Commerce from April 1968. I am therefore satisfied that the Union has proved their case beyond reasonable doubt and the evidence clearly shows that the employees of the Company are entitled to dearness allowance at the rates recommended by the Bengal Chamber of Commerce and Industry with effect from 1st April 1968, and the management is not justified in not paying the said dearness allowance to its employees. The issue is thus found in favour of the Union. Hence,

Ordered

That the reference be allowed ex-parte in favour of the Union and the management do pay within one week of the publication of this award in the "Calcutta Gazette", dearness allowance to its employees with effect from 1st April 1968, at the rates recommended by the Bengal Chamber of Commerce and Industry.

This is my award.

AWARD

This is an application under section 33A of the Industrial Disputes Act filed by Shri Kamala Upadhya, an employee of Messrs. Assam Travels (Private) Ltd., 161/1 Mahatma Gandhi Road, Calcutta, against the aforesaid Company alleging that the Company dismissed him from service during the pendency of the main reference without obtaining permission or approval of the Tribunal.

Subsequently, on 7th December 1967, the Company filed an application under section 33(2) (b) of the Act seeking approval of the action of the Company in dismissing the Opposite-Party Kamal Upadhya (the applicant in the abovementioned section 33A case) from the service of the Company.

Usual notices were served on the parties in both the cases, and they appeard and filed their respective statements and documents. Several adjournments were given in both the cases at the instance of the parties. Thereafter talk of compromise developed between the parties, and the parties took adjournments on ground of negotiations for an amicable settlement of the dispute between them.

On 21st January 1969 the parties appeared and filed a joint petition of compromise in respect of both the applications under section 33A and under section 33(2) (b) of the Act, embodying therein the terms of settlement, and for acceptance of the said settlement by the Tribunal thereby disposing of the two cases.

I have perused the terms of settlement which appear to be fair, reasonable and lawful, and I accept the same.

Accordingly, I pass this award recording mutual settlement and 'no dispute' between the parties in respect of the application under section 33A filed by Kamala Upadhya. The terms of settlement are appended to this Award as Annexure 'A' and this will form part of the award.

Consequently, on the basis of the same compromise petition by the parties, the application under section 33(2)(b) of the Industrial Disputes Act filed by the Company is also disposed of on the basis of compromise and settlement between the parties.

AWARD

The Government of West Bengal, Labour Department, by order No. 2812-I.R./IR/11L-291/65, dated 18th July 1966, had referred under section 10 of the Industrial Disputes Act to the Fifth Industrial Tribunal for adjudication an industrial dispute relating to the undermentioned issues existing between Messrs. Bengal Refractories Private Ltd., P.O. Jamgram, district Burdwan, and their workmen represented by Bengal Refractories Mazdoor Union, P.O. Asansol, district Burdwan. Subsequently by order No. 6550-IR, dated 2nd September 1968, the Government withdrew the proceedings of that case from the Fifth Industrial Tribunal and transferred the same to this Ninth Industrial Tribunal for adjudication.

Issues

1. What should be the quantum of bonus for the accounting year ending on 31st December 1964?
2. Whether ten days' wages paid to the workmen before the Puja in 1964 should be deducted from their bonus payable for the accounting year ending on 31st December 1964?

Both parties had appeared before the Fifth Industrial Tribunal and filed their respective written statements. When the case was received by this Ninth Industrial Tribunal on 8th October 1968, notices were issued to both parties directing them to appear before this Tribunal on 8th November 1968. These notices were duly served and the General Secretary of the Union appeared in this Tribunal on 8th November 1968 and filed a petition adopting the previous written statement; but the Company was absent and took no steps. The case was adjourned to 27th November 1968 for fixing a date of hearing and on that date the date of hearing was fixed as 9th January 1969. But on 9th January 1969 neither party appeared and no steps were taken by either of them. It was ordered on that date that a no-dispute award will be passed if the parties fail to be present on 27th January 1969 to which date this Tribunal suo motu adjourned the case for hearing. But on 27th January 1969 also both the parties absented and took no steps. To give another chance I adjourned the case again to this date 30th January 1969, but I find both parties are absent.

Under the circumstances it seems that the parties have amicably settled their dispute and that is why they are not keen to proceed with this reference. I find no reason to adjourn the case any more as it has already become very old. Accordingly I pass a no-dispute award in this case.

AWARD

The Government of West Bengal, Labour Department, by its order No. 2128-I.R./IR/8L-5/67, dated the 11th April 1968, referred under section 10 read with section 2A of the Industrial disputes Act, 1947 (XIV of 1947), to this court an industrial dispute relating to the undermentioned issue existing between Messrs. Bengal Fine Spinning & Weaving Mills Ltd., Haran Chandra Banerjee Road, Konnagar, district Hooghly and their workman Shri Himangshu Ranjan Chakravorty, 104 Aravinda Road, P.O. Konnagar, district Hooghly, for adjudication.

Issue

Whether termination of service of Shri Himangshu Ranjan Chakravorty is justified? What relief, if any, is he entitled?

Pursuant to the notices of this reference the parties filed their written statements and 9th December 1968 came to be fixed for filing lists of documents by the parties. On 9th December 1968 the parties, however, were found absent and no list of document was also filed. 19th December 1968 was therefore fixed for filing copies of documents along with lists by the parties. On 19th December 1968 the parties were again found absent and the documents and the lists were also not filed as directed. No reason was also assigned by either of the parties as to why no step could be taken as directed. 3rd January 1969, therefore, was fixed for fixing a date of hearing. On 3rd January 1969 again the parties were found absent and 18th January 1969 therefore was fixed for hearing of the reference. On 18th January 1969 the parties did not take any step whatever in connection with this reference and no reason was also assigned for the same. As they were found absent 24th January 1969, i.e., this day was fixed for orders. Even this day the parties have not taken any step and it appears to me that they are no longer interested in the reference. In the circumstance of the present case I am inclined to think that the dispute under reference is no longer in existence. I accordingly pass a 'No-dispute' award. The instant reference is accordingly disposed of.

In the matter of an industrial dispute existing between Messrs. Calcutta Club Limited, 241 Lower Circular Road, Calcutta-20, and their workmen represented by Calcutta Club Limited Employees Union, 249 Bowbazar Street, Calcutta-12. (Case No. VIII-716/67.)

AWARD

By the Government of West Bengal, Labour Department, order No. 1510-I.R./IR/11L-374/66, dated the 17th April 1967, an industrial dispute alleged to be existing between Messrs. Calcutta Club Ltd., 241 Lower Circular Road, Calcutta-20, and their workmen represented by Calcutta Club Limited Employees' Union, 249 Bowbazar Street, Calcutta-12, was referred under section 10 of the Industrial Disputes Act to the local First Industrial Tribunal, for adjudication, in respect of the following three issues:

Issues

1. Gratuity.
2. Leave and Holidays for Sub-staff.
3. Medical attendance benefits for Sub-staff.

Then again by the Government of West Bengal, Labour Department, order No. 4700-I.R./IR/11L-374/66, dated the 18th September 1967, the said industrial dispute was withdrawn from the file of the First Industrial Tribunal and transferred the same to this Tribunal for disposal in respect of the self-same three issues.

Usual notices were served on the Company as well as the Union from this Tribunal after receipt of the order of reference.

The Union appeared and filed its written statement on 30th January 1968. The Company appeared and filed their written statement on 19th March 1968, challenging the maintainability of the order of reference and the jurisdiction of this Tribunal to entertain and adjudicate upon the issues referred.

According to the Company the Club is at all material times was a Members' Club which is not a profit making organisation and is entirely run for the benefit of its members. The Club does not and never did carry on any business, trade, undertaking, manufacture of calling and is not an 'industry' within the meaning of Industrial Disputes Act, 1947, and inasmuch as the Club is not and was never an industry. So, the provisions of the Industrial Disputes Act, 1947, does not apply to the said Club.

The Club in their written statement further contended that the Tribunal should not proceed with the said purported order of reference, which is illegal and without jurisdiction and that this Tribunal has no jurisdiction to proceed pursuant to the said order of reference.

Accordingly, on the prayer of both sides, this order of reference was heard only on the aforesaid preliminary question as to whether the dispute between the Calcutta Club Limited and their employees can be said to be an industrial dispute and whether this Tribunal has jurisdiction to entertain and adjudicate upon the issues referred to by the Government.

On behalf of the Club, their paid Assistant Secretary has only been examined as P.W. 1. He is Shri A. N. Bhattacharji. On the other hand, Md. Salim, who joined the Club as a Barman in April 1958, has been examined as the sole witness on behalf of the Union. The Memorandum and Articles of Association including General by-laws and the annual report and accounts for three years 1965-1966 and 1967, have been produced and exhibited as Exts. 1 and 2 series respectively. On behalf of the Union, one price list, dated 15th July 1968 of the Club, for liquor and another, dated 15th September 1968, for snacks and food have been produced and marked as Exts. A and A(1) respectively. It has transpired from the evidence of the aforesaid two witnesses that this Club serves liquor and cooked food to its members and member's guests and not any outsider. D.W. 1 admitted that the Club do not serve any food or drink to any person, who are neither members nor the members' guests. He further admitted that no cash sale is made in the Club. Only members pay monthly bills for food and drinks and even for their guests. It has further transpired that there are at present 1,900 members of the Club and of them approximately 1,300 are town members and the rest about 600 are muffasil members. It is also admitted that for members only, the Club keep a list of prices for food and also for liquor. P.W. 1 also asserted in his cross-examination that the Club is not a profiteering concern and they do not give any dividend to the members of the Club. The statement on oath of P.W. 1 in his chief to the effect that the Club is run only on the subscription of the members, has not been challenged in his cross-examination. The Club do not have any profit and loss account. On the other hand, it appears from Exts. 2 series the annual reports and accounts that the Club prepare statement of income and expenditure on goods and service account for every year. Though the Club pay sales tax on cooked food, it cannot be said that the Club makes profits upon such cooked food supplied only to the members and the members' guests.

In the ordinary or non-technical sense, according to what is understood by the man in the street, industry or business means an undertaking where capital and labour co-operate with each other for the purpose of producing wealth in the shape of goods, machines, tools, etc., and for making profits. Section 2(j) of the Industrial Disputes Act does not define 'industry' in the usual manner by prescribing what it means; the first clause of the definition gives the statutory meaning of 'industry' and the second clause deliberately refers to several other items of industry and bring them in the definition in an inclusive way. Their Lordships of the Supreme Court have held that under

section 2(j) an activity can and must be regarded as an industry even though in carrying it out, profit motive is absent and that absence of investment of any capital would not make a material difference to the applicability of section 2(j). They have observed that it is the character of the activity which decides the question as to whether the activity in question attracts the provision of section 2(j) and that in deciding the question as to whether the activity in question is an undertaking under section 2(j), the doctrine of quid pro quo can have no application. It is true that by the two decisions of the Hon'ble Calcutta High Court, viz., Bengal Club Ltd. vs. Santi Ranjan Samaddar and Royal Calcutta Golf Club Mazdoor Union vs. State of West Bengal, Clubs have also been included in the definition of the word 'industry'. But in a recent case, the Supreme Court, in the case of Madras Gymkhana Club held that in order to determine whether an institution or establishment comes with the meaning of 'industry' what must be established is the existence of an industry viewed from the angle of what the employer is doing and if the definition from the angle of the employer's occupation is satisfied, all who render service and fall within the definition of workman come within the fold of industry irrespective of what they do. There is then no need to establish a partnership between employer and employees as such in the production of material goods or services. But every human activity in which enters the relationship of employers and employees, is not necessarily creative of an industry. Personal services rendered by domestic and other servants, administrative services of public officials, service in aid of occupations of professional men, such as doctors and lawyers, etc., employment of teachers and so on may result in relationships in which there are employers on the one side and employees on the other but they must be excluded because they do not come within the denotation of the term 'industry'. Primarily, therefore, industrial disputes occur when the operation undertaken rests upon co-operation between employers and employees with a view to production and distribution of material goods, in other words, wealth but they may arise also in cases where the co operation is to produce material services. In the instant case the claim is based on the following considerations: (1) that the club is organised as an industry is organised, i.e., the club is a Company incorporated under the Indian Companies Act, (2) that facilities of accommodation, catering, sale of alcoholic and non-alcoholic beverages, games, social events, etc., (vide pages 6 and 7 of Ext. 2) are provided, (3) that the Club runs parties at which guests are freely entertained, and (4) that the Club has established reciprocal arrangements with other Clubs for its members (vide page 8 of Ext. 2). But none of the aforesaid considerations is sufficient to establish that the Calcutta Club Ltd., is an industry within the Industrial Disputes Act. It is true that the affairs of the Club are organised in the way business is organised, and that there is production of material and other services and in a limited way production of material goods mainly in the catering department. Even then it has been held by the Hon'ble Supreme Court in the aforesaid Madras Gymkhana Club case that these circumstances are not truly representative in the case of the Club because the services are to the members themselves for their own pleasure and amusement and the material goods are for their consumption. In other words, the Club exists for its members. No doubt occasionally strangers also take benefit from its services but they can only do so on invitation of members only. No one outside the list of members has the advantage of the aforesaid services as of right. Nor can these privileges be brought. In fact, they are available only to members or through members.

In the result, I hold that the Calcutta Club Ltd., being a Members' Club, is not an industry. So, I further hold that the dispute between the Club and their employees can by no stretch of imagination be said to be an industrial dispute and that this Tribunal accordingly has got no jurisdiction to entertain and adjudicate upon the issues referred to by the Government for the purpose. The instant order of reference, I hold, is illegal and as such is not maintainable.

This is my award.

PUBLIC SERVICE COMMISSION, WEST BENGAL

General information relating to age concession, fixation of initial pay, etc., in respect of posts advertised by the Commission and instructions to candidates applying in response thereto.

General concession in age

(1) (a) **For Political Sufferers:** A candidate who before 15th August 1947 was detained, imprisoned, interned or externed on account of his/her activities in connection with the country's struggle for independence, not being convicted of an offence indicating moral turpitude, shall be entitled to a concession in respect of the upper age limit. The concession granted will be equal to the exact period of detention, imprisonment, internment or externment suffered up to a maximum of four years.

(b) **For Scheduled Castes/Tribes candidates:** The upper age limit is relaxable by five years for candidates belonging to Scheduled Castes/Scheduled Tribes.

(c) **For displaced persons:** The upper age limit is relaxable up to 45 years for displaced persons who migrated to India from East Pakistan on or after January 1, 1964 and repatriates from Burma and Ceylon who migrated on or after 1st June 1963 and 1st November 1964 respectively. This concession in age to displaced person shall remain in force up to December 31, 1969.

The bona fides of the displaced persons will have to be certified by the Camp Commandant of the Transit Centre of the Dandakaranya Project or the Camp Commandant of the Relief Camp in various States or the District Magistrate of the area where the candidate may for the time being be resident.

Fixation of pay

(2) (a) **For persons already in permanent service under the Government of West Bengal:** If a permanent Government servant is permitted to apply and is selected for a post in open competition with outsiders, his/her initial pay will be fixed under rule 42 or 55 of the West Bengal Service Rules, Part I, as the case may be. If however, such a recruit is prepared to resign his/her appointment under Government, before applying, he/she will be eligible for the grant of higher initial pay on the same basis as an outsider.

(b) **For a temporary Government servant having no lien on any post under the West Bengal Government when appointed to a post carrying higher scale of pay:** Such an officer shall be eligible to draw as initial pay at the stage of the time-scale in the higher post which is equal to his/her pay in the lower post, or if there is no such stage, the stage next below that pay plus personal pay equal to the difference, to be absorbed in future increments in the higher scale, provided that he/she has already rendered at least three years' continuous and satisfactory service in the lower post. The aforesaid benefit of fixation of pay will not, however, be available in the following cases:

(i) when the Commission has made a specific recommendation regarding the pay to be allowed to the officer;

(ii) when under any specific rule such an officer is allowed a higher initial pay.

(c) **For outsiders:** Unless otherwise specified in a particular advertisement, higher initial pay on the basis of age, qualifications and experience (including experience outside Government service) may be allowed to a person not already in Government service, if the relevant advertisement contains a provision to that effect.

(4) Candidates should furnish evidence of their age, qualifications and previous experience together with certificates written not more than one year prior to the date of their applications, from responsible persons, testifying to their private character.

The Commission accepts only the age of a candidate as recorded in the School Final or equivalent certificate.

In the case of a female candidate whose age is not recorded in the School Final or equivalent certificate, any of the following evidences of the age is accepted by the Commission:

(1) A certificate from the Headmistress of the school, which she last attended, showing her exact age as recorded in the school register.

(2) An affidavit regarding her age sworn by her father or mother or some other person in a position to know by having been present or heard of her birth at the time of occurrence.

Fee

(5) Candidates must enclose with their applications a fee of Rs. 5 (Rs. 1.25 for candidates belonging to Scheduled Castes or Scheduled Tribes) in the form of a receipted chalan from a Government Treasury or the Reserve Bank of India under the head "XXI—Miscellaneous—Receipts of the Public Service Commission, West Bengal". Money orders, cheques, etc., in lieu of treasury chalans are not accepted. Postal Orders, however, may be accepted from candidates. They should be crossed and made payable to "The Deputy Secretary, Public Service Commission, West Bengal".

Candidates abroad may deposit their application fees with the High Commission of India or the Embassy, as the case may be, and obtain receipts for the same, which will have to be attached to their applications to be submitted to the Commission.

Candidates in Government service should make sure before depositing fee that their applications will be forwarded by their superior officers.

Except under certain special circumstances, fees paid with the applications are not refunded.

The Commission may remit application fee in respect of genuinely indigent displaced persons from East Pakistan who have migrated to India on or after January 1, 1964. This concession in fee shall remain in force up to December 31, 1969.

A candidate claiming such exemption must furnish besides evidence required under paragraph (1)(c) above, a certificate (in original) from a District Magistrate or a Gazetted Officer or a Member of Parliament or State Legislature to show that he/she is not in a position to pay the prescribed fee.

For a Gazetted post, an indigent displaced person shall, in the first instance, pay the prescribed application fee, but if he/she is selected for and appears at the interview, the fee paid by the candidate will be refunded afterwards.

For a non-Gazetted post such candidates will not be required to pay the application fee.

Note: A member of the Scheduled Castes or Scheduled Tribes must furnish with his/her application a certificate in original from a Gazetted Officer or from a Member of Parliament or State Legislature belonging to the Scheduled Castes or Scheduled Tribes specifying the particular caste or tribe to which the candidate belongs.

Address

(6) Candidates should give their present address and should communicate at once any subsequent change of address.

Canvassing

(7) Any attempt on the part of candidates to enlist support of their applications through persons of influence or officials of Government will disqualify them for appointment. Spontaneous recommendations from persons interested in the candidates or otherwise known to them will be disregarded.

Forwarding of applications and submission of advance copies

(8) Applications from candidates who are in permanent or temporary employment under any Government, a local or Statutory Body (e.g., Damodar Valley Corporation), in India will be rejected unless they are submitted through the appointing authority of their posts or service.

Candidates serving under Government or a local or Statutory Body should submit an advance copy in the prescribed form. The application fee should in such cases be attached to the advance copy and not to the original. The candidature of such applicants may not, however, be considered if the original applications do not reach the Commission's office within a fortnight from the closing date. Unless applications in original or advance copies with application fees are received within the closing date, late applications may be rejected.

Legislative Department

NOTIFICATION

No. 373L.—6th March, 1969.—The Governor having been pleased to order, under rule 66 of the Rules of Procedure and Conduct of Business in the West Bengal Legislative Assembly, the publication of the following Bill, together with the Statement of Objects and Reasons and the Financial Memorandum which accompany it, in the *Calcutta Gazette*, the Bill, the Statement of Objects and Reasons and the Financial Memorandum are accordingly hereby published for general information:—

BILL NO. 2 OF 1969

THE WEST BENGAL REQUISITIONED LAND (CONTINUANCE OF POWERS) (AMENDMENT) BILL, 1969.

A BILL

to amend the West Bengal Requisitioned Land (Continuance of Powers) Act, 1951.

WHEREAS it is expedient to amend the West Bengal Requisitioned Land (Continuance of Powers) Act, 1951, for the purposes and in the manner hereinafter appearing; West Ben. Act VIII of 1951.

It is hereby enacted in the Twentieth Year of the Republic of India, by the Legislature of West Bengal, as follows:—

Short title.

1. This Act may be called the West Bengal Requisitioned Land (Continuance of Powers) (Amendment) Act, 1969

Amendment of section 1 of West Ben. Act VIII of 1951.

2. In sub-section (*3*) of section 1 of the West Bengal Requisitioned Land (Continuance of Powers) Act, 1951 (hereinafter referred to as the said Act), for the words "eighteen years", the words "twenty-one years" shall be substituted.

Amendment of section 6.

3. For clause (*i*) of sub-section (*2*) of section 6 of the said Act, the following clause shall be substituted, namely:—

"(*i*) In respect of the acquisition under this Act of any requisitioned land, the amount of compensation payable shall be the price which the requisitioned land would have fetched in the open market, if it had remained in the same condition as it was at the time of requisitioning and had been sold on the date of acquisition.".

STATEMENT OF OBJECTS AND REASONS.

The life of the West Bengal Requisitioned Land (Continuance of Powers) Act, 1951 (West Bengal Act VIII of 1951), is due to expire after the 31st March, 1969. As a considerable area of land, and also some buildings, are still subject to continued requisition under the Act and as it will not be possible either to derequisition the lands and buildings or to acquire them permanently during the present lifetime of the Act, extension of the life of the Act for a further period of three years is considered necessary.

2. In view of several decisions of the Supreme Court the existing provisions of clause (*i*) of sub-section (*2*) of section 6 of the Act under which compensation payable for acquisition shall be the market price as on the date of acquisition or twice the price as on the date of requisition, whichever is less, appear to be *ultra vires* of the Constitution as depriving the owner of the land of 'just equivalent', of the land. It is, therefore, necessary to amend the Act so as to provide that compensation for acquisition shall be the market price as on the date of acquisition.

3. The Bill has been framed with the above objects in view.

HARE KRISHNA KONAR,
Member-in-charge.

CALCUTTA,
The 5th March, 1969.

FINANCIAL MEMORANDUM.

Under clause 2 of the Bill, the life of the West Bengal Requisitioned Land (Continuance of Powers) Act, 1951 (West Bengal Act VIII of 1951) is sought to be extended for a further period of three years beyond the 31st March, 1969.

2. Compensation is payable for the period during which the properties would continue under requisition. The rate of compensation on this account remains unaffected.

3. Compensation is also payable for acquisition of any requisitioned property. Under clause 3 of the Bill the quantum of compensation payable in the event of acquisition may increase, as market price as on the date of acquisition is to be paid, even where it is greater than twice the price as on the date of requisition.

4. It is not possible at this stage to estimate the additional financial liability that may have to be incurred by the State Government for keeping the properties under requisition or for acquiring them permanently, as it is difficult to say when and which of the properties under requisition would be released from requisition or acquired permanently under the provisions of this Act.

HARE KRISHNA KONAR,
Member-in-charge.

NOTIFICATION

No. 374L.—6th March, 1969.—The Governor having been pleased to order, under rule 66 of the Rules of Procedure and Conduct of Business in the West Bengal Legislative Assembly, the publication of the following Bill, together with the Statement of Objects and Reasons and the Financial Memorandum which accompany it, in the *Calcutta Gazette*, the Bill, the Statement of Objects and Reasons and the Financial Memorandum are accordingly hereby published for general information:—

BILL NO. 3 OF 1969

THE WEST BENGAL PREMISES REQUISITION AND CONTROL (TEMPORARY PROVISIONS) (AMENDMENT) BILL, 1969.

A

BILL

to amend the West Bengal Premises Requisition and Control (Temporary Provisions) Act, 1947.

WHEREAS it is expedient to amend the West Bengal Premises Requisition and Control (Temporary Provisions) Act, 1947, for the purpose and in the manner hereinafter appearing; West Ben. Act V of 1947.

It is hereby enacted in the Twentieth Year of the Republic of India, by the Legislature of West Bengal, as follows:—

Short title. **1.** This Act may be called the West Bengal Premises Requisition and Control (Temporary Provisions) (Amendment) Act, 1969.

Amendment of section 1 of West Ben. Act V of 1947. **2.** In sub-section (*4*) of section 1 of the West Bengal Premises Requisition and Control (Temporary Provisions) Act, 1947, for the words and figures "the 31st day of March, 1969", the words and figures "the 31st day of March, 1974" shall be substituted.

STATEMENT OF OBJECTS AND REASONS.

The life of the West Bengal Premises Requisition and Control (Temporary Provisions) Act, 1947 (West Bengal Act V of 1947) is due to expire after the 31st March, 1969. As the housing problem in the State is still acute and as it is often extremely difficult to find accommodation for public purposes by private treaty, it is necessary that the powers obtained under the Act should be retained for a further period beyond that date.

2. It is, accordingly, proposed to amend the Act so as to extend its life for a further period of five years, that is to say, up to the 31st day of March, 1974.

3. The Bill has been framed with the above object in view.

HARE KRISHNA KONAR,
Member-in-charge.

CALCUTTA,
The 5th March, 1969.

FINANCIAL MEMORANDUM.

Under clause 2 of the Bill the life of the West Bengal Premises Requisition and Control (Temporary Provisions) Act, 1947 (West Bengal Act V of 1947) is sought to be extended for a further period of 5 years beyond the 31st March, 1969. The Act by itself does not entail any financial liability on the State Government although the initial responsibility for payment of compensation to the landlords for premises requisitioned under the Act rests on the State Government. The entire cost is ultimately recoverable from the persons in occupation of the requisitioned premises.

HARE KRISHNA KONAR,
Member-in-charge.

Siliguri, district Darjeeling (hereinafter referred to as the Union), to this Tribunal for adjudication on the following issue:

Issue

1. Whether the retrenchment of Shri Sailendra Nath Bhattacharya and Shri Junathan Kujur is justified? What relief, if any, are they entitled to?

The Union has alleged in its written statement that the Company, which deals in manufacture of engine parts and other automobile products, is a prosperous one. It has several branches at Cuttack, Patna, Gouhati and Siliguri, the Head Office being located in Calcutta. On 29th January 1968 the Company suddenly retrenched the disputed workmen, Sailendra Nath Bhattacharya and Junathan Kujur. Such retrenchment was totally unjustified. In spite of sufficient work in the moulding section, the Company arbitrarily suspended the work of that section and illegally retrenched those workmen by violating the principles of natural justice. There was victimisation and unfair labour practice as well.

The Company denied the allegations made by the Union. It has alleged that the moulding department had lost its utility for several years. That section was being run at a recurring loss of Rs. 1,500 to Rs. 1,600 per month. So for economic reasons the Company had to close down that department and retrench the workmen concerned. The Factory Inspector gave an estimate which would have cost the Company Rs. 15,000 to Rs. 20,000 more. So the Company decided to close down that department on grounds of trade and economic necessity. There was no victimisation or unfair labour practice.

It has been contended on behalf of the Union that the case of Viswamitra Press in 1952 L.A.C., 20, at page 733 will show that the Tribunal has to consider whether a case for retrenchment has ben established and the onus on the same is on the management. It has also to consider the action of the management in making the retrenchment is bona fide and whether the Company had acted partly on extraneous considerations or on improper motives. The Company has not produced all the relevant documents and the previous balance-sheets. The case of S. K. Chakraborty Ltd. in 1952 L.A.C., 308 has been cited to show that where the Company dismissed the workmen and did not produce the current balance-sheet and only the older balance-sheets were put in, it was held that the employer had failed to substantiate his plea. The Company has not produced its profit and loss accounts to show that in fact the moulding section of the Company's unit at Siliguri was being run at loss. Some interested witnesses has been examined by the Company. The statements made by the Company's witness that since 1957 the moulding work has become less, cannot be believed. The O.P.W. 2 Manimohan Sarkar has stated that their sale did not decrease. The Company did not follow the well-established principles "last come, first go". The case of Globe Theatre in 1968 (I) L.L.J., 343 has been cited to show that in that case there was interchangibility between the different categories of workers in New Globe Theatre and the corresponding categories in Roxi Talkies. In such circumstances, it was held that the workmen were rightly reinstated in service by the Tribunal. The P.W. 1 Sailendra Nath Bhattacharya was the President of the Union and he also was dismissed from service. He has stated that the rate of dearness allowance in the Company's units is the same. So the Tribunal should hold that since he was the President of the Union, there was victimisation and unfair labour practice as well. The principles of natural justice were violated because the evidence of the P.W. 1 Sailendra Nath Bhattacharya and the P.W. 2 Junathan Kujur indicates that there are other junior workmen. The Company acted arbitrarily in not dismissing those junior workmen from service.

It has been contended on behalf of the Company that the Director sent a letter Ext. C, complaining of deterioration of the work in the moulding section in the Company's unit at Siliguri. Then the reply Ext. D was given to that letter regarding the enquiry made by the Director. The letter Ext. A was sent by the Director to the O.P.W. 1 Gouri Nandi, Internal Auditor of the Company's unit at Siliguri. The O.P.W. 1 Gouri Nandi sent a reply vide Ext. B. The Inspector of Factories submitted a report Ext. E to the Manager of the Company and gave some suggestion. The Manager gave an intimation to the Joint Managing Director that in order to implement the recommendations made by the Factories' Inspector in his report, Rs. 12,000 to Rs. 15,000 would be required to make a renovation. The evidence of the O.P.W.s will show that the moulding section concerned was being run at a loss. From 1957 the work of the moulding section has become much less. On grounds of economy, that section had to be closed down by the Company. Consequent on such closure of the moulding section, the workmen had to be retrenched. There was no victimisation or unfair labour practice.

So it has to be considered as to which version is the true one.

The letter Ext. C, dated 20th October 1967 written by the Director shows that the activities of the moulding section had deteriorated to a considerable extent. So the names of the workmen of that section were asked for. Other necessary details were also called for. The reply Ext. D was given on 8th November 1967. Then comes the letter Ext. A, dated 14th November 1967 sent by the Director to the O.P.W. 1 Gouri Nandi, Internal Auditor of the Company's unit at Siliguri. He was asked by the Director to verify the authority and correctness of the position of the moulding section of the Company's branch at Siliguri. Pursuant to the query, the O.P.W. 1 Gouri Nandi sent the reply Ext. B, dated 24th November 1967. He stated that the average value of the output of the moulding section of the Siliguri branch was Rs. 1,775 from January to October 1967 and the total average expenditure for that section was Rs. 3,166.26 P. per mensem. He also gave other details to the Director. This witness has stated in his cross-examination that his duty is to go round the various sections of the factory, see the actual work and verify the production. I find nothing to disbelieve the oral and documentary evidence adduced by the Company on this. It is therefore clear that the moulding section of the Company's unit at Siliguri was being run at a loss and so for the reasons of trade and economy, it was justified in closing down that section.

Now about the case of Globe Theatres Ltd. cited on behalf of the Union. In that case the different sections of the management were located in Calcutta. Here the units are not situate in the same town or city or village. A mere look at the map of West Bengal, Bihar and Orissa will indicate that the different units of the Company are situate at a distance of some 100 miles from each other. The P.W. 1 Sailendra Nath Bhattacharya now wants to say that the work of the moulding section has not been stopped and the Company gets such work done from outside. He and the P.W. 2 Junathan Kujur have stated that there are some junior workmen. But their evidence on this is absolutely vague because the names of those alleged junior workmen have not been given. So their evidence on this cannot be believed.

Reference may be made to the latest case of Indian Hume Pipe in A.I.R. 1968 S.C., 1002, at page 1005 to show that in that case also the Union did not plead that the principle "last come, first go" was not followed and the seniors must be retained. It was laid down by the Supreme Court that since such plea was not taken by the Union in the written statement, the Tribunal was not competent to go into that question at all. Here also the facts are the same and since the Union did not plead in the written statement that the aforesaid principle was not violated and there were other junior workmen, the Union cannot be permitted to raise this plea and consequently this Tribunal cannot consider that question. Moreover even if it be assumed that if the Tribunal can consider the question, the position will not improve because it has already been found that the evidence of P.W.s on this is aboslutely vague and that there is no cogent evidence that there were any junior workmen in the employment of the Company. Further there is no reliable evidence to show that the terms of employment of the workmen in the other units of the Company are the same. So when this point was not raised by the Union in its written statement, this contention cannot be sustained.

The Company has cited the case of Viswamitra Press in 1952 L.A.C., 20 at page 33 to show that the management has a prima facie right to determine its labour force. The case of Hotel Ambassador in 1963 (1) L.L.J., 87 will show that if a department is closed on grounds of economy, the conduct of the employer in closing such department and dividing the work amongst its other employees, could not be reasonably characterised as improper or as amounting to an unfair labour practice.

It has already been found that the Company was running the moulding section at Siliguri at a loss and it became an uneconomic department. So the Company was justified in closing down that department. So on grounds of economy, such conduct of the employer in closing down the moulding sections was justified. So it is held that there was no unfair labour practice or victimisation or mala fides or extraneous condition and that the principles of natural justice were not violated.

The P.W. 1 Sailendra Nath Bhattacharya has stated that he did not make any correspondence whatever with the Company in black and white. So it seems strange why the Company would make any victimisation. In any view of the matter, P.W. 2 Junathan Kujur was not a member of any Union. So in his case also, no question of victimisation arises.

It has already been stated that the O.P.W. 1 Gouri Nandi has denied that the Company gets the moulding work done from outside. That fact was not pleaded in the written statement. So the submissions made on behalf of the Union cannot be accepted. The case of S. K. Chakraborty Ltd. in 1952 L.A.C., 308, cited on behalf of the Union, has no application to the facts of this case because the Union put in the balance-sheets, Ext. 6. Moreover that was a case under section 33A of the Industrial Disputes Act.

Hence the decisions follow that the Company has established a case for retrenchment, that the moulding section of the Company's unit at Siliguri was actually closed and that the retrenchment of Shri Sailendra Nath Bhattacharya and Shri Junathan Kujur is justified and hence they are not entitled to any relief.

(2) If the face of the building is set-back from the street for any distance not exceeding 15.24 metres such building may be erected or raised or reconstructed with the permission of the Authority in writing to a height greater than that as specified in sub-paragraph (1) but not so that any portion of the building shall intersect any of a series of imaginary straight lines drawn from the centre line of the road at an angle of 63½° with the horizontal plane at the height of the plinth level. For rear set-back of the building, the height shall be controlled by a similar series of imaginary lines drawn at an angle of 63½° with the horizontal plane at a height of plinth level at any point of the rear boundary line of the plot.

STATEMENT OF OBJECTS AND REASONS

The Cantonments Act, 1924 is a piece of obsolescent and outdated legislation wholly out of tune with the conditions of freedom and democracy. It is a negation of the principles of local self-government.

The Act packs the Cantonment Boards with nominated military officers and magistrates and unnecessarily restricts the scope of the elective principle.

It confers on the officers not only vast powers of an emergency character but also dictatorial powers in normal times. It also gives veto to the Presidents of the Cantonment Boards who are generally the Officers Commanding the Stations to thwart the will of the elected majority.

These amendments seek to democratise the administration of the Cantonments by introducing the principle of election and responsibility to the elected representatives of the people. The Bill is designed to give effect to the long overdue changes in the Cantonment administration.

LABOUR DEPARTMENT

ORDERS

No. 863-I.R./IR/8L-45/68.—15th February 1969.—Whereas under the Government of West Bengal, Labour Department, order No. 5718-I.R./IR/8L-45/68, dated the 29th July 1968, the industrial dispute between Messrs. Gandheswari Hosiery, 12/A Baranashi Ghosh Street, Calcutta-7, and their workmen represented by Hosiery Workingmen's Union, 66 Sovabazar Street, Calcutta-5, regarding the issue mentioned in the said order being a matter specified in the Second Schedule to the Industrial Disputes Act, 1947 (XIV of 1947), was referred for adjudication to the Third Industrial Tribunal;

And whereas the said Third Industrial Tribunal has submitted to the State Government its award on the said industrial dispute;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE

In the matter of an industrial dispute between Messrs. Gandheswari Hosiery, 12/A Baranashi Ghosh Street, Calcutta-7 and their workmen represented by Hosiery Workingmen's Union, 66 Sovabazar Street, Calcutta-5. (Case No. VIII-282 of 1968.)

BEFORE THE THIRD INDUSTRIAL TRIBUNAL, WEST BENGAL

Shri G. B. GHOSH, Judge,
Third Industrial Tribunal.

AWARD

By the Government of West Bengal, Labour Department, order No. 5718-I.R./IR/8L-45/68, dated 29th July 1968, an industrial dispute existing between Messrs. Gandheswari Hosiery, 12/A Baranashi Ghosh Street, Calcutta-7, and their workmen represented by Hosiery Workingmen's Union, 66 Sovabazar Street, Calcutta-5, was referred under section 10 of the Industrial Disputes Act, 1947, to this Tribunal, for adjudication in respect of following issue :

Issue

Whether refusal of employment to Shri Gauranga Chandra Kar is justified? To what relief, if any, is he entitled?

Usual notices were served on the Union as well as the Company from this Tribunal, after receipt of the order of reference.

Both the Company as well as the Union appeared before this Tribunal on 2nd September 1968. That day on hearing both sides representatives, the Union was directed to file its written statement on 25th September 1968. On that day (25th September 1968) Shri S. R. Ghosh, Advocate, appeared for the Union and filed a petition praying for extention of time to file written statement. This prayer was allowed and 16th October 1968, was fixed for filing written statement by the Union. That day on 16th October 1968 Shri S. R. Ghosh again prayed for time to file written statement and the prayer was allowed. On the next day, that is, on 6th November 1968, another application by Shri S. R. Ghosh, Advocate, for time to

file written statement was allowed and 4th December 1968 was fixed for the purpose. On 4th December 1968, Shri S. R. Ghosh again filed another application for extention of time to file written statement. This prayer was also allowed and 3rd January 1969, was fixed for filing written statement by the Union. On 3rd January 1969, the workman did neither appear nor file any written statement. No steps was also taken on behalf of the workman or Union, praying for any adjournment again to file written statement. But I gave another chance to the Union or to the workman to file written statement and fixed 29th January 1969 for filing written statement. On 29th January 1969, also neither the Union nor the workman appeared and filed in the written statement. Thus it appears that the concerned workman Shri Gauranga Chandra Kar is not at all interested to proceed this order of reference.

I may mention here that after 2nd September 1968, the Company did never appear before this Tribunal at any of the aforesaid dates, fixed for filing written statement by the Union.

Thus it appears that neither the Company nor the concerned workman is interested in any way in the matter of proceeding with the order of reference. So in my opinion, the parties have got "no dispute" existing at present, on this order of reference.

Accordingly, I pass a "no dispute" award in this case.

This is my award.

Union Land & Building Society Ltd., 1 Woodburn Road, Calcutta and their workman Shri Nirmal Chandra Bose, P.O. Barasat, Hariharpur, district 24-Parganas, regarding the issue mentioned in the said order being a matter specified in the Second Schedule to the Industrial Disputes Act, 1947 (XIV of 1947), was referred for adjudication to the First Labour Court ;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE

In the matter of an industrial dispute between Messrs. Union Land & Building Society Ltd., 1 Woodburn Road, Calcutta and their workman Shri Nirmal Chandra Bose, P.O. Barasat, Hariharpur, district 24-Parganas, referred under G.O. No. 7851-I.R./IR/11L-465/68, dated 1st November 1968. (Case No. VIII-C-95/68.)

BEFORE THE FIRST LABOUR COURT,
WEST BENGAL

Present :

Shri S. P. BAGCHI, Judge,
First Labour Court.

AWARD

The Government of West Bengal, Labour Department, by its order No. 7851-I.R./IR/11L-465/68, dated the 1st November 1968, referred under section 10 read with section 2A of the Industrial Disputes Act, 1947 (XIV of 1947), to this Court, an industrial dispute relating to the undermentioned issue existing between Messrs. Union Land & Building Society Ltd., 1 Woodburn Road, Calcutta and their workman Shri Nirmal Chandra Bose, P. O. Barasat, Hariharpur, district 24-Parganas, for adjudication.

Issue

Whether the termination of services of Shri Nirmal Chandra Bose is justified? What relief, is he entitled to ?

Parties were duly served with notices of this proceeding. The workman concerned filed his written statement in triplicate but the Company did neither appear nor take any step in connection with this reference. No reason was also assigned. The case, therefore, was proceeded with ex-parte.

The worker concerned pledged his oath in support of his contention. He said that he had joined the Company in the year 1958 and had served it for about 10 years with a spotless record of service. He complained that while he was working at the Bokaro Steel City side his services had been verbally terminated without assigning any reason with effect from 28th December 1967. He characterised the said action of the Company as malafide and illegal. There were no charge-sheet, no enquiry and no notice of termination. He asserted as well that there was absolutely no justification for the termination of his services and complained that nothing whatsoever was done by the Company inspite of his representation to the Company and to the Labour Commissioner, West Bengal, in the matter. He further informed us that at the time of his termination of service he was drawing a basic pay

of Rs 430 per month and that the Company owed him a sum of Rs 2,264.92 (Rupees two thousand two hundred sixty-four and paise ninety-two only) on salary account alone on 28th December 1967 although the Company was booming with activities and profits. This statement of the worker concerned goes unchallenged. As already noticed, the Company did neither appear nor take any step in connection with this proceeding inspite of due service of notice upon it. It has to be held therefore in the circumstances that the verbal order of termination of service of Shri Nirmal Chandra Bose was not justified. I would accordingly direct that Shri Nirmal Bose be reinstated in the services of the Company with full back wages for the period of his forced unemployment and all other dues and benefits including continuity of service, within a month of the publication of this award in the "Calcutta Gazette".

This is my award.

ANNEXURE

In the matter of an industrial dispute between Messrs. Carter Pooler & Co. Private Ltd., 1 Kashinath Dutta Road, Calcutta-36, and also in respect of their Factory No. 2 at 36/C B. T. Road, Calcutta-2, and their workmen represented by Carter Pooler Employees Union, 27 B. T. Road, Calcutta-50. (VIII-467/68.)

BEFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL.

Present:

Shri T. K. BANERJEE, Judge,
Fourth Industrial Tribunal.

The Government of West Bengal, Labour Department, by its order No. 8495-I.R./IR/10L-314/67(Pt.), dated the 29th November 1968, referred this industrial dispute between Messrs. Carter Pooler & Co. Private Ltd. (hereinafter referred to as the Company), 1 Kashinath Dutta Road, Calcutta-36, and also in respect of their Factory No. 2 at 36/C B. T. Road, Calcutta-2, and their workmen represented by Carter Pooler Employees' Union (hereinafter referred to as the Union), 27 B. T. Road, Calcutta-50, to this Tribunal under section 10 of the Industrial Disputes Act for adjudication on the following issue:

Issue

Whether the closure of the factory with effect from 7th October 1968 is real? Is the termination of employment of all the workmen with effect from 7th October 1968 justified? To what relief including retrenchment compensation are they entitled?

After service of notice both the parties appeared and the Union filed its written statement on 10th January 1969. On 30th January 1969 the Company filed an application praying for time to file written statement; and time was allowed till 15th February 1969 for that purpose. Later on, in course of the same day i.e., on 30th January 1969, the parties have filed a joint petition of compromise settling their dispute amicably out of the Court and incorporating therein the terms of settlement. I have perused the terms which appear to be fair, legal and reasonable, and I accept the same. Accordingly I pass an award on the basis of the said petition of compromise incorporating the terms of settlement which do form a part of the award, as annexure 'A' thereto.

This is my award.

4. **Short recital of the disputes:**

The Company as per its notice, dated 5th October 1968, had closed down its two factories situated at 1 Kashinath Dutta Road, Calcutta-36 and at 36/C Barrackpore Trunk Road, Calcutta-2, with effect from 7th October 1968 due to paucity of orders and consequent uneconomic working of the two factories. The Union representing the workmen thereafter raised an industrial dispute before the Labour Directorate, Government of West Bengal and as no settlement could be arrived at, the matter had been referred by the Government of West Bengal to the Fourth Industrial Tribunal for adjudication. Although the situation has not improved, the parties have agreed to try once again with a view to run the factories in economic manner and also as viable units and with that end in view several bipartite discussions took place and ultimately an amicable settlement has been arrived at on the following terms and conditions:—

5. **Terms of Settlement:**

(1) It is agreed by and between the parties hereto that the Company would reopen its two factories on and from the 13th January 1969 and about 50 workmen/staff will be taken back initially as per list to be mutually prepared with the consultation of the Management and the said list will be notified on the Notice Board. Such workmen/staff who will be taken back initially will not be entitled to any wages for the period of the closure i.e., from the 7th October 1968 till the date before reopening of the two factories. There will, however, be continuity of service for the workmen/staff now going to be taken back as indicated above and the said period will be treated as leave without pay so far as the workmen/staff now going to be taken back are concerned provided, however, the period of non-employment will not disentitle the workmen/staff the benefits of the statutory leave under the Factories Act and the benefits of the Payment of Bonus Act, 1965.

It is, however, further agreed that if any workmen fails and/or neglects to report for duty within 10 days from the date agreed upon, he shall loose the lien of his job and his name will be struck off from the master roll of the Company presuming that he has abandoned his services on his own accord.

(2) The Company will also take additional hands by and by as and when required over and above the workmen/staff so absorbed as indicated in paragraph 1 hereinabove and they will also be taken on the same terms and conditions as mentioned hereinbefore in respect of the workmen/staff and in this fashion the Company will absorb all the permanent workmen/staff within a period of two months or earlier. Lists of such workmen/staff will be mutually prepared in consultation with the management. Such workmen/staff as and when absorbed will be entitled to wages and salary only from the date of their absorbtion and they will not be entitled to any wages or salary for the period commencing from the date of closure till the date of their absorbtion.

(3) The Union and the workmen assure the Management of their full co-operation in bringing about normalcy and peaceful working in the two factories. It is also agreed that the Union and the workmen will not resort to any direct action without exhausting the constitutional method as provided under the Industrial Disputes Act.

(4) It is agreed that all the casual workmen will not be made permanent for a period of one year from the date of this settlement provided however that if any casual worker voluntarily resigns will be entitled to retrenchment compensation in accordance with section 25F of the Industrial Disputes Act.

(5) It is agreed that the workmen/staff who have already resigned before the closure of the factories, their resignation will be accepted and will be paid their legal dues within a period of one month from the date of reopening the factories.

(6) It is further agreed that if any workman/staff hereinafter submits his resignation voluntarily, the same will be accepted and he will be paid his legal dues as if he has been retrenched and retrenchment compensation will be paid in terms of the provision of section 25F of the Industrial Disputes Act, 1947.

(7) The arrears of wages and bonus in respect of the workmen/staff will be paid in the following manner:—

(a) 50 per cent. of the wages due within 15 days from the date of reopening.

(b) Balance 50 per cent. within a month from the date of reopening.

(c) Bonus due will be paid within 60 days from the date of reopening.

(8) It is hereby agreed that the Canteen facilities so far enjoyed by the workmen/staff will be discontinued for the time being so long as the situation

is not improved. It is however further clarified that if the workmen desire to run the canteen they may do so without any subsidy from the Company.

(9) It is further agreed that the working hours of the Head Office and the workmen employed in the factories will be the same.

(10) The parties hereto agree to file a copy of the present Memorandum of Settlement before the Fourth Industrial Tribunal for a "No-Dispute" award in terms of the settlement which will finally dispose of the disputes referred to the Fourth Industrial Tribunal for adjudication and all other pending disputes and/or court cases pending between the parties hereto shall be unconditionally withdrawn as provided by Statutes.

(11) The Union representing the workmen hereby undertake not to raise any additional demand involving financial liability on the part of the Management for a period of one year from the date of the settlement excepting the Statutory obligations.

AWARD

By Government of West Bengal, Labour Department, order No. 3197-I.R./IR/15L-2/66, dated the 14th July 1967, an industrial dispute between Messrs. Kusum Products Ltd., 9 Brabourne Road, Calcutta (Bombay Mutual Buildings) (hereinafter called the Company) and their workmen represented by the National Union of Mercantile Employees, 35-B Wellington Street, Calcutta-13 (hereinafter called the Union), was referred under section 10 of the Industrial Disputes Act, 1947, to this Tribunal for adjudication.

Issue

Whether the retrenchment of Shri I. B. Garg is justified? To what relief, if any, is he entitled?

On receipt of the order of reference, this Tribunal registered this case on 22nd July 1967 and served usual notices in the usual manner upon the parties to the dispute calling for their appearances and filing of written statements. The parties duly appeared before the Tribunal and filed their written statements. The case then became a contested one.

The written statement filed by the Union states that Shri I. B. Garg (hereinafter called Shri Garg) had been working in the Chemical Engineering Division of the Company since 21st August 1963. At first he was appointed in the Rishra factory of the Company and thereafter he was transferred to the Gariahat Branch by letter, dated the 11th May 1964. The Company then wrote him a letter, dated 29th March 1966, to the effect that due to the reduced volume of business his services were not required by the Company from 1st May 1966. The workman was asked to treat the letter as notice of one month as per letter of appointment given to him. At that time the workman was drawing a monthly salary of Rs. 410 and a house rent allowance of Rs. 100. On termination

of his services by the Company, the workman was not given any retrenchment benefits on the plea that he was drawing a monthly emoluments of Rs. 510 including house rent allowance. The Union then on 2nd June 1966 raised a dispute before the Labour Commissioner, Government of West Bengal, but the Company took the stand that as the workman was drawing emoluments above Rs. 500 he was not a 'workman' under the Industrial Disputes Act. The Company maintained that the conciliation officer has no jurisdiction to conciliate in the matter. Therefore, all attempts at conciliation failed and the Labour Department of the Government of West Bengal by the aforementioned order of reference, referred the dispute to the Tribunal for adjudication.

The Union maintained that Shri Garg was a workman as defined in the Industrial Disputes Act. His job was designing of chemical plants and selling of Company's products for which he had to go round to secure customers. Shri Garg had no right to negotiate with a customer for finalisation of sales. He had no right to sign the contract of sale. He had to work in obedience to the direction of his superior and he did not exercise any power of direction and control. No subordinate staff worked under him. The work done by him was a technical work and not managerial, administrative or supervisory in nature. According to the Industrial Disputes Act, a person doing technical work drawing more than Rs. 500 per month comes within the definition of workman, and by a letter of appointment he was told that provident fund as admissible under the rules under section 2(b)(ii) of the Provident Fund Act house rent allowance was not treated as wages for the purpose of Provident Fund contribution. Shri Garg was not paid overtime wages in Rishra factory on house rent allowance which was Rs. 50. When earned leave is encashed, house rent allowance is not taken into account in the matter of salary paid in lieu of earned leave cancelled or surrendered. The Union submitted that in the matter of determining whether Shri Garg is a workman or not, only his actual wages should be taken into consideration and the amount of house rent allowance paid to him should be ignored. The Union contended that in view of that it has submitted Shri Garg was entitled to retrenchment compensation under section 25F of the Industrial Disputes Act, and the Tribunal should be pleased to direct the Company to pay retrenchment compensation to him. The Union also prayed that the Tribunal should be pleased to direct the Company to pay compensation to Shri Garg for the harassment caused to him.

In reply, the Company states in its written statement as follows:—

Prior to May 1964 Shri Garg was employed by the Company as an Assistant Chemist at its Vanaspati Factory operated by the Company at Rishra. As an Assistant Chemist Shri Garg was required to supervise and control the working of the said Vanaspati Factory during a particular shift. Shri Garg was not required to do any menial or clerical work. By a letter, dated March 6, 1964, Shri Garg requested the Company to transfer him to the Chemical Engineering Division of the Company at Hindusthan Park, Calcutta. The Company acceded to his request. In the said Chemical Engineering Division Shri Garg was posted as a Chemical Engineer. The purpose of his employment as Chemical Engineer was to take charge of the section dealing with Solvent Oil Extraction Plants and Oil Precessing Plants. The duties of Shri Garg mainly consisted of initiating designs of various chemical plants and to negotiate for sale of the said plants to various customers and to give instructions to and supervise the work of project engineers and draftsmen employed by the said Chemical Engineering Division for the purpose of carrying out detailed work of preparing drawings of chemical plants. He was not required to do any manial or clerical work.

By a letter, dated 29th November 1965, the salary of Shri Garg was increased to Rs. 510 per month with effect from April 1, 1965. The Company therefore contends that Shri Garg was not a 'workman' within the meaning of Industrial Disputes Act, 1947. The said Chemical Engineering Division, the Company states, became uneconomical and was causing considerable losses to the Company. In the circumstances, the Company became unable to continue the employment of various employees in the said Chemical Engineering Division including that of Shri Garg. So, by a letter, dated 29th March 1966, the Company terminated the services of Shri Garg with effect from May 1, 1966. Shri Garg received the said letter on March 29, 1966.

The Company further states that Shri Garg was transferred to the said Chemical Engineering Division at his own request and the salary of Shri Garg was Rs. 510 per month. The Company denied that Shri Garg had no managerial duty to perform and he was doing only technical work. The Company also denied that there was no subordinate staff working under Shri Garg.

Further the Company stated that the National Union of Mercantile Employees was not a Union recognised by the Company and the said Union never controlled the workmen of the Company. In the circumstances, the Union was not entitled to represent the workmen of the Company. The workmen of the Company are controlled and represented by Kusum Products Employees' Union in the factory of the Company and by Kusum Products Ltd Karmachari Union in the head office of the Company. The present dispute was not raised by either the Kusum Products Employees' Union or Kusum Products Ltd. Karmachari Union, and the dispute had also not been raised by any workmen of the Company. In the circumstances, the Company prayed that the Tribunal should be pleased to dismiss the purported claim contained in the written statement filed by the Union.

In support of its case, the Union examined only one witness namely Shri Indra Bhan Garg. The Union exhibited five documents which have been marked Exts. 1 to 5. The Company to support its case examined one witness, namely, Shri Tapan Roy, Legal Officer of the Company since 1961. The Company exhibited a number of documents which have been marked Exts. A to V(2).

Shri Garg in his evidence stated that he was given a letter of appointment when he was posted to the Chemical Engineering Division by the Company, but he was granted continuity of service. He received the letter of termination of service, dated 29th March 1966, effective from 12th May 1966. He did not receive any retrenchment benefit at the time of termination of his service. Along with him, the services of 30 persons were terminated, some of whom were drawing a salary of below Rs. 500, and they were given retrenchment benefit. One of the persons retrenched, namely Shri R. D. Ahuja was doing a similar type of job as his and he got the retrenchment benefit. Shri Ahuja was a Chemical Engineer like himself. About 4 or 5 persons who drew salary above Rs. 500 did not get retrenchment benefit. He verbally asked for retrenchment benefit, but was told that he was not entitled to the same. At the time when he was an employee of Kusum Products Ltd., he was not a member of any Trade Union. He became a member of the Union and the Union took up his cause before the Labour Commissioner. He asked the Union to file the dispute. His duty was to design chemical plants under guidance of the Manager. He was also to sell the plants designed by him and for this purpose he was to go outside Calcutta. He had no right to finalise the sale of the plant. By the time he was about to finalise a deal, the Company closed down the division in which he was working. He never signed any contract of sale. He worked under the guidance of the Manager and he had no subordinate staff working under him. There was a system of deduction of provident fund from the wages and his provident fund had been deducted. From his house rent allowance, provident fund was not deducted at any time. He used to be paid overtime wages at the factory but the same was not paid on house rent allowances. He was permitted to encash leave earned but not taken by him exclusive of house rent allowance on the basis of his salary, but he could not encash leave on the basis of salary inclusive of house rent allowance. In cross-examination, he stated that he was appointed in the factory as Assistant Chemist and there he used to look after the shift and he was in charge of the shift in the factory. Thereafter, by an appointment letter with certain terms and conditions which he accepted, he was posted to the Chemical Engineering Division of the Company and that was a better job for him. As a Chemical Engineer he used to receive letters from the customers through the Manager. Thereafter he used to deal with those letters himself and consulted with the Manager only when necessary. He used to reply to the querries made by the customers. Thereafter, the draft prepared by him used to be handed over to the draftsmen and they used to prepare the final design. The design had to be according to the draft made by him.

Shri Tapan Roy, in his evidence, stated that the whole Chemical Engineering Unit had been closed down and except Shri Garg, none of the employees raised any dispute. He further stated that Shri R. D. Ahuja was a Junior Chemical Engineer and his salary at the time of retrenchment was Rs. 460.50 paise. Shri Garg and Shri Basudevan were Chemical Engineers and Shri Basudevan drew a salary of Rs. 660 per month. He produced pay register and other documents before the Tribunal.

Now the first point to be decided in this case is whether this is an industrial dispute at all. The learned lawyer appearing on behalf of the Company submitted that the present dispute could not be considered as an industrial dispute because Shri Garg is not a 'workman' under section 2(s) of the Industrial Disputes Act. He also submitted that the present dispute could not be treated as industrial dispute because the Union which sponsored the dispute did not represent the workmen of the Company. The learned lawyer contended that the Union had no locus standi to raise this dispute at all. Further, he contended that this dispute had been raised without making any demand from the Company, and in fact, the dispute was never raised with the Company.

The learned President of the Union Shri Phani Ghosh who conducted the case on behalf of the Union disputed the points raised by the learned lawyer for the Company. Therefore, I shall have to look into the evidence to see how far the arguments advanced by the learned lawyer for the Company can stand judicial scrutiny.

From the written statements filed by the parties, from the oral evidence on record and from the documentary evidence (Ext. U), it is clear that at the time of his termination of service Shri Garg was drawing Rs. 510 per month. Ext. U shows that his basic salary in March 1966 was Rs. 341.67 paise, he used to draw D.A. of Rs. 68.33 paise and house rent allowance of Rs. 100 per month. The learned lawyer appearing for the Company submits that the wages [as defined under section 2(rr) of the Industrial Disputes Act, 1947] of Shri Garg at the time of the termination of his services were Rs. 510. The learned President of the Union contends that house rent allowance should not be included in calculating the monthly wages of Shri Garg. He contends that house rent allowance is not treated as 'wages' under the Payment of Wages Act and similar other Acts. He further contends that the definition of wages given in section 2(rr) of the Industrial Disputes Act is only for the purpose of section 33C. I am unable to accept the contention of the learned President. The term 'wages' as defined in section 2(rr) of the said Act applies to all the provisions of the Industrial Disputes Act unless its application is specifically restricted. There is nothing in the Act to show that the term

'wages' defined in section 2(rr) of the Act was only for the limited purpose of section 33C of the Industrial Disputes Act. Hence, the contention raised by the learned President is devoid of any force. Section 2(rr)(ii) specifically includes the value of any house accommodation capable of being expressed in terms of money within the scope of the term 'wages'. In this case Shri Garg was getting Rs. 100 as house rent allowance. Therefore, Rs. 100 must be treated as part of the wages received by him.

The second point that I have to decide is whether Shri Garg was doing only technical or clerical work, or he was also doing supervisory and/or managerial work. The learned President of the Union contends that Shri Garg was doing only technical work, whereas the learned lawyer for the Company contends that Shri Garg was doing supervisory and managerial work on top of technical work. In this connection, the learned President of the Union draws my attention to the evidence of Shri Garg and submits that Shri Garg used to draft plans, he used to go outside Calcutta to secure customers for the plant but he had no right to sign a contract or close a deal with a customer. He also never finalised the terms of payment with a customer. He worked under the guidance of the Manager and there was no subordinate staff working under him. On this basis, the learned President of the Union contends that Shri Garg had no supervisory or managerial function to perform. On the other hand, the learned lawyer for the Company draws my attention to the evidence given by Shri Garg in cross-examination. From the portion of the evidence pointed out by the learned lawyer it appears that at first when Shri Garg was appointed in the factory as an Assistant Chemist, he used to look after a shift and was the shift-incharge. Thereafter, he joined the Chemical Engineering Division of the Company because he got a better job there. The learned lawyer points out that the job which Shri Garg was doing at the time of termination of service was considered by him a better job than even the job of a shift-incharge. The learned lawyer further points out that Shri Garg used to prepare a draft design from which the Company's draughtsman prepared final plan according to the specification given by Shri Garg. The learned lawyer points that Shri Garg used to write directly to the customers and used to give them advice. He was looking after solvent oil extraction plant, design and sales. The Manager of the Company used to forward the customers' letters concerning his work to Shri Garg. Thereafter Shri Garg dealt with those letters on his own with occasional consultation with the Manager, when he felt necessary. He used to sign letters on behalf of the company. He used to address letters to the Purchase Officer of the Company also and was, in short, his own master in his department. In this connection, exhibits J, K, L, M, N, O, P, Q, R, S and T were referred to by the learned lawyer for the Company. From the totality of the evidence before me, it appears that Shri Garg was doing a good amount of technical work, but besides, his work was supervisory and managerial to a certain extent. He had to supervise the work of the draughtsmen who prepared the final plans according to the specifications supplied by him. In my opinion, this work was of supervisory nature. Shri Garg used to write letters directly to the customers and advise them. The amount of correspondence he used to carry on with the customer and inter-department officer clearly indicates that he was also doing certain amount of work which was managerial in nature. Therefore, all in all, my conclusion is that Shri Garg was employed as a technical man and his work was partly supervisory and partly managerial in addition to its being technical in nature.

From the findings I have above made it appears that Shri Garg was drawing wages above Rs. 510 per month and he was employed to do technical, supervisory and managerial type of work. Therefore, my finding is that Shri Garg cannot be treated as a 'workman' as defined under section 2(s) of the Industrial Disputes Act, 1947.

The learned President of the Union argues that it is not the function of this Tribunal to decide whether Shri Garg is a workman or not. The learned President contends that the Tribunal has no jurisdiction to do so without enlarging the scope of the reference. He contends that the issue referred for adjudication to this Tribunal is whether the retrenchment of Shri I. B. Garg is justified. The learned President of the Union contends that the Government has accepted that there was a retrenchment of Shri Garg. When the Government accepted the fact of retrenchment of Shri I. B. Garg, he argues, it naturally accepted that Shri I. B. Garg was a workman because when the Industrial Disputes Act speaks of retrenchment it speaks of retrenchment only in relation to worker. The learned President, therefore, contends that the Tribunal has no jurisdiction to decide whether Shri Garg is a workman or not. The argument advanced by the learned President is interesting and ingenious but devoid of any force. After a dispute is referred for adjudication to this Tribunal, the Tribunal acquires the right to see whether there really is a dispute at all. The Tribunal is not bound to take it for granted that there is a dispute. Furthermore, though in the order of reference the dispute is described as an industrial dispute, the Tribunal can look into the facts and circumstances of the case and decide for itself whether the dispute is really an industrial dispute. Similarly when the question of retrenchment is referred to the Tribunal for adjudication, the Tribunal acquires the jurisdiction and right to see whether there really was a retrenchment and whether the person described as retrenched was a workman or not. The existence of these rights of the Tribunal has never been doubted. Therefore, the contention raised by the learned President of the Union, though ingenious, cannot succeed.

On my finding above, the case of the Union fails, but still there are another arguments advanced by the learned lawyer for the Company which must be considered.

The learned lawyer for the Company contends that the Union has no locus standi to raise this dispute because the Union is a stranger Union and does not have the backing of a substantial number of workmen employed by the Company. In my opinion, this contention appears to be well founded. The Union examined only one witness, namely Shri Garg, who said that he was a member of the Union but he did not know whether any other workman of the Company was a member of the Union or not except Shri Basudevan. The evidence given by him regarding Basudevan is also a hearsay evidence. Shri Basudevan himself did not come to the witness box. The General Secretary of the Union or any officer of the Union was not examined to show that a substantial number of workmen of this Company are members of the Union. Therefore, it is clear that this Union is an outsider and has no following in the Company. In the circumstances, I find that this outsider Union has no right to raise a dispute with this Company. The dispute, if any, appears to be an individual one between the workman and the Company. The learned President of the Union submits that after section 2A of the Industrial Disputes Act was enacted the Union which sponsors the dispute of the workman need not be a Union of the workman of the Company. The workman himself is able to raise an industrial dispute with the Company. This may be so. But in that case the Government would refer a dispute for adjudication as a dispute between the Company and a particular workman and not as a dispute between the Company and a particular Union. In this case, the dispute referred for adjudication is a dispute between the Company and the Union which represents the workman of the Company. I have already found that the workmen of the Company are not represented by this Union. Therefore, it is clear that the Union which does not represent the workmen of the Company cannot raise an industrial dispute on behalf of the workmen. In the order of reference, there is nothing to show that the industrial dispute is between the Company and one of its workmen represented by the Union. Therefore, in my opinion, the contention raised by the learned lawyer for the Company that the Union has no locus standi to raise this dispute is valid.

The learned lawyer for the Company contends that the present dispute is not an industrial dispute becaue the workman or the Union did not make any demand to the Company. A letter was written making certain demands on behalf of the workman directly to the Government. Therefore, in the circumstances, it cannot be said that there was a demand by the workman or the Union and on refusal to meet that demand by the Company this dispute arose. The Union, referring to the evidence of Shri Garg, contends that Shri Garg verbally asked for retrenchment benefit from the Company but he was told that he was not entitled to. So a demand was made by the workman before the Company and the Company did not fulfil the legitimate demand of the workman. Thus there was a dispute and the dispute is an industrial one. The learned lawyer for the Company contends that in his evidence Shri Garg did not tell before whom he made the demand. The learned lawyer points out that the evidence given by Shri Garg is very vague and not credible. It is true that in his evidence Shri Garg did not say before whom he raised the demand. He never wrote any letter to the Company asking for retrenchment benefit. In the circumstances, the evidence given by Shri Garg that he asked for retrenchment benefit from the Company cannot be believed. Had he had asked for the retrenchment benefit from the Company he would certainly have been able to name the person before whom he made the demand and the date on which he made the demand. He has not testified to any of these things. Therefore, his evidence is not believable. Furthermore, there is no reason why Shri Garg would limit his demand to verbal representation. Therefore, the evidence given by Shri Garg that he had made a demand before the Company cannot be accepted. If a workman does not make a demand before the Company but only makes a representation before the Government or any other authority for removal of his grievance, that does not give rise to an industrial dispute between the Company and the workman. For the genesis of an industrial dispute, it is necessary that a demand should be made by a workman before his employer and the employer should refuse to meet that demand either wholly or partially. If the workman without making a demand before the Company makes representation before any other authority not being his employer, that does not give rise to an industrial dispute. This position appears to have been recognised by the Supreme Court in a recent decision (vide A.I.R. 1968 S.C. 529). In the present case I am satisfied that the Union wrote to the Government making a representation for retrenchment benefit for Shri Garg. There is no evidence to show that the workman or the Union approached the Company with a demand. Therefore, in the circumstances of the case, the present dispute cannot be called an industrial dispute. This finding also goes against the Union.

In view of my above findings, the conclusions is that the termination of service of Shri I. B. Garg cannot be called retrenchment and the question of justification of retrenchment or otherwise does not arise. Shri I. B. Garg is not entitled to any relief before this Tribunal. This is my award.

Konnagar, district Hooghly, was referred under section 10 of the Industrial Disputes Act, 1947, to this Tribunal for adjudication, in respect of the following issues:

Issues

1. Is the refusal of sick leave to workers made permanent in terms of the memorandum of settlement, dated 27th March 1964 and after that date, viz., 27th March 1964, justified? To what relief, if any, are they entitled?
2. Is the withdrawal with effect from 1st October 1965 of the system of payment of wages at double rates for overtime work in respect of work done outside the factory premises, justified? To what relief, if any, are the workmen entitled?

Usual notices were served on the Company as well as the Union from this Tribunal after receipt of the order of reference. The Union appeared and filed its written statement on 18th November 1966. Company also filed their written statement on 30th July 1967.

Admittedly, the Company being Messrs. Hoyle's Paints Ltd., manufactures various kinds of paints and emulsion, having its factory at Konnagar in the district of Hooghly and employing about 200 workmen including clerical and supervisory staff. The workmen have a trade union being Hoyle's Paints Workers' Union duly registered under the Trade Unions Act. A tripartite settlement copy being Ext. 1 (which was also made Annexure A of the written statement of the Union), was admittedly entered into by the Company and the workmen represented by the said Union on 27th March 1964. The Company also admittedly have in its employment three types of workmen, permanent, apprentnces and temporary. In terms of the provisions of clause (2) of the said agreement, Ext. 1, a number of apprentices were raised to the permanent cadre, subsequent to the date of that settlement. The names of such apprentices made permanent after the date of the settlement have been mentioned in Ext. 2 (which was made an Annexure B of the Union's written statement). Workmen made permanent before the date of settlement Ext. A, were getting 14 days' sick leave with wages. But the workers who were made parmanent after the date of the settlement were refused such sick leave by the Company. The Company also admittedly by a sudden notice, notified a change, on or about 2nd November 1965, in the system of payment of overtime wages to the workmen at double the normal rate of wages for overtime work done outside the factory premises with effect from 1st October 1965.

The Union in its written statement contended that workers who have been made permanent after the date of settlement, Ext. 1, became eligible for the benefit of sick leave with wages like the other permanent workmen; but the Company would not change their views and refuse sick leave with wages to the said concerned workmen as per the list, Ext. 2. The Union further contended that the aforesaid notice of the Company, dated 2nd November 1965, was illegal and unjustified, and as the management did not pay any heed to the Union's representations, the matter was referred to the Labour Directorate, and ultimately the instant order of reference was made. According to the Union, that 15 days' sick leave with full pay in a year is a condition of service to the permanent workmen. Right to get overtime wages at double the normal rate of wages for overtime work done outside the factory premises, is also a condition of service for all workmen—permanent or otherwise.

The Company in their written statement contended that though it is generally the established practice and the trend of industrial tribunals' awards that the workmen have been granted sick leave in other factories, only on half pay, the instant Company has been granting sick leave with full wages since more than 10 years back. According to the terms of the settlement Ext. 1, dated 27th March 1964, no sick leave was to be granted to temporary workers and

no sick leave was to be granted to apprentices, and it has been contended that during negotiations, the question of sick leave to the permanent workmen existing at that time or the workmen who were to be made permanent thereafter, was also discussed. As regards the workmen to be made permanent after the date of the agreement, the Company pointed out to the Union that it would be agreeable to grant sick leave on half pay until implementation of the Employees' State Insurance Scheme and then the sick leave to be granted on half pay would be stopped altogether from the date on which the workmen would start getting sick leave benefits under the Employees' State Insurance Scheme. As the Union did not agree, it was decided that the Company may continue to give sick leave on half pay to those permanent workmen who were on the roll of the Company on the date of the settlement and were receiving the same and no sick leave was to be granted to those workmen who became permanent after the date of the settlement, as the E. S. I. Scheme was going to be introduced shortly. As the workmen who were already made permanent before the date of Ext. 1, were getting the facility the Company continued to grant the facility to those permanent workmen and since there was no settlement over the issue of granting sick leave to those workmen, who were to be made permanent thereafter, they are not entitled to any such sick leave. It has again been contended that it is not a condition of service of the permanent workmen to get 14 days' sick leave with full pay in a year.

It has further been alleged that the drivers of trucks and Mazdoors who were sent to Calcutta and nearby areas for making delivery of paints according to the orders received by the Company, and as these workmen work outside the factory for this job, they are not entitled to overtime payment for doing work beyond their duty hours at double the wages in accordance with the provisions of the Factories Act. The Company was not also bound to give notice under section 9A of the Act as payment of overtime at double the rate, was not the condition of service of the workmen and even if it was so, the action taken by the management cannot be considered unjustified or illegal for failure to observe formalities under section 9A of the Industrial Disputes Act.

I first take up Issue No. 1 for decision. The settlement is dated 27th March 1964 (Ext. 1). As per the terms of this settlement, about 13 appentices were made permanent by the authorities. The names of such apprentices made permanent workers after the date of the settlement, have been mentioned in Ext. 2. The respective dates, when the said workers were made permanent, have also been mentioned in this Ext. 2. Such dates are from October 1964 to January 1966. I have mentioned above that these workers made permanent on the basis of Ext. 1, were refused sick leave which the permanent workers who were made permanent before the date of Ext. 1, are getting, i.e., 14 days' sick leave with full wages. But these permanent workmen are not given such sick leave by the Company authorities on the ground that it has not been specifically provided in the settlement that these permanent workers would also get such sick leave and further on the ground, that in the meantime the provisions of the E.S.I. Act had come into operation. It is undisputed in this case that the provisions of the E.S.I. Act, were implemented in the instant factory sometime in October 1965. But it appears from Ext. 2 that 10 out of 13 such employees made permanent after the date of Ext. 1, according to the terms of clause (2) of the said agreement, were actually made permanent before October 1965.

I have carefully perused the terms of the settlement Ext. 1 and I do not find anything within the four corners of the said settlement that it was ever agreed between the Union and the authorities that the workers to be made permanent after the date of Ext. 1, will not be granted any sick leave as being enjoyed by the permanent workers even on the date of Ext. 1. As there is nothing mentioned in Ext. 1, debarring the workers to be made permanent on or after the date of Ext. 1, to enjoy the sick leave, which was being enjoyed by the permanent workers on the date of Ext. 1, I cannot but reject the Company's contention that by the terms of Ext. 1, workers made permanent on or after the date of the said settlement would be debarred from getting such sick leave.

Next, as regards the Company's contention to the effect that as the workers made permanent on or after the Ext. 1, were enjowing the benefits of E.S.I. Scheme, I may mention here that it cannot be contended at all that in view of the provisions of the E.S.I. Act. 1948, the workers made permanent on or after the Ext. 1 should not get the sick leave enjoyed by the permanent workers of the Company which it appears to me was a condition of service of permanent workers. The benefit that the workmen will get under the E.S.I. Act, cannot affect the question of sick-leave. This Act does not provide for any leave to the workmen on the ground of sickness. It provides in section 46(1)(a) for periodical treatment of any insured person, in case of his sickness, if certified by the duly appointed medical practitioner. It is, however, clear that in providing for periodical payments to an insured worker in case of sickness (sickness benefit), or for medical treatment or attendance to him or the members of his family, the Legislature did not intend to substitute any of these benefits for the workmen's right to get leave on full pay on the ground of sickness. The facts that the E.S.I. Act has been applied to this Company and that the workmen of the Company are getting the benefits of this Act are not disputed. It is difficult to see, however, how the benefit that the workmen are getting under this Act can affect the question of sick leave being provided for the permanent workmen. E.S.I. Act, it is to be noticed, does not provide for any leave to the workmen on the ground of sickness. Sections 47, 48 and 49 of the E.S.I. Act deal with the eligibility of workmen for sickness benefit and the extent of the benefit that may be granted. Section 56 of the Act provides for medical benefits to the insured workman or in certain cases to the members of his family. Accordingly, I reject

the second contention on behalf of the Company authorities for refusing the workmen made permanent, as per the list Ext. 2, on or after the date of Ext. 1, the sick leave with full wages which is being enjoyed by the permanent workers of the Company. Accordingly I hold that the refusal of sick leave to the workers made permanent in terms of the memorandum of settlement, dated 27th March 1964 and after that date, i.e., 27th March 1964, is not justified. I further hold that the workers made permanent on or after 27th March 1964 i.e., the workers whose names do appear in Ext. 2, are also entitled to sick leave now enjoyed by the workers made permanent before 27th March 1964.

Coming to issue No. 2, it has been contended by Shri Pathak that the workmen i.e., the lorry drivers and lorry coolies are entitled to the system of payment of wages at double rates for overtime work in respect of the work done outside the premises, on the ground that till before the date of withdrawal of such system of payment of wages at double rates on 1st October 1965, such lorry drivers and coolies were all along enjoying this benefit. The Company admittedly withdrew such system on and from 1st October 1965 without service of any notice under section 9A of the Industrial Disputes Act. Now, having heard the learned representatives of both the sides and on a combined reading of the two definitions of "workers" and "factory" in sections 2(b) and 2(m) respectively of the Factories Act, it indicates that a worker is to be understood for the purposes of the Act not only in terms of the kind of work he is engaged, but also the place wherein he works. The word "worker" in section 59(1) of the Act indicates that the overtime work, to attract overtime wages at double the rate, should be in the factory itself, which means within the factory premises including the precincts thereof. In my opinion, any other interpretation will not give effect to the words "in a factory" used therein. Accordingly, the claim for overtime wages by the workers employed in a factory for overtime work done outside the factory, the provisions of section 59(1) cannot be relied upon. It is not the case here that overtime wage was not also based on an implied contract. So, I cannot but hold that the lorry drivers and lorry coolies i.e., the workers of the factory in question are not entitled to wages at double rates for overtime work in respect of work done outside the factory premises; but in this case admittedly no notice under section 9A of the Industrial Disputes Act, 1947, was served before the withdrawal of such benefit by the Company authorities on and from 1st October 1965. Without service of any such notice under section 9A of the Act, the Company authorities is not justified to withdraw with effect from 1st October 1965 the system of payment of wages at double rates for overtime work in respect of work done outside the factory premises. The workers, I hold, are entitled to get wages for overtime work as per the system existing before 1st October 1965, because no notice under section 9A of the Industrial Disputes Act, has been served prior to withdrawal of such system by the Company authorities.

This is my award.

After service of usual notices both the Unions and the Company entered appearance and the parties after repeated adjournments filed written statements. I have carefully examined the joint petition which is signed by the Branch Manager for the Company concern and by the President for Petroleum Workers' Union and the Secretary of Bengal Oil and Petroleum Workers' Union is another signatory to the joint petition. The Memorandum of Settlement with its annexure 'A' is considered and found to be lawful and it covers all the issues under reference. The terms of settlement are therefore accepted and an award is accordingly passed in terms of the Memorandum of Settlement and its annexure 'A' and the said Memorandum of Settlement with its annexure 'A' do form part of the award.

AWARD

The Government of West Bengal, in its Labour Department, referred under the section 10 of the Industrial Disputes Act, 1947, an industrial dispute between Messrs. A. Stock & Co., 8 Garagacha Road, Calcutta-27, and their workmen represented by A. Stock Sramik Union, 27B Circular Road, Calcutta-23, to this Tribunal for adjudication on the following issues :

Issues

(1) Bonus for the accounting year ending 30th June 1967.

(2) Whether the workmen are entitled to wages for the strike and lock-out period from 4th October 1967 to 3rd December 1967? If so, the quantum thereof?

The Union filed a written statement. It has been alleged that the Company indulges in unfair labour practice. The Union submitted its demand for bonus amounting to 4 months' basic wages and dearness allowance for the year ended 30th June 1967. It insisted on the Company to start negotiations regarding

the matter but the Company did not pay any heed to the same. Thereafter the Union served a notice of strike on 7th September 1967. On 4th October 1967 a strike was held. By a notice of that date the Company declared a lock-out. The Union represented the matter before the Labour Directorate. Conciliation proceedings were held and a tripartite settlement was arrived at between the parties on 27th November 1967. Hence the reference to the Tribunal. It has been alleged that the lock-out was not justified and hence the workmen would get wages from 4th October 1967 to 3rd December 1967 and bonus for the aforesaid accounting year.

The Company has alleged in its written statement that the claim for bonus was a fantastic one because it was equivalent to 33.33 per cent. to 240.45 per cent. Despite the agreement, dated 10th September 1964, which is still subsisting between the parties, such unreasonable demand for bonus was made. The workmen adopted go-slow tactics and stay-in-strike. The Company put up several notices requesting the workmen to refrain from adopting such tactics. But the workmen staged a strike on 4th October 1967 which was an illegal one. The workmen assembled in front of the gate of the factory and staged a demonstration. Then they went to the Company's City Office at 23 Camac Street in a procession. At that place, the employees of that office also joined the demonstration. Such strike was a clear violation of the terms of the subsisting agreement, dated 10th September 1964. So the Company was compelled to close down the factory on 4th October 1967 until normalcy was restored. Such lock-out was justified in view of such illegal action and unjustified strike. The workmen can get the minimum bonus according to the provisions of the Payment of Bonus Act. The lock-out is justified and hence the workmen are not entitled to any wages.

It has been contended on behalf of the Union that the evidence of the P.W. 1 Prabir Roy, General Secretary of the Union, shows that the Strike was declared on the 4th October 1967 because the Union made several efforts to start the negotiation with the Company regarding the payment of bonus. The Company was not willing to make any negotiation. With a view to pressing such demand, the strike was declared. So the Tribunal should hold that such declaration of strike was justified. At any rate, even if the strike was not justified, the Company had no justification to declare a lock-out for such an unusual long period, i.e., from 4th October 1967 to 3rd December 1967 because the workmen staged the strike only once, i.e., on 4th October 1967. The case of Indian Marine Service (P) Ltd. in A.I.R., 1963, S.C., 528 has been cited to show that when the lock-out is not justified and it is of unreasonably long duration, the workmen should get half their wages for the period of lock-out. It has been admitted on behalf of the Union that their claim for higher bonus is not justified and they will get only the minimum 4 per cent. bonus.

It has been stated on behalf of the Company that the Union made unreasonable demand of bonus amounting to 4 months' basic wages and dearness allowance. There was a previous agreement whose terms are to remain in force till 31st October 1969. According to such terms, the workmen would get the bonus according to law, i.e., according to the provisions of Payment of Wages Act. During the subsistence of that agreement, the workmen had no right to declare such strike on 4th October 1967. The Company issued several notices because the workmen indulged in go-slow tactics and sit-down strike. There was no improvement in the situation and at last, the strike was declared. So the Tribunal should hold that such strike was unjustified and absolutely illegal. The Company was compelled to declare the lock-out because normal production was not being obtained. At last the workmen intered into an agreement that there would be no further go-slow method and normal production would be resumed. After that undertaking was given, the lock-out was lifted. So the Tribunal should hold that the lock-out was justified and the workmen would not get any wages for the entire period.

Issue No. 1:

It has been admitted by both the sides that the minimum 4 per cent. bonus would be payable for the accounting year ending 30th June 1967. So the bonus will be paid according to such admission.

Issue No. 2:

The respective contentions for the parties have already been dealt with.

The case of Indian Marine Service (P) Ltd., shows that there both the parties were equally to blame and hence in view of that special circumstances, the workmen were allowed their wages at half of the usual rate. Again, the lock-out was also unjustified in that case.

The O.P.W. 1, Anil Mukherjee, Personnel Officer of the Company, has stated that the workmen adopted go-slow method and sit-down strike. This has not been challenged at present. Moreover the agreement Ext. B, dated 27th November 1967, shows that the terms of the settlement were as follows :

> The workmen and the Union, as a result of this Memorandum of Settlement, undertake that they would drop all agitational activities and there would be no further go-slow action. The workmen will resume and maintain normal and peaceful production on reopening of the factory. Disputes or grievance, if any, should be settled through peaceful and constitutional means.

So we find a clear admission that the workmen indulged in agitational activities and go-slow method and hence there was no resumption of work and maintenance of normal and peaceful production. It is therefore held that before 4th October 1967, the workmen adopted agitational activities, go-slow method and sit-down strike which resulted in reduction of normal and peaceful production. It will appear from the notices Ext. K series that from 18th September 1967 to 25th September 1967, the Company issued 3 notices inviting the attention of the workmen to refrain from coercive methods, sit-down strike and loss of production. The P.W. 1 Shri Prabir Roy admits that the Company hung up such notices and gave copies thereof to the Union.

The agreement Ext. A between the parties is dated 10th September 1964. That settlement is binding and operative between the parties from 1st September 1964 to 31st December 1969. The settlement regarding bonus is that all claims on that head will depend on statutory enactment.

It has already been pointed out that previously the Union made an unreasonable demand for bonus claiming such amount for 4 months' basic wages and dearness allowance. After making demand for bonus at an excessive rate, there is no meaning in asking the Tribunal at the present hearing to pass an award for bonus at the minimum rate of 4 per cent. In the circumstances, the submissions made on behalf of the Union are not accepted and it is held that the strike, dated 4th October 1967, was unjustified and absolutely illegal.

Of course before this strike was held, a notice of strike Ext. G was issued. But that does not improve the matters because the strike was an illegal one and the demand made on behalf of the Union was wholly unreasonable.

Reference may be made to the section 23(c) of the Industrial Disputes Act to show that a strike held during any period in which a settlement is in operation, is not permissible. The section 24(1) of the Act says that the strike shall be illegal if (i) it is commenced in contravention of the section 23 of the Act. It has already been pointed out that the terms of the previous tripartite settlement, dated 10th September 1964, Ext. A were subsisting in October 1967 and are still subsisting. No notice contempleted by the section 19 of the Act was given terminating such settlement. So settlement embodied in Ext. A was illegal.

Then we should consider the question what would be the consequences of such go-slow method, sit-down strike and of the actual strike held by the workmen. It has already been pointed out that the Tripartite Settlement, Ext. B shows that the workmen had adopted go-slow method and they undertook to discontinue the same and agreed that they would resume normal work and maintain normal production. That also clearly shows that the strike was wholly unjustified. No evidence has been adduced on behalf of the workmen to show that after 4th October 1967, they made any effort to resume work or that they gave any undertaking that they would give up go-slow method and give normal production. The fact that on 27th November 1967 they admitted that they would drop all agitational activities, withdraw go-slow method and resume normal production, is a pointer that during the period of such agitation, it was not at all possible for the Company to lift the lock-out. Unless the Company obtained such assurance from the workmen, it was not at all possible for the management to open the factory. There was no delay in the matter because it has already been pointed out that the aforesaid tripartite agreement Ext. B is dated 27th November 1967, and the factory was opend on 4th December 1967. So there was no delay on the part of the management to lift the lock-out and reopen the factory. Hence the facts of the case of Indian Marine Company Ltd., cited on behalf of the Union, are distinguishable from the present one. In the circumstances of the case, there is no question of stating that in the instant case the Company was also equally to blame. So it is held that the lock-out was justified, that the Company had no fault in the matter and that in such circumstances, the workmen will not get any wages from 4th October 1967 to 3rd December 1967.

Issue

Whether the dismissal of Shri D. G. Rodrigues is justified? To what relief, if any, is he entitled?

Notices were duly served on the parties. Thereafter they appeared before the Tribunal. On the prayer of the workman several adjournments were granted to him to file the written statement. Thereafter he did not take any steps. So notice was again issued to him as a matter of precaution. Even after the service of the notice he has not appeared and filed any written statement. So the Tribunal can presume that the dispute has been amicably settled between the parties and hence they are not interested in the reference. So this Tribunal passes a 'no-dispute' award.

AWARD

By the Government of West Bengal, Labour Department, order No. 5384-I.R./IR/11L-518(A)/67, dated the 19th October 1967, an industrial dispute existing between Messrs. Jardine Henderson Ltd. (Central Machine Section), C/o. Howrah Mill Co. Ltd., Ramkrishtopore, Howrah and their workman, Shri P. Rammurty Naidu, 56 Ramkrishtopore Lane, Shibpore. Howrah, was referred under section 10A read with section 2A of the Industrial Disputes Act, 1947, to this Tribunal, for adjudication in respect of the following issue :—

Issue

Whether the termination of service of Shri P. Rammurty Naidu by way of refusal of employment is justified? What relief, if any, is he entitled to?

Admittedly the concerned workman, Shri P. Rammurty Naidu was initially appointed as a clerk in the Company on 28th November 1947 and was confirmed as such, on and from 28th May 1948 on the strength of the letter of confirmation Ext. U(1), dated 8th July 1948. Sometime in June 1952, the workman was undisputedly discharged on medical ground as he was suffering from leprosy. After recovery of his said illness, the workman was allowed to join his services on 6th January 1953. On 6th February 1961, the workman Shri P. Rammurty Naidu again went away on leave on medical grounds. From that date i.e. from 6th February 1961 the workman continued on leave on the ground that he was suffering from leprosy. Even one year after that day i.e. on 27th January 1962 the workman again applied for extension of his leave till he be declared fit to join his services. Ext. E(1) is his said application. Along with Ext. E1, a medical certificate Ext. E2 was enclosed. This certificate shows that the skin smear of the workman was examined and was found still positive. Ext. E3 is the examination report of skin smear submitted along with the application Ext. E1. Then by the letter Ext. U(3), dated 1st February 1962, copy being Ext. E4, the services of the workman were terminated on the grounds of continued ill-health, with immediate effect. After this letter, dated 1st February 1962, terminating the services of the workman, he could not join his services again, though frantic appeals were being made by the workman for monetary help ; but the Company did not allow him to join and finally on 3rd February 1967 the workman applied before the Labour Commissioner, West Bengal, regarding his due from the Company. Ext. E21 is the copy of such application before the Labour Commissioner containing a statement of accounts regarding his alleged dues from the Company. Ext. E21 is the copy of such application before the Labour Commissioner containing a statement of accounts regarding his alleged dues from the Company. Conciliation proceedings started and then on 11th July 1967, the workman Shri Naidu filed another petition before the Assistant Labour Commissioner, Howrah, praying for conciliation proceedings regarding his re-appointment with the Company. A copy of such application was made annexure of the Assistant Labour Commissioner's letter, dated 17th July 1967, to the Company on this matter. This letter with enclosure has been marked as Ext. E28. Then the conciliation proceedings failed and ultimately the instant order of reference was made on 19th October 1967.

Usual notices were served on the Company as well as the workman concerned. Both of them appeared and filed their written statements.

The workman in his written statement contended that in the year 1961, symtoms of mild attack of leprosy appeared on his skin and he at once went on medical leave. Though on 27th January 1962 he intimated his employers that he was under the treatment of doctors and he expected recovery soon, as opined by the doctors, the Company instead of granting him leave as prayed, intimated him by the notice, dated 1st February 1962 (Ext. U3), that his services were terminated with immediate effect. The Company in the same notice assured him (workman) that the question of re-employment would be given due consideration if he be cured in the near future. The workman being highly mentally perturbed on receipt of Ext. U3, saw his employers on many occasions thereafter till the end of 1966 and he was always assured that he should not worry about his employment, and would be

permitted to join as soon as a certificate of fitness from doctors be produced. The workman then failed in his attempts to get the required certificate from his doctors who always put off the matter on the ground that it would be necessary to keep the workman under observation for some time more. Then some time in November 1967, doctors gave the opinion that the workman that time became a non-infectious case (vide Ext. U/11, dated 18th November 1967). Then on 27th March 1968, he got the medical fitness certificate (Ext. U12). The workman then approached the management of the Company with the aforesaid fitness certificate, and requested them to allow him to join his service but the Company did not do anything in this matter. The workman prayed that the so-called notice terminating his services (vide Ext. U3) be declared as illegal and insufficient and further that by the said notice his services were not terminated at all and further that he is still in service under Messrs. Jardine Henderson & Co. Ltd.

The Company in their written statement filed on 5th January 1968 contended inter-alia that the order of reference is bad, illegal and void and that this Tribunal has no jurisdiction or power or any authority to entertain and adjudicate upon the issue referred to this Tribunal, under section 10 read with section 2A of the Industrial Disputes Act. The workman concerned Shri Naidu having accepted the termination of his services in 1962 on the ground of his sufferance from leprosy, the question of any further termination of service by way of refusal of employment does not arise at all. As Shri Naidu ceased to be a workman so far back in 1962, since which date, there being no relationship as employer and employee between the parties, the individual dispute in respect of any alleged further termination of the workman's services by way of refusal of employment, cannot be said to be an industrial dispute. It has further been contended that the workman is estopped from raising the alleged dispute relating to his termination of service in the background of his correspondences which do not whisper about any dispute relating to the propriety of the termination of his services in the year 1962. As Shri Naidu had a second attack of leprosy, he was on leave on medical ground since 6th February 1961 and ultimately he was discharged on medical grounds with effect from 1st February 1962. For the second time, Shri Naidu was on leave on medical ground for about a year with full pay due to his continued suffering from leprosy. and as such the Company decided to terminate his service. So, the notice of termination Ext. U(3), was served on him. Shri Naidu was never assured to be allowed to join his services, as alleged in his written statement. For all purposes his services were terminated from 1st February 1962 and the present attempt of Shri Naidu to challenge this termination is nothing but an afterthought. Shri Naidu according to the Company authorities, has no legal right to force the Company to exercise its power of considering the re-employment in his favour.

I first take up the question of maintainability of the order of reference as challenged on behalf of the Company authorities. According to the Company the workman concerned having accepted the termination of his services in the year 1962, there cannot be any question of further termination of service by way of refusal of employment, in which terms the issue for adjudication, was framed. It has also been contended that since the termination of services occurred in 1962, there cannot be any subsisting relationship of employer and employee and between the Company and the workman and as such neither on the date of the order of reference nor on the date when the conciliation proceedings started before the Labour Commissioner, there was any industrial dispute existing between the Company and the workmen. Again, it has been contended that the case of the workman having not been espoused by any appreciable number of workmen of the Company or by any Union to constitute an industrial dispute the instant order of reference is not maintainable in law. In deciding the aforesaid question regarding the maintainability of the order of reference, I may mention here that the Company's positive case is that the services of the concerned workman was terminated by the letter Ext. U(3), dated 1st March 1962. The workman also in paragraph 4 of his written statement accepted the said letter, dated 1st February 1962, as a letter of termination of his services with immediate effect. Last line of Ext. U(3) states as follows:—

> "If, however, you are completely cured in the near future, the question of your re-employment can be given due consideration."

This line does not in effect nullify the previous line of Ext. U(3) by which the services of the concerned workman were terminated with immediate effect on the grounds of continued ill-health. It is also admitted that prior to the date of Ext. U(3) the workman was on leave with full pay, of course, on medical grounds i.e., on the ground of sufferings from leprosy. Be that as it may, both parties accepted this letter Ext. U(3), dated 1st February 1962, in their respective written statements as a letter of termination of services of the concerned workman. It then appears from the documantary evidences on record that for the first time on 9th February 1967 the workman concerned raised a dispute with the Company before the Labour Commissioner (vide Ext. E21) regarding his re-employment. Prior to 9th February 1967, the concerned workman, of course applied several times to the Company authorities asking for only monetary help. But it appears that in February 1967, the workman applied before the Labour Commissioner for redress of his grievances against the Company authorities. It is then undisputed that the conciliation proceedings started before the Labour Commissioner resulting to the instant order of reference made by the Government dated 19th October 1967, under section 10 read with section 2A of the Industrial Disputes Act. This section 2A of the Industrial Disputes Act runs as follows:—

> "Where any employer discharges, dismisses, retrenches or otherwise terminates the services of an individual workman, any dispute or difference between that workman and his employer connected with, or arising out of

such discharge, dismissal, retrenchment or termination shall be deemed to be an industrial dispute notwithstanding that no other workman nor any Union of workmen is a party to the dispute."

This section 2A was introduced by the Industrial Disputes (Amendment) Act of 1965. This Amendment Act of 1965 received assent of the President of India on the 19th November 1967. It was published in November 1965, for general information, and it came into force, by the Central Government Notification, dated the 27th November 1965, with effect from the 1st day of December 1965. There cannot be any dispute that section 2A creates a substantive right and cannot be retrospective in operation. It cannot be said by any stretch of imagination that section 2A has only brought about a change in the procedural law as contended on behalf of the workman and, therefore, although section 2A is not retrospective in effect, the instant order of reference is good because the workman moved the Labour Commissioner for conciliation proceedings after section 2A had come into forme on 1st December 1965. According to Shri H. Ganguli, Advocate for the workman, when the Government has made the reference after the aforesaid date (1st December 1965) i.e., on 19th October 1967, there cannot be any legal flaw over the maintainability of the same. It is admitted that the case of the concerned workman was not espoused by a number of workmen of the Company on by any Union in this case. Under section 2(K) of the Industrial Disputes Act;

"Industrial dispute means any dispute of difference between employers and employers, or between employers and workmen or between workmen and workmen which is connected with the employment or non-employment or the terms of employment or with the conditions of labour, of any person".

It is now a well-settled principle of law that individual dispute i.e., disputes directly concerning workmen individually can take up the character of an industrial dispute to which the Act applies, only when it is collectively supported and taken up by the other workmen or by a section of them or a Union representing them, before the date of reference. In other words, a dispute between unemployer and a single workman is not per se an industrial dispute; but it may become as such if taken by a number of workmen or a Union representing the workmen. Collective support by the workmen is essential for making an individual dispute an industrial dispute. In the instant case it is admitted that the dispute was initiated by the dismissed or discharged employee only. The services of the concerned workmen were undisputedly terminated nearly four years prior to the date when the aforesaid added section 2A came into force. The dispute challenging the termination was, of course, raised after section 2A has been inserted. By the introduction of new section 2A, imdividual workman aggrieved by the termination of service acquired a right to have his dispute adjudicated by the Industrial Tribunal and to receive relief in appropriate cases. The new section has given such right to a dismissed workman. This section is not a procedural matter, pure and simple. This is not a case where a discharge or dismissal or retrenchment or termination of service having taken place prior to the date on which section 2A came into force, and that dispute over the aforesaid matter existed on the date, the section came into force and thereafter, the dispute would fall within the provisions of section 2A of the Industrial Disputes Act. But the instant case cannot be brought into within the compass of this proposition of law. It could not be the intention of the Legislature that all dismissed personnel in the past could now claim reference after the introduction of section 2A on the ground that such a dismissal was an industrial dispute. Accordingly, I hold that the present dispute under reference is not an industrial dispute as per the provisions of section 2A brought into being by Act XXXV of 1965. Accordingly, I accept the contention raised on behalf of the Company authorities regarding the maintainability of the order of reference and I hold that the dispute under reference is not an industrial dispute within the meaning of the Industrial Disputes Act. I further hold that this Tribunal, accordingly, has no jurisdiction to adjudicate the issue under reference or to give any relief whatsoever to the concerned workman Shri P. R. Naidu. Order of reference shall stand rejected, as the same is not maintainable in law.

Now, coming to the facts of this case, we find that though in the written statement, the worker challenges the letter of termination of his service [vide Ext. U(3), dated 1st February 1962] as illegal, invalid and insufficient (vide the prayer portion of the written statement filed by the worker), the worker himself accepted the said letter of termination of service as valid, while corresponding with the Company authorities even long after the date of the said Ext. U(3). After the said letter of termination Ext. U(3), the worker on 5th March 1962 applied for monetary help from the Company (vide Ext. E5). In another letter Ext. E9, dated 28th April 1962, the worker informed the Company that he was still under medical treatment. By the said application, he also applied for some compassionate allowance for a few months. On 9th April 1962 the workman was informed by the Company (vide the copy, Ext. E15) that he was granted gratuity of Rs. 824.78 N.P. The O.P. did actually receive the said amount on 3rd August 1962 after signing the payment voucher Ext. E43. In another letter Ext. E10, dated 16th April 1962, the workman prayed for monetary help. Subsequently also by Ext. E8, dated 25th April 1962 he applied for funds. On 24th July 1962 by the application Ext. E11, the workman applied to the Company for purchasing rejected iron scrap and old bags for starting business. In the year 1965 on the 2nd November, in the application Ext. E17 the workman applied to the Company authorities for taking his case as an exception and applied for charity. In this letter Ext. E17, the workman admitted himself to be an ex-employee of the authorities. In the Lawyer's demand letter, dated 24th July 1966 (Ext. E18), served on the Company authorities, a demand was made for certain sums alleged to be still due to the workman. Even there is no whisper or any demand for allowing the workman to join his

services with the Company. Next in the application before the Labour Commissioner Ext. E21, dated 9th February 1967, the workman did not ask for any appointment with the Company and he also did not ask the Labour Commissioner to direct the Company to allow the workman to join his alleged existing services with the Company. For the first time, the workman on 11th July 1967 in his application before the Labour Commissioner [vide Ext. E28(a)] prayed for intervention at least on humanitarian point of view so that the Company could give the workman an appointment. I may mention here that on this application, conciliation proceedings started resulting to the instant order of reference. But even in this application, the workman did not aver that his services have not been legally terminated. On the other hand, in paragraph 4 of the said application. he mentioned as follows:—"*** Then on securing medical fitness certificate, he approached the management on 21st February 1967 though P. C. Nayer who told him that they agreed to reappoint, and in the conciliation meeting, dated 12th June 1967, Shri Nayer agreed to give him his job, as he is now quite out of the said disease when Shri venkata Krishnan resumes his duty***".

Thus, the concerned workman for the first time on 11th July 1967 made an attempt to make out a case that on 21st February 1967 when he approached the management through Shri Nayer they agreed to reappoint him. But in the written statement filed by the workman, there is nothing within the four corners of the same to show the date when the workman was alleged to have approached the management for appointment and that he was actually refused employment by the Company.

In evidence, however, the workmen gave another story. According to him, he on 4th February 1967 after complete recovery got medical fitness certificate and then he went to the Company to join his duties but he was not allowed to join. According to him further, there were no latches on his part during the period from 1962 till 1967. He also admitted in his cross-examination that in all the letters written by him direct or through his lawyer to the Company he always prayed for certain sums of monies as help from the Company and that excepting the letters exhibited in the case he has written no other letter to the Company asking for his reinstatement. The issue as framed shows that the Company did actually refuse employment to the workman. But at the time of arguments it has only been contended on behalf of the workman that actually there was no refusal but his service with the Company is still in existence because by Ext. U(3), there was no valid termination of his services in the year 1962. I have already mentioned above that by writing letters to the Company, the workman accepted the termination of his services with the letter Ext. U(3), dated 1st February 1962. It is in evidence that D.W. 1 Shri Ventaka Krishnan, the Cost Adviser of the Company, signed the letter of termination Ext. U(3). It is true that the confirmation letter, Ext. U(1) was signed on behalf of Jardine Henderson Ltd., though the letter of termination Ext. U(3), was signed by the Cost Adviser of the Company. It is in evidence that D.W. 1 on the date of signing Ext. U(3) was authorised to appoint or dismiss or punish any employee of the Central Machine Section and to pass all necessary expenses. The O.P. was admittedly employed as a clerk in the Central Machine Section when he took leave in 1961 and when his services in the said section were actually terminated by Ext. U(3). The workman for the first time during his evidence alleged bias on D.W. 1. This is an afterthought and I disbelieve the same.

It appears that the Company authorities waited for long and they cannot help otherwise in the instant case, specially when the workman could not produce any medical fitness certificate for long over six years. It cannot be said that the principles of natural justice have been violated in this case. On the evidences on record and the circumstances arising therefrom, I cannot but hold in this case that there was never any termination of service of Shri P. R. Naidu by way of refusal of employment. There was actually termination of services of the O. P. on the basis of the letter Ext. U(3), dated 1st February 1962.

Even if, in this case, it can be said that there was terminaation of service by way of refusal of employment, as alleged, I also hold that such termination of service of Shri P. Rammurti Naidu by way of refusal of employment, if any, is justified. The workman, accordingly I hold, is not entitled to get any relief in this order of reference, which is not maintainable either on questions of law or on questions of facts.

This is my award.

AWARD

This is a reference under section 10 of the Industrial Disputes Act for adjudication of an industrial dispute in respect of the following issue existing between Messrs. Indian Iron & Steel Co. Ltd., Burnpur, district Burdwan, and their workmen represented by Asansol-Burnpur-Kulti Metal & Engineering Workers' Union, Puranhat, P.O. Burnpur, district Burdwan. The Labour Department of the Government of West Bengal originally by order No. 6134-I.R./IR/10L-458(B)/67, dated 24th November 1967, had referred the dispute to the Fifth Industrial Tribunal. But subsequently by order No. 1324-I.R./IR/10L-458(B)/67, dated 4th March 1968, the proceedings of the case were withdrawn from that Tribunal and transferred to this Ninth Industrial Tribunal for adjudication:

Issue

Whether it is necessary to create posts of Fitter, Oilman, and Keyman in the Permanent Way (Iron) Department? If so, what should be the number of such post in each category?

Both sides had appeared before the Fifth Industrial Tribunal on getting notice of the reference and the Union filed its written statement there. After the case was received by this Tribunal fresh notices were issued to the parties for appearance and they appeared in this Tribunal accordingly. The Union adopted the written statement filed previously in the Fifth Industrial Tribunal and the Company filed its statement in this Tribunal on 9th May 1968. After the filing of list of documents the case was taken up for hearing. The Union examined three witnesses and the Company examined two. A large number of documents were marked as exhibit on both sides.

The case of the Union in brief is that the Permanent Way Department of the Company is one of the vital departments in the operational process of Steel making Industry inasmuch as this department is mainly responsible in supplying materials in production plants, removing refuses from the operational sites and in keeping the entire operational process moving; but these departments, both at Iron and Steel Sections, are manned with poorly paid work personnel. In the Permanent Way Department, Iron Section, a number of Khalasis with corresponding low wages are made to work as Fitters, Oilmen and also Keymen. The jobs of Fitters, Oilmen and Keymen are distinctly separate and each of this job is peculiar in its own way. The jobs of these three categories are skilled job requiring higher skill and effort on the part of the incumbents and the workmen made various representations from time to time to the management for creating posts of Fitters, Oilmen and Keymen in this department with corresponding upgrading in their scales of pay, but nothing was done by the Company. Hence the Union raised this dispute. The Union prays that posts of Fitters, Oilmen and Keymen be created with suitable scales of pay. The Union assesses that six posts of Fitters with corresponding scale of pay of Rs. 113—3.6—131, eight posts of Oilmen with pay scale of Rs. 104—3.6—122 and ten posts of Keymen with pay scale of Rs. 104—3.6—122 should be created.

The Company pleads in the written statement, inter alia, that this Tribunal has no jurisdiction to adjudicate upon the issue referred to it inasmuch as the determination of the size of labour force and the creation of new posts are primary and exclusive functions of the employers and are matters within the exclusive discretion of the management, and the workmen cannot claim or demand creation of new posts, which did not exist before and do not exist now. It is not an industrial dispute. The Company denies the allegations of the Union that the Permanent Way Department is manned with poorly paid work personnel and avers that this department looks after the proper maintenanc and upkeep of the railway tracks in the Works and is manned with adequate number of personnel who are paid reasonably well. It also denies that the Khalasis of this department are made to work as Fitters, Oilmen and Keymen with corresponding low wages as alleged. The Company contends that the Permanent Way Khalasis are all along doing inter alia the work of tightening up of loose nuts and bolts, cleaning and oiling points and also repairing defective points and are enjoying a higher grade compared to that of the general khalasis. There has been no change in nature of their work since the creation of this post. The jobs involved in their work do not require much skill and do not call for a revision of their nomenclature or grade and scale of pay. Though the Company admits that the jobs of Fitters, Oilmen and Keymen are skilled jobs requiring special skill and precision work, it contends that the jobs done by the Permanent Way Khalasis (Iron Section) cannot be described as jobs of Fitters, Oilmen or Keymen, and these jobs do not require

any special training or much skill or precision work. The Company lastly submits that revision of grades and scales of pay should be made when the same is required to be done on industrywise basis and not for one section of only one unit of the industry. The grades and scales of pay of all the workmen of the Works and Town including the concerned workmen of the Permanent Way Departments were revised and fixed on industrywise basis by the Central Wage Board for Iron & Steel Industry and if there is to be any further or fresh revision of scale of pay or grades it should be on an industrywise basis.

The issue appearing in the order of reference contemplates creation of posts of Fitter, Oilman and Keyman in the Iron Section of the Permanent Way Department. This Tribunal has been asked to decide whether creation of such posts in this particular section is necessary and, if so, what should be the number of such posts in each category. The learned Advocate for the Company contends that creation of posts depends on the determination of the size of manpower which is an exclusive function of the management and this cannot be decided by the Tribunal. He referred to the decisions of the Hon'ble Supreme Court in D. Macropollo & Co. (Private) Ltd. vs. Their Employees' Union (1958-ii-L.L.J. 492) and that of the Hon'ble Calcutta High Court in two cases namely, Royal Calcutta Golf Club vs. Third Industrial Tribunal, (1960-i-L.L.J. 464) and Parry & Co. vs. Paul (1964-ii-L.L.J. 172) to the effect that a person has the right to reorganise his business in any fashion he likes and if a reorganised scheme has been adopted by the employer for reasons of economy and convenience, the resulting discharge and retrenchment would have to be considered as an inevitable, though very unfortunate, consequence of the reorganised scheme, which the employer, acting bona fide, was entitled to adopt. In the instant case before us, however, there is no question of discharge or retrenchment consequent to reorganisation. But the principle of law as enunciated in those cases and in other cases is that generally the employer has the right to manage his own affairs in the best way he choses and this right should be recognised and industrial adjudication should be reluctant to trespass on that right or on the field of management functions. The learned Advocate for the Union cited the case of Rai Bahadur Diwan Badri Das vs. Industrial Tribunal, Punjab, reported in 1962-ii-L.L.J. 366 where the Hon'ble Supreme Court of India has held that the doctrine of the absolute freedom of contract has to yield to the higher claims for social justice and this right of the management to manage its business in its own way can be interfered with by an industrial adjudication by overriding considerations of social justice and the Industrial Tribunal can control this right if social justice and industrial peace require such regulation.

Coming now to the facts of the case before us it is admitted that in the Burnpur Works of the Indian Iron & Steel Co. Ltd. there is a Permanent Way Department which looks after the proper maintenance of railway tracks within the Works and there are two sections namely, Permanent Way (Iron Section) and Permanent Way (Steel Section). There are several khalasis working in these two Sections of the Permanent Way Department. O. P. W. 1 Shri Birendra Kr. Sinha, Engineer-in-charge of the Railways in the Burnpur Works says that there are 217 khalasis working in the Iron Section and 168 khalasis are attached to the Steel Section of this Permanent Way Department and that the jobs of khalasis of both these two sections are the same and identical. A witness of the Union namely, P. W. 2 Shri Kalyan Khan admits that the khalasis attached to Steel Section of Railways have to do the same type of work as done by the khalasis of the Iron Section. But the issue envisages the creation of posts of Fitter, Oilman and Keyman for the Iron Section only and not for the Steel Section. If such posts are to be created for Iron Section, then naturally similar posts should be made in the Steel Section as well as the type of jobs in both these sections are the same as admitted by the witnesses of both sides. But under the issue as framed the Tribunal cannot make any direction in respect of the Steel Section and as such this reference becomes bad and not maintainable. If the khalasis of the Iron Section get some special posts of skilled workers with higher salary, then naturally their counterparts attached to the Steel Section and doing similar type of jobs would clamour for such posts and raise dispute and disturb industrial peace and harmony in this concern. It is in the fitness of things, therefore, that question of creation of posts in these two sections should be taken up together, if at all permisssible under the law, but in the present case the scope and jurisdiction of the Tribunal are limited to the Iron Section only by virtue of the issue as framed. Surely this Tribunal cannot go beyond the issue framed in the order of reference. It seems to me that this Tribunal cannot enter into this question unless there be a fresh reference in respect of both these Iron and Steel Sections of the Permanent Way Department.

The Union in the written statement and in evidence demands six posts of Fitters with scale of pay of Rs. 113—3.6—131, eight posts of Oilmen having pay scale of Rs. 104—3.6—122 and ten posts of Keymen with pay scale of Rs. 104—3.6—122. The Company has filed a memorandum of settlement, dated 3rd March 1966, between the Company and the Asansol Iron & Steel Workers Union (Ext. Q) and from annexure "A" to this document it appears that the present Union namely A. B. K. Metal & Engineering Workers' Union wants the present revised grade No. 10 MM for the posts of Keymen and Oilmen and the grade No. 11 MM for the posts of Fitters. O. P. W. 1 Shri Sinha states that the Khalasis of the Permanent Way Department come under Grade No. 4 MM the pay scale of which is Rs. 65—2—71—3.50—78 and they also get variable D. A. at the rate of approximately Rs. 110 per month and they are entitled to bonus also and some times overtime. P. W. 1 Shri Bagadu and P. W. 2 Shri Kalyan Khan could

not deny that they are getting this grade No. 4 MM. Badadu in one place admits that they get grade 4. Kalyan Khan says that he gets about Rs. 250 per month in all and P. W. 3 Shri Hari Dhangar admits that his present basic pay is Rs. 78 and he gets in all Rs. 290 including overtime and also gets annual increment.

It must be noted again that this Tribunal cannot enter into the question of fixation of any pay scale which is beyond the scope of the present reference. The issue contemplates only creation of posts and not fixation of scales of pay as demanded by the Union. Of course, under subsection (4) of section 10 of the Industrial Disputes Act the Tribunal can adjudicate on matters incidental to the point of dispute, but fixation of scales of pay cannot be said to be "incidental" to "creation of posts" which is the point in issue. I may refer to some rulings in this respect namely, Jaipur Spinning and Weaving Mills Ltd. Vs. Its Mazdoor Union (1959-ii-L.L.J. 656), K. P. Das & Co. Ltd. Vs. Howrah Zillah Loha Karkhana Mazdoor Congress (1956-i-L.L.J. 679), Royal Calcutta Golf Club Vs. Third Industrial Tribunal (1960-i-L.L.J. 464), D. C. M. Chemical Works Vs. Its workmen (1962-i-L.L.J. 388), Workmen of British India Corporation Ltd. Vs. British India Corporation Ltd. (1965-ii-L.L.J. 433) and Birla Cotton Spinning and Weaving Mills Ltd Vs. Their workmen (1956-ii-L.L.J. 188).

The grades and the scale of pay for the employees of the Iron and Steel Industry were fixed by the Central Wage Board for Iron and Steel Industry in 1965. The Company thereafter has given revised grades and scales of pay to different categories of workmen including those of Permanent Way Department by Memorandum of Setttlement effected between this Company and the Asansol Iron & Steel Workers' Union on 3rd March 1966. I find substance in the contention of the Company that if there is to be any further or fresh revision of scales of pay or grades it should be on industrywise basis. In the report of the Central Wage Board for Iron & Steel Industry, 1965, the representatives of various Unions including the Asansol Iron & Steel Workers' Union, Burnpur appeared before the Board. The terms of reference of the Committee included inter alia preparation of list of key jobs and to evaluate the jobs according to nomenclature and job contents, and to prepare the wage structure diagrams for each Plant. When the different categories of workers in Iron and Steel industries and the wages of each category have been fixed by the Central Wage Board it should not be proper to create fresh categories of workers in a particular section of a particular department of one of such industry. The learned advocate for the Union referred to the case of Indian Oxygen Ltd. vs. Its workmen (1963-ii-L.L.J. 83 at page 86) where it has been held by the Hon'ble Supreme Court of India that classification is of two kinds namely, (1) classification of jobs, and (2) fitting of existing staff into various classified jobs; and if the first matter namely, classification of jobs is in dispute between the management and the workmen it should be dealt with by the Tribunals themselves, and the fixing of the individual workmen in particular classified job can best be done by the management in consultation with the Union and it is only the disputed cases which may be referred, if necessary, to the Tribunal. But in the instant case before us we are not concerned with classification of jobs.

According to the Union in the Permanent Way Department of this Company jobs of Fittters, Oilmen and Keymen exist and so the Company should make such posts. The Company has denied this allegation. It is admitted that one Dasarath Routh was previously holding the post of 3rd class fitter in the Permanent Way Department but as there was no job of Fitter in this Department and he had to do only job of a blacksmith so the post was deleted and Dasarath Routh was made a 2nd class blacksmith. O.P.W. 1 Shri Sinha has said that there is no post of fitter in the Permanent Way Department and P.W. 1 Shri Bagadu admits this fact in cross-examination. The Company has produced letters Ext. B, C, D, E and F in respect of the case of Dasarath Routh. O.P.W. 1 Shri Sinha further say that the change of designation of Dasarath Routh was approved by the Union. He says that there is no necessity of any post of fitter in the P.W. Department as there is no such job of Fitter here. He also says that there is no such nomenclature as "Fitter-helper" or "Fitter-mistry" in the P.W. Department and there is no such job as that of "Keyman" in the entire Burnpur Works. It is his evidence that there is no designation an of "Oilman" in the Burnpur Works. But in other department of the Works there is post of "greaser" whose duty is to apply grease to the machine with the help of grease-gun and this is to be done very carefully and this type of job requires some amount of skill.

From the evidence of this Engineer-in-charge of Railways it appears that the khalasis of the Permanent Way Department have to do all the jobs pertaining to the maintenance of railway tracks and these are:—Packing, gauging and aligning railway track; changing old and unserviceable components of the tracks such as sleepers, tibers, rail points and crossings and the necessary fittings in that connection; making rail joints; cleaning and oiling points; repairing the defective points, etc. O.P.W. 1 Shri Singha further says that these khalasis are divided into a number of gangs and each gang is assigned the maintenance of a certain portion of the Permanent Way Track and all the workers of each gang do all the jobs that are necessary for proper maintenance of the railway track in their jurisdiction. P.W. 1 Shri Bagadu admits in cross-examination that the work of khalasis is to remove sand and stone from the side of the railway line and to pack the same within the line by Gaiti and also to change the sleeper and rail and he also removes old rail from the railway line. He also admits that within the gang the workmen do different jobs according to their individual competence and fitness as directed by Mate and Mistry. According to P.W. 1 Shri

Bagadu by promotion a khalasi becomes permanent way tindal and then Assistant Permanent Way Mistry and thereafter Permanent Way Mistry; and this line of promotion is also admitted by O.P.W. 1 Shri Sinha.

P.W. 1 Shri Bagadu admits in cross-examination that the nature of the job carried on by them at present is the same as that job which was being done by them seven years back. O.P.W. 1 Shri Sinha also says that the job has not been changed since the laying of the railway track and the nature of the job is always the same. There is, therefore, no basis for the claim of the Union for creation of some new posts in this department.

The Union examined three witnesses. P.W. 1 Shri Bagadu is working in this department for the last seven years. He says that he has to change clamp, plate, bolt, etc. in the railway line and also to change or repair the box of the tongue rail at the crossing, and he has to climb 100 feet in high bunker to change the clamp. He says that the ordinary labourer will not be able to do these works and he had to take training for some time for qualifying for these jobs. He has described this type of work as that of a fitter. P.W. 2 Shri Kalyan Khan has put in service for 23 years and he has to clean and oil 84 points daily. He says that the ordinary khalasi will not be able to do this type of job which requires skill. According to him this is the job of Oilman. Last witness P.W. 3 Shri Hari Dhangar says that he joined service about 24 years back and he has to make round in the entire railway line to see if there is any defect and he has to tight the joint bolts and to fix 10" bolt and 7"bolt in the railway track and according to him this type of job cannot be done by an ordinary khalasi as it requires special knowledge. This job is described by him as that of keyman. It appears from the evidence of these witnesses that some of the khalasis who are quite senior in service and consequently experienced are doing works which requires some amount of greater skill than that require for the job done by an ordinary khalasi namely, packing the railway line and removing old lines and components from the track, etc. I think that the Company should consider the case of these khalasis and if they are actually doing works requiring greater skill than ordinary khalasi then they should be given higher grade than the grade 4 MM enjoyed by ordinary khalasi. It is for the Company to consider whether this step should be taken with a view to prevent industrial unrest in the Permanent Way Department. Of course, this Tribunal cannot make any direction in this respect as this point is not covered by the issue as framed in the order of reference. I have also shown that the issue contemplates only creation of some posts with nomenclature "fitters", "oilman" and "keyman" only in the Iron Section of the Permanent Way Department and in the absence of the Steel Section this issue cannot be entertained. I have further shown that the Union's claim for grades and scales of pay for these posts is not covered by this reference and it cannot be considered. It has also been held by me that if any new post has to be created it should be done by taking into consideration of the jobs of the entire industry as a whole and not in respect of a particular section of a particular department only. The Union, therefore, is not entitled to any relief in respect of the issue as framed in the order of reference.

AWARD

The Government of West Bengal, in its Labour Department, by its order No. 5984-I.R./IR/4L-70/67, dated the 16th November 1967, has referred to this Tribunal an industrial dispute between All India General Transport Corporation Ltd., 1 I. C. Bose Road, Howrah (H. O. 134/4 Mahatma Gandhi Road, Calcutta-7) and their workmen named in the issue below, C/o. Carrier Transport Employees' Union, West Bengal, 249 Bepin Behari Ganguly Street, Calcutta-12, for adjudication in respect of the following issue :—

Issue

Whether the transfer of the following workmen from Howrah to Delhi is justified ? To what relief, if any, are they entitled ?

(i) Shri Niranjan Prasad Singh, (ii) Shri Satyanarayan Singh, (iii) Shri Benoy Bhusan Roy, (iv) Shri Mihir Lal Dutta, (v) Shri Ranjit Kumar Sen, (vi) Shri Ramesh Chandra Gupta, (vii) Shri Hanuman Prasad Chamari, (viii) Shri Tapan Kumar Dutta, (ix) Shri Krishna Prasad Srivastava.

Usual notices were served upon the parties for filing written statements. After several adjournments the parties filed their respective statements.

Nine workmen have been mentioned for whom dispute is said to exist relating to the issue under reference. Ultimately before me four workmen did not attend and as such the dispute is now confined to viz. Sarvasri Niranjan Prasad Singh, Satyanarayan Singh, Benoy Bhusan Roy, Mihir Lal Dutta and Ranjit Kumar Sen and I am called upon to give my award only so far these five employees are concerned.

As per written statement, the case of the Union representing the workmen is as follows :

As the employees concerned as they were engaged in Union activities the management viewed their activities with suspicion and disfavour and management was "bent upon to break the Union". In order to implement that purpose the Company indulged in unfair labour practices. All the employees concerned were employed in the Howrah. On 27th of March 1967 all on a sudden a circular was issued signed by one of the directors of the Company that the said Howrah Office was going to be shifted to Delhi from the 1st of April 1967 and Howrah Office would be closed on 31st of March 1967. The circular enjoined all these employees in Howrah to join Delhi by 1st of April 1967. The employees concerned were requested to intimate the Company latest by the 28th of March 1967 whether they were interested in joining Delhi office if not they were asked to submit their resignation.

The workmen concerned in their written statement challenges the order of transfer and in paragraph 10 it has been stated that the order of transfer of the workmen from Howrah to Delhi is malafide and motivated and was an outcome of unfair labour practice which is amounting to victimisation. In paragraph 11 it has been stated that the workmen employed in the Howrah office of the said Company did not know when they joined the service of the Company at Howrah that they would be so transferred. It is stated in the written statement that at the time of the appointment there was no condition of service, or letter of appointment or no contract whatsoever by and between the management and the workmen. The workmen averred that such a transfer would result in economic loss in wages and they would lose monitary benefits as well and they would be put to difficulties if such order of transfer was implemented, which would furthermore create serious alternation and will effect the real wages and the earning of the workmen adversely and prejudicially.

The management filed its statement. Its case is that it has business throughout India and at all important places in India they have their branches and offices and the employees appointed are liable to be transferred from one branch to another for "exigencies of work and administrative reason" and as per requirement of the Company. In paragraph 8 of the written statement it has been stated that on 25th of March 1967 Omprakash Aryya, a Director, paid visit to the Howrah Branch and after seeing working of the Company took a decision to close the said office because it would be uneconomical to pursue it further. He thereupon informed the employees to the effect that all the employees working there were to be transferred to Delhi and the office at Howrah would remain open only up to 31st of March 1967. At that time it is further averred none the employees protested to it.

In paragragh 10 it has been stated that since the employees concerned did not report at Delhi as per order of transfer it was deemed that they had left the job voluntarily. In sum the Company takes a stand that as the exigencies of work called for a transfer and so why such an order was issued and it was not the case of victimistation. In any event it did not work upon as any alternation or change in the condition of the service.

All these 5 workmen deposed. Their case is that after the alleged closure, the Howrah office was kept open and only after sometime they were asked to work at Syed Sally Lane at Calcutta. One of the employees Satya Narayan Singh in course of his evidence stated that on 17th of May 1968 our Manager told "you record attendance but we cannot give you any accommodation for sitting". It appears from their evidence that they did some minor type of works but they faced a hostile and unaccommodating management. This is the respective case of the management and the employees as come out in their pleadings and evidence.

Mr. Sarkar, the learned advocate, appearing for the management contended the following—that there is no pleading or material to show that the workmen concerned are represented by the Union. It has been stated in the order of reference that the workmen were under the care of the Union and as such he argues that the reference is bad. By elaborating that contention he urges that as Union is not a party the Court has no jurisdiction to make any award. His second contention is that dispute before the Conciliation Officer was quite a different one. Dispute was confined at the outset regarding Company's failure to provide the workmen with work. Now a different dispute is sought to be raised and consequently reference must fail. His third contention is the workmen concened did not make any written representation to the Company raising the dispute before approaching the

Government straightway and as so dispute was raised formally and officially before the employer there should be deemed to be no dispute with the management and the workmen.

He further raises the point that as the transfer has not been effected such issue cannot be raised. Lastly, and mainly he argues that transfer is an administrative act and one employe can be transferred from one place to another. To wind up his argument he further argues that no case of victimisation has been made out on evidence.

Mr. Ghosh, the learned Advocate for the Union, drew my attention to Ext. 4 and contended that the original dispute as it first cropped up was regarding the transfer and not the failure or unwillingness of the management to provide the workmen with work. Even before the Conciliation Officer an order of transfer was left to be determined later on and in support of that he referred to Ext. 6 which goes to show that matter of transfer was left open and I, scrutinising the exhibits and assessing the circumstances accept the contention of Mr. Ghosh.

Mr. Ghosh generally argues that there was no Standing Order and/or service contract in that case, it cannot be contended that it was an implied condition of service that one workman can be transferred from one place to another anywhere in India and he referred to me a judgement reported in Factory Law Report, Vol. 12, 1966, page 274. That it was a case of victimisation he argues would be borne out by the quickness of decision and the short notice by which such transfer from Calcutta to Delhi was sought to be effected. He said that there was veiled threat and the tenor of the circular exposes the attitude taken by the management. The employees were the members of the Union and the management tried to get rid of them. Mr. Ghosh argues further that although the management by some oral evidence sought to say some employees were transferred from one branch to another no document has been filed to show such a transfer. He severely criticised management's failure to produce the attendance register.

Considering the argument and the pleadings of the respective parties I am inclined to think that such a transfer was rather unwarranted. The circumstances under such a transfer was made to be effective generated from a quick decision on the part of the management which does not speak favourably about the attitude of the Company in ordering the workmen to be transferred from Howrah to Delhi. To my mind, the request of submitting resignation letter was nothing but an ultimatum.

I first of all refer to the circular itself uider which the said transfer was sought to be effected. The said circular refers to the visit of one of the Directors Om Prakash Aryya in the Howrah Office on 25th March 1967 and I am quoting some of the portions of the said circular "the said office (Howrah office) is going to be shifted to Delhi from the 1st day of April 1967 and also requested all the employees of that office to join Delhi office by that time. As Howrah office is no longer be remained open after 31st day of March 1967, so I would request all the employees of Howrah office to tender their letter to the Company latest by the 28th day of March 1967..... and those who are not interested to join Delhi office they may submit their resignation letter." The said circular is dated 27th March 1967. In paragraph 8 of the written statement which is verified by another Director the said visit and circular have been referred to. The workers concerned in their written statement filed through the General Secretary of their Union have stated that the management of the said Company looked down with disfavour the activities of the workmen employed under the said Company and in paragraph 7 it has been stated that the management of the said Company all on a sudden issued a circular, dated 27th March 1967, holding out of threat that the Howrah office was going to be shifted to Delhi from the 1st of April 1967. It is to be seen from all the circumstances, exhibits and the evidence whether the said order of transfer of some of the workmen employed at Howrah were actuated by a sinister motive or it was an order bona fide in its intent and purpose. The quick decision that was taken as I said before does not speak favourably of the management. There is a direct threat that the employees would lose their employment if they did not comply with the said circular which came rather all on a sudden without any prior intimation whatsoever. An apparently innocuous suggestion that those who are not interested to join Delhi office may submit their resignation is in reality nothing but a veiled threat and its implication is nonetheless menacing for the workers concerned. A simple bona fide order of transfer is not couched in such a language. I am to determine this question from all circumstances immediately preceding and succeeding thereto. I find from the evidence that the Accounts Section was not immediately closed on 31st March 1967 as held out in the said circular. It was open for sometime at least. Then what was the necessity of issuing such a hasty circular? These employees who were drawing a salary not beyond a sum of Rs. 150 were not even given a chance to consider their position by such a hasty circular. The evidence too adduced on behalf of the Company deposed by another Director (O.P.W. 2) is not illuminating for their purpose. He verified his written statement true, but decision was taken by another Director Shri Omprakash Aryya. Dwarka Prosad Aryya O.P.W. 2 conceded that some of the employees who are in the Accounts Section was still working at Calcutta and they were not transferred to Delhi. Then was it pruning of some of the unwanted elements? From the circumstances I am inclined to think that the latter was the real motive. Judging the circumstances, I cannot but think that the order of such transfer to the employees concerned was not a bona fide order and the Company was certainly making a discrimination as on their own admission (vide Dwarka Prosad Aryya O.P.W. 2) some of the employees were retained in Calcutta. The workmen who have appeared before me have claimed that even beyond 31st March 1967 they attended Howrah Office, they duly recorded their attendance in the attendance register and thereafter they attended at Syed Sally Lane at one of the concerns of the Company but no attendance register neither of Howrah nor of Syed Sally Lane have been produced by the Company before me. As it appear from the evidence of Dwarka Prosad Aryya that he is in little know of the affairs of the Howrah office the gentlemen who knew are Om Prokash Aryya, Shri A. K. Ghosh and Mungi Ram Agarwalla. None of these gentlemen have been examined in this proceedings. Another fact which also does not speak in support of

the Company is the withholding of any records by which it can be shown that other employees have been similarly transferred from one place to another. The said O.P.W. 2 has mentioned the fact that they have branches all over India and one employee had been freely transferred from one branch to another. But he has not produced any record or document to show that such a transfer was in fact effected. This fact e.g. withholding of the records of the Company showing such transfer, non-production of the attendance register of these employees or their services dossiers, the non-examination of Om Prakash Arrya, Mungi Ram Agarwalla and Shri A. K. Ghosh speak voluminously about the attitude taken by the Company with regard to these 5 employees concerned. When I find that some of the employees who were working in the Accounts Section of the Howrah office later on have been retained coupled with the sudden issue of the circular to the employees concerned asking them to join Delhi office not at a place which is within the radius of 10/12 miles with a request to resign if they choose I feel inclined to hold that there was a motive of victimisation on behalf of the management.

Considering all the evidence and the exhibits I come to the finding that the present impugned transfer cannot be justified because they have not been made bona fide for ordinary normal reasons of trade or business but have been the result of some sinister motive. It may be mentioned here that there is no letter of appointment nor was there any written agreement by and between the management of the workmen concerned relating to their employment or the conditions of service. To my mind, an employer can inter-departmentally transfer one employee from one place to another if it does not act prejudically against him but there is not inherent power in the employer to transfer a person from one place to another which was not in the contemplation of the workmen concerned at the time of the employment. One can conclude, true that such a transfer was the implied term of service by and between the parties by reference to the surrounding circumstances but in the present case there is no circumstances whatsoever which can suggest that there was any implied contract under which one employee could be transferred to a place long away from the place of employment. Such a transfer from a place where they were so long working and where they were appointed to a place which is one thousand miles away cannot be said to be within the contemplation of these workmen who were drawing a salary not beyond Rs. 150 per month.

The concerned and consequently such an order of transfer cannot be justified, and lastly where some other persons were retained in Calcutta even after such a transfer one is aptly and justifiedly prone to think that such an order was a colourable exercise of power of transfer to victimise the workman concerned. There is evidence that the workmen concerned became members of the Union and it was not viewed with equanimity by the management. As a result, I am inclined to hold the said order of transfer made by the Company cannot be justified.

Mr. Sarkar raised other points that is to say in the reference it has not been stated that the workmen are represented by their Union. The order of reference runs like this—"workmen named in the issue below C/o. Carrier Transport Employees' Union". Although it is not specifically stated that they are represented by Carrier Transport Employees' Union but the meaning which can be culled out is quite understandable. "Care of" means represented by and there is substantial compliance of the Act itself to come to a finding that the order of reference is valid and the workmen concerned are duly represented by their Union.

Originally in the reference 9 workmen have been mentioned for which a dispute existed relating to the issue but ultimately before me 4 workmen—Ramesh Chandra Gupta, Hanuman Prosad Chamari, Tapan Kumar Dutta and Krishna Prasad Srivastava did not turn up and so far they are concerned I hereby give a 'no-dispute' award and so the rest namely Shri Niranjan Prosad Singh, Shri Satyanarayan Singh, Shri Benoy Bhusan Roy, Shri Mihir Lal Dutta and Shri Ranjit Kumar Sen, I hold that the order of transfer contained in the circular calling upon them to join the Delhi office cannot be justified. Mr. Sarkar contended that the reference as it is worded is not sustainable in view of the fact that the workmen concerned did not join the Delhi office as such the issue whether the transfer of these workmen from Howrah to Delhi was justified cannot be answered. But perusing the issue itself it leaves not doubt in one's mind what was the real issue. Every issue has to be determined in the light of the circumstances of the pleadings. It means to say whether the order of transfer of the workmen from Howrah to Delhi was justified. As I stated before to my mind the said transfer was not justified and I answer the issue accordingly. The said five employees Sarvasri Niranjan Prosad Singh, Satyanarayan Singh, Benoy Bhusan Roy, Mihir Lal Dutta and Ranjit Kumar Sen will be entitled to all their pay accrued due in the meantime with necessary deductions of any payment that they have already received. The said payment would be made within one month from the date of publication of this award in the "Calcutta Gazette."

This is my award.

ANNEXURE

In the matter of an application under section 33A of the Industrial Disputes Act, filed by Shri Haradeo Singh, a workman of Messrs. Manickchand Chatar Singh, 11 Khengrapatty Street, Calcutta-7, against the said Company referred under G.O. No. 1448-I.R./IR/11L-130/66, dated 8th March 1968. (Case No. 11/68, u/s 33A.)

BEFORE THE FIRST LABOUR COURT, WEST BENGAL.

Shri S. P. BAGCHI, Judge.
First Labour Court.

AWARD

This is an application under section 33A of the Industrial Disputes Act filed by Shri Hardeo Singh who was an employee of Messrs. Manickchand Chatar Singh against the said Company praying for an award directing the said Company to reinstate him in service with full back wages on the ground that the order of his discharge from service was illegal, wrong and mala fide. The original reference out of which this case arises was made under Government Order No. 1956-I.R./IR/11L-152(A)/64, dated 26th May 1964, read with its corrigendum No. 6422-I.R./IR/11L-152(A)/64, dated 1st December 1964.

The instant case was originally filed before the First Industrial Tribunal, West Bengal and the Company filed its written statement there on 26th December 1964. As, however, the Presiding Officer of the said Industrial Tribunal retired thereafter and as the case was still pending the Government of West Bengal, Labour Department, was pleased to transfer the said case to the Eighth Industrial Tribunal, West Bengal, for adjudication by its order No. 1448-I.R./IR/11L-130/66, dated the 8th March 1968. The said Eighth Industrial Tribunal was pleased to transfer the case to this court for disposal by its order No. 24, dated 25th March 1968. The records of this case were received in this court on 27th March 1968. 13th January 1969 ultimately came to be fixed for hearing of this case after several adjournments at the instance of the parties. On 13th January 1969, however, the parties were found absent and they did not take any step. The case, therefore, was placed on 24th January 1969 for orders. On 24th January 1969 neither of the parties took any step in connection with this case and so the case was fixed for orders this day. This day even the parties have not taken any step. In such circumstances, I am inclined to think that the parties are no longer interested in this case and that the dispute between them is no longer in existence. I accordingly pass a 'No-dispute' award. This disposes of the instant case.

AWARD

Government of West Bengal, Labour Department, by its order No. 8122-I.R./IR/10L-354/68, dated 14th November 1968, referred under section 10 of the Industrial Disputes Act, 1947, an industrial dispute between Messrs. Govardhan Das, P.A. (with their two units: P-96 Beneras Road, Howrah and P-280/5 Beneras Road, Howrah-6), Head Office at 32 Netaji Subhas Road, Calcutta-1 and their workmen represented by Govardhan Das P.A. Workers' Union, 8/3 Tincoori Nath Bose Lane, Salkia, Howrah, to the First Industrial Tribunal constituted under notification No. 808-I.R./IR/3A-2/57, dated 11th March 1957, for adjudication relating to the following issues:

Issue

(1) Fixation of Grades and Scales of Pay.

(2) Dearness Allowance.

After receipt of the reference by this Tribunal, notices were issued on both the parties directing them to appear on 6th December 1968. On 6th December 1968 the Company filed a letter of authority authorising its Labour Assistant Shri P. K. Mukherjee to represent their case but the Union did not turn up. The Union was thereafter directed to file their written statement by 21st December 1968 but on 21st December 1968 also the Union did not take any step nor filed any written statement and nobody also appeared on behalf of the Company. Thereafter 4th January 1969 was fixed again for filing of written statement, if any, by the Union. Nothing was done and none also appeared on behalf of the Company. The matter was therefore put up for orders on 17th January 1969 but on that day also neither party appeared nor took any step. Rule 22 of the West Bengal Industrial Disputes Rules, 1958, says that if without sufficient cause being shown both the parties fail to appear before a Tribunal, the Tribunal may submit an award to the State Government on the footing that the industrial dispute under reference is no longer in existence.

In the above circumstances I presume that the dispute referred to between the parties before this Tribunal is no longer in existence and I therefore pass a 'no dispute' award in this case.

This is my award.

And whereas the said Second Labour Court, West Bengal, has, under rule 27 of the West Bengal Industrial Disputes Rules, 1958, as subsequiently amended, allowed a petition of review filed by the said Union by its order No. 16, dated the 20th January 1969;

In the matter of an industrial dispute between Messrs. Air Link (P) Ltd., 5-B Clive Ghat Street, Calcutta-1 and their workmen represented by Transport Companies Employees' Union, Calcutta and Howrah, 4-B Madan Mohon Barman Street, Calcutta-7. (Case No. VIII-C-124/1967.)

BEFORE THE SECOND LABOUR COURT, WEST BENGAL

Present

Shri M. MUKHERJEE, Judge,
Second Labour Court.

This is a petition for review of the award passed by this Labour Court on 23rd September 1968 by the Union on the ground that there has been an error apparent on the fact of the record.

By my order No. 10, dated 22nd October 1968, 22nd November 1968 was fixed for hearing the petition and notice was directed to be issued in the meantime upon the O.P.-Company along with a copy of the petition. As neither the notice nor any copy of the petition was served upon the O.P.-Company, the Union was further directed to serve the same by 22nd November 1968, by my order No. 11, dated 22nd November 1968. The Union filed a petition on 27th November 1968 for serving of the notice through Court's peon, which was allowed by my order No. 12, dated 29th November 1968, directing notice to be issued as such upon the O.P.-Company through the Court's peon along with a copy of the petition, fixing 14th December 1968 for filing written objection, if any, by the O.P.-Company. Parties were present on 14th December 1968, when the O.P.-Company filed a petition for time for filing written objection, which was allowed by my order No. 13, dated 14th December 1968, fixing 10th January 1969 for filing written objection as such. The O.P.-Company did not file any written objection on that date and by my order No. 14, dated 10th January 1969, 18th January 1969 was fixed for hearing of the case. The O.P.-Company did not take any steps on that date, and so the matter was taken up ex parte.

The Union's case is that this court has allowed back wages to each of the petitioners-workmen since 1st July 1968 till the date of actual reinstatement in page 3 of the award, which is clearly born out of a clerical mistake as the date of commencement of back wages should be 1st July 1966, on which date the respective service of the petitioners-workmen were terminated.

It appears from the record that the Union sponsored the present industrial dispute praying for reinstatement and back wages in favour of the petitioners-workmen alleging that the petitioner-workmen No. 1 Shri Bimal Kanti Das was discharged with effect from 8th July 1966, and petitioner-workman No. 2 Shri Suresh Ch. Majumder, was discharged with effect from 1st July 1966. It is clear from the award passed by me that I have found the orders of discharge of both the petitioners-workmen not justified and directed their reinstatement and also found that the petitioners-workmen would be entitled to back wages since the date of their respective termination of service till the date of actual reinstatement as such. So, there is an error apparent on the face of the record as I have allowed back wages to both the petitioners-workmen only since 1st July 1968 and this is a fit case for review.

The award be reviewed accordingly under rule 27 of West Bengal Industrial Disputes Rules, 1958, as introduced by subsequent amendment notified in the "Calcutta Gazette", Labour Department, Government of West Bengal's order No. 1582-I.R., dated 18th March 1968 and the date 1st July 1968 in the 7th line of the 3rd page of the award be replaced by the words 'since the respective date of their discharge from service' and corrected accordingly.

Send 5 copies of this order of review to the authority concerned for necessary correction of the copies of the award already sent and published.

AWARD

This case was first referred for adjudication to the First Industrial Tribunal under Government of West Bengal, Labour Department, order No. 563-I.R./IR/11L-330/66, dated 10th February 1967. Thereafter, the Governor was pleased to withdraw the said dispute from the file of the First Industrial Tribunal and transfer the same to the Seventh Industrial Tribunal for speedy disposal.

The order of the Governor was conveyed to this Tribunal under Government of West Bengal, Labour Department, order No. 4394-I.R./IR/11L-330/66, dated the 6th September 1967. The industrial dispute referred for adjudication existed between Messrs. B. A. & Brothers (Eastern) Private Ltd., 6 Clive Row, Calcutta-1 (hereinafter called the Company) and their workmen represented by B. A. & Brothers (Eastern) Private Ltd. Employees' Union, 117-B Acharya Jagadish Bose Road, Calcutta-14 (hereinafter called the Union) and centered on the question of 'whether termination of service of Shri Amal Banerjee is justified ? What relief, if any, he is entitled to?'

The parties when called upon by the Tribunal filed their written statements and prepared themselves for a trial. After the case became matured for a hearing, the Tribunal fixed 3rd August 1968 for hearing the case. On 3rd August 1968 a petition was filed by the Company with the prayer for time on the ground that a talk of settlement was going on between the parties. Shri S. Chowdhury. Advocate for the Union, raised no objection to the prayer made by the Company. In the circumstances, 14th September 1968 was fixed for hearing the case, in the event of failure of compromise negotiation. The Presiding Officer of the Tribunal being on leave, the case could not be heard fixed on 14th September 1968. Thereafter the case was fixed for hearing on 7th November 1968. On 7th November 1968 the Company filed another petition stating that the talk for settlement was still going on and a further adjournment was required. The Tribunal adjourned the hearing of the case to 19th December 1968. On 19th December 1968 a joint petition was filed by the parties praying time to file for their petition of compromise. In the circumstances, the Tribunal fixed 24th December 1968 for filing a joint petition of compromise by the parties. On 24th December 1968 Shri S. Chowdhury, Advocate, appeared for the Union and Shri K. K. Maitra, Advocate, appeared for the Company ; they filed a joint petition of compromise signed by Shri Joshi, Manager of the Company for the Company and by Shri A. Banerjee, the concerned workman and Shri Bijan Mukherjee, Vice-President of the Union for the Union.

I have perused the terms of compromise and find the same fair and reasonable in the circumstances of the case. The terms of compromise have satisfied the parties and there is no reason why this Tribunal should not accept the same. Hence accepting the petition filed by the parties I dispose of this case by passing a compromise award in terms of the petition filed before me. The petition shall form an integral part of this award and be published as Annexure 'A'. Usual number of copies of this award be sent to the State Government for taking necessary action.

AWARD

This is a reference under section 10 of the Industrial Disputes Act by the Government of West Bengal, Labour Department, order No. 6247-I.R./IR/11L-531/67, dated 23rd August 1968, to this Ninth Industrial Tribunal for adjudication of an industrial dispute relating to the undermentioned issue existing between Messrs. Saubhagchand Kapurchand Rice & Oil Mill (Proprietor Sohag Chand Suchantia) of P.O. Sainthia, district Birbhum, and their workmen represented by Birbhum Oil & Rice Mills Mazdoor Union of Santhia, district Birbhum :

Issue

Whether the termination of service of Shri Howladar Singh justified? To what relief, if any, is he entitled?

On receiving the order of reference this Tribunal issued notice on both the parties asking them to appear on 16th October 1968. Both parties appeared and the Union prayed for time for filing statement. Time was allowed till 14th November 1968. On that date neither party appeared. The Company sent a telegram praying for time but the Union took no steps. The case was adjourned to 9th December 1968 for filing written statement by the Company. The Union appeared on 15th November 1968 and filed its statement. But the Company did not file any statement and did not take any step on 9th December 1968 and it remained absent. The next date fixed was 7th January 1969 for filing list of documents by the parties but on that date both parties absented and took no steps. This Tribunal suo motu adjourned the case to 30th January 1969 for giving another chance to the parties to appear and contest the case. But still neither of the parties cared to appear and no steps were taken by them. On 30th January 1969 it was ordered that a 'no-dispute' award will be passed on 7th February 1969 if the parties fail to appear and take steps by that date. But even today neither side has appeared and no steps have been taken by any of them.

In the circumstances it appears that the parties may have amicably settled their dispute out of court and that is why they are not keen to proceed with this reference. Accordingly I pass a 'no-dispute' award in this case.

ANNEXURE

In the matter of an application under section 33A of the Industrial Disputes Act, filed by Shri Satya Narayan Bhagat, a workman of Messrs. Manickchand Chatar Singh, 11 Khengrapatty Street, Calcutta-7, against the said Company referred under G.O. No. 1449-I.R./IR/130/66, dated 8th March 1968. (Case No. 12/68, u/s 33A.)

BEFORE THE FIRST LABOUR COURT, WEST BENGAL

Present:
Shri S. P. BAGCHI, Judge,
First Labour Court.

AWARD

This is an application under section 33A of the Indusrtial Disputes Act, filed by Shri Satya Narayan Bhagat who was an employee of Messrs. Manick Chand Chattar Singh against the said Company praying for an award directing the said Company to reinstate him in service with full back wages on the ground that the order of his discharge from service was illegal, wrong and malafide. The original reference out of which this case arises was made under Government order No. 1956-I.R./IR/11L-152(A)/64, dated 26th May 1964, read with its corrigendum No. 6422-I.R./IR 11L-152(A)/64, dated 1st December 1964.

The instant case was originally filed before the First Industrial Tribunal, West Bengal, and the Company filed its written statement there on 26th December 1964. As, however, the Presiding Officer of the said Industrial Tribunal retired thereafter and as the case was still pending the Government of West Bengal, Labour Department, was pleased to transfer the said case to the Eighth Industrial Tribunal, West Bengal, for adjudication by its order No. 1449-I.R./IR/11L-130/66, dated the 8th March 1968. The said Eighth Industrial Tribunal was pleased to transfer the case to this court for disposal, by its order No. 24, dated 25th March 1968. The records of this case were received in this court on 27th March 1968. 18th January 1969 ultimately came to be fixed for hearing of this case after several adjournments at the instance of the parties. On 13th January 1969, however, the parties were found absent and they did not take any step. The case therefore was placed on 24th January 1969 for orders. On 24th January 1969 neither of the parties took any step in connection with this case and so the case was fixed for orders this day. This day even the parties have not taken any step. In such circumstance I am inclined to think that the parties are no longer interested in this case and that the dispute between them is no longer in existence. I accordingly pass a 'No-dispute' award. This disposes of the instance case.

Beni Industries, 168/B Jamunalal Bazar Street, Calcutta-7 and their worker Shri Mangtoo Ram Khadewalwal represented by Burrabazar Zamadar Sangh, 90 Lower Chitpore Road, Calcutta, regarding the issue mentioned in the said order being a matter specified in the Second Schedule to the Industrial Disputes Act, 1947 (XIV of 1947), was referred for adjudication to the First Labour Court;

In the matter of an industrial dispute between Messrs. Beni Industries, 168/B Jamunalal Bazar Street, Calcutta-7 and their worker Shri Mangtoo Ram Khadewalwal represented by Burrabazar Zamadar Sangh, 90 Lower Chitpur Road, Calcutta, referred under G.O. No. 8020-I.R./IR/10L-348/68. dated 9th December 1968. (Case No. VIII-C-97/68.)

BEFORE THE FIRST LABOUR COURT, WEST BENGAL.

Present:

Shri S. P. BAGCHI, Judge,
First Labour Court.

AWARD

The Government of West Bengal, Labour Department, by its order No. 8020/I.R./IR/10L-348/68, dated the 9th November 1968, referred under section 10 of the Industrial Disputes Act, 1947 (XIV of 1947), to this Court an industrial dispute relating to the undermentioned issue existing between Messrs. Beni Industries, 168/B Jamunalal Bazar Street, Calcutta-7 and their worker Shri Mangtoo Ram Khadewalwal represented by Burrabazar Zamadar Sangh, 90 Lower Chitpur Road, Calcutta, for adjudication.

Issue

Whether the termination of service of Shri Mangtoo Ram Khadewalwal by the management is justified? To what relief, if any, is he entitled?

Notices of this proceeding were duly served on the parties. The Union appeared and 23rd December 1968 was fixed for its written statement. The Company, however, did not appear and did not also take any step whatever in connection with this proceeding. On 23rd December 1968 the Union filed its written statement. The Company was absent again and so 11th January 1969 was fixed for fixing a date of hearing. On 11th January 1969 again the worker concerned was present and as the Company was still found absent 25th January 1969 was fixed for hearing of this reference. On 25th January 1969 again the Company did not take any step whatever in connection with this reference, and no reason was also assigned for its absence. The Union was present and the case, therefore, was taken up for ex parte hearing.

The worker concerned pledged his oath in support of his contention. He stated that he had served at the Head Office of the Company as a clerk on permanent basis at a monthly salary of Rs. 225 for three years to the entire satisfaction of the management and that the management had terminated his services on and from 26th September 1967 verbally without showing any reason and without paying his legal dues up to 25th September 1967, he complained that inspite of his representation through his Union to the Company and to the Labour Commissioner nothing effective was done by the Company in the matter. He characterised the order for termination of his services as absolutely unjustified and asserted on oath that there were no charge-sheet, no enquiry and no notice of termination of his services. This statement of the worker concerned goes unchallenged. As already noticed the Company did not take any step whatever in connection with this reference inspite of due service of notice upon it. In such circumstance, it has to be held that the termination ofservice of the worker concerned by he management was absolutely unjustified. I would accordingly direct that the worker concerned be reinstated in service with all back wages due to him and also wages for the period of his forced unemployment and all other benefits including continuity of service and dues to which he would have been entitled if his services were not illegally and wrongfully terminated, within a month of publication of this award in the "Calcutta Gazette". This is my award.
